FRIENDS OF

Canadian Simmental FOUNDATION

Fundraiser Auction

Saturday July 23, 2016 • 7:30 pm MST

CSA AGM Banquet • Lloydminster, SK

Message from the FCSF President

Welcome to the 2016 Friends of Canadian Simmental Foundation Auction and activities. It's great to be in Lloydminster where many of the Simmental imports from Europe migrated to. The pioneering Simmental cattle people in the area have always been recognized for raising high quality seed stock. The focus of the Foundation has three primary objectives; breed research, educational scholarships and youth development. The Foundation contributes to and administers all youth scholarships, as well as provides additional funding for the Young Canadian Simmental Association, its close linked partner.

The auction continues to be the key fundraiser for the Simmental Foundation. Along with the generous contributions from Simmental enthusiasts who have made personal or company donations, these everlasting donations investing in our breed'sfuture continue to enhance our youth's opportunities.

Thank you to all the donators, purchasers, CSA staff and foundation volunteers for making this event a success. Dee and Mark you go above and beyond to make it all happen, thank you! We are so fortunate to have the best of people to compliment the strongest of breeds.

If you haven't been to a Simmental summer event before, I assure you this July weekend will be a fun and enjoyable experience. The Lloyd area people know how to host! See you there.

Ken Lewis

Message from the CSA President

It is indeed a pleasure to welcome you to the 2016 Friends of Canadian Simmental Foundation Auction. This tremendous event is held each year in conjunction with the Canadian Simmental Association Convention which brings families together from across Canada who have a deep passion for the cattle industry and specifically Simmental.

The Foundation's focus has always been on Youth Development, Education as well as Research and Development; three key components that touches us all as seed-stock producers and CSA members each and every day.

Thank you to the Foundation Auction committee, all sponsors, donators, bidders and buyers; your generosity and continued support of this event is very much appreciated.

Lacey Fisher

Message from the FCSF Auction Chair

Welcome to the Annual Friends of Canadian Simmental Foundation Fundraising Auction. I would first like to thank the working committee that has put this event together. Tracy Kimmel, Kirsten Fornwald, Erin Libke, Glenn Wotten, Sophie Wotten, Paige Holmquist, Marlin LeBlanc, Brian Bouchard, Mark Shologan, Ken Lewis and Vanessa Noble. Our donators have been very generous with the items consigned. The heifer from the McMillian Family – MRL Ranching is an outstanding individual, along with genetics available that are very unique and limited. Treat yourself to one of the sporting events, a piece of art work, or scrumptious plate of perogies or cinnamon buns! For the youngsters in the family, there are several lots that would make you the best parents or grandparents in the world if you came home with one of them.

The Silent Auction will begin on Friday and conclude Saturday evening. If you are not able to join us in Lloydminster, SK, log on to www.dlms.ca to participate, or contact one of the sales staff, or FCSF Board members to represent your needs. It has been a pleasure working with this committee and the National YCS board members. The proceeds from this year's auction will allow the FCSF to continue our work in supporting youth development, scholarships, as well as research and development. The FCSF Auction has grown to be an exciting event held during our breed's National meetings and junior activities. Share this momentous event with all your agriculture friends and support the Agriculture Youth of tomorrow. I look forward to seeing you in Saskatchewan this summer.

Deanne Young

FRIENDS OF Canadian Simmental FOUNDATION

Who is the Friends of Canadian Simmental Foundation

The Friends of Canadian Simmental Foundation (FCSF) is a not-for-profit registered foundation dedicated to scholarship and educational support of youth in the business of agriculture and Simmental cattle. The Foundation is governed by a board of directors who are heavily involved in the Simmental industry and who have a vested interest in educating youth, developing leadership, and encouraging young people to be a part of the agriculture industry.

The Friends of Canadian Simmental Foundation belongs to all of those that had the vision to believe in bringing the Simmental breed to Canada, those that supported and have developed it over the past 48 years, and those that see the value it brings to the generations of the future.

