

ALBERTA
CHAROLAIS
SELECT
FEMALE SALE

DECEMBER 12, 2020
1:30 PM • WESTERNER PARK
WESTERNER PARK, RED DEER, AB

COMMITTEE WELCOME...

On behalf of the Alberta Charolais Association and the consignors of the Alberta Select Sale, I would like to invite you to this outstanding Charolais event. With all that has happened this year I know I, for one, am excited to get to reconnect with all of you. There will certainly be some changes this year including moving the sale to Saturday, but it will still be a one of a kind opportunity to connect with fellow Charolais enthusiasts and to source leading edge genetics.

For all the 4-H members, we are once again proud to offer a \$1,000 Alberta Select Sale credit to those members that had a Charolais or Charolais influence project in 4-H last year. We truly appreciate your commitment to the Charolais breed and would like to help you to continue being a part of it. The ticket you received as part of your Alberta Charolais Association Breed Award from 4-H or a picture of your last year's Charolais or Charolais influence project allows you to register for your sale credit. Due to the circumstances this year we have changed the requirements and you do not need to be present at the sale but instead can join us online through DLMS. If you wish to use this option, please preregister for your credit or as always, we look forward to having you join us at the sale.

As you peruse the catalogue, you will see that the consignors have once again put forth truly top-quality cattle that will make great additions to any herd. Don't forget to purchase your ticket for the chance to win a \$10,000 credit towards the sale or any bull in the barn and it's worth noting that you do not have to be present to win.

We once again look forward to recognizing our breed award winners as part of our Annual General Meeting which will now be on Friday afternoon. All breeders are welcome to join our AGM and be involved in what we have done and are doing.

This year's bull shows should prove to be of particular interest as this will be the best opportunity anywhere in Canada to start shopping for your next herd sire. There will be a large number of top-quality bulls from several outstanding breeders presented in a viewer friendly environment.

The great cattle, great people, and great food are definitely reasons to have The Alberta Select marked on your calendar. Rest assured we will provide a safe environment for all those present, so please do not hesitate to join us. If you have any questions or I can be of help, please feel free to contact me. I look forward to seeing you all December 11 and 12 at the Red Deer Westerner for the Alberta Select Pen Show and Sale.

NOTE: The \$1,000 Alberta Select Sale Credit cannot be used towards any of the donation lots.

FROM THE DESK AT T BAR...

CHRIS POLEY
306-220-5006

Welcome to the 2020 edition of the Alberta Select Charolais Female Sale, December 12, at Westerner Park, Red Deer, Alberta. Over the past several years, Alberta Select has graduated to become the elite source of high quality Charolais breeding stock in the nation. This event runs in conjunction with the Alberta Charolais Association Annual Meeting, as well as a Friday evening individual bull show and a Saturday morning pen of bulls competition. In this unusual year, which forced the cancellation of beef competitions, including FarmFair International in Edmonton, the Alberta Select event stands alone as the only live event to compare and evaluate breeding programs and the rewards of the 2020 calving season. That said, the progressive breeders of Alberta have come together to present and offer a truly outstanding offering of breeding stock for your evaluation. They have virtually opened their gates and allowed us to select from the most prolific cow families in their herd.

The breds are a group of front pasture females with early services to the freshest genetics in the breed. These females are a month or so from giving you a return on your investment and in many cases, as has been proven in the past, the first calf could pay for its mother. The 2020 models are exciting and futuristic, many of these females exhibit competitive tendencies

and will fit juniors of any age. Juniors and 4-H'ers, do not forget about your credit and thank you for exhibiting your Charolais influence project.

We all appreciate the value of Charolais bulls in the spring and their influence on a rancher's pocketbook, but we must remember there is no substitute for quality... therefore young elite Charolais breeding females offer great earning power in any type of breeding program. Since we are nearly at the end of this strange year, tax implications take effect and we all know how badly we want to send a cheque to Ottawa... so act accordingly.

The Alberta Select Female Sale is a "must" attend event... great cattle... great breeders and as always great hospitality. Remember to purchase your chance for the \$10,000.00 buyer's draw!

During these times, feel free to call anyone on our T Bar C team to discuss or purchase any of the cattle offered. We will be pleased to assist in a professional and confidential manner.

