CANADIAN WESTERN AGRIBITION
REGINA, SASKATCHEWAN

From the Desk at T Bar...

Welcome to Agribition 2018, Canada's Agricultural showcase for the world! I was not yet born when this great event originated, so much of the early history I've learned has come from books or visiting with the pioneers and founders of this amazing livestock event. The idea and formation of Agribition can be attributed to the Hereford breed, just a couple of guys driving home from Denver and coming up with some ideas and a plan. I wonder at that time whether "Hall of Famers" Chris Sutter and Jim Lewthwaite dreamed it would develop into such an impacting, world class event. The livestock exhibited are amongst the elite of the world and are a symbol of Canada's seedstock excellence.

The Agribition sale attracts the best in animals and breeders. To have an offering in the sale and then exhibited in the show the following day, is a symbol of your program. The 2018 offering has been selected to have Agribition quality aimed at herd improvement for generations to follow. Exciting best explains the lineup in the 2018 sale, right from the feature herd bull prospects, through to the breds, heifer calves and embryos.

Since Bonanza 2019 is being hosted by Saskatchewan in Weyburn next summer, juniors have a wonderful opportunity to acquire a competitive edge calf to exhibit next summer, halter broke, show broke and out of the freshest genetics in the breed.

Plan to make Agribition a part of your travel plans this fall, with the sale on Thursday and the Show on Friday, you will get to see Canada's finest Herefords and partake in fellowship and hospitality.

If we, at T Bar C, may be of any assistance prior to or sale day, feel free to contact any of the T Bar team for professional and confidential assistance.

4:00 RBC Beef Supreme Challenge, Chevrolet GMC Arena

McCoy Cattle Co. is pleased to donate a heifer from the top of our 2018 calf crop for Bonanza 2019 to be held in Weyburn, SK. The annual Bonanza event and the Canadian Junior Hereford program in general have both been very beneficial to our family over the years so we are excited to be able to give back. Rose 26F is the type that we aim to produce in our program. Her dam is a high performance, massive middled female. Her sire, Excede Z426 has bred extremely well for us. 26F's paternal brothers will be several of our lead-off bulls in our February 2019 bull sale. We understand the heifer will be offered via Dutch Auction so make sure you are in attendance as you could take her home for as little as a \$100 bid!

Empower - to influence by taking charge. Empower 5F is one of the most exciting bulls we have raised to date and we believe that he will enhance breeding programs wherever he goes. He is massive hipped, soft made, athletic in his structure, with a natural eye appeal. His dam, Next Gen Riesling, was Reserve Champion Female at Bonanza, CWA First Lady Classic Champion Hereford and CWA Yearling Champion Female. His sire, R Leader, has a track record of marking bulls the right way, powerful in their design with pigment and style. The R Leader daughters at Jensen Brothers Herefords in Kansas, have beautiful udders in their first year of production. We are planning on using Empower in our program, because he is truly a powerful breeding tool.

Forged is a bull that we feel to be herd sire material! He is extremely smooth fronted, long bodied, stout and has a ton of depth that carries trough to his stifle. His mother is a daughter of the well known MHPH 521X Action 106A. We have been blown away by the udders on the Action daughters and 614D is no exception with her beautiful udder. His sire, Churchill Stud 3134A was the high selling bull at the 2014 National Western sale at \$100,000. We are very excited with the group of stud calves we have! With a pedigree stacked like his, we believe Forged 816F has a bright future ahead of him!
 Terms to be announced sale day.

SOLD FOR \$17,000 TO KROGSTAD POLLED
HEREFORDS

LOT 304

We believe that you can build a powerful cow family around Ronda 284E. She has a proven track record on both sides of her pedigree. Ronda is stunning in her make up, she profiles with elegance, power and correctness. Ronda is a maternal sister to the high selling bull in our 2018 bull sale, that sold for \$17,000 to Krogstad Polled Herefords. Ronda is sired by Cinch, a maternal brother to two Division Champions at Denver and six Canadian National Division Champions. The Ronda cow family has a special place in Jill's heart, she purchased the original Ronda 41W several years ago and has seen much success in and out of the show ring with this cow family. Purchase with confidence knowing that this female is here today because we feel she is truly the best we have to offer. She is bred to Harvie Streamline ET 200D, a bull we sold for \$20,000 in our bull sale to KT Ranch.

AI bred to Harvie Streamline ET 200D on April 18, 2018.

PICK OF THE 2019 HEIFER CALF CROP

RSK E 2046 Digby ET 20C

RSK Farms is once again set to offer a pick of our entire 2019 heifer calf crop. We have offered many top heifer calves over the years, but the opportunity to come into the herd and pick your favorite before anyone else is truly a jackpot.

The lucky buyer of this special lot will get to select from a possible heifer calf crop of around 50 heifer calves. This will include daughters from our ET (even purchased embryos) and AI program. The sire groups represented are truly amazing including: KJ BJ 719Z Truman 695D ET, RSK E 2046 Digby ET 20C (2017 CWA Champion Hereford Bull), H RW All In 7165 ET (A member of the 2018 Champion Carload) as well as Harvie AD Harlen ET 199B, Blair's 208Z Titlest ET 13C, Harvie Cool Water ET 190B, RSK 719T Freestyle 4Z and more.

