2019

SCOTIABANK CONVENTION CENTRE • NIAGARA FALLS, ON • 7:00 PM

Welcome...

It is with a great deal of pleasure and excitement that I would like to welcome you all to the second Falls View Production Sale.

I think it is important to thank all the people that were involved in making Falls View 2018 a great success. To the consignors, sales staff and most importantly, all the people that took the time to attend last year or tuned in online to watch...thank you!

As we have worked to put together the offering for this year, we did not waiver from our initial philosophy of offering the most sought after genetics represented by the leaders of the industry within their particular breed.

Whether it be the next impact sire for your program, a donor female from breed leading cow families, that special show heifer prospect for next year and beyond or frozen embryos and semen that would normally not be available, I truly believe, as you read through the catalogue, you will find genetics from the most sought after and predictable programs in the business.

We sincerely look forward to seeing everyone December 28 in Niagara Falls for an event like no other.

- PETER FRIJTERS

**For our USA friends to the south, keep in mind the buying power you have with the value of your strong US\$ dollar. \$1,000 CDN is equivalent to \$750 USD.*
We will also look after doing all testing required to get your purchases across the border.*

From the desk at T Bar...

With great honour and pride, all of us at T Bar C, along with Premier Livestock, are proud to unveil this fantastic offering we have assembled all year long, in one of the most prestigious events known in the purebred cattle business. Last year's sale was overwhelming on so many levels and we have gone even farther to offer a selection of genetics that is incomparable in one location, under one gavel, in one evening.

The Premier/Hasson outfit has been a dominant force in breeding some of the finest genetics available. Their force is also shown when it comes to campaigning at all the major shows across the continent. In saying that, they present you the two time Royal and Supreme Champion Bull, HiCaliber, that is available to walk in your own pastures. Truly a sale feature! Not to mention the three bred heifers have that donor quality written all over them and heifer calves that have hunted all fall and in particular, the reigning Intermediate Heifer Calf Champion, that is a barn favourite from the Royal. Also note, Peter and crew were the Premier Breeder of the National Black Angus Show this year.

The consignors that are included are from the forefront of the industry. I don't think I can praise enough that the genetics on offer are from the untouchable list. Pick of the Blairs.Ag cow herd is something that is extra special. Having picks of the largest cowherds in the Angus and Simmental sector are definitely intriguing. The live lots have been carefully selected for many reasons. I promise there's a story behind each and every one of them that are encouraging for purchase including the Agribition Hereford Champion Bull. The frozen genetics are something else. Rare, valuable and able to fast track your program. Including more championship livestock then ever before! Please pay close attention to the recipe of your next great breeding decision.

The Falls View Sale has turned into a domino effect. This sale is an absolute experience. The setting of the sale is filled with an atmosphere that is vibrant and contagious to any purebred breeder. The Falls itself is, of course, scenic, but the location of the sale, the casino and the wine tours are an added bonus that you'll absolutely adore. We encourage and endorse all the purebred world to consider attending and participating. From all of us, we thank you in advance and if you have any questions please contact any of us at T Bar C. We look forward to hearing from you and will handle all business with confidentiality and respect.

See you beside The Falls!

BEN WRIGHT

P.S. Please consider booking rooms in advance and if any help is needed please contact any of us listed.

In keeping with tradition for this prestigious sale, we are proud to offer the two time Royal Champion and Supreme Champion Overall of the 2019 RAWF. HiCaliber has presence, loads of hair and phenotype that has been admired by some of the most respected cattlemen on the continent. His moderate birth weight and stellar bone structure are some of his finest characteristics. Every great bull is mothered by a superior cow. HighRose is an absolute work horse when it comes to her producing abilities. Her list of accomplishments is quite impressive. The 2016 Farmfair Supreme Champion Female, \$100,000 daughter at Hoffman Ranch who was the 2017 Agribition Champion Female, a \$52,500 son at Neilsen Land and Cattle, \$38,000 son at Blairs. Ag and many daughters retained in the herd at Michelson/Wheatland which has become the nucleus of their program. HiCaliber offers a different twist in pedigree to most and will add explosive thickness and style into your next calf crop. To own a bull of this nature with all the momentum behind him, it truly is an opportunity to forward your program.

Selling half interest and full possession with an added bonus of 100 straws for in herd use. Owned by Premier / Hasson Livestock, Mainstream Genetics, Dudgeon Cattle Co. and MKC

Connealy Final Product
Sire

OSU EMPRESS 3100

These female embryos are the last frozen embryos we have from the now deceased, OSU Empress. I'm sure if you are reading these footnotes you are aware of the impact this cow has made to our program, as well as many others. She herself dominated the tanbark throughout her show career as a bred heifer and as a two-year-old. Then went on to breed many sale toppers and heifers that in their own right have been very successful. We will continue to work with several daughters and granddaughters within our program to continue her legacy. This mating combines the maternal power of the great Connealy Final Product, who is so well known for producing females that are deep sided, easy doing cows with great udders and combining that with the power and form of OSU Empress 3100.

Here's one we are very proud of. She is built the way we like cattle to look. 917G has had a very impressive run on the show road for just being a February born baby. She was Heifer Calf Champion at the Ontario Blackout Show and was just crowned Intermediate Heifer Calf Champion of the National Angus Show in Toronto. We really admire this female for her combination of stoutness, power and how bold sprung she is in her middle third while maintaining the elegance of a show female. Not only is she one we think the world of, but she is backed by the most influential cow to ever walk the pastures here at Premier, the now deceased OSU Empress 3100. This will be the last pair of heifers we will ever be able to offer from OSU Empress. 917G is a full sister to the Lot 3A heifer from last year's sale that sold to the good folks at Fallis Land and Cattle. We would like to thank Cole Fallis for doing a spectacular job with Empress 827F throughout this past year and look forward to watching her do great things for their program.