Focus of the Friends of Canadian Simmental Foundation

Scholarships *- The FCSF administers scholarships for youth who are involved in Canadian agriculture. Assisting in the development of youth with a focus on advancing their understanding of agriculture is a very important component of the FCSF.*

Youth Development *- The FCSF supports youth programs such as the Young Canadian Simmental Association (YCSA). The YCSA is one of the most progressive and dynamic agricultural youth organizations in Canada. It is open to anyone 25 years and under who then have the opportunity to participate in various activities across Canada. YCSA members learn important skills including public speaking, marketing and communications which develop strong and dynamic leaders for not only our industry, but society as a whole.*

Research and Development *- The FCSF is actively engaged in supporting research to benefit the agriculture industry in Canada. This work is focused on improving the Canadian beef industry by enhancing production efficiency, product quality and profitability.*

What the Friends of Canadian Simmental Foundation is doing

FSCF Scholarships

The Friends of Canadian Simmental Foundation is honored to administer 3 exciting post-secondary scholarships. The Friends of Canadian Simmental Foundation recognizes the importance of supporting youth in agriculture and their goals of advanced education. The scholarship program is one of the ways that the Foundation intends to support youth and the future of the livestock industry. In 2016 the FSCF is excited to award $9,000 in scholarships.

The current 2015 winners are listed on page 6 or go online to www.simmentalfoundation.com to find past winners and the current application form that can be used for all three of the scholarships for the 2016-17 academic year.

Youth Development

The FCSF supports youth programs such as the Young Canadian Simmental Association (YCSA). The YCSA is one of the most progressive and dynamic agricultural youth organizations in Canada. It is open to anyone 25 years and under who then have the opportunity to participate in various activities across Canada.

For 2016 the FCSF will be sending 15% of the Fundraiser auction directly to the YCS program to assist in running of their 2016-17 activities. Here are just some of the great things we hear back from past YCSA members about this great program

"I was a part of the YCSA program for 14 years. I have met many youth across the country that are going to be lasting friendships for years to come. The YCSA experience has been something I will never forget. It has showed me leadership, marketing and moments and friendships I could have never found anywhere else. Youth that is excited about their operations and the breed of cattle they raise. It shows that the Simmental breed is in good hands for the future. Good luck to all of the Junior's in Lloydminster, have fun and meet as many juniors as you can. This will be an experience you will never forget." ***Tiffany Peters***

"The YCSA program literally opened my eyes to the world. In 1999 when I was selected to "Travel the World with Simmental" as the CSA Youth Ambassador I had no idea the impact those twelve months would have on my life. This experience inspired me to pursue a career with the Canadian Foreign Service and provided me with an overseas branch on my family tree that continues to grow and flourish. The YCSA program instilled in me early on the value and importance of communication and being a leader. The friendships made over the years continue to be very strong despite the many miles in some cases that lay between us. The bond and friendship formed is a unique one – it seems no matter how many years pass since the last visit we can always just pick up where we left off. I am forever grateful to the YCSA program and will always be a proud alumni." ***Dana Lajoie (Hicks)***

"The benefits of my years in YCS program have proven lifelong; Not only through my involvement in the cattle industry but also in my role as an educator. Work ethic, social engagement, and goal setting are just a few of the skills members can attain. The Friends of Canadian Simmentals Foundation's support of YCS endeavours assists in the preparation of leaders for tomorrow." ***Joe Barnett***

"The Young Canadian Simmental Association program has a long standing tradition of youth development that benefits not only the Simmental breed but agriculture as a whole. As one of its founding members, I have benefited from the many opportunities that the program provides and encourage everyone to continue supporting YCSA activities as well as anyone 25 and under to join the program." ***Bruce Holmquist***

"YCSA, from its inception, has been very resourceful in developing an inclusive, educational, mentor-ship based organization with the ability to push the boundaries and think outside the box. A strong youth organization is our future." ***Rick McIntyre***

"As one of the very early members of the Saskatchewan YCS, there are a few things that stand out for me. One being the friendship's that were started then and still continue today. Back then the standing President was invited to the Saskatchewan Simmental Association board meetings, I remember the first one and how nervous I was the night before knowing that I would be seated beside all of these very important Simmental Breeders. Then to top it off I was asked what I thought about one of the discussion topics . WOW. One more thing , does anyone remember the Donkey up in the Queensbury at Agribition. Thanks it was a great experience." ***Marlin LeBlanc***

How to Contribute to the Friends of Canadian Simmental Foundation

The Friends of Canadian Simmental Foundation value all of those that support the philosophy and work the Foundation is committed to. With the FCSF having Charitable Tax Status we are able to provide those who donate to the Foundation with a charitable tax receipt. FCSF supports the programs and activities that not only benefit the Agriculture Industry today but also helps establish the future of the agriculture industry for tomorrow's youth.