You want to talk about one powerfully constructed heifer with loads of dimension and shape. Miranda is the type bulls are built on. She has that extra muscle, softness of belly and added width from front to back. 97H comes from an elite Kingston female that is backed by a long line of great cows. 582C is one tremendous cow that gets a guy excited every year she drops a calf; she carries a perfect foot, udder and phenotype. HRJ Miranda 97H is a female that great ones can be built around.

This, hands down, has to be one of our favorite crosses! Half interest in the 123Z cow sold for \$50,000 at the Player's Club Sale in Las Vegas. We have a limited supply of her embryos and this may be one of the last ones we offer for sale. Two full sisters are down south at Aces Wild Ranch in Texas. We have a two-year-old full sister that weaned off one of our top bull calves this fall. Cross the 123Z cow on the Chara bull, who is backed by the popular, maternal machine, Miss Trim cow family and you have a recipe for success. Miss Allie 16G is an incredibly powerful female. She has a big foot, big bone and lots of growth without giving up any eye appeal. She is gentle to handle and is destined to be a powerhouse producer for years to come! Follow us on Facebook at Daines Cattle and O'Neill Livestock for picture and video updates.

The last female we sold out of the 118X cow went to Ontario to Southview Farms and has worked well in their program. The 118X cow has consistently produced show heifers or bull sale bulls. She is a great looking female that always weans a big calf. 18H is no exception. This is a bigger framed female with lots of grow in her, while still maintaining that catch your eye look! Follow us on Facebook at Daines Cattle and O'Neill Livestock for picture and video updates. Also, be sure to check out or contact us about our Junior Incentive program!

Easton has done a tremendous job at Circle Cee! 12H has been a standout from birth. She is as complete of a package as you are going to find. Her depth is impeccable, her style catches your eye immediately and her structure is flawless. We know this heifer would have been extremely competitive this fall at any show. Take a good look at the picture of her mother, 610D. You simply cannot make a cow any better – she will enter our donor program next year. Circle Cee will work with any Junior interested in showing 12H at the CCYA in Olds next year. This heifer is dam fine! Watch for a video on www.circlecee.com in the near future!

Here is another fabulous Easton daughter! After selling the awesome Easton heifer, Seduction 903G, to Keegan Blehm in last year's AB Select Sale, we had several breeders (Thurston, Thouret, EXL) stop by the farm and purchase Easton females privately. 20H is just a mid-March female so she will qualify for that younger age class and we think she will dominate. There is power and longevity in the blood here. 35C is our top Benelli female off of one of the greatest females ever produced at Circle Cee, 302N. Circle Cee will work with any Junior interested in showing 20H at the CCYA in Olds next year. Curvy, sassy, stunning... vavoom! Watch for a video on www.circlecee.com in the near future!

Having dipped back into the semen tank to use Hank again we could not be more excited to see the next set of daughters enter production in the new year. The Hank cows have been some of our top producers over the years offering great uddered, high capacity, hairy females just like 10G. We have no doubt Side Hustle will make a great cow as everywhere you look in her pedigree there are top end females. Take her home sale day and have your new Side Hustle cash in big.

AI bred to Circle Cee Legend 307A on March 30, 2020. Pasture exposed to Llegacys Fun Guy 58F from April 21 to July 1, 2020.

We have talked before about the influence the Zenith females are having on our herd and 60E is quickly making a name for herself around here. On the top side, Legend needs no introduction with what he has done in the breed. Combining these two pedigrees has resulted in outstanding calving ease as can be seen in the EPDs. It also resulted in a very attractive female with a lot of hair, tremendous balance and a ton of spring of rib. Crimson Legend will be a great addition to any herd.

Out of the first Player's Club Champion, SOS Apex 139F, Simply Marvelous is ready to follow his path to greatness. 160H will be the second heifer we have offered out of 64Y having sold JIL Marvel at Me 53F in the 2018 Select Sale to Kailey Wirsta, K-Cow Ranch. They continued showing her and we believe that 160H can definitely follow that path. Smooth, stout and stylish, there's not much that can't be said about this heifer. We could go on and on about her all day as she is without a doubt, Simply Marvelous.

CML Nicole 925G is an outstanding daughter of LT Affinity 6221, out of a first calf heifer that is a member of our Nicole cow family. Perfect udder and exceptional foot structure are two main qualities of this exceptional bred heifer. She is the oldest progeny from LT Affinity to be offered in Canada and could soon be a collector's item as there is no more semen available in Canada on Affinity. Her AI mating to CML Crown Jewel 87F is quite exciting as we introduce this outcross son of BCA Monti Montana x M6 MS New Jewel 0155. Come by our stall and see two outstanding herd sire prospects sired by Crown Jewel that will be on display at the Alberta Select. This mating could hit a home run and produce your next herd bull.

