

CANADIAN WESTERN AGRIBITION NATIONAL HEREFORD SALE

THURSDAY **23** NOVEMBER
2017

JOHN DEERE SALES ARENA, REGINA, SASKATCHEWAN

from the desk at T Bar...

Welcome to Canadian Western Agribition, the Hereford Show and Sale and the home of world class genetics. For over four decades, Agribition has been Canada's showplace of great livestock and endless hospitality, attracting visitors from around the globe.

The 2016 edition of the CWA sale included the high selling bull in Canada and the calf on the Agribition Champion Female who went on to capture the "Miss World" championship... congratulations! It is that level of quality that sets the standard for seed stock offered at this great event.

The 2017 edition offers endless opportunities for all Hereford enthusiasts... "big time" herd sire prospects with fresh new genetics that are likely to be breed changers...the strongest lineup of bred females in the history of this sale and donor quality young prospects, with a competitive nature, that are sure to make front pasture brood matrons. With the sale held the evening prior the show... you can bid and own individuals that could well be in the winner's circle, just like the 2016 results. The opportunities are endless... and well worth the time and the trip!

We have had a great fall market with feeder and stocker calves bringing a healthy premium compared to a fall ago...baldy calves demand a premium with all females going back into herds as replacements. To maintain the strength of breed and market share, we must continue to add new fresh genetics into our programs...what better place than Agribition.

If we may be of any assistance, prior to or sale day, do not hesitate to contact any of the T Bar Team or myself... we will be pleased to assist in a professional manner.

Bonanza 2019 Donation Lot

Selling the pick of the 2018 Hills Galore Stock Farm's heifer calves.

Never before have we offered our top heifer calves for sale, let alone sell the pick of our entire group of heifer calves.

The 2018 calf crop will include progeny of a number of our young sires bred at Hills Galore, as well as proven trait leaders. Sires include JB 531 Braxton Cal 605U (we are calving well over 100 daughters and granddaughters), Hills Galore Frontier 8Z, Hills Galore Enterprise 20C, Rafter K K10 Legend 3050 ET "Tom," RST X51 Revolution 4180, BP 87Z Standard Lad 130B.

Terms: Buyer will select from all the spring born heifer calves, solely owned by Hills Galore Stock Farms, Alvin Pawlitza, approximately 75 head. Buyer will make their selection prior to September 1, 2018. Heifer calves owned by Julia, Alex or Georgia Pawlitza will not be included in this selection.

The Pawlitza Family is donating 100 % of the proceeds of this sale to the Saskatchewan Junior Hereford Association to be used for the 40th Anniversary of Bonanza 2019 being held in Weyburn, SK.

Take advantage of this unique opportunity to support our Juniors and Bonanza 2019.

Triple-A 2059 Bam Bam 11B

Here is a real opportunity to own a female right from the top of a highly renowned outfit that very seldom offers a female for sale. Triple-A Summertime is a high quality female from the top of our heifer pen. She combines many attributes to make her a great show heifer, while still making a superior cow. Tons of rib with more dimension and thickness over her top with a huge hind quarter. She is very sound and moves extremely well with the nice extension through her front end. Her sire, the one and only Bam Bam needs no introduction. He was the 2015 and 2016 CWA Champion Bull and two times RBC Top 10 qualifier consecutively. His progeny all carry that same extra thickness and overall look we all try to achieve. Summertime's mother, 13W, is a top cow that we flushed this past spring and retrieved 22 #1 embryos that are full siblings to Summertime. We pride ourselves on producing top quality females that go out and work. Summertime is one of a kind.

ALL the proceeds from this heifer are being donated to the Cody Sibbald Scholarship Legacy Fund, a junior program that promotes youth passionate about agriculture. We extend thanks to T Bar C and Agribition in making this donation possible.

Encore is an individual that we fell has a tremendous amount of breeding potential. He is a massive middled, easy fleshing individual with a tremendous amount of muscle and shape. He is a big scrotaled calf and exhibits that important herd bull character. His mother (just a two year old and now a donor) is by our female maker, Tahoe and out of the most famed cow family to ever be on our ranch. Mira 62K is still producing at 17 years of age and has the most recorded progeny in our nations history. We love the data backing this individual and are excited to see the impact he can have on the breed.

Choice of the Pyramid Hickok 4130 sired bull calves

Our goal was to find an outcross walking bull for our cowherd. We went all in on a Frederickson Ranch bull called Pyramid Hickok 4130. This FHF bred bull proved to be right on the money, giving us an outstanding crop of calves that came with low birth weights and lots of performance from day one. These calves went through one of the toughest droughts in our area's history, proving that they possess grass converting, easy doing genetics that we all seek. They take after their sire; thick, deep barrelled and one heck of a smooth front end.

We are offering the choice of one of these 4130 bull calves with terms of full possession and a 1/2 semen interest kept by Six South Acres Ltd.

