### **How to participate in this DLMS Online Only Live Sale**

1. Visit [www.dlms.ca](http://www.dlms.ca), click the REGISTRATION link and fill out the registration form. From this page you will sign-up for a free user account and it allows you to select a username and password for use on [www.dlms.ca](http://www.dlms.ca) Already have an account, simply sign in with your username and password.
2. To be Approved for bidding on the sale - Log in to [www.dlms.ca](http://www.dlms.ca) with your username and password and click BUYER APPROVAL link located on the left hand side of the page, then click the SIGN UP button beside the sale you are interested in bidding on. We recommend that you request to bid for the sale at least 24 hours prior to the sale, we will do our best to approve you after this point but the earlier the better to confirm approval of bidding.
3. Approx. 24 Hours ahead of the sale we will post and update sheet with sale order and any up to date catalogue information & changes to the sale offering. Go to the sale page and view the up-to-date sale lot info, pictures and videos on each lot selling.
4. On Sale Day go to [www.dlms.ca](http://www.dlms.ca) and with your username and password log in to the DLMS website. After the sale broadcast has started click the VIEW SALE button on the home page for the sale you are interested in bidding on. (DLMS starts purebred sale broadcasts approximately 30 min prior to sale time and the VIEW SALE button will appear at this point when the sale broadcast is started.)
5. During the sale when the lot comes up you are interested in bidding on simply click the Bid button. When your bid has been accepted your bid button will turn RED. If the price increases and you are out bid your bid button will turn back to BLUE to stay as the high bidder you must bid again. PLEASE remember that your bid button must be RED to be the high bidder and win the lot. If you require assistance with getting approved for the sale, Interested in Proxy Max Bidding or bidding via phone talk to any of the DLMS Purebred team, Sale manager or Sale consignors and we can help you in purchasing the lot you are interested in.

**View the catalogue online at [www.BuyAgro.com](http://www.BuyAgro.com)**

## Welcome from Inc Cattle Co...

The year 2020 has marked its place in history. Circumstances have changed how we live, how we work and even how we think so it comes as no surprise that the face of the Big Chill has had to adapt as well.

The Big Chill was created so Janice and I could bring together all our friends in an elegant setting for an evening of fine dining, wonderful entertainment and of course to offer our guests an opportunity to go home with some of the best Speckle Park genetics in the world. The Big Chill is our way of showing our appreciation to everyone who supports the INC program and gives Janice and I the chance to celebrate our successes and share our hardships with those closest to us at this special time of year.

There was a brief moment of disappointment and frustration when I suggested cancelling this sale altogether until Janice reminded me that cattle people simply aren't wired to ever give up no matter what. Instead we adapt, we endure and we succeed. As always, she was right.

Let the 2020 edition of the Big Chill be a tribute to the strength and resilience of cattle people everywhere. We honour your perseverance and undying optimism during this unprecedented time of uncertainty.

Buckle up and hang on as we bring you the best of the best!

Rob and Janice Harasymchuk

## From the desk at T Bar...

Welcome to the 2nd Annual "Big Chill" Speckle Park Sale, December 19, 2020, in Saskatoon, Saskatchewan. After only one year, the event hosted by Janice and Rob from INC Cattle Company has become the highlight sale of the season. The atmosphere and aura of this happening reminds me of a good old fashioned dine and dance our parents attended on a Saturday night in the winter months.

The folks at INC along with their guests, KFC, Johner Stock Farm and Highmark Speckle Park have gone above and beyond to present the most spectacular lineup of Speckle Park genetics ever offered in the breed. For those who have followed the breed over the past decade, you know that these operations have produced some of the most competitive and predictable seedstock that have ever been haltered... they do it right and leave little to chance ... check out their awesome track record.

Consider the tremendous opportunities offered for your selection... the picks, that are definite features from which you can select your next herd sire or donor female. The live cattle, both bred and open have been gleaned from each breeding pasture. With the bred females, you are a month or so away from clipping a coupon, while many of the open females will make the show category for 2021. The "genetics on ice" represent the elite matings in the breed with most being classified exportable and represent the future of this exciting breed.

