SELLING PUREBRED & COMERCIAL FEMALES

WELCOME

Welcome to the inaugural Queens of the Heartland Female Production Sale. We are very pleased and excited to host this event with our fellow Simmental breeders. Since we built our new sale facility in 2017, it has been a hope that we could one day put on a female sale in the fall. This year it has become a reality.

We are very proud of the females that we will have on offer December 3rd. We have plucked a few heifers right off the top of our embryo program for your appraisal, that we would normally never part with, but only for the fact that we have several flush mate sisters still at home we have offered you the opportunity at these elite bred heifers. We have on offer progeny off of some very exclusive and high profile Simmental bulls and top quality donors cows, that we are fortunate enough to have in production at JP Cattle.

We breed 95% of our first calf heifers to Angus bulls for their first gestation, hence the reason for most them being AI'd and exposed to Angus bulls. We have had very good success in our bull sale selling ½ and ¾ blood bulls to our commercial customers, thus we are not concerned at all breeding our top heifers to Angus bulls.

With much deliberation and discussion, we have decided to sell a large number of our commercial heifers that we would normally sell in March as well. These heifers are all one owner, one iron, one ranch raised Simmental/Angus cross bred heifers, that calve early April. These heifers are no nonsense, calve on their own cattle that have been selected right off the top of our commercial replacement pen.

Please join us December 3rd at the farm, come have a look at the cattle on offer and join us for some lunch and fellowship, during these trying times. Be assured, we will follow recommended health protocol as directed by the province. We realize that people may prefer touring the cattle before and we would be happy to do so any time ahead of sale day.

From the Crew at JP Cattle Co.

JP Cattle Co. heifers will have received their first shot of Scour Guard by sale day. Some polled tests are pending.

Welcome to the Premiere of the Queens of the Heartland Production Sale, December 3, 2020 at JP Cattle Company's heated facility, McAuley, Manitoba. The folks at JP offer an outstanding group of bred heifers sired by prominent sires in the industry. Polled, red and black, these value-added packages were plucked from the front of the replacement pastures and put their best foot forward in this new fall event. To add to the sale, they have invited the folks at Scissors Creek Cattle Co., Sun Rise Simmentals, the Johns and Workman's along with McIntosh Ranch making this an interprovincial event.

The quality of the offering is exceptional... young, deep, broody front pasture prospects with early services which will add value to all breeding programs. We must remember that many of these females are carrying a coupon which will be redeemed in a month or so... in some cases the female will be paid for through the calf she carries... and do not forget that we are nearing tax season, so budget accordingly.

Over the past couple of months, we have watched Simmental sired stockers top markets throughout the country which bodes well for spring bull sales. There is no substitute for quality in the production of breeding stock and great programs start with great mothers!

In addition to this outstanding group of future brood matrons, the folks at JP Cattle Co. offer the top of their commercial heifers, which will be sold in groups. These Simmental and Angus influenced females are bred to start calving in April and are all one-iron heifers with a tremendous future.

Feel free to stop by for a preview at any of the quality breeder' farms any time prior the sale or just give them a call... they love to talk cows!

During these times, feel free to call anyone on our T Bar C Team to discuss or purchase any of the cattle offered. We will be pleased to assist in a professional and confidential manner.

Chris Poley

We selected these two heifers right off the top of our bred heifer pen. It took a lot of arm twisting to convince us to part with heifers of this caliber. Spring Creek Goldy is arguably our premier donor cow at the present time. She has produced top quality heifers that we have retained in our herd. An outstanding full sibling yearling bull, that we owned jointly with the good folks at Wheatland Cattle, sold in their 2020 sale for \$37,000 to Kearns Cattle of Nebraska. These two heifers are very similar to their mother, in the fact that they are dropping down a perfect udder, have a large spring of rib and are extremely good footed, sound moving heifers. We don't think you could go wrong with either one of these. AI bred to R Plus 5015C on April 10, 2020. Pasture exposed to Six Mile Cache Creek 804E from April 25 to June 12, 2020.