"In Style" is just that! An extremely stylish, correct made heifer with tons of eye appeal and depth of rib. She is the first offering from Manchester Polled Hereford's and we wanted it to be an exciting one! An own daughter of MHPH 521X Action 106A! She has maternal power written all over her, backed by both the Dainty (2013 Hereford Miss World) and the Tru Style cow families.

AI bred to Churchill Stud 3134A on March 30, 2017. Pasture exposed to Remitall-W GD Lawless ET 37C from April 25 to July 19, 2017. Pregnancy checked safe to AI date.

Just like her mother, she is flat out awesome from head to toe. She is super balanced, with tons of volume. You will appreciate the depth and shape that she has, as well as the femininity, style and pigment that this show girl has! She will leave a lasting mark on your program, just like her dam has and is doing for us. Her dam was the 2014 National Champion Yearling Female at CWA and the high seller that year in the National Sale at \$18000.00. This powerful bred female carries the service to none other than R Leader 9646. Don't miss out on the chance to own a great matron female that will be competitive on show day!

AI bred to R leader 9646 ET on April 29, 2017. Pasture exposed to Blair's 208 Z Titlist ET 13C from May 2 to July 16, 2017.

CONSIGNED BY

Remitall-W Rio Lobo 26C

Jessica is as well balanced and fault free as you could make one without giving up any power or eye appeal. Her sire, Delta was the Agribition Polled Hereford Grand Champion Bull in both 2014 and 2015. We wouldn't be surprised if the Rio Lobo calf that she's carrying is as good, if not better than Jessica herself. A maternal sister is currently working in the RSK herd in Manitoba.

AI bred to Remitall-W Rio Lobo 26C on April 10 and April 30, 2017. Exposed to Grandview CMR Mr Dom 86P Y332 from May 10 to July 12, 2017. Preg checked favorable to second AI service.

One of the first females sired by NJW 73S 22Z Mighty Max 97B to sell. A very maternal package, with added muscle and lots of style. Out of a first calf Blair Athol bred two year old.

Pasture exposed to Square D Century 957B, the next generation herd sire at Square D Herefords, from May 24 to August 5, 2017.

CONSIGNED BY
SQUARE-D HEREFORDS

Square D Century 957B

Super broody designed female with a little bit of jazz to her front end. Carla 50D has always been an eye catcher out in the field. Carla 50D's dam comes from embryos we bought off Crittenden's, GHC has always been a program that has raised beautiful milking females and I think this heifer is no exception. On the top side, Cool Water is our calving ease herd sire that adds some extra muscle and maternal strength to all his progeny. Carla 50D is bred to Truman 695D our newest herd sire we purchased with RSK Farms at Denver from Jensen Bros their pick of their pen of bulls. An added bonus she is ultra sounded safe in calf with a Heifer calf!

Pasture exposed to KJ BJ 719Z Truman 695D ET from April 15 to June 10, 2017 due mid February.

Every year there is always that one heifer you just fall in love with from day one and 32E is that heifer this year. Cherry red, short marked, sweet fronted with loads of middle to her, so if your looking for a show heifer or a foundation female, she's going to give you lots of options. The Ms Medonte cow family has been one of our best investments we have ever made; the progeny is easy to sell, they flush big numbers and they last. Her sire Boardwalk, was a high seller in our bull sale \$14,000 to Brost Land & Cattle and if you go ask Blaine what one of his favourite sire groups is this year, he'll tell you it is Boardwalk same with us.

Choice of the Pyramid Hickok 4130 sired heifer calves

This will be the one and only time that we offer a 4130 female for sale. If you follow the FHF program at all, you will know that these females are backed by a progressive and proven breeding program on the top side. On the bottom side, they are out of two standout cows who have seen some time in the showing. Even though these heifers came through a tough summer without much grass, they have always shined out on pasture. Their genetics have set them up to be fancy, deep bodied and stout females. They have an amazing future and this is a unique chance to own a 4130. *Retaining the right to one flush at Six South Acres Ltd.'s expense.*

A power house female that comes from the great Nellie cow family. A full sister to BC 14B raised the high seller last year at Agribition for Haroldson's. Another Nellie was named Canadian Junior National Champion Female for Blair's and Glenlees. Five full siblings to 14B have averaged \$24,000. The best part of the Nellie cow family is the daughters and granddaughters are proving to be revenue generators; ask Cory Lees, Chad Wilson, Rob Flack, Allan Marshall, Iron Lake, Adam Dales, Semex and the list goes on.

Nellie 3E has the potential to make noise on sale day and in the future. A show heifer, and a definite donor prospect are a rare combination. If you are serious about adding some cow power, mark this one! Rhino X Nellie cross is more than a purchase, it's an investment.

Here is a long bodied, stout, big hipped heifer. She has been one of our favorites since birth. She is correct made and has lots of rib and flank. A daughter of MHPH 521X Action 106A, a sire that hasn't missed for us.