In this strange year of being hunkered down and isolated, "The Big Chill" will warm your hearts and programs with unlimited opportunities. I must remind you that we are only twelve days away from year end, and we know how much we like to pay tax ... so adjust accordingly by adding front pasture breeding stock to your program.

During these times, feel free to call anyone on our T Bar C team to discuss or purchase any of the cattle offered. We will be pleased to assist in a professional and confidential manner.

From all of us at T Bar, best wishes during this festive season.

# LOT 1 *Pick of the* HEIFER CALVES

By far our 2020 calf crop is the strongest ever produced at INC. Come take your pick from our pen of over 40 outstanding young females. Sires include Zeppelin, Logic, Lacerta, Line Drive, Royal Flesh, Dart, Samson, All Out, Romeo and Unmarked as well as others. These heifer calves will impress and perform. Rest assured, no matter the type and kind you prefer, there is something here for everyone. As promised, Janice and I are bringing our best.

**Consigned by INC Cattle Company**

# LOT 2 *Pick of the* BULL CALVES

You be the kid and we'll be the candy store! Take your pick from our pen of over 40 bull calves. A variety of different sires and styles from which to choose. These future herd bulls will not disappoint. Another first time offering from INC.

INC *Havana* 101F

“INC Havana 101F has done it all. She flushed as a virgin heifer, live bred on time and has done a fantastic job with her first calf. She has a great udder and continues to flush well as a wet cow. She remains in tremendous physical shape and let’s not forget what she’s done in both the show and sale rings. Havana is the real deal and will go down as one of the greats. A beautiful animal.”

- Steve Yackley

Polled: PP Coat Colour: E<sup>D</sup> / E<sup>D</sup> Myostatin: Non-Carrier

**Qualified CAN/US/AUS**

Janice and I are so very proud of what INC Havana 101F has gone on to accomplish - Grand Champion Female Manitoba AG Ex, Reserve Grand Champion Female Canadian Western Agribition, Record High Selling Speckle Park Female Denver Stock Show, and we are humbled when we hear her called the very best Speckle Park female the breed has ever known.

It took some doing and no small amount of investment, but Janice and I secured a flush from the US based Havana group. We’ve paired her with the up and coming super star, INC Goliath 747G. We are very excited to see the results of this incredible combination. These are sexed embryos that guarantee the buyer heifer calves. Located at Polzin Embryo Center in Darwin, Minnesota, these embryos are qualified to Canada, the US and Australia. Opportunities such as this are as rare as Grand Champion banners.

**Stored at Polzin Embryo Center. Guaranteed one (1) pregnancy if implanted by a certified technician.**

**Consigned by INC Cattle Company**

“Up until INC Assassin and INC Goliath showed up at our facility in South Dakota, none of us had ever laid eyes on a Speckle Park. The moment these boys stepped off the trailer they became instant favourites to our staff. It wasn’t only their unique colouring and gentle demeanour that made them stand out, these young bulls are put together right - smooth shouldered, deep and correct. Goliath is all power and performance while Assassin brings more refined structure to the table. Once their testing/quarantine was complete, both produced high quality samples and volumes collected were far above average for bulls of their age. These are good, good bulls and can stand with any breed out there.”

This gorgeous girl was named Grand Champion Female at Farmfair 2019. INC Brooks N Dunn 7F is truly one of the best females to come out of the INC program and she is co-owned with North American Land & Cattle out of Clovis, New Mexico. She has incredible top, perfect structure and her granddam, Clear View Milky Way 204R, raised a calf every year up until she passed this spring. This is a new and rare opportunity to own some outstanding genetics. Brooks N Dunn has been paired with Logic, Zeppelin and Goliath.

“It has been our great pleasure to work with Rob and Janice over the last 4 to 5 years as they take their herd from a few individuals to over 500 head. Their passion and love for the breed and the cattle industry is an inspiration. Bow Valley has been very fortunate to have been selected by Rob and Janice to assist them in their goal of having 100 of the best Speckle Park females in the world. This is an aggressive goal! However, we sincerely believe they will attain that goal in only a few years. Their early adoption of Embryo Transfer and IVF technologies is allowing them to get multiple calves on the ground and then select the best of the best to create the next generation. This approach has a compounding effect with each successive generation. We wish Rob and Janice, and all the consignors to the Big Chill the best of luck and congratulations to fortunate buyers who will be adding some tremendous genetics to their herds.”

