From the Desk at T Bar...

Welcome to the 2020 edition of "Good as Gold" hosted by the Manitoba Hereford Association on Friday, December 4th in the heated Keystone Centre, Brandon, Manitoba. Each year, this group of dedicated Hereford producers show case their programs with a select offering which includes herd sire prospects, bred females and current year heifer calves ideal for 4-H club members and junior Hereford breeders.

This year offers the largest lineup... diverse in phenotype and genetic makeup offering the beef industry fresh new models, many which will fit any front pasture. Most of the bred females carry early services; therefore, you are a month or so from getting return on your investment. This sale being in December and tax time, makes for a wonderful way to put these young females into your breeding program, rather than sending your hard-working dollars east.

The fall sale season was strong throughout the nation. There is a shortage of Hereford influence throughout the beef sector and herd inventories are lower, in the same parallel as that of the national beef herd. This shortage will have to be filled to keep producing buckskins and baldies, which continue to top markets in sale barns throughout Canada.

The cattle will be available for viewing the afternoon and evening prior the sale. Feel free to call any of these progressive breeders to discuss their offering or visit any of the breeding establishments prior. They will be pleased to give you a tour.

A special thanks to the Rankin folks at Chokecherry Lane for their donation heifer... it is much appreciated.

During these times, feel free to call anyone on our T Bar C team to discuss or purchase any of the cattle offered. We will be pleased to assist in a professional and confidential manner.

This fancy heifer is one of Blair's top picks of the 2020 calf crop. She comes from a long line of strong performing females. Her grandsire was one of the bulls we have purchased in the past at Good as Gold sales. It is a pleasure to donate her to the Manitoba Hereford Association.

This tank boasts an 82 lb. birth weight and a BW EPD of 0.5. He weaned off at a full 100 lbs. heavier than any other calf we raised this year. His two-year-old mother was also the first female in the herd bred back for next year. Her dam, Pixie 201A, was a \$15,000 Agribition sale topper as a yearling. This bull is wide topped and deep quartered. Tested negative for all five known genetic disorders.

2058H is a calf that checks a lot of the boxes. He is long bodied, with an impressive muscle pattern that is very free moving. Kraken is 100% pigmented on both eyes with great testicular development. His dam is a big bodied female that I bought from Bar JM a couple years ago that has a high quality udder.

An awesome heifer that puts it all together. She is so fancy and complete; she catches your eye every time you walk in the pen; long necked, super big bellied and sound on her feet and legs. A pedigree that if I didn't have embryos due in 2021 or in the tank she wouldn't be selling. Out of the 2016 Western National Grand Champion Female.

Retaining right to flush.

This was a very hard decision to put this young, attractive heifer in the sale knowing she will become a great cow. She would look very good on the halter and she's got a tremendous set of EPDs to go along with her. She's a very sound footed, stylish, deep barreled heifer who will drop an exceptional udder like her momma. She would make a great prospect for a junior to take to Bonanza next year in Brandon. If a junior does want to take her to Bonanza, I would gladly help get her ready and get her there for the junior. **I have very high expectations from this heifer and reserve the right to flush her at a future date.**

Tanya is super attractive and correct in her make up. She exhibits great extension in her front end and is super long spined, this blends into a great quarter with adequate shape and mass. Her dam was purchased from the Harvie Ranching sale a few years back as a heifer calf and brought \$11,500. That spring we decided to breed her to R Leader and boy that was a great mating. On a first calver you can't ask for much more. She has an EPD profile that is hard to beat and I believe she will develop into an amazing female.

14G is well on her way to being a big broody cow. She has it all! Length, depth and most importantly, she will drop a balanced udder with ideal teats at calving time. Her dam is our number one cow for her highly maternal instincts and no assistance needed udder and we feel 14G will follow in the footsteps of her mother. We only decided to sell her after agreeing that we will be flushing her three-time Reserve Champion mother this fall. Pasture exposed to Square-D Bullseye 531E from April 7 to August 1, 2020. Observed bred on May 17. Safe in calf to the May 17, 2020 breeding.

BW: 96 lbs.

This heifer is long bodied, deep ribbed with a super profile. Holding service to DTHF Galviston 1186.

Pasture exposed to DTHF Galviston 1186 from May 16 to August 1, 2020.

BW: 88 lbs.

Consigned by: Flyer Cattle Co

Terms & Conditions

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate Of Registration:

Each animal will carry papers issued by the Canadian Hereford Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Health:

All animals in the sale have met all necessary health requirements.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Hereford Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness. The Autumn Alliance consignors stand behind any animal sold in this sale

Pregnancy Information:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

Liabilities:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Delivery:

Will be provided at cost and at the buyer's option and risk. Instructions for delivery must be given at time of settlement. No cattle will be released until after the conclusion of the sale. Each animal becomes the risk of the purchaser as soon as sold; therefore, buyers are urged to insure animals for full value. An insurance salesman will be in attendance.

Phone, Mail, Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance:

We strongly recommend that insurance is purchased for full value.

Errors:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