In addition to donating or purchasing at the Foundation Fundraising Auctions each year, you can also use some of the other raditional methods of giving include such as: cash donations, sponsorships and memorials.
Contact any of the FCSF Directors about makeing a donation or send your gift to the Friends of Canadian Simmental Foundation today.

Please make your check payable to:
Friends of Canadian Simmental Foundation
#13 - 4101 - 19th St. NE
Calgary, Alberta Canada T2E 7C4 Ph: 403-250-7979

Scholarships

The Friends of Canadian Simmental Foundation is honored to administer 3 exciting post-secondary scholarships. The Friends of Canadian Simmental Foundation will be providing one $3,000 scholarship and one $2,000 scholarship to promising young students pursuing a degree or certificate at an accredited institution. The Dr. Allan Dixon Scholarship will be 2 scholarships of $1,500 each and the Trevor Vance Scholarship is one award of $1000 for 2016.

The Friends of Canadian Simmental Foundation recognizes the importance of supporting youth in agriculture and their goals of advanced education. The scholarship program is one of the ways that the Foundation intends to support youth and the future of the livestock industry.

Please go online to www.simmentalfoundation.com to find the current application form that can be used for all three of the scholarships for the 2016-17 academic year. Eligible applications will first be considered for the Friends of Canadian Simmental, then those remaining for the Dr. Dixon and the Trevor Vance Memorial scholarships.

The deadline for applications is September 30, 2016

2015 Scholarship Recipients

Sophie Wotten • Little Britain, ON

2015 Friends of Canadian Simmental Foundation Scholarship Winner

Sophie Wotten, is an undergraduate student in her fourth year majoring in Marketing Management and Communications at the University of Guelph. Sophie and her family have been involved with the cattle industry for numerous years. They operate Elm Tree Farms, northeast of Toronto. As Sophie's passion for the Simmental breed has grown, she has become more actively involved in the Young Canadian Simmental Association and the Simmental breed as a whole. She is honoured to be in her second term as the President of the YCSA and looks forward to what this year will bring. "As one of the recipients of the Friends of Canadian Simmental Foundation Scholarship, I would like to thank the Friends of the Canadian Simmental Foundation for their support of the juniors within the Simmental breed. Your recognition of the importance of junior Simmental breeders is greatly recognized."

Cole McMahon • Galahad, AB

2015 Friends of Canadian Simmental Foundation Scholarship Winner

Cole is 18 years old and grew up on my family's grain farm near Galahad, Alberta He is in his first year at the University of Saskatchewan studying Agribusiness, with hopes of returning to the family farm afterwards. Cole was lured into beef 4-H when he was 11years old by his best friend and has never looked back. He purchased his first purebred Simmental heifer at age 14 and has been hooked on the breed ever since. Cole is the Vice-president of the Alberta YCSA board. In the summer of 2015, Cole organized an online auction in memory of a young boy involved in a farming accident. He raised over $5,000 to donate to S.T.A.R.S. "I owe a lot to the junior programs that I have been involved in and the Simmental breed as a whole for being so open and helpful to me, and am very thankful for receiving this award."

Ryley Noble • Lloydminster, SK

2015 Dr. Allan A. Dixon Memorial Scholarship Winner

Ryley Noble is 19 years old and grew up on a their family farm called Black Gold Simmentals Northeast of Lloydminster, SK, where they raise purebred and commercial Simmental cattle. Currently, he is enrolled in Animal Science at the University of Saskatchewan in plans of applying to the Western Veterinary College of Medicine at the University of Saskatchewan. Thank you again to the Friends of Canadian Simmental Foundation for the scholarship. He has been in 4-H since he was nine years old. Ryley attended Hutchinson Community College, for one year on their Livestock Judging Team. "I was very honoured to be selected this year, and I couldn't be any more excited to be a part of this great breed".