LOT 2C

S&R Roundtable J328
Sire

910G is one that possibly resembles her dam, OSU Empress, as much as any of her daughters to date. She is stout boned, big hipped and super cool looking from the side. Her sire, S&R Roundtable, is quickly becoming known for producing cattle with that extra dimension and look. She is a maternal sister to many heifers that have been very competitive for us and others and is backed by our highest income producing, no miss cow we have ever had the privilege to own.

Empress 714 is logically the next step in the progression of the base laid out by OSU Empress 3100. This female was a feature in last year's sale and sold to the good new family of Mike Portena at Windulan Cattle Company. When it came time to flush this female, MICH Wheatland Hicaliber was the obvious first choice. We feel that HiCaliber will compliment 714E in many ways. He is extremely long sided, hard topped and transitions so good from his shoulder into his forerib. He is big footed and has ample bone. Combining that with the stoutness and bold sprung rib shape of the donor dam, this proves to be a very exciting mating

As we work at continually trying to improve our cow herd, we are always looking for different pedigrees and feel very confident that one does not have to always jump on the band wagon, so to say, of the latest craze or be a follower. When I first seen the picture of Bombazo he really intrigued me with his sheer volume and muscle mass. After doing a little research, we came to find out he was an embryo purchase made by Semex from Argentina, this helped to explain the volume and muscle. The Argentinian cattle have been known to have more power and thickness than many North American bred cattle, is what we hear from some of the best cattlemen and women who have gone to Palermo to see the great exhibit of Angus cattle. If you can think outside the traditional box this could prove to be a very exciting opportunity.

Fusion was the feature bull calf of Falls View 2018 where 2/3 interest sold to the great herd of LLB in Erskine, Alberta. We thought so highly of this calf we ventured off to the National Western Stock Show with him where he was named Reserve Champion Bull Calf at the Super Bowl of Cattle Exhibition. If you like this guy last year as a calf, you'll like him even more this year. He was analyzed throughout the year by many of the most astute breeders within the business and the comments were pretty unanimous. He is chucked full of red meat, really sound down at the ground, bold ribbed, big bodied and has a herd bull presence were all phrases used to describe him. Fusion will play a very important part of the future here at Premier and we anxiously await the arrival of his calves this spring. This will be the only semen offered on Fusion in 2020.

Premier Georgina 421 is a female that has proved herself to be a very valuable part of our program. Her production record has propelled her into our donor pen. Her first daughter was a March born heifer calf that was retained in our program and has made a very nice two year old with her first son selling to Eric Stewart. Then she calved in January raising the Premier Fusion bull who was the feature bull calf in Falls View 2018. This year she calved again in January and raised an outstanding heifer calf that was purchased by Windulan Cattle Company and that calf went on to be Senior Heifer Calf Champion of the 2019 National Angus Show. 421 is a Bruin Uproar daughter out of an EXT cow and then goes back to a maternal sister to the infamous, Champion Hill Georgina 419, who has written more success stories than any cow ever in the history of the Champion Hill program. Here is an opportunity to mate a no miss, no nonsense cow to the bull of your choice and start your own branch of the Georgina family.

BW: 90 lbs.

Here's one that comes right out off the top of the replacement pen. Rosebud is a very long sided, deep bodied female with tremendous width. Her dam is coming in with her eighth calf and still looks like a four-year-old. She's very nice uddered and has great feet and legs, which are all traits that lend to her longevity. She is sired by Colburn Primo who adds a degree of wow factor to all his progeny, which has made him premier ROV sire in the US. You won't have to wait long to clip a coupon with this one. She is due January 1, 2020 to Premier Fusion (Lot 4).

AI bred to Premier Fusion 809F on March 25, 2019.

Here is one that is super cool made. She is tremendously big boned, wide pinned, long sided, big bodied and if you like them giraffe necked, better look close. 826F hails from a cow that needs no introduction, Bardetta 4A has become a household name in the Angus breed. This is largely due to making the kind of females that go and make productive, profitable cattle. There are several daughters working throughout the breed at herds such as Six Mile Angus, Karalisha Angus, Fallis Land and Cattle, Worth-Mor Cattle, Loyal Farms and Gilchrist Farms. Some of the notable sons from this cow family have been sale toppers and are working at herds such as Ramrod Cattle Co. and Mainstream Genetics. Here is a Primo daughter out of a great maternal pedigree with a world of future. Due early February 2020, carrying a heifer Insight baby.
AI bred to female sexed, PVF Insight 0129 on April 24, 2019.

PREMIER **BARDETTA** 817F

PLS 817F APPLIED FOR FEB. 27, 2018

Premier Bardetta 817F has garnered a lot of attention this past summer by visitors to the farm. She is a moderate framed female when you describe her in terms of stature, but quite the contrary if your describing her in terms of body depth and thickness. This heifer is a nice combination of maternal quality and power, being a direct daughter of Bardetta 4A, she is sure to be great uddered as all the Bardettas are. As an added bonus, she carries a service to Premier Fusion, due mid February.

AI bred to Premier Fusion 809F on May 13, 2019.

Every year there is a bull calf that rises above his peers and this year Gold Chip soared to the top of our bull calf crop. Here's a calf that has a world of future. Not only was he our heaviest weaning weight calf phenotypically, he is very correct in his lines, stout made from end to end, he has got a big foot and the ideal set to his leg. His dam is a moderate, easy fleshing cow that flat out works year after year. Gold Chip is a full brother to Premier Beauty 802, who was Senior Heifer Calf Champion and Reserve Champion Female of the 2018 Royal Winter Fair and then went on to be the feature heifer calf of the 2018 Falls View Production Sale, where she was purchased by Dudgeon Cattle Co. along with Otter Creek. We would like to congratulate Owen Dudgeon and the Dudgeon family for doing a great job with Beauty 802. Watch for her next year as a powerful two year old.