#### Qualified CAN/USA

Freight train long and weighing nearly 1800 pounds, this perfect uddered female can pump the groceries to her calf. Codiak MS Shawnda GNK 10B has absolutely beautiful markings and she has the softest of personalities. 10B is one of our very first Speckles, coming out of the world renowned Codiak program, and she is still a favourite. Paired with Six Star Royal Flesh 101Y, this combination will light it up! **Stored at Bow Valley Genetics. Guaranteed one (1) pregnancy if implanted by a certified technician. Consigned by INC Cattle Company**

**Qualified CAN/USA/AUS/NZ/EU**

One of the high sellers purchased out of the 2019 Ladies of the Fall Sale, 45Z is another power cow with some unique genetics that Janice and I needed to have. Fair Maiden is one of those females that makes you ask, "Who is that?" the moment you see her out on pasture. A stunning speckle with milk production out of this world, 45Z has been paired with INC Assassin and CAJA Zeppelin. Take your pick of these embryos, but smart money takes them all.

Arguably one of the finest cows to come out of the great Pine Valley program, DCF Anna 4C is a milking machine. She is as deep as an ocean and as smooth as oiled mahogany. Paired with Premier Logic - a sire that passes on some of the best feet and increased testicle size in his offspring - this pairing has success written all over it. Some of our best 2020 calves are the result of this combination. Both the heifers and the bulls are "hit it out of the park" good.

### Qualified for CAN/US/AUS/NZ/EU/BRA

We are so very proud of what Zeppelin has done, not only for us, but for other producers as well. He's sired a few greats - Six Gun, Revolver, Breaking News, Hawkeye, Headliner; Havanna, Savanah and Northern Legend - but The King isn't finished his work yet. Here's your chance to build a champion of your own.

**Stored at Bow Valley Genetics.**  
**Consigned by INC Cattle Company**

"Hey Rob & Janice just a quick note to say thank you for your time and efforts in getting all the paperwork, DNA requirements and semen collected for our purchase of INC Breaking News 63F. Very much appreciated and his calves are magnificent!

You have been most helpful and professional throughout the entire process and we are looking forward to the arrival of INC Assassin 777G and INC Goliath 747G in Australia.

We admire the way you've gone out and secured some of the best Speckles in the world, including some of our own beautiful Star Bank cows that go back to our original start in the breed. Well done.

I want to personally congratulate you both on your tenacity, foresight and commitment. You continue to invest in the breed, putting together one of the most progressive programs in the industry. You're efforts are certainly evident here in Australia as well as in other parts across the globe. The future of Speckle Park and INC look very bright indeed. Thank you again for all your hard work and wishing you all the success you deserve. Cheers."

KFC Geniveve 22G is a moderate framed, big bodied Excalibur daughter that Chris Poley really liked when he came for a tour this summer. Let's face it, when you buy a house to raise your family you want square footage. That's KFC 22G in a nut shell! She's bred to the lead off bull at the Summit 3 Bull Sale this past spring, Colgan's Guardian 43G. We admired Guardian beside his dam at Agribition in 2019. If he sires daughters that are half as good as his dam, Guardian and this mating are going to be exciting!

**Pasture exposed to Colgan's Guardian 43G from April 1 to June 15, 2020.**

We purchased Excalibur from our friends at River Hill, as the high selling bull at Summit 3 Bull Sale where he weighed 1507 lbs. two weeks after his first birthday! Excalibur's first calves hit the ground and made their first debut at Agribition 2019 where his son was crowned Champion Bull Calf and his daughter placing 2nd in her class. This bull can do it all! We lost Excalibur due to a breeding accident so semen is limited. I can honestly say you don't come across bulls like Excalibur every day, so do take advantage of this opportunity!

