South View Ranch

BRED For SUCCESS Female Sale

It is an honour for ourselves to present you with the first annual Bred For Success Female Sale on behalf of the good people at South View Ranch and Cockburn Red Angus. The Cockburn and Kaufmann families are very hard-working programs that are passionate about the agriculture industry and the Red Angus cow. These breed leading programs are committed to the very best and they are offering the heart of their herd in this deep offering of sought after genetics.

The Cockburn program is very influential in the success of Red Angus genetics and their ability to produce genetics that calve well while having strong performance with structural soundness and not sacrificing eye appeal is impressive. The Cora cow family has elevated their herd and you will see the influence of them in the offering with a special donor on offer as Lot 1. The cow families run deep at Cockburn and whether it is a donor, bred, open or frozen genetics that you seek, you will find the quality at this sale that is hosted at their ranch.

South View Ranch is one of the largest registered purebred Angus seedstock producers in Canada and they have a cowherd that is highly respected for their shear production value. Located in the rolling hills of Ceylon, these cattle absolutely work and are as strong footed, good udder and structurally correct as you can find as they are built for longevity and production. The special lot of pick of herd flush opens the doors to one of the most elite programs in Canada and the quality runs deep. They are offering their very best opens and breds as well to showcase the depth and quality of their program.

You will find some of the very best Red Angus genetics in the industry selling at the Bred for Success Sale but what is even more important are the great people that stand behind them. We personally know these 2 very hard-working families and they have the utmost amount of integrity and work ethic that ensures you that you can invest in these genetics and know they are standing behind them 100%. We encourage you to attend this special event at the Cockburn's to see the many years of passionate breeding that they have put into their herds and are now offering the very elite to be sold at auction. If you can't make it sale day due to your busy schedule, feel free to contact any of us at BMS to represent your buying needs in a professional manner. We look forward to visiting with you in Briercrest and viewing a great set of cattle backed by hospitality from 2 awesome programs.

*AI bred to Red SVR Continental 112E on May 3/18.
 PE to Red SVR Continental 112E May 19 - July 5.*

Only as this is our first female sale are we offering a cow we are very proud of and that exemplifies the kind we strive to raise. Its rare to find a cow with the phenotype, proven pedigree and production that 133Y possesses. Her rib, hip, udder quality and style are hard to rival. 133Y's dam, grandam, and several maternal sisters are all proven donors. The Cora cow family is our largest, highest earning and most prolific cow family. Cora's sire Mulberry is one of the most popular and well known Red Angus bulls of all time. Two sons were high sellers in our 2015 and 2018 bull sales. 133Y's daughters are following in the typical Cora family footsteps and are amongst our very best. Cora successfully flushed in 2017 and averaged 10 eggs per flush. We feel 133Y has much to offer and has only begun to make her mark

\$14,000 Son / Matrix 403B

Service Sire / Continental 112E

Flush option: Red SVR Christina 87D, with her calf SVR Pay Day 2F

PICK OF HERD *Flush*

Lot 2: Pick of the Herd Flush

Here is your opportunity to flush any cow at South View. This will guarantee you 3 #1 embryos and will be split if there are more than 6 embryos. You can flush the cow to a bull of your choice with the option to use any of our SVR bulls, Cowboy Kind 343, No Equal 28H, SVR High Octane 54K, SVR Knight 73P, Flying K Arrow 13E.

Sire of lots 3 and 4A embryos / Red Pie Specialist 430

3 or 5 EMBRYOS: Red Cockburn Cora 133Y X Red Pie Specialist 430

3 RED COCKBURN *Cora* 133Y / 1654400 / JFC 133Y / March 05 2011 / bw-90 / ww-600

LOT 3: 3 or 5 embryos of Red Cockburn Cora 133Y X Red Pie Specialist 430.

This is a mating we are very excited about and only because of a very successful flush are we able to offer some of these genetics for sale. Specialist has bred extremely well for us, moderating birth but not sacrificing on performance, muscle and growth. His sons have been our high selling sire group the past two years and include the \$77,500 Red Cockburn Assassin to Brylor Ranch, the specialist daughters have risen to the top of our replacement pen.

Lot 4A) 3 EMBRYOS of Red Cockburn Cora 254Z x Red Pie Specialist 430
Lot 4b) 3 EMBRYOS of Red Cockburn Cora 254Z x RREDS Seneca 731C

Sire of lot 3 & 4B embryos / Seneca

Full Sib to lot 4A embryos

Maternal Sib to lot 4 embryos

4a-b RED COCKBURN *Cora* 254Z / 1881579 / CWJ 254Z / March 13 2012 / bw-80

LOT 4A: 3 embryos of Red Cockburn Cora 254Z x Red Pie Specialist 430. We decided to dig deep for our first female sale and as such we are offering this lights out proven mating. These embryos are full sibs to our 2017 high selling bull, Red Cockburn Assassin, who sold for \$77,500 to Brylor Ranch. Assassin has been in high demand both north and south of the border and semen has sold up to \$300 a unit. Don't miss out on this mating as the guesswork is already done. 254Z's productive record is impossible to say the least. A daughter was a \$15,000 bred heifer, \$77,500 Assassin, \$17,000 Cowboy Up and a phenomenal group of E.T. calves in 2018.

