# Welcome

Howdy Speckle Park enthusiasts, new and old. When we purchased our first registered Speckle Park animal at Agribition 2007 we never imagined how it would take us to such amazing places in the next 12 years. The places we have gone, the people we have met, the memories and experiences have shaped our lives in so many positive ways and we are so thankful to everyone who stood by us along the way. We have always tried to increase and improve our herd as we grew and grow we did! In the blink of an eye, it seems, we've grown to a size that requires 100% of our time and unfortunately, with both of us working off the farm full time and Kat's career path and life demanding more of her, we've made the heavy hearted decision to downsize... at least a little bit.

Since Scott's passing in 2017, Kat and I have worked hard to keep his dream alive, we do however feel that at this time we need to let a few of our girls go. We are offering up some of our most productive females, the ones that we could always count on, the ones who have given us the herd we have today. We are also offering a group of commercial females that we feel will go on to be great producers as well. Scott always felt that he wouldn't offer up an animal for sale that he wouldn't want to buy from someone else, so be assured that we are offering quality animals in this sale. Feel free to stop by and see them in person before the sale.

As life forges forward, one thing will remain the same... *Life Is Better With Speckles!*

*Darla and Kat Sauter*

## From the Desk at T Bar

Welcome to the Second Chance and Prairie Bell Speckle Park Herd Reduction Sale, on September 26, 2019. This event will be online with DLMS at 6:00 PM.

Scott's passing has made it necessary to reduce the workload at the ranch as the girls have off farm jobs and the days get quite long. This misfortune for the Sauters opens an excellent opportunity to take advantage of their cow herd. Included in the lineup are the elite of the purebreds, ideal for any program in the world, three herd sires and the heart of the commercial program.

This is a tremendous opportunity for cattlemen, large or small. Feel free to stop by the ranch and view the offering.

If we, at T Bar C, may be of assistance, prior to or sale day, please contact any of the T Bar Team and we will be pleased to offer our professional services.