9E is an Embassy daughter that has that look at me profile. Really big middled with that soft look to her. Her Robin Hood mom is moderate framed and highly productive. This cow family is full of nice uddered females. We feel she will develop into a front pasture cow!

We saved a great one for the Agribition Sale. This heifer might be as tough to beat in the show ring as any we have ever offered. Big hip, great fronted and that beautiful sweep to her belly ensures this April baby will get noticed. Then add in her flashy look, good color and poker straight hair and start collecting the banners. Not only is she perfectly positioned to be a powerhouse in the show ring, Katrina will be the kind you can build a herd around when she is in production. Her momma is a great uddered Umpire daughter that always brings in the good ones. We've calved a few Plainsman daughters now and they are consistently good uddered and have plenty of milk.

Ginger was one of the first Rio Lobo's born and has been a standout since birth. You'll find very few heifer calves that carry as much mass and muscle while still staying completely sound. Ginger's young mother was the first NJW Diablo female we calved out and as you can see, her mating to Rio Lobo really worked.

This March heifer calf is big topped and carries that width to the ground. She is high volumed with style and very sound in structure. When you put this heifer in motion she moves with ease, which is so important in the show ring. She has that eye appeal that we all look for but more importantly, she possesses the genetics to become a powerful brood cow. Great junior project!!!

TFR KU Roll The Dice 1326

CCR 719T Carl 21C - Maternal Brother

CCR 70E is sired by Roll The Dice, whose progeny are topping sale rings and show rings alike. This will likely be the only Roll The Dice female to go through a sale ring in Canada this year. Lady Luck 70E is moderate framed but is a powerhouse in her overall mass and dimension. She is long sided, big ribbed and super fronted with a great look to her. Her dam is a perfect-uddered, super fronted female that we purchased from ANL as a calf. She is also the dam of our go-to heifer bull - CCR 719T Carl 21C. 70E should be a highly competitive show heifer down the road and being backed by such maternal power, she holds tremendous brood cow potential.

Fancy is an impressive calf. Her phenotype is top shelf, already being recognized with two division championships at her first two shows. First when shown by my daughter at Beef-A-Rama, second at the SE Sask. Mark of Excellence show this summer. I expect her to continue her competitive ways at Agribition and Manitoba Ag-Ex. Her genotype ensures she will be a show ring competitor and a great brood cow. She is sired by our senior herdsire, ANL A XLP ACTION ET 75Z. He was a former Agribition Champion who has proven to be an awesome breeding bull. In fact, he has earned the CHA Gold Medal award from his progeny. Fancy's dam is also a multiple division champion at Mark of Excellence shows and was recognized with a silver trophy. Both her first two calves have been top of the pen. But that's not unexpected as the Fancy cow family has been a high performing family for many generations, for many different herds in Canada.

Four (4) Embryos to the bull of your choice on Harvie Ms Firefly ET 198C

Here is an opportunity to acquire embryos off of the 2016 Canadian Western Agribition Reserve Junior Female to the bull of your choice. She was also the high selling bred female in 2016 at the CWA sale for \$33000 to Steven Knutson. The "Firefly" name is known world-wide as one of the leading families in the Hereford breed. She is super sweet through her front end and incredibly stout and powerful. We will provide the semen from our inventory at no cost. Owned by Steven Knutson.

Here is a very cool chance to get your hands on some very exciting embryos, which are starting a CWA Hereford Sale Legacy! The dam of these embryos was the 2014 National Champion Yearling Female at Agribition and the high seller that year in the National Sale at \$18,000.00. Her Twenty Twelve daughter will also sell in this year's sale, carrying the same service. R Leader needs no introduction, as we all know what he has done for the breed. We believe that this mating speaks for itself!

Semen Lot

I could easily write a novel about how unique this bull is for the Canadian cattle industry but smart and astute cattlemen will figure this out very quickly. It doesn't matter from what angle you look at the bull, he will impress you. A direct son of breed legend Ribeye 88X who produced more show champions, sale toppers both males and females and breed leading females that can produce in the real world than any other bull I know of. On the dam side Churchill lead power female Ladysport 2205 who already produced several top sellers like Mack 665D, Rock 646D, Grit 6244D and Toro 507C and many more and backed by a cow family who demonstrates they can produce under all kind of management style. Rock is a true breeding tool that can change the face of your program. He might well be the thickest, biggest bodied bull you can find with curve bending EPD's and stunning look. We unfortunately lost Rock earlier this fall, so semen on him will be very limited. Rock is a totally unique bull that will build cowherds and attract bull buyers to your pen !!

The lot will consist of 40 straws from our bull Churchill Rock 646D ET qualified for Canada, winning bidders will have the possibility to take a minimum of 5 straws but can also buy all straws or remaining straws until all 40 straws have been sold.