Greg & Allyson Workman

Welcome to the first edition of the Queens of the Heartland Production Sale.

We, along with Greg and Allyson, are excited to be a part of this sale, with a great group of consignors. We are proud of the heifers that we have on offer that are from deep within our program. The heifers are bred to well known AI sires or bulls from our program and will produce calves that will be a great addition to your herd and your bottom line. All the heifers are on a full vaccination program and will have had their second Scour Bos shot by sale day. We encourage you to stop by the farm anytime and see the heifers for yourself, the coffee is always on. We look forward to seeing you on sale day!

- Out of the high selling open heifer at the Shades of the Prairies Sale in 2017 from McIntosh Ranch, a blaze face Vision daughter.
- DMJ 1G is a very feminine, moderate framed female with extra style that is developing a great udder.
- Bred for a January baby sired by The National.
- A great set of EPDs round out this female that are above average in most categories.
- Poll and color test pending.

AI bred to Mader The National 43E on April 3, 2020. Pasture exposed to Double G Gunner 31G from April 21 to May 25, 2020. Ultrasounded safe to AI.

When JP phoned and asked me to be part of the Queens of the Heartland Production Sale, I immediately wanted to participate and work with the great people there. Only due to my age, I decided to let Chris have his pick of the young cows. JTC 12E and her fancy heifer calf floated to the top and he also selected our top red yearling heifer.

After some serious consideration, I was talked into a 'full meal deal', including JTC 12E and her 2020 heifer calf, JTC 27H, in their entirety, along with embryos that will be full siblings to JTC 12E. The dam of 12E has been a stellar producer, calving at the beginning of the calving season every year. She has produced herd bulls for Diamond B Simmentals/ Grinalta Farms and for Clifford Land & Cattle. Her 2020 bull calf is at the top end of a strong bull pen for the upcoming bull season. The maternal grand dam of 12E, Springcreek Tara 7P, has had a huge influence in our herd. Many of our top producers and top sellers over the years trace back to 7P. 12E's sire, Springcreek Spark Plug, leaves excellent daughters with deluxe udders, and of course he was mothered by the \$50,000 flush cow, Springcreek Brooke 68Z. The maternal greatness of 12E plus the Springcreek Denali 21E influence (McDavid x Springcreek Liner 56U) will surely be to the new owner's benefit. You can't go wrong by investing in this mother/daughter combination from this super productive pedigree.

We are very proud of this Red Mountain heifer. She is moderate framed with a ton of rib and capacity. She is setting down a beautiful udder, just like her two year old dam. AI bred to STF Crimson Tide DZ87 on April 27, 2020. Pasture exposed to Bar-H Mindbender 141D (Angus) from May 2 to June 8, 2020. Preg checked safe to AI.

CONSIGED BY MCINTOSH RANCH

Welcome to the First Annual Queens of the Heartland Production Sale. I would like to thank JP Cattle for the invite and hosting this new and exciting sale. With 2020 almost in the books, I hope everyone has had a successful fall within the agriculture industry. I look forward to visiting with and seeing new and familiar faces on December 3 in McAuley.

MRK 18H's dam was the lead off female and our pick from Barry and Glenda Chescu's herd dispersal in 2016 as a two year old. 445B has been a tremendous cow; easy keeping, sound, fertile and very docile and not to mention a picture perfect udder. 445B earned a spot in our flush program and 18H is the result. MRK 18H has mamma cow potential written all over her. 18H is a super long, soft sided heifer that profiles beautifully. If you are ever in the Interlake area give us a call; 18H's full brothers in the bull pen are sure to impress.

CONSIGNED BY SCISSORS CREEK CATTLE COMPANY

First, we would like to thank JP Cattle Co. and everyone else involved in planning this new sale, for having the confidence in our program to ask us to be a part of it.