Selling 2/3 interest and full possession.

Premier Gold Chip 913
Full Sibling

Premier BC Beauty 802
Full Sibling

Beauty 115B is a moderate framed, good uddered cow sired by BC Lookout, that just gets it done year after year. She has calved four times and has daughters working at Hasson Livestock, Willdena Farms Dudgeon Livestock/Otter Creek. This year she has raised our top bull calf. The risk is taken out of this mating, these eggs are full siblings to the 2018 Reserve Champion Female who then went on to be the high selling female of Falls View 2018 and the 2019 National Reserve Intermediate Bull Calf. EXAR Blue Chip semen has gotten very rare and hard to find in this country. If you're not a gambler and like cattle that have performance and style, these embryos will fit the bill!

This is a mating that we are very excited about and are anxiously awaiting calves later this spring. When we came across the Bombazo bull we went into research mode. After visiting with some folks who had seen the bull as a calf in Manitoba at the recipient farm where he was raised and really admired for his performance, muscle pattern, along with his overall structure. We then reached out to Carlos Olea Rullan from Argentina and he told us about the bull's cow family and how respected and potent they were. It became apparent we needed to use this bull on our best young donors. I think it's pretty safe to say these are the only embryos sired by the Argentinian Bombazo in North America. If you are in the hunt for something different, like so many are, this could be your chance.

Every once in awhile a female comes along that is uniquely different. Premier BC Beauty is one of those females. We watched her grow and develop as a calf last summer and made the easy decision to purchase her when the opportunity arrived.

What puts her in a league of her own is her width of top, dimension, and volume. The broody look, performance and udder that are forming are unparalleled. She is the kind of female that will raise herd bulls and donor females. In terms of quality, the Angus breed keeps moving the bar higher and this female is where it is at! This different pedigree will add a real flare as well.

Guaranteed six (6) embryos, flush to be conducted at our facility in early spring.

OFFERING PICK OF THE ENTIRE BLAIRS.AG CATTLE COMPANY BLACK ANGUS COW HERD

It is indeed a pleasure to be involved in this proactive sale and we have stepped out to offer something we have never done before. Our Black Angus cowherd is responsible for our evolving bull sale and has been responsible for producing bulls for some of the most progressive cattlemen in North America. We have always focused on the maternal side of our cowherd and we have purchased cattle from some of the most sought after programs in the land. We have also worked to ensure a portion of our cowherd is outcross in pedigree, while maintaining our focus on structure, fleshing ability all while ensuring they are sound to the ground. We are offering the pick of any Black Angus cow on the ranch excluding any partnership relations we have. We will gladly assist you on any selection and go through past history of any cows in which interest you. We have included a few pictures of some of our donor females that have really worked for us. Truly a great opportunity we are excited to offer!

Terms: Half down sale day. Remaining due upon selection by August 15, 2020.

Note: Added bonus make pick by August 15, 2020 choosing any open or Black Angus female in our herd.

OFFERING PICK OF THE ENTIRE LLB ANGUS 2020 HEIFER CALF CROP

It is our pleasure to consign to this unique and popular event, held beside one of the seven wonders of the world. We are offering the pick of our entire 2020 heifer calf crop. We are currently breeding over 1300 mother cows, so you can do the math on how many heifer calves you can choose from. Each and every spring we offer the top cut of our open females in our annual bull sale held the second Saturday in March. This coming year will be our 34th Annual Sale. We are letting you beat us to the sort on those sale heifers and then choose any heifer that fits your liking. We have seen many breeders have successful stories with our tattoo and are proud to offer this consignment in this sale with a great bunch of fellow cattle people.

Terms: Half down sale day. Remainder due upon selection by October 15, 2020.

Not often does an opportunity like this come along to access some of the freshest, most exclusive genetics in the country from one of the most dominant Angus females to surface in the last several years. Take advantage while you can! Countess 7077 is not only one of the most powerfully constructed and most admired Angus females in the country, but she has already proven herself in the real world with the incredible first calf she produced by Firebrand that brought \$53,500 just a handful of weeks ago. She has, not only, already excelled in production, but she had a most successful show career as well. 7077 went undefeated in 2019 and was a five-time champion this year! Her list of wins is impressive...Grand Champion and Supreme Champion at PA EX, Grand Champion and Supreme Champion at Farmfair in Edmonton, Champion First Lady Futurity at Agribition, Grand Champion Female at Agribition, then the icing on the cake with the win in the RBC Supreme at Agribition! This Natural Law daughter is impressive from every angle, as sound made as they come, with massive middle and a huge foot. She is as close to my idea of ideal, as any female I have had the opportunity to own. She will be an anchor for our operation for years to come. 7077 flushed very well for us last spring and we can't wait to see the results. She is due to calve again in early February.

We are offering you a chance to own three (3) full sibling embryos to her impressive, high selling heifer calf that was at her side for all those wins. These exciting embryos by Brooking Firebrand 6068 offer exciting return for their new owner. The Firebrand calves as a group are very impressive. Not a lot needs to be said here, the profitability of this mating has already been established. Step up and enjoy the ride here!

We are also offering you a chance to get in early with the first genetics we are letting go on our impressive new herd sire, Young Dale Defiance 199F. Defiance was one of the real highlights of this past spring sale season and brought a \$110,000 valuation when the smoke cleared sale day. Obviously we think very highly of this bull's potential and he will be a big part of our program over the next few years. He is backed by the Grace 126Z cow who sold recently for a \$96,000 valuation. This bull has impressive cow families and donors stacked throughout his pedigree. I feel this mating of Defiance and Countess 7077 could be the most exciting of the two we have on offer. We are anxiously awaiting his first calves this spring. Defiance has an essentially outcrossed pedigree with incredible, actual performance and an amazing amount of bone, foot and natural muscling that you just don't find everyday. Plus, he's got an incredible look and presence that's hard to deny. Buy with confidence on these, as I think this mating is really going to click!