AI bred to CML Crown Jewel 87F on March 26, 2020. Ultrasounded safe.

Homo Polled and 50K tested.

We, at McLeod Livestock, are excited to be part of such a prestigious event such as the Alberta Select. We feel CML Desirae 53H is one that puts it all together in one complete package that is a true representation of our breeding and embryo program. Her dam is none other than CML Desirae 558C. 558C was the heifer calf on the side of her mother, PZCTR Desirae 012, when they were crowned Agibition Supreme Champion Female in 2015 and then she returned as a two year old in 2017 with her heifer calf to be crowned the 2017 Agribition Reserve Champion Female. Her sire, LT Patriot 4004, has quickly become a household name in Charolais circles with consistently high-quality offspring on both sides of the border. Come by our stall and see her three full brothers that will be one of our entries in the Alberta Select Pen Bull Show. This genetic gem is a result of four generations of donor females that is destined to write her own chapter as a future donor female.

I am very confident we will look back in a few years and say, "Wow, these Chancellor daughters are real keepsakes!" In only his first calf crop, he is leaving a huge impact and I think this heifer has show potential yet momma cow and maybe even donor cow written all over her. We selected SOS Esmeralda 131H right off the top of the replacement pen and are very confident she will have many friends sale day!

This is a tough one to part with. FVC Millie 3B is one of our first registered calves when we started building the herd and has grown into a big foundation of our herd today. She has been everything that we strive for; correct, tons of milk, great disposition, phenomenal foot structure, and hair to boot. She has a pedigree to back calve-ability, being sired by the great Merit Roundup 9508W and coming out of a JWX Quicksilver 421U first calf heifer. This made the decision of sending her into our donor program a no-brainer. Successfully flushing her and having some eggs in the tank is the only way we could consider letting someone else have the opportunity of having a breed leading female of this caliber. Having the first flush crop on the ground and watching them grow is very rewarding when they are this good. The calves are uniform like peas in a pod. Do yourself a favour and let Millie take your operation to the next level. Bred early to our newest herd sire, PCC Kentucky Rain 836F, who has exceeded our expectations, you may even end up with next year's champion. **AI bred to PCC Kentucky Rain 836F on March 22, 2020. Pasture exposed to PCC Kentucky Rain 836F from April 1 to June 1, 2020.**

Retaining a flush at the buyer's convenience and seller's expense.

4H

She's done it again; GLM Jessie 24W has cranked out another great one. It wasn't easy picking out of the Kentucky Rain daughters which one we wanted to consign. We are more than happy with the way that he has stamped all his calves with performance, style and hair. But let's just say the cream rises to the top. FVC Hildie 4H is very attractive and correct. She is deep bodied, very feminine and if anything like her mother, will have lots of milk. FVC Hildie 4H would make a good project to go on to make a great momma cow.

You'll love the amount of depth and real-world dimension 13H brings to the ring. She has a powerful hip, smooth front and that attractive eye-catching look. She is from a first calver that goes back to the Loubler bull we got from Quebec. This bloodline has a ton of performance. Her sire is Toro. He was a high seller bull from Johnson Charolais a few years back. He puts style and easy keeping in the equation.

Not very often you get a chance to own females of this caliber, let alone flush mates that trace back to the infamous Starstruck cow family. Their dam was purchased from the Gerrard Cattle Co. Dispersal Sale as the high selling bred heifer. She is one of the younger Starstruck donors that is beginning to make a name for herself. She stamps her progeny as being big ribbed, great footed, very sound and extremely eye appealing; exactly what the Starstruck line is known for. IVY 10H is following in her mother's footsteps, super powerful, strong topped and excellent teat placement.

On the top side of their pedigree is M&M Outsider, a bull that requires no introduction. The maternal value that he consistently provides makes his daughters one of the most sought after commodities on the market. IVY 8H is effortless in her motion, has a beautiful front end and doesn't leave anything on the table in terms of performance. Whether you're looking for a show prospect or chasing a future cornerstone for your program, make sure you pay close attention to these two.