Taylor Campbell • Meaford, ON

2015 Dr. Allan A. Dixon Memorial Scholarship Winner

Taylor is currently a 4th year Animal Biology student at the University of Guelph. She grew up in Rocklyn, Ontario where she is actively involved with her family's farm, Destiny Simmentals. Taylor is engaged in her community through volunteering. She is an active member of 4-H and YCS. "I am honoured to be selected to receive the Dr. Allan A Dixon Memorial Scholarship. Thank you to The Friends of Canadian Simmental Foundation for your consideration and your support towards the Simmental breed."

Mariah Wotten • Little Britain, ON

2015 Trevor Vance Memorial Scholarship Winner

Mariah is currently enrolled in her final year of the Pharmacy program at the University of Waterloo. Her passion for the livestock industry began with interest in the family farm, and has included participation in the 4-H and YCS programs. She continues to be very involved in her family's cattle operation, Elm Tree Farms, assisting with herd records and promotion of their Fullblood Simmental cattle. "I am honoured to receive the 2015 Trevor Vance Memorial Scholarship, and I would like to thank the Friends of the Canadian Simmental Foundation for this incredibly special award."

Bred Heifer

We at MRL are proud to offer this feature young female in support of the FCSF and their dedication to Simmental youth. This black female will develop into an elite matron. Sired by MRL Driller who has turned into a real breeding piece in our program with his calving ease abilities, maternal prowess and structural soundness, he is one of the most impressive herd bulls in our elite herd bull lineup at the ranch. Driller is a son of Bundi and our elite 493U donor cow and co-owned with Come As UR Simmentals. He is also a full sibling to a feature $20,000 bull in 2016 going to Dana Johns as well as a full sibling to the dam to MRL Missile, the $100,000 high selling black bull in Canada in 2016 to Bouchard Livestock, Robb Farms and X-T. On the dams side just as impressive a young female with a bright future in our herd, an In Dew Time out of a feature Predator daughter going back to our famous 18C cow family- responsible for more of our high selling bulls over the years than any other cow family at MRL. This young female will be a outstanding cow and with a small donation to great cause and a little luck she could be walking in your pasture.

McMillen Ranching is a family owned and operated ranching outfit located near Carievale in southeast Saskatchewan. The operation spans over 10,000 acres of owned and leased land with approximately 4000 acres of seeded farmland and over 6000 in seeded and native grass and hayland. The cowherd consists of over 750 purebred breeding females of both Simmental and Angus genetics. Jim and Georgette started to AI Simmental in 1969 and imported their first fullblood female "MRL Belette " in 1971. This was the start of over 45 years of breeding Simmental. Jim is still very active in the day to day routine and decision making. He is most certainly one of the last of the pioneers importing Simmental that are still active today. Lee and Erin, Dave and Chris, and their families are now carrying on the MRL tradition. The ranch homesteaded in 1903 now sees the 5th generation helping in day to day activities. MRL hosts their annual bull sale the first Saturday in March with over 150 bulls on offer. We are honored to have many top breeding bulls in the industry carry the MRL tattoo and proud to be herd bull suppliers to many of the top commercial operations across Canada and the Northern U.S. MRL will also host a fall female sale on December 10, 2016 offering over 150 bred females and open females and would like to extend an invitation to one and all. The past 45 years has been very rewarding and enjoyable working with such a great group of people and a great breed of cattle. We are proud to once again support FCSF in 2016 with a top breeding female from our herd.

Previous Bred Heifer Donators

Friends of the Simmental Foundation

Each year the Friends of Canadian Simmental Foundation designates a "Friend of the Foundation." This individual / family has generously donated a bred heifer to the Foundation Auction. Their commitment to the Foundation through this gesture is greatly appreciated and recognized throughout the year.

Here is an opportunity to be a part of one of the new up and coming herd sires of the Simmental breed. Wheatland Kill Switch 598C is the high selling bull in Canada topping at $210,000.00! The genetics and phenotype are bred into this outstanding herd bull. He covers all the bases; style, performance, structural soundness, lots of body and rib shape, all while being sired by Circuit Breaker – a bull whom is really making a name for himself in the breed. The maternal traits of his Red Label dam, Candace T73, a female that comes right out of the Hale Ranch program – is something that you will want in your replacement heifer pen. This bull was bred to raise the bar, and that he will! Don't miss the chance to be a part of a breed changer!