We have been breeding Simmentals for almost 20 years now and have worked hard to build our herd of high-quality females. We are now at the point where our herd numbers are where we want them and so we have decided to start offering more females for sale.

We are offering a pair of bred heifers from the top of our pen, as well as a nice group of three commercial bred heifers that would work well in any herd.

We always welcome visitors if you are in the area and have time to stop in before the sale! If not, we look forward to visiting with you on sale day.

CE	BW	WW	YW	MILK	MCE	MWWT
7.1	3.4	70.6	108.7	20.4	1.5	55.7

Here is a moderate framed, easy doing Platinum daughter that also moves well. She is long bodied and deep ribbed and would be a great addition to any herd. Platinum was purchased from Sunny Valley Simmentals in 2015 for \$25,000 with Diamond M Ranch and has been our main red herd sire for many years. His progeny always seem to rise to the top of the pen and they were popular when Diamond M Ranch dispersed their purebred herd, which has made retiring him difficult.

Her dam is an attractively made, moderate framed cow that always maintains her condition.

Here is your chance to buy a dark red female with a pedigree that has worked well for us and we are confident that she will work well at her new home as well.

AI bred to Kuntz Sheriff 8A on April 6, 2020. Pasture exposed to Bar-H Cash 11D from April 14 to July 31, 2020.

Scissors Bella is a super tanky, deep sided, free moving and extremely attractive female that we have always really liked, which made the decision to sell her very tough. She has that momma cow look to her already and is sure to raise some great calves.

Her dam is an easy keeping cow with a great udder. She also has one of the top calves in the bull pen this year.

Bacardi was purchased jointly with Drifting M Farms from Sun Rise Simmentals out of the Proudly Western Bull Sale in 2015. He is the full brother to the \$90,000 high selling bull from the same sale. We have lots of females working in the herd out of Bacardi and they all do a great job.

When you take all of her great attributes and add the blaze face that everyone wants, you get an opportunity to buy something special.

AI bred to WHL Gold Key 1619D on April 6, 2020. Pasture exposed to Bar-H Cash 11D from April 14 to July 31, 2020.

COMMERCIAL BRED HEIFERS

CONSIGNED BY JP CATTLE CO.

33

160 Commercial Bred Heifers Selling in Groups of Five

The commercial heifers will be sorted into pens with 20-30 head. Then they will be gate run in groups of five and sell through the ring as that group of five. These heifers are a very consistent group, rest assured being gate run they will be a uniform package.

These heifers are all sired by JP raised Angus/Simmental bulls and bred to tried and tested Angus heifer bulls.

We will be selling approximately 160 head, so if anyone is looking for a semi load this is your chance!

Pasture exposed to Angus bulls from June 24 to September 30, 2020.

CONSIGNED BY SCISSORS CREEK CATTLE COMPANY

NAC Android 113C - Sire of Commercial Bred Heifers

34

Pen of Three Commercial Bred Heifers

Sire: NAC Android 113C (purebred Simmental)

Dams: Angus x Simmental

Bred to Angus, calving ease sires to begin calving the middle of January.

Two of the heifers were AI bred to BPF Special Focus 504 on April 4 and April 8, 2020.

Pasture exposed to Triple H Intuition from April 14 to April 27 and then exposed to Bar-H Cash 11D from April 28 to July 31, 2020.

TERMS & CONDITIONS

TERMS...

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

BIDDING...

Each animal will sell to the highest bidder...no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

ANNOUNCEMENTS...

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

CERTIFICATE OF REGISTRATION...

Each animal will carry papers issued by the Canadian Simmental Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

LIABILITIES...

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

RIGHTS AND OBLIGATIONS...

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PHONE, MAIL, WIRE BIDS...

Bidders unable to attend the sale may phone, mail or wire their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

DELIVERY...

We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

INSURANCE...

Will be available sale day. We strongly recommend that insurance is purchased for full value.

ERRORS...

All announcements at sale time, written or oral, supercede any written material in the catalogue.