Here is an April born, flashy female out of a real tank of a cow. Her natural stoutness shows through and through. Here is a female that I feel has the makings of becoming a top brood cow. If she turns out anything like her dam, you'll end up with a great uddered, wide based, super sound female. Halyna's sire is a high selling bull that we bought together with Bob Charolais from the Aireys at HTA Charolais. Defender is a bull that we were looking for to add a bit of frame and performance to our herd. So far, for us, he has checked all the boxes; unassisted calving, eye appeal, structural soundness and performance. Don't overlook this young April lady on sale day.

Her sire, Resistol, produces hairy, deep calves and we wanted to showcase his progeny. Out of one of our top-notch, red-factor cows. An excellent milker, docile and maternal. She has produced a whopper bull calf every year and this is her first heifer calf. We hate to let her go but the Select only selects the best.

Consigned by: Twin Anchor Charolais

When Chris came out to tour the cattle and asked what I would part with...you can pick any heifer calf you want was my answer. Well he didn't pick one but two stand out females! Both are polled, French influenced, deep bodied, off beautiful uddered, strong footed females with super dispositions.

Sept 20 WW: 735 lbs.

Here is a rare opportunity to buy a polled half full French female. Helaine is sired by Bob's Flex Fit who left me an awesome, quiet group of calves. Deep bodied like her dam and two maternal sisters. She will turn into a very productive female.

Mojito is one of the deepest, moderate framed cows in the herd, with an attractive front and an amazing disposition! Lexi used "Moji" in 4-H with phenomenal results. She was Champion Junior Heifer in 2016 at the GMACK Show in Lloydminster and won numerous 4-H club, district and regional shows as two-year-old and three-year-old cow/calf pairs.

Not only is she pretty, but she is also functional and gets the job done. In 2020, she weaned off our heaviest bull calf and sons have sold to purebred breeders in Alberta and Ontario. We have also used a son out of her in our own herd. We think very highly of this young female.

Guaranteeing six (6) freezable embryos, splitting after eight (8).

We are very excited about this mating given the style and maternal functionality of French Kiss and the power and mass of Triumph!

French Kiss is an exceptional female with offspring like none other! She is one of our top cows in our Charolais herd, producing one of the strongest calves year after year! Her calves are powerfully built with impeccable foot and leg structure, clean lines, strong tops and not to mention how attractive their front ends are! We have bred "Kisses" five different ways and every calf has been exceptional!

She is the dam of:

- 2019 Reserve Champion Mature Bull at FarmFair International – K-Cow Harlem 3E (who was also Bull Calf Champion in 2017 at FarmFair International)
- 2018 Reserve Champion Mature Bull at FarmFair International - K-Cow Blue Jeans 3D
- 2018 Champion Produce of Dam at FarmFair International

SCR Triumph 2135 is in the top 1% in weaning weight and yearling weight with a WW of 66 and a YW of 124! He is HOMOZYGOUS polled and produces cattle with loads of capacity and wide tops, while still being structurally sound with great dispositions. The Triumph daughters have excellent udders and quiet dispositions!

Guarantee of one (1) pregnancy if implanted by a certified technician.

CHOICE LOT

What an opportunity!!! Straight from the top our of 2020 heifer pen we are going to offer choice between these two fancy calves, either way you pick you can't go wrong!!

BW: 93 lbs. Weaning weight Oct 1st: 775 lbs.

Where to start... this girl is an absolute sweetheart, Katie's favorite and always the first in the pen to come up for her daily scratches. She is very feminine made, attractive through her front shoulder right to her hind quarter, straight topped and gives you that extra length of body with loads of hair to boot. Harriet's dam, DYV 42E, is a super powerful coming three-year-old female we acquired in a pen of heifers from Payne Livestock with a very bright future here. Her sire, SOS Crave 124C, was a high seller in the 2016 Springside bull pen who has worked great for us both on the purebred and commercial sides of our operation. 124C's mom is none other than BWP 1Y, a cow that has done nothing but PRODUCE! Don't take my word for it, find Barry Peril or Mike Panasiuk on Alberta Select weekend and ask about how much that cow has accomplished for both of them.

BW: 79 lbs. Weaning weight Oct 1st: 780 lbs.