These heifer calves are backed by working cattle that will be productive and marketable, as well as contend in the show ring. This incredible opportunity lets you pick from some very functional cow families as well, including the "Sage", "Tamara", "Firefly", "Xkeona" and "Princess" families. Our herd are true beef cows, developed over generations of sound breeding, elite genetics and balanced traits. Many heifer calves that have sold before have gone on to win banners, become donors and raise tremendous calves. The quality runs very deep in this offering. Buy with confidence knowing that you will get a great one!

Terms: Buyer will complete their pick by July 1, 2019. Half down at sale and half at time of pick. RSK Farms will reserve the right to one future flush at our cost and the buys convenience.

CRR 719 CATAPULT 109 - SIRE

We are very excited to offer what we think to be one of the best up and coming females we have raised to date. This heifer has been a standout since birth! Tru Style is as stout as they come with exceptional length and neck extension, all put together with beautiful balance and eye appeal! Her momma is one of our donor cows that just never seems to miss. Her sire, CRR 719 Catapult 109 needs no introduction and has sired many great ones. **Retaining a future flush at our cost and the purchaser's convenience.**

SIRE - RESERVE SENIOR AND RBC SUPREME TOP TEN FINALIST AT CWA'15

LOT 314

This is one heifer we knew would be good from the moment we first saw her. Pigmented, short marked, sweet fronted with loads of middle and hip; all the makings of a show heifer and/or a foundation cow. Her sire, The Goods, is a proven MOE Gold Medal Sire and RBC Supreme Top Ten Finalist whose females are proving to be fantastic dams. Fushia's dam, Ella 7Z, is a moderate framed, Anchor daughter out of a Tahoe dam. Ella's youthfulness, udder and performance stands up to her genetic makeup. Each of Ella's offspring has either been on the show circuit or has been the feature of a sale. Fuschia 7F has the potential to make some noise on sale day, at the show and in the future. We are confident she will be a worthy investment.

Paris is a female that checks all the boxes. She is perhaps the best female we have raised to date. Marked very well, exceptional eye appeal, balance and style, coupled up with performance and that soft, easy fleshing look we demand in today's females. Her sire is last year's Agribition Grand Champion, Sustainable. Last year's Agribition Grand Champion Female was a half sister to Paris sired by Sustainable. The dam of Paris is a daughter of the popular American bull, Payback. The grand dam is Merle Wyatt's flush cow, 27X, a Dakota daughter that is truly a standout. We believe that Paris will stand next to the best of them and is destined to be heard of again in the future.

Our top end show heifer that lives up to her name, one that is very exquisite through her front, bold through her rib and has as much depth of rib and flank as any I've seen. Homo polled by pedigree as well!! Glamour is a natural calf out of our 8B donor that consistently gets the job done year after year in producing our top end show calves. Not only is Glamour a female that will compete, she's also a sweetheart to work with and gets along with all types of show people. She was Champion Hereford Heifer Calf at Prince Albert Ex this summer, and recently Hereford breed champion in the calf jackpot at Manitoba Ag Ex. Once you're done showing her, she will go on to be a top end breeding piece.

JUNIORS: If needed, we will work with you to get the heifer ready for Bonanza 2019, free of charge. We look forward to seeing what the future holds for Glamour!

Rock semen now being off the open market this is going to be the very last opportunity to get Rock semen until fall 2019. He's definitely the most talked about bull in Canada right now and for good reasons. Genetically and phenotypically this bull is loaded with quality and his first group of calves on the ground are here to prove it. His calves are the right kind. They are thick, stout, with lots of pigments and style, both males and females are standout and easily recognizable. Don't miss this unique opportunity to use him and move your program forward.

 This is an opportunity to buy new and exciting genetics. First chance to get in on Haroldson's Royal 24E, who created quite a stir at Agribition. There is no more dominate female in the breed than 73S and 62A, a direct daughter is an absolute tank who will carve her own legacy.

CONSIGNEE BY
BLAIRS.AG CATTLE COMPANY

-Fully Exportable
 -EU Qualified
 -Buyer responsible for shipping costs
 -Embryos stored at Embryo Genetics Ltd. Morden, Manitoba. (Dr. David Hamilton)

All In embryos are a new product to the Canadian market. He was recently purchased by Harvie Ranching, Brost Land and Cattle and RSK Farms in the Hoffman Ranch Spring Bull Sale. 100 straws were offered on the open market in October and no more semen will be sold until 2020. We jumped at the opportunity and flushed 107W to him. 107W comes out of a powerful cow family at Blair Athol. Seven generations of that family were in production at the same time here last spring and close to 20 females in our herd trace back to 107W's grandmother, 5P. Pictured is a daughter of 107W, Chardonnay. Chardonnay had an extremely competitive show career, highlighted by winning the Hereford Division of the Agribition First Lady Classic and the Agribition Junior Beef Extreme. Get in on the ground floor of some new and exciting genetics!!

TERMS AND CONDITIONS...

Terms: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration: Each animal will carry papers issued by the Canadian Hereford Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health: All animals in the sale have met all necessary health requirements.

Guarantee: Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Hereford Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Pregnancy Information: All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

Liabilities: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Delivery: Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

Phone, Mail, Wire Bids: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance: We strongly recommend that insurance is purchased for full value.

Errors: All announcements at sale time, written or oral, supersede any written material in the catalogue.

Return Undeliverable
