Welcome to the twenty-first Blair Athol/Haroldsons and Friends Annual Fall Female Sale. We would like to welcome Steven and the Mann Family as they have replaced the tired/retired Ken Wray who was a special part of this event for two decades and with Jeff gradually taking over from Duncan, it looks like Wally is the "old guy!"

This sale has built and earned a traditional status for high quality seed and show stock that can compete on a national or even an international level. This fact is documented by the Premier Breeder and Exhibitor banners presented each year. Nothing comes by chance, these programs have taken generations to establish through culling and genetic scrutiny.

The 2018 edition of Blair Athol/Haroldson's and Friends is powerful in all classes of females offered. The heifer calves are exciting, with a competitive nature and come with incentives for youth aiming for Bonanza, hosted by Saskatchewan in Weyburn next July. The bred females will develop into foundation material and build a new cow family for their new owners.

The guests from Manitoba (who lost the "Banjo Bowl") know that Saskatchewan is tough; therefore, they are coming to Duncan's with only their best. This will make a very diverse and exciting lineup of Polled Hereford seed stock on Sunday afternoon, October 21st, another historic day in Arcola, Saskatchewan.

Duncan, Jeff, Chad, Steven and Wally will welcome anyone who would like a preview of their offering, don't hesitate to call if you have queries. This is a "can't miss event!" Come early and be guests for a complimentary lunch and refreshments, it's well worth the trip and part of the Saskatchewan Sweep Steaks!

If we, at T Bar C, may be of any assistance prior to or sale day, feel free to contact any of the T Bar team for professional and confidential assistance.

Miss Vicky 48F has more frame, more length, more bone and as much chance as any of these heifer calves to grow into a great cow. Her dam is a great breeding Revolution daughter we purchased from the Grundy's. Her first heifer sold as a bred to Lyle Cowan for \$13,500. We foolishly used her as a recipient the next year. Last year, her heifer calf went to Courtney Cochrane for \$4,500. Being sired by the great breeding, Rimrock, surely adds value.

Hometown daughter out of 107W purchased from Wally Pugh. Stout and broody, we should be keeping a daughter out of 107W. She has never missed. The fifth daughter to sell in our fall sale. Glen Jackson, Lyle Cowan and Medonte bought the first three, 38F and her sister Lot 35 sell in 2018. 107W's only son is a herd bull for Justin Kemick.

Delila 65F is a beautiful cow in the making. Like all the Diablo daughters, she is balanced with volume & femininity. Her Heater mom, 31C is turning into one of our best young cows. Lace 46E comes from the same cow family as Lot 23 Sangria 42E. Her dam, 61B is a maternal sister to 42E. Adding Major to the mix certainly is a positive. Maternal sister, 115D is doing a great job at Blair Athol on her first calf. **Bred to Remitall-W BNC Ace 43C on June 6, 2018. Pasture exposed to Blair Athol 97B Trojan 20E from June 27 to August 18, 2018. Preg check indicates April calf to Trojan.**

Fancy, feminine 50 Shades daughter. This cow family is impeccable. Pretty hard to get Jeff to sell anything going back to 107W. Daughters, 77Y, 58Z, 93B, 39C, 112E at Blair Athol. Lois Batty got the only daughter to leave, 128D. Jeff predicts this one will be a donor within the next five years, just like the rest of her cow family. Typical Heater. A little taller, yellow and lots of hair. The udders on these Heater daughters are trouble free, uptight, small teated and plenty of milk. Her Chive mother we purchased out of the Lohner program, is a big volume cow with a nice udder and has her second good heifer calf at side. Exposed to Mohican Lux 68D from May 9 to August 14, 2018. We purchased a semen interest in 50 Shades when he topped the Remitall sale in 2014 to Double J and Jay Holmes. He left us a nice set of heifers, so we are able to offer four of his daughters. They are very feminine and should be full of milk. We purchased 21E's dam, 18B from River Valley for \$8000 in 2015.

We wanted to put a top end Loaded daughter in the sale to show everyone what he can produce. Chris Poley's words when he was here looking at sale cattle were, "She could compete with anything." She'll make a very competitive show heifer in Weyburn next summer and then a great cow in the pasture. I will work with a junior who wants to take this heifer to Weyburn. **Show rights reserved through Agribition.**

We purchased Loaded as a yearling out of NJW's Bull Sale. Being a son of 10Y means he has two of the top cows from the NJW herd in his pedigree. His mother, Vaca 137X, is another great cow. We were so happy with how he calved this year, we bred our entire heifer calf crop to him. Seeing his calves, I think you will want to keep all of his females. Service sire on all lots and sire of AHK 5F.

This heifer took a lot of thought to sell but being this is my first time in this sale I brought my best. Legacy is the first heifer to sell out of my 10W cow. This is the heifer that everyone picks when going through them. 4E is a very long, thick heifer that will make a great cow.