Juniors take a look here... 23H is a heifer that screams SHOW ME!! Stylish, stout made, easy fleshing, hair for days and extremely attractive. Swing by the stall on Alberta Select weekend and take a peek at her from the back end, I'm sure you will be impressed just how thick she is. As in the footnotes mentioned above, the mother of this heifer arrived here in that package from Rocky and Debbie Payne, back in the fall of 2017. I don't want to give any hints but Hillary's dam, DYV 28E is HANDS DOWN the best to arrive in that group and is a front pasture type of female with a picture-perfect udder. She produced a heifer last year as well that is right near the top of the bred heifer pen. 23H's sire, Wrangler The Chosen One 50E, is an Expedition son with a great set of EPDs boasting incredible WW (61) and YW (113) numbers and was one of the high sellers in the Wrangler Made 2018 Bull Sale.

Consigned by: Parsons Cattle Company

BW:70 lbs. Adj 205day: 703 lbs. Oct 1st weight: 1380 lbs.

It's the Alberta Select, if you're going to bring one it had better be a dandy and Parsons Gretle 20G sure is! She is what we strive for, made exactly how I like them, moderate enough not to break the bank feeding over the winter, she has capacity, she has length, a big booty, solid foot under her, a gorgeous show-worthy look, travels nice and is dropping what is looking like will be a wonderful udder. Parsons 20G is a direct daughter off the \$20,000 PCC Lariat bull who was the second-high seller in the Prairie Cove 2018 Bull Sale. She was bred early on March 30 to KAYR Ambassador 1812F who is a WCR Commissioner son that Andrew Reeleder purchased and was kind enough to let us partner on this spring. Ambassador's dam is KAYR Annabelle 812U who really needs no introduction at all, mothering the great KAYR Velocity 812Z bull. Don't miss out on this opportunity! This mating has the potential to be explosive!!!

Pasture exposed to KAYR Ambassador 1812F from March 25 to May 3, 2020. Observed bred March 30. Vet checked on June 5, safe to observed date. Re-confirmed again to that date on September 16.

Oakstone Miss Rouge, a red factor with style and eye appeal. She has lots of volume and depth, a very powerful heifer. Her dam, G.Bros Ellie 501E, has had two calves and they have both been home runs. Rouge should follow in her dam's footsteps. This heifer would make a great show heifer or addition to your herd.

ATTENTION 4-H MEMBERS

The Alberta Charolais Association is proud to recognize 4-H members from across Alberta and British Columbia who exhibited Charolais Influenced Genetics as their 4-H Project in 2020 with a \$1,000 credit in the 2020 AB Select Sale

\$1,000 TOWARDS YOUR 2020/2021 4-H PROJECT

Rules & Regulations:

- Credit is available to all 4-H members in the provinces of Alberta and British Columbia who exhibited a 4-H beef project with a Charolais Influence in 2020.
- Each member exhibiting a Char Influenced steer, heifer or cow-calf pair as a 4-H project in 2020 will receive one \$1,000 credit which can be used towards the purchase of any lot in the 2020 Alberta Select Sale. Credits cannot be combined and only one credit can be used per lot.
- All entrants must be a member of good standing and show proof of membership in an active 4-H club in Alberta or British Columbia for the 2020/21 year in a beef project.
- 4-Hers must be between the ages of 9 and 20 as of December 31, 2020 to be eligible.
- The credit holds no cash value and if not redeemed for a purchase in the 2020 Alberta Select Sale will become null and void.
- The credits are non-transferable.
- The credits can be used in a partnership situation as long as the credit holder or the credit holder's immediate family operation is acknowledged within the partnership group. Only one credit may be utilized per lot.
- Further clarification on any rule or regulation for the above promotion will be made by the Alberta Charolais Association Board of Directors, at their discretion.
- All 4-H members will be required to register at the designated 4-H Table prior to 12:00 pm, December 12, 2020 at the Red Deer Westerner Grounds. Due to Covid restrictions the ACA has decided to allow eligible 4-H members to use the credit online through DLMS for this year only. If an eligible 4-H member plans to utilize the credit online, they must pre-register by email to Deb Cholak @ dcholak@shaw.ca by midnight on December 10, 2020.
- Updates can be found on the Alberta Charolais Association website at www.albertacharolais.com closer to the event. Questions can also be emailed to Scott at sugarloafcharolais@gmail.com.

TERMS & CONDITIONS

TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Charolais Association, unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH:

All animals in the sale have met all necessary health requirements.

GUARANTEE:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the appropriate breed association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This

estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE:

We strongly recommend that insurance is purchased for full value.

ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