Guarantee of one (1) 60 day pregnancy on each package.

Here is one that comes with a track record, a proven pedigree and an opportunity to add a breeding piece to your program. Junior Calf Division Champion at the Royal Winter Fair, the only show she was out to this year. The future is bright and the possibilities are endless with this heifer. When you analyse her pedigree with industry greats stacked in the first three generations, Powerchip, Saugahatchee and First Class, then add in the Proven Queen cow family, it's no wonder she has the goods. Ultra attractive, deep sided and massive pinned, this female is as gentle as they come and we look forward to following her success with her new owner.

LOT 14

Lucy 708G is an exciting and powerful donor prospect sired by the \$80,000 feature of the Express Ranches, Basin Angus, Turner Meadow and High Roller Angus herd sire rosters, Monumental 6056B and was produced by Lynden Manor Farm's selection in the 2018 Big Event at Express Ranches, Lucy 34283. The dam of Lucy 708G blends the foundation female sire in the Express Ranches herd sire roster, Consensus 7229 with a direct daughter of the \$4.5 million producer in the 44 Farms, Express Ranches, SandPoint Cattle Company and Fairway Angus donor, Lucy 3829 by the proven Deer Valley Farm and ABS Global RE sire, Complete. Lucy 8012, a three-quarter sister to Lucy 708G was the \$37,500 selection of Sydenstricker Genetics in the 2018 Big Event at Express Ranches. Lucy 708G is a top performance prospect and weighted 986 lbs. on November 1, 2019. Senior Heifer Calf at Armstrong Exhibition in British Columbia.

Winona has been on top of her game two years running as class winner 2018 and 2019 at the RAWF. Winona has been an exceptional further calf in 2019. She has been top two at every show and in the running for Champion Overall. Bred to sexed Express, due February 23, 2020. Winona's bloodline combines some of the greatest sires in the Angus industry. Silveiras Style 9303 x Saugahatchee x Duff New Attraction 6110 x S A V Net Worth. This heifer has power, strength, bold rib and tracks out on a great set of feet and legs. She grabs everyone's attention in the show ring, both as a young heifer and a yearling. We are excited for the future to see Winona's in production. Endless opportunity, best is yet to come.

AI bred to sexed Conley Express 7211 on May 1, 2019.

We are very excited to share some of the last Baneberry genetics that will ever be for sale. The Baneberry family was a cornerstone at Soo Line Cattle Company and was a feature in their dispersal. We were fortunate to purchase Baneberry 238R with Niobrara in Nebraska, a few years ago and she became a prolific donor for us. The mating with Damar Trump might be her best yet and there have been some great ones in the past. Red Blair's Baneberry 602F exhibits extreme dimension in both her hip and rib. She has a great foot and is very sound. Baneberry was recently named Red Angus Champion in the prestigious First Lady Classic at Canadian Western Agribition. These opportunities don't come available normally, so take this opportunity seriously.

Bred to TWG Tommy Jack 166A on May 24, 2019. Exposed to Red Cockburn Arsenal 8001 (full sibling to Assassin) from June 5 to July 15, 2019.

Qualified for USA, CAN, MEX, AUS, and EU.

Here is a proven Six Mile mating with a full sibling heifer calf, SIXM 748G, (May born) commanding \$17,000 in our recent production sale. Alana 13X is a "CAA Elite" Dam with an unparalleled production record that includes the \$115,000 High Caliber and a \$39,000 high selling bred heifer. The mating is to the up and coming sire, John Wick, whose semen is in high demand. His sons will highlight the Six Mile Bull sale.

Guarantee two (2) 90 day pregnancies if implanted by a certified embryologist.

We are very excited to be a part of this exciting event again this year. Two years ago we purchased what we were hoping could be our next foundation female from Brockhill and to our luck we hit a homerun. Pride 6E had a very strong year in the showing in 2018 winning multiple times and ending up with the 2018 Ontario Show Female Of The Year. She calved this spring with a beautiful udder and we couldn't be happier. After our trip to Express Ranches this summer and seeing the MOGCK Entice offspring and all the hype on him down there, we knew this was a mating we had to try. Awesome phenotype for the showing and the highest set of numbers you can find, to go along with it. We are very excited to see the resulting progeny of this spectacular mating and are pleased to offer them in this prestigious event!

Guaranteeing two (2) pregnancies, if implanted by an accredited vet or embryologist.

Musgrave Blackcap 834-510 is a direct descendant of the very first Blackcap to come to Canada in 1924. Sam Henderson, my grandfather, went to Illinois in 1924 to the famous Tolan Angus herd and bought Tolan Blackcap for \$8,000 in their production sale. When I had the opportunity to buy Musgrave Blackcap 834-510, it was a no brainer, this picture perfect female was so impressive I just had to buy her! This female weaned off a bull calf at 205 days at 892 lbs., so she is a producer! A cowman's dream! Ok, this mating might be something that history is made out of and the sky is the limit with the mating to S A V America, the \$1,510,000 selling bull in the Schaff Angus Valley sale to Herbster Angus. Many top breeders have seen S A V America and many have said this bull might be the best bull yet raised by S A V. **Qualified for USA, CAN, MEX, AUS, and NZ. Guaranteed 50% conception if buying all six, one pregnancy if buying three (3) embryos.**