End to End's first calves have arrived and WOW!!! can he throw his color pattern!! It didn't seem to matter what color he was bred to, all but two offspring came speckled. If your home team is looking a little too small out in the field, let End to End get you back in the game. He makes them with an extra rib, a bit more height and a whole lot of style. End to End sons are gaining well and his daughters look amazing! I think we have another winner in our bull battery. Remember – if you want to play the field, better do it End to End!

We are excited to offer Shady Lady 14A embryos with our new partners Green Valley Farm. We feel that the matings of her last three flushes will truly show the power of this herd matron.

The earth will shake come weaning time with this combo! Excalibur's first two calf crops have consistently been at the top at weaning against other sire groups. Excalibur's first bull calf shown at Agribition 2019 was Calf Champion (KFC Gladiator 1G). These embryo calves are going to be extremely marketable.

"The famous and sexy Facebook cow." Thank you Tina Lees. I can't say exactly what she said! A very productive cow that has been flushed once for JAD Agriculture in Australia. Lady 2C is the mother of the \$11,500 heifer that sold through last year's sale to Twin Lakes (Cindy Mann and the late Rick Goulet). As stated previously, we only flush the proven females at JSF and 2C is definitely one of them.

Naomi is a very powerful Unmarked daughter. A combination of Whiskey on the dam side and Unmarked. We have believed in him from day one and his popularity is gaining among Speckle Park breeders all around. Naomi is a sale feature from the heart of the JSF heifer pen. We offer her bred to Creed. A natural service sire, this mating will be hard to beat. The first Unmarked female sold to Underhill Specks and Owen Noble for \$11,750 in last years Big Chill sale.

**Pasture exposed to JSF Creed 1F from May 6 to August 7, 2020. Preg checked on November 13, due to calve early February.**

**Ultrasound Data: Rump Fat: 0.35 Rib Fat: 0.36 Ribeye: 10.4 IMF: 3.56**

A front pasture female that is moderate but stylish. Maternally, Patricia shows so much promise with her dam line of females. Just like her sale partner Paddy 69G to Paddy 233P. Debbie Spencer raised calves by Paddy 233P. Paddy 233P was 17 years old when she had twin bull calves at JSF. Now that's longevity in a female! She sells bred to a service that may not be available again! Frank 19F checks all the boxes. His first calf crop is outstanding. We believe in using what works and Frank is definitely working.

**Pasture exposed to Moovin Zpotz Frank 19F from May 6 to August 7, 2020. Preg checked on November 13, due to calve early February.**

**Consigned by Johner Stock Farm**

With a little extra frame and lots of femininity, this female will go out and work. Her sire, Rawhide 260D, was purchased by Minnimurra Pastoral Co., Australia. A first-time female to sell in Canada by Rawhide. His dam is none other than Uneeda 260Y. Don't miss an opportunity to purchase this female who may be in your donor pen down the road.

# Notes

# Terms and Conditions

**TERMS:** The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

**CERTIFICATE OF REGISTRATIONS:** A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

**HEALTH:** All animals in the sale have met all necessary health requirements.

**PREGNANCY INFORMATION:** All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

**LIABILITIES:** All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

**DELIVERY:** Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

**PHONE, MAIL, WIRE BIDS:** Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

**INSURANCE:** We strongly recommend that insurance is purchased for full value.

**ERRORS:** All announcements at sale time, written or oral, supersede any written material in the catalogue.

## INTERPRETATION OF Q SELECT GENOTYPES

Leptin genotype ■■■ CC ■■■ CT ■■■ TT

Increasing genetic potential related to fat accumulation, milk production, cow longevity, weaning weight, carcass composition.

PMCH genotype ■■■ TT ■■■ AT ■■■ AA

Increasing genetic potential related to fat deposition, tenderness, marbling, backfat.

IGF2 genotype ■■■ TT ■■■ CT ■■■ CC

Increasing genetic potential related to lean growth, rib eye area.

CRH genotype ■■■ CC ■■■ CG ■■■ GG

Increasing genetic potential related to stress response, hot carcass weight, rib eye area, docility.