LOT 4B: 3 embryos of Red Cockburn Cora 254Z x RREDS Seneca 731C. This is a mating that has us excited as any we have ever had. Combining the proven production of 254Z with Scenecas ability to sire huge middle, explosive muscle and flawless phenotype make this mating truly special. Sceneca was a past \$35,000 seller from Rhodes Red Angus to Pieper Red Angus. His sons topped several sales in the U.S. this past spring including sons at \$80,000, \$70,000, and \$40,000. Scenecas daughters look as though they will be the kind to build around. They are soft made, easy doing, sound and excellent udder development. Don't miss out on this mating; its quite possible the coolest we have ever offered.

This powerful, wide topped female is a member of our Queen cow family. The Queens have been a cornerstone in our program and constantly produce extra power and shape. 723D is a maternal sister to the \$11,250 Riot bull and the \$39,000 Heavy Duty. We were very impressed with our very first set of Cowboy Kind daughters we calved out this past spring. They are excellent females with excellent udder quality. Queen is carrying the rare and valuable service to Red NCJ Coming in Hot 24E, who was a \$40,000 seller this past spring. His outcross pedigree and phenotype make him an exciting young sire.

739E is a member of the largest and most prolific cow family we have, the Coras. The dam of 739E has an excellent track record, producing several sons that have sold near the top of our sale; along with one of the high selling heifers in the 2015 power and perfection sale. This wide topped, sharp fronted female carries the service of CSF Red Zone 1C. The dam, 140Y is a flush mate to Cora 254Z. She is sired by Red Cockburn Heavy Duty 518C who was our \$39,000 high seller to Rainbow Red Angus & Ledoux Ranch in 2016.

RED SVR *Christy* 142E / 2000633 / SVR 142E / April 03 2017 / bw-70 / Adj. ww-625

This heifer is flat good, dark red, well balanced, it's hard to pick a hole in her. 142E is a heifer with a lot of eye appeal. She is an intriguing breeding piece, a heifer with many potential breeding options. This heifer stems back to the legendary Red SVR No Equal 28H, that made a very positive impact on our herd. Her service to Red SVR Cowboy 33D is a combination that will be sure to have a lasting impression on your herd.

RED COCKBURN *Cora* 8013 / 2064974 / CWJ 8013F / February 03 2018 / bw-76 / ww-690

Cora 8013F is an angular, deep bodied female, and is the first female we will sell off of Assassin. Since being our high selling bull in 2017 Assassin has been in high demand with semen selling up to 300 a straw. His first calf crop here is Impressive and reports from others who have used him are very positive. The dam of 8013 has been a big time producer, also being the dam of lot 14. She is also a flushmate to our Ribeye 308U bull. whether you are looking for a Cora heifer to hang a halter on or become a cornerstone female, 8013 should fit the bill.

RED COCKBURN *Boot Jack* 8043 / 2066527 / CWJ 8043F / February 09 2018 / bw-82 / ww-696

Boot Jack 8043F is a very attractive, deep bodied and wide based female. Her dam is a big bodied, great uddered female with an excellent foot. Her sire is a bull that really impressed us when we seen him in Denver as a calf. We are very happy with his first calves here and as such many of the breds in the sale carry his service. 8043 checks many of the boxes and with her awesome phenotype and teddy bear attitude she would make a great junior prospect and future herd building female.

RED COCKBURN *Cora* 8070 / 2064976 / CWJ 8070F / February 17 2018 / bw-89 / ww-717

Cora 8070F is a stout, wide based, sharp footed female that grabs your attention. Her dam 208Z is a full sister to the lot 1 donor in this sale. 208z has also been a productive cow with a son going to Wood Coulee as one of our 2017 High selling bulls. We've decided to let 8070 go only because we have a full sister bred heifer. 8070's sire Heavy Duty was our \$39,000 high selling bull in 2076 to Rainbow Red Angus & Ledoux Ranch.

RED PIE *The Cowboy Kind* 343 / 1940871 / IMP 343A / Feb 8 2013

Cowboy Kind was the high selling bull in Peipers 2014 sale at \$75000. We were fortunate to secure the only two semen packages released in Canada. Cowboy Kind sires sons that are dark red, big ribbed, with tons of shape and dimension. His first daughters are milking now and they are broody females with excellent udder quality. He Sired the highselling bull in the Cockburn's 2018 bull sale at \$17,000 to JK Red Angus in North Carolina. He is also the sire of the popular 2yr old pair in Kaufmanns fall show string.