G A R Drive Daughter
sold for \$40,000 at
Ankony this fall

KR Lady May 4382 has made so much history so far with being second high selling cow in the Krebs Ranch Dispersal and a great flushing record also has so many things going for her as a top Donor conformation, fertility, low birth, high growth and a outstanding carcass profile! The mating to G A R Drive is a outstanding mating for people concentrating on carcass merit. G A R Drive has the top scan data in the breed with a impressive marbling score of 11, by actual ultra sound data a 5 score is enough for a AAA carcass so 11 puts G A R Drive way into prime marbling score which puts the bull into the top 1% of the breed for marbling genetics. The real curve bender is G A R Drive has a 17 square inch rib eye at a year of age which put him in the top 2% of the breed for Ribeye EPD. Most of the time you don't get big yield and Rib eye size with high marbling which in the business of breeding genetics that is the curve benders we are all looking for. **IVF Qualified for USA and CAN only. Guaranteed 50% conception if buying all six, one pregnancy if buying three (3) embryos.**

NORTH PERTH BARBARA 300

CONSIGNED BY MILLER LIVESTOCK

21A - 3 Grade A Exportable Embryos – EXAR Blue Chip 1877B x North Perth Barbara 300

21B - 3 Grade A Exportable Embryos – Colburn Primo 5153 x North Perth Barbara 300

21C - 2 Domestic Embryos – S A V President 6847 x North Perth Barbara 300

21D - 4 Domestic Embryos – Conley Express 7211 x North Perth Barbara 300

Barbara 300 is direct daughter of Density from the foundation 232T donor. The Barbara family is known for exceptional femininity, superb udder quality, notable breed character and overall phenotypic attractiveness. 300 is the epitome of all of the above!

Not only is this donor unique in her own phenotype, but her ability to transmit that phenotype will rival any donor in the breed. Her first natural calf, Barbara 507 has been tearing up the show ring this year, winning Champion or Reserve at five major events, including Reserve at Agribition and a Top 10 at the RBC Challenge.

We are offering four packages of embryos from sires we believe are at the forefront of the industry. Conley Express is rarely found, so pay attention to that mating. Blue Chip and Primo will give that added look with hair and phenotype and President will produce those pound crushing offspring that are extremely marketable. Your choice, we are selling all four. The Barbara cow family is certainly one to invest in.

Young Dale Defiance 199F

Young Dale Believe 46B

Young Dale Dialed Up 138D

YOUNG DALE GRACE 126Z

Opportunity knocks! We are offering one of the best opportunities, a flush on Young Dale Grace 126Z to the bull of your choice. A successful flush will consist of six (6) #1 Embryos. With her proven track record there is no doubt in my mind that the offering of an entire flush is an opportunity of astronomical proportion. Her biggest flush to date is 19 eggs.

Young Dale Grace 126Z needs no introduction. Her sire is Young Dale Panarama 66T, who is a full brother to Young Dale Pollyanna 60T, who is the dam of Young Dale Xclusive 25X, who is the sire of U2 Erelite 109Z, where the hammer fell at \$140,000 in the U2 Dispersal. Young Dale Xclusive made a huge impact on the great offering of sale cattle for U2 Ranch.

Young Dale Grace 126Z is a never miss female, as her sons have sold for an incredible average of just over \$90,000 on four bulls. Young Dale Believe 46B sold for \$146,000 to Richmond Ranch, Young Dale Dialed Up sold for \$46,000 for half interest to Cow Trax, Young Dale Defiance 199F sold for \$55,000 for half interest to Dusty Rose Cattle Co. and Double D Farms and Young Dale Flavor sold for \$8,200 for half interest to Jay Jans.

To top her production record to date, Young Dale Grace 126Z sold to Angus Valley Farms, Mr. Bruce McRae, for \$48,000 for half interest in our female sale last fall.

We feel Grace is the most prolific cow in the history at Young Dale Angus.

Our good Graces offering wouldn't be complete if there wasn't a live offering. When Ben asked if we would part with one of our two Primo x Young Dale Grace 107W open heifers for the Falls View Sale, we had to hesitate, as the old cow died on us and we know her daughters flat out produce. Grace 107W had a way to transfer quality into any calf, her nickname at our place was "The Great Legitimizer." No matter what she was put on for a bull, she always produced a top end calf. She was a truly relevant cow with \$55,000 value produced in her short four year stint with us. Jaymarandy Specialist at \$11,000 to Mantei Angus and Young Dale Grace 169B at a \$32,000 valuation. Her daughters in this flush are as phenotypically spot on as it gets. Do you want muscle, flashy ring presence and great structure? Want big bellied, big ribbed, brood cow quality with great hair? Want fertility? Grace 107W gave us 25 transferrable embryos the only time we flushed her. If those traits, formed together into an extremely beautiful package interests you, then you will want one of our good Graces. Individually, Grace 912G is a truly grand specimen. Factor in the cow family and it's hard to offer up more.

"She is the ideal Angus female and her calf is made just the same" – Chad Ellingson, Ellingson's Angus, Canadian Western Agribition 2016. Grace 169B and Grace 640D as the Champion Black Angus Two Year Old Females as a pair. During this personal communication with the proprietor, one of America's top Angus Seedstock producers, as with those received by many others, it reaffirms what we have felt all along, these are two ideal Angus females. They are both phenotypically hard to fault and have a ring presence that is undeniable.

Grace 169B has been our go to for production and is a highly fertile cow producing an average nine #1 embryos for her first five flushes, yielding over \$75,000 value of receipts in her first four years of frozen genetics and live calf sales. Her first calf is Grace 640D, who remained at Jaymarandy Livestock as a donor and had an inaugural flush with 17 transferrable embryos with zero degenerates. Grace 640D has two sons by Bank Note that are part of our CWA Pen of Bulls. The third bull being an ET son of Grace 169B. If you want high end consistency, they deliver it. Grace 640D and her son, Jaymarandy True North 902G, showed all summer long with their only loss coming from the now great North Perth Barbara 507 for Merit Ranches. Take away the show ring momentarily and speak of actual production. Both females have produced natural calves and ET calves that are out of superior or inferior quality recipis, that still find their way to the top of the respective pens for phenotype, performance, hair quality and the soundness categories of foot structure, bone size and joint angles.