Explorer has ranked himself as one of the highest selling red bulls in Canada this spring after selling to Westgold Farms in the 31st Annual Lewis Farms Bull Sale. His pure mass and power sent him to the top of the charts for both his 205 day and 365 day weights. With his true herd bull character, sound structure, big foot and amount of natural muscling he will produce the right type of cattle to take our breed many places. The top side of his pedigree is new to the red side of the breed and the bottom side is stacked with breed legends. All of us from the LFE and Westgold operations are very excited about Explorer's future in both of our herds and couldn't be more excited to have this lot in the Foundation sale!!

Anchor D Raptor 392C was the $60,000 high selling Polled Full Fleckvieh purchased by Ferme Gagnon & Canadian Sires. Raptor is a complete package herd sire that wraps genetics, phenotype, pigmentation and EPD's into a highly marketable herd sire. He comes from a great, young Barbossa cow that is destined for greatness! Her first daughter sold to Oakview Simmentals, MB for $11,000 and Raptor being her second highlight. Raptor's sire, Maximus possesses a great pedigree being backed by cornerstone females such as Barbi 46K. Raptor has a bright future, we feel that his daughters are going to be flat out excellent and his sons will be extremely easy to market as he will add docility, scrotal and performance.

JNR'S SALTON
Sire: JNR STEELE 248Z
JNR'S GRELLI 440P

SHAWACRES JAHARI 50L
Dam: MFI LOLITA 8050
ANCHOR "T" FRAULEIN 37D

ACT	BW	Adj WW	Adj YW	EPD	CE	BW	WW	YW	MCE	MWW	MILK
	83 lb	922 lbs	-		6.5	2.9	56.8	74.6	5.1	60.2	32.0

After seeing Titanium as a 4 month old we knew he was special. A calf with that much thickness, eye appeal and correctness doesn't come around often. He continued to impress as he developed, as seen in this picture at 10 months of age. He combines a moderate birth weight with explosive growth in a extremely soft made package. His dam ties together some of the best genetics in the Fleckvieh breed and he brings a different twist to a pedigree on the sire side. Beechinor Bros and Black Gold Simmentals are privileged to present this unique opportunity to add the influence of one of the premier herd bull prospects from last year's crop to the Friends of Canadian Simmental Foundation Fundraiser Auction.

213 3 Embryos from WHEATLAND ENVY 281Z

Multiple Qualification
See Online added sheet

Resulting Pedigree of Embryos

SPRINGCREEK ALL IN 155Y	S A V HARVESTOR 0338	WHEATLAND STOUT 930W
Sire 1: SPRINGCREEK OLYMPIAN 66A	**Sire 2: RUST BREAKTHROUGH 4043**	**Dam: WHEATLAND ENVY 281Z**
SPRINGCREEK LINNE 33R	ATNT MISS W31	WHEATLAND LADY 351N

Sire Choice

Here is the female that was our "pick of the calf crop" for $37,000, from Wheatland! She is one of few females to ever leave the Wheatland herd, and as you analyze the pedigree on this young female, you will note the prestige individuals in it. Her dam is none other than, Wheatland Lady 351N, also the dam of the influential Wheatland 680S. On the top side of her is Wheatland Stout, a bull that bred extremely and also set records when he was only the second bull in history to win back to back Grand Champion Bull at Agribition! The matings she has been flushed to, are hands down some of the most exciting bulls in the industry today ... Olympian has been a sought after breeding piece and Breakthrough is the leading sire in the SimAngus gene pool as he is creating a wave of excitement. We are excited about Envy being a cornerstone female and no matter what combination is chosen, you will receive highly marketable and proven genetics while supporting a great cause in the Friends of Canadian Simmental Foundation Auction.