This is the last time we will put frozen offerings up for offer on both of these females as we return to a bit more of a natural production state on both cows after 2020. Call this a one off. It will all be live calf offerings from here out as we are utilizing their genetics to solidify our place in the Angus breed.

They both display the ability to get the job done. Take advantage and flush the mother or the daughter. Or double your money and do them both. Our good Graces can be your good Graces.

Offering right to flush on choice or double the money and flush both cows.

Guarantee of six (6) transferrable embryos with a guarantee of two (2), 90 day pregnancies per cow. No cap.

Flushing to take place at Bow Valley Genetics in March 2020. Conventional or IVF available.

June 70Y has become the anchor here at RHF. Her producing abilities have been outstanding, her disposition is second to none and her track record through public auction is substantial. As you can see through the support pictures listed, she has become a factory for producing outstanding daughters. We currently have four active daughters at the front of our herd as well she has four active sons in use. She posts a phenomenal EPD evaluation and is very neat and tidy made. Furthermore, she has 21 active daughters and sons listed in the CAA herdbook and that will only continue to grow. Mated to the Supreme Champion only adds value. Hicaliber has the muscle shape and design we strive for and anxiously await his calves at the farm.

Guarantee of two (2) pregnancies if implanted by a certified technician.

IMP 8362F 2099027 MAR. 13, 2018

Here is your final chance before the 2020 spring breeding season to acquire semen off the reigning Agribition Champion bull and RBC Supreme Top 10 finalist, Conley South Point 8362.

South Point has been admired for his structural soundness combined with exceptional phenotype and mass. While he can certainly be used in the heifer pen, you may want to flush your top donors to this impressive son of Turning Point. His dam is a top donor at Conley Angus producing many sale features and high sellers in both their female and bull sales.

South Point is an ideal outcross to Primo, Style & Insight females.

After an extremely competitive fall run, South Point is headed to NWSS in January where his popularity is sure to increase even further.

BW: 80 lbs.

Here's a calf that comes to you with as much future as any. He has been described by many who have appraised him, "wow he is made so good, he will just keep getting better and better as he grows older." This calf is ultra complete, he's big footed, really sound and good on the move, ideal in terms of bone and leg set. He's a deep sided calf with lots of length of side. He has a herd bull look and presence to him which are all things that lead to what we think will be a very bright future.

He is sired by the RSK Digby, the 2017 Agribition Grand Champion Hereford Bull. His dam is a young cow we are very proud of, she herself was campaigned very successfully garnering the title of Supreme Champion Female at the Masterfeeds National Junior Heifer Show.

Selling 1/3 interest with breeding season possession available or in herd semen use, we would like to work with new owners in campaigning Digger in the future.

CONSIGNED BY PREMIER LIVESTOCK & BRENDALE ACRES

Brendale Premier Eldorado 220E
Maternal Brother

BRENDALE PREMIER 301 ROXY 212D

Here is an opportunity to acquire elite Hereford genetics from the 2017 Supreme Female in the Junior Show at the Royal Agricultural Winter Fair, where she was also the Champion Intermediate Yearling in the Open Show. Roxy 212D caught the attention of astute cattlemen from all breeds as a yearling for her depth and sweep of rib, along with her beautiful front end. In 2016, Roxy 212D was Reserve Champion Hereford in the Confirmation Show in the Junior Show, along with Reserve Intermediate Heifer Calf in the Open Show, she's only getting better with age. It all boils down to production when they go back to being cows and on only her second attempt, she raised a future herd bull, a bull you'll see a lot more of because we think that much of him. This outstanding female is also a sibling to last year's Grand and Supreme Champion Bull at the Peterborough Fair, Grand and Supreme Champion Bull at the Barrie Fair and Grand Champion at the Royal Winter Fair. El Dorado sold through this very sale last year and then went on to be awarded the 2018 Ontario Show Bull of the Year. Don't miss out on this exciting flush opportunity to the bull of your choice!

Flush to be done at Premier Livestock. Guaranteeing a minimum of six (6) transferable embryos with two (2) 90 day pregnancies and we split every embryo beyond 10.

United is one of the most exciting individuals we have had the opportunity to work with. He is a stout made, huge barreled bull with that added length of body and extension through his front end. Structurally, this bull excels, he is excellent in his hip structure, very sound off his feet and legs and commands your attention when in motion. United is a good haired individual with that dark colour and great testicle development. His sire, Upgrade, was Junior Champion Bull Calf and one of our high sellers later that spring. His dam is a moderate framed female with a beautiful udder and tremendous milk flow. Mira 62K was the most potent donor on our ranch and produced to the age of 18. United created a stir at CWA and caught the attention of many great cattlemen from all breeds. He is the first Hereford bull calf to win the All Breed Semex President's Cup. He went on to be the 2019 National Champion Bull and is the first Hereford bull calf to make the illustrious RBC Supreme Top 10. On December 28, take advantage of the opportunity to become a part of United's future.

Selling 1/3 interest in the bull along with a select amount of semen packages. The packages are selling on a first come/first serve basis. Contact Chad, Jason or one of the staff for any further details.

This heifer is unique in quality and pedigree! From the side profile, she is extremely long with a feminine, cowy look. As you view her from behind she exhibits more than enough shape. On paper, she is royally bred with more cow power than most. Her maternal grandmother is a former Canadian National Champion. Her dam is proving to be a genetic gem. 105G will most definitely become a future cow of importance.

Unique breeding piece on offer for this unique event. One of only two Belle Air females born in Canada and out of the original cow family that is dangerously close to 50 years of consistent production at Elmlodge. Her dam was actually the Bonanza Champion in 2010 and has since produced a long list of winners and sale toppers. Gala is crisp lined, angled up right, flawless in motion with extra class and style. Her dam transmits her softness, dimension and championship form onto this one to make her truly special.

People often ask which female is our top producing donor cow and Ronda 60Z definitely is a strong candidate for this title. She has produced a \$18,000 high selling bull in our annual sale, the 2018 CWA Junior Champion Female, the 2019 Bonanza Bred and Owned Bred Heifer Champion and the Reserve Bred and Owned Bonanza Champion Female. I think her most exciting calf yet is a Truman ET heifer calf off of her this year. We mated her to H Montgomery 7437 on this flush, which is the sire of Hoffman's high selling female in their production sale this fall and H Montgomery was recently named Champion Bull at the American Royal. The show prospect of this mating will prove to be pretty exciting. The other mating is with H RW All In 7165 the 2018 CWA Junior Champion Bull who has left a group of impressive calves for us this year. The All In calves are tremendous, stout and attractive fronted. H RW All In sired the CWA Sr. Bull Calf Champion this year. Both matings are a sure bet!

We are offering a 1 guaranteed pregnancy per pack of 3 on these embryos, if implanted by certified embryologist.

We are jointly offering a superb combination of the National Junior Champion, Riesling 295 ET and the Kansas City Royal Champion Bull, H Montgomery 7437 ET in this prestigious sale. On the female's side, Riesling 295 ET was the 2016 CWA National Junior Champion and Reserve Champion Bonanza Female, who went on to produce Harvie OVHF Riesling 3F ET, the 2018 Reserve National Champion Female, who recently won 2019 RAWF Reserve Champion Female and the National Junior Beef Heifer Show Champion Hereford Female in Toronto. An equally impressive track record producing the high selling bull at CWA 2018 with Harvie OVHF Empower 5F ET, who was the 2018 Semex President's Classic Champion Hereford and CWA National Senior Bull Champion. Empower 5F ET then went on to be named the 2019 Brandon Ag Ex Champion Hereford Bull this fall. Finally, Harvie OVHF Concept ET 245F, the high selling bull in the Harvie Ranching Annual Bull Sale, was named the 2019 Western National Junior Champion and Reserve Champion Bull at the 2019 Farmfair International. Now, H Montgomery 7437 ET is making a big name for himself, with an impressive group of heifer calves in the Hoffman Ranch Fall Female Sale, where he sired the high selling female. This 2019 Kansas City Royal Champion bull is sound, fault free with mass and depth, which should prove to be a phenomenal cross with Riesling 295 ET. **We are offering a 1 guaranteed pregnancy per pack of 3 on these embryos, if implanted by certified embryologist.**

Blair-Athol 19M Chardonnay 93B Maternal Daughter

206E is the new kid on the block. Weaned off his dam at 990 lbs. and currently the #1 bull in the breed for yearling weight EPD at 131. He also boasts an adjusted yearling weight of 1480 lbs. His dam has an average weaning ratio of 110 on five calves. When it comes to raw power 206E will top the list.

107W comes out of a powerful cow family at Blair-Athol. Seven generations of that family were in production at the same time here last spring and close to 20 females in our herd trace back to 107W's grandmother, 5P. Pictured is a daughter of 107W, Chardonnay. Chardonnay had an extremely competitive show career, highlighted by winning the Hereford Division of the Agribition First Lady Classic and the Agribition Junior Beef Extreme. Get in on the ground floor of some new and exciting genetics!

Lewis Farms is proud to offer the pick of the Simmental 2019 born heifer calves. Fresh genetics from exclusive herd sires like Cash, Game Face, Tycoon, Night Hawk, Stunner and AmberJack. As well as daughters from reputable, breed leading sires such as Riddler, Beast Mode, Cobra and Profitmaker. Whether you're in pursuit of a show female, donor cow, cool baldy or a herd bull producer, the heifer pen offers something for everyone. The 2019 heifer pen consists of 165 red and black calves, 35 which will be the product of Embryo Transfer and 80 from Artificial Insemination. No calves have been selected from this pen for any other reason. You will have full access to some of the best genetics amongst the Simmental breed. Feel free to contact Kyle at 780-220-9188 or Ken at 780-818-3829 for more information regarding this pick.

JSTR 925G PG1282324 FEB. 20, 2019

BW: 85 lbs.

This is the type that makes you want to go to the barn! Elite, show heifer prospect, backed by a proven cow family. We jumped at the chance to purchase her dam after admiring the cow family for years after her maternal sister's RAWF National Show win. Her dam we also campaigned successfully in Ontario and Quebec and she's headed for the donor pen. On the top side is MAF R Horizon. I have always had his progeny circled in sale catalogues. I love the softness and mass they have and Amber Moon is certainly no exception! Add in the show ring style of her mother and you have the perfect combination of power and attractiveness. This one we had no intentions on selling, but when Pete and T Bar came looking for our best, this was it.

119G is a real eye appealing heifer that we have admired since birth. Here's a heifer that we will have a hard time parting with, as she comes from the very top of the heifer pen. She's a deep sided, clean fronted heifer that has a lot of power for a March, with some serious shag, wrapping it all together with a blaze face! She comes to you backed by two very impressive cow families with excellent udders. This will be the only calf crop off the recently deceased, Easy Fortune 19E. She was successfully campaigned this summer. One that's going to be competitive in the show ring and we are confident she will produce well for her new owners. You won't want to miss her come sale day!