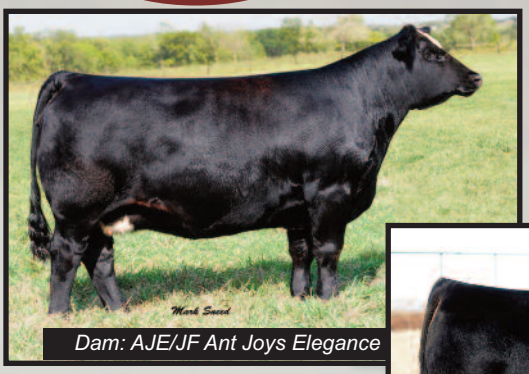
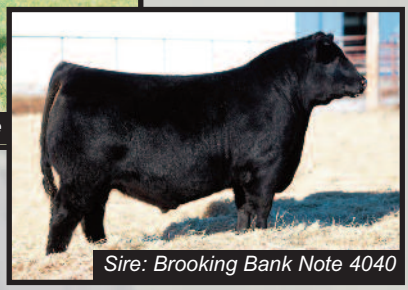
214 2 IVF Embryos - BROOKING BANK NOTE 4040 & AJE/JF ANT JOYS ELEGANCE



Dam: AJE/JF Ant Joys Elegance



Sire: Brooking Bank Note 4040

Resulting Pedigree of Embryos

CONNEALY EARNAN 076E
Sire: BROOKING BANK NOTE 4040
E A ROSE 918

3C MACHO M450 BZ
Dam: AJE/JF ANT JOYS ELEGANCE
BHS JF ANTOINETTES JOY

As the demand for SimAngus genetics continually increases, there is no better opportunity than to acquire genetics from 2 leading producers from the Simmental & Angus gene pool. The combination of Brooking Bank Note 4040 and AJE/JY Ant Joys Elegance is truly exciting as they combine the best phenotype and genotype that can be found anywhere. This is the first opportunity to purchase embryos from the great Joy cow in Canada. She is a model Simmental female with a strong foot and great udder that we would all desire to have a pasture full of. She has produced progeny demanding $46,000, $20,500, $20,000 and $11,000 and that is just the beginning of her legacy. Brooking Bank Note 4040 is the $125,000 phenom that stems from one of the best females in the breed and he is proven to be a curve-bending sire that combines calving ease with power while adding maternal and phenotype to his progeny. When we were asked to donate, we felt we needed to offer our best and these embryos are nothing short of that.

251 Front Cover Canvas Print

This canvas print is #1 in a limited series run of the 2016 Friends of Canadian Simmental Foundation Auction front cover image. It was created as a one of a kind image by Mark Shologan of Cattlevids.ca following in the footsteps of last year's Legacy image cover.
Each year the FCSF will produce a limited numbers of prints of the cover image and have them available for sale with proceeds to the Foundation. Complete Info will be available after the auction sale at www.simmentalfoundation.com

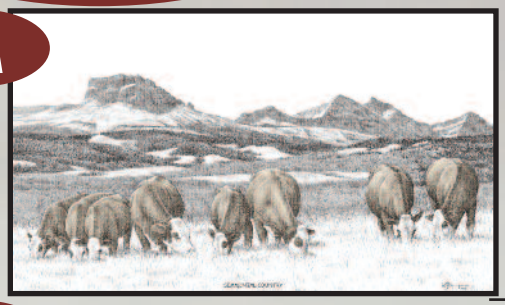
A



Framed Limited Edition Print – "Simmental Country" by Bernie Brown. Bernie is a self-taught pencil artist born and raised in Saskatchewan. A former junior high school art and physical education teacher, he gave up teaching in 1989 to become a full-time artist. In 1993 he and his family left their home in Swift Current, Saskatchewan and now live near Okotoks, Alberta. Bernie was commissioned by Brian Bouchard to create this print for the 2006 World Congress, held in Calgary, AB.

FRIENDS OF Canadian Simmental FOUNDATION

Thank You to

Kingfield Farms, The Burns Family

The Friends of the Canadian Simmental Foundation are honored to announce a very generous donation to the Foundation by Mr. Michael Burns, Maple, Ontario. The donation of $25,000 on behalf of Kingfield Farms and the Burns Family will enable the Foundation to continue our support of youth, education and research in the Agriculture industry. Mr. Burns and Kingfield Farms have been a part of the Canadian Simmental Association since the breed came to Canada. Their contribution through the breeding herd they developed, and dedication to the breed is very significant. Michael has served on the Ontario Simmental Association, and was President of the Canadian Simmental Association from 1994-1996. We sincerely thank the Burns Family for their contribution towards the Friends of Canadian Simmental Foundation.