RHF Miss Red Combo Broker
Dam

CAR-LAUR RED FANTASIA 827F

Fantasia comes to you as the top of the Car-Laur heifer pen and has gathered a lot of attention after she commanded a \$28,000 sale price at the recent Ontario Autumn Simmental Classic Sale. This baldy female is super stout and extremely functional. Her outcross pedigree offers something different in a dark red package with a Full Blood background. Fantasia is no mistake, as she comes from a long line of productive cows, with her dam being a past high seller of the very same sale. This heifer is built for the times, outcross in her genetic makeup and bred to produce.

We are offering the right to the first flush. Guaranteeing six (6) Grade A embryos with an open top. Choose the sire of your choice or visit with the Maple Lake crew and talk with them on their own exclusive bull battery, which is open for your use. Fantasia is due in early January which gives ample time for her to cycle and be prepared for embryo transplant.

Please contact anyone at Car-Laur or Maple Lake to be involved in this front end female.

Chocolate Chip has developed into a powerful female as is demonstrated by the photo taken this October. She is sound, agile in her movement, wide topped and has tremendous capacity. Chocolate Chip has a tremendous show record claiming Calf Champion at Expo Boeuf in 2015, where she was also shown beside her dam who was named Reserve Champion Female. The very next year she powered to the top of the heap at the Royal to be crowned Champion Female under judge Bill Bigleni. Her first bull is the walking herd sire for Jetstream and now enroute to Estevan for the coming years and we are happy with how his calves are developing. We are excited to share embryos from two exclusive and elite sires, R Plus Uppercut and CMS Sochi, both deceased. R Plus Uppercut had Champion Get of Sire at the 2019 Farmfair International for SIBL Simmentals. Take advantage of this opportunity to get in on some exclusive genetics.

Embryos are qualified for Canada. Selling three IVF embryos per mating, guarantee one pregnancy per lot if implanted by a certified technician. Embryos are stored at EastGen in Guelph, ON.

Triton presents a unique opportunity for Charolais breeders in Canada. This calf combines the most sought after, successful genetics in America brought to you here in Canada He is an Outsider son that possesses an abundance of muscle and power while still having that phenotype that Outsider is so well known for. His dam is a full sister to the great Turton bull who is a Firewater x Thomas 0641, quite possibly the greatest mating in the last decade of the Charolais breed. Triton is a long-sided calf with an explosive muscle pattern, he's one that transitions so well from his shoulder into his fore rib and is super extended in his front one third. He is real good footed and sound when you put him in motion. We truly think this calf has an extremely big future and will be a major impact wherever he may go

Selling 1/3 interest with breeding season possession available. We would like to campaign this calf throughout the fall.

DF MS Exotic Empress 7968F

DF MS EXOTIC EMPRESS 7968F

Leading edge genetics at their finest! Empress combines the two most dominant donor dams on the US Charolais scene with Thomas Ms Impressive 0641 and M&M Carbine, ensuring her genetic predictability. Since last year's Falls View event Empress has matured beautifully, being well built with soundness of structure and that unmistakable look one expects of the Outsider x 0641 lineage, which recently rewarded Empress as the Reserve Junior Champion Female at Agribition. Her future is only getting started, with the impeccable udder structure she's dropping down, we expect great things to come. This flush opportunity allows the progressive breeder early access to these sought after genetics and to be part of the rising tide of DF Exotic Empress.

Guaranteeing a minimum of six (6) transferable embryos with two 90 day pregnancies. Buyer will receive all embryos up to 10 and we will split every embryo beyond 10.

“Swept Away” is what you will be when you set in and study this magnificent female. The depth and substance of this female can only be rivaled by the depth and substance of her pedigree. Her granddam, TR Wyoming Wind 5604, is one of the most celebrated Charolais cows in the breed and her dam, DF Ms Champagne, was a many time champion including Champion Cow/Calf pair at Charolais Junior Nationals. Her young sire, Double Vision, is also creating a substantial stir among Charolais enthusiasts. This young donor candidate is right for the times and right for any progressive program.

Outsider Daughter

The most dominant Charolais show female in recent memory, unprecedentedly winning the two biggest and most prestigious shows in our business, back to back going against the deepest set of females ever assembled. She won 2017 RBC Beef Supreme Champion Female and 2017 Farmfair International Supreme Champion Female. Lily is flawless in her phenotype and angularity, she is perfectly designed with a massive rib and top as well as fantastic back leg set and structure. These are the highest quality genetics on the Charolais market, this mating has only ever been offered once before commanding \$2,000/egg.

Outsider genetics have been on a roll in the show ring with Whitebear being named the 51st Reserve US National Champion Bull in Louisville and Berkley Ann being named Champion Female at Farmfair and Reserve Champion at Agribition.

Guarantee one (1) pregnancy.

Outsider is the hottest sire in the Charolais breed in the USA right now. Outsider's progeny have dominated the show ring at the major shows in the USA in 2017, 2018 and 2019. His recent winners include 2019 National Grand Champion Heifer and 2019 National Reserve Grand Champion Heifer as well as 2019 National Reserve Grand Champion Bull. Plus, the 2019 National Grand Champion Bull is a maternal brother to Outsider. Half interest in Outsider's dam, M&M Ms Carbine 1567 PLD, recently sold in the Effling sale for \$42,000.

TERMS & CONDITIONS

TERMS

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION

Each animal will carry papers issued by the appropriate breed association, unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

HEALTH

All animals in the sale have met all necessary health requirements.

GUARANTEE

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the appropriate breed association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY

Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE

We strongly recommend that insurance is purchased for full value.

ERRORS

All announcements at sale time, written or oral, supersede any written material in the catalogue.

Trust

family neighbours wisdom intuition dreams

Your farm has hundreds of moving parts – each as important as the next. With an eye for detail and personalized approach, trust MNP's agriculture specialists to provide the accounting, consulting and tax advice you need.

At MNP we believe trust is earned.
