

# SUPERSTAR CHAROLAIS SALE

A decorative border consisting of alternating gold stars and silver diamonds arranged in a slightly curved line across the middle of the page.

**November 28, 2020**

**Prairieland Park, Saskatoon, SK**

**2:30 PM Viewing & Social :: 5:30 PM Supper :: 6:30 PM Sale Time**

# FROM THE DESK AT T BAR...

It is with extreme pride and excitement that we welcome you to the first ever Superstar sale! This sale is named after the cattle selected for this event. As you flip through the pages you will see that every animal catalogued is indeed a "Superstar."

I need to thank the consignors for opening their herds for us to come and select from. This entire offering would be on any Charolais breeder's "wish list." Saturday, November 28th will be a day when your wishes can come true as you will have the opportunity to purchase the top females from the top herds in Canada. This truly is a National event as you will have the chance to view breed changers from Ontario, Manitoba, Saskatchewan and Alberta all under one roof.

The catalogue starts off with one of the most interesting Charolais bulls I have ever laid eyes on. The bull has a phenomenal phenotype and when you look at his paperwork, he combines a total outcross with one of the best cow families in the world. Contact us to see how you can be apart of this great individual.

The heifer calves that follow will be competitive in any ring and each and everyone of them are destined to be a future donor. The bred females selling are on the verge of giving you a coupon to cash in very soon, study these individuals. They could be carrying your next herd bull and you will definitely be building a cow family around them. Picks come with endless opportunity and we are confident that the picks we have on offer will make Charolais history.

I will keep this brief as the offering speaks for itself and I want you to dive right into it!

Plan to attend the Saskatchewan Charolais Association Annual Meeting in the morning and then view the cattle in the indoor comfort of Prairieland Saturday afternoon. You are then invited to join us for supper and then purchase your next "Superstar!"

If you need any assistance prior to or sale day feel free to contact any of the T Bar Team.

See you in Saskatoon for Super Saturday!

An outstanding individual who has captured the attention of breeders all across North America and around the world. From a young age Trust was an absolute standout and as he's maturing it becomes even more apparent, he checks all the boxes that the most discriminating Charolais breeders demand. He's a performance individual yet so complete in his build with a big hip and bold sprung body shape all set down on a well-shaped and solid hoof. His bold featured and robust body shape is superbly complemented by his large early scrotal development and great haircoat combined with a commanding and proud look with a definite herd bull head. From a lineage standpoint, Trust is backed by our finest with his dam being the incomparable Starstruck 409, who's breeding prowess is being felt in numerous countries around the globe and his potent sire leads the USA for multi trait excellence being at the top of the breed for WW, YW, Maternal, Udder, Scrotal, Ribeye, Marbling and TSI. We feel Trust has the ability to leave a lasting legacy as other great sires have before him and simply put, he's one we're putting our "Trust" in to lead us into the next generation.

"Lemon" is what Harper named this heifer calf when she fell in love with her day one of halter breaking. She is the first daughter to sell out of the DC/CRJ Tank bull. He was the DeBruycker Charolais high seller in 2018. We were excited when we had the opportunity to purchase the exclusive Canadian semen rights alongside Hunter Charolais. The Tank bull is a unique breeding tool that combines calving ease, short gestation and exceptional growth. Lemon is a heifer calf that has a huge future in our eyes. She is an absolute gem to work with; a trait that the Tank calves all carry as they are very mellow. This female is broody, well balanced, has eye appeal and is sound to the ground. The Fifty Shades daughters are showing some real value in our program. Lemon's ¼ sibling in the bull pen came in as our heavy weight bull at weaning time. In our mind, this female can be a real asset to a breeding program and has the potential to work her way into a donor program.

Impressive she is! This late February heifer calf is a fancy, deep bodied, thick little lady. She has sound feet and lots of hair. She has a deep quarter and strong top line. Her gene pool is just as impressive as she is. She is sired by our Sharodon Double Vision 1D herd sire which made an incredible mark in the Charolais circles. He was Show Bull of the Year in 2016 and 2018, 2018 Grand Champion Charolais Bull at the Olds Classic, 2018 National Grand Champion Charolais Bull at Edmonton Farm Fair and a 2018 Top Ten Finalist in the RBC Supreme Show at Agribition as well as 2019 Senior Bull Champion at the National Western Stock Show in Denver. The dam of this embryo calf is Thomas Ms Impressive 0641. She is arguably the most influential Charolais cow in the US. Her progeny have sold for record prices and many have gone on to be Junior National and National Champions. Her progeny include TR PZC Mr. Turton 0794, TR PZC Ms Ivory Angel 0711, PZC Bottoms Up 5011, and the coveted PZC Lily 5013. We invite you to take advantage of this rare opportunity to purchase this heifer calf with these outstanding genetics and put her in your herd to do great things for you!

Both in appearance and on paper, Miss Jewel has show heifer written all over her! Beautiful in her lines, soft bodied, great haired and sweet dispositioned! If we had any kids in the family old enough to show, she wouldn't be leaving! She is definitely one to consider for a junior with the 2021 CCYA show planned to be in Olds, Alberta. Her mother has been an incredibly consistent producer and was the mother to ONL Chillin' It, a high selling bull we sold to JD Cattle Co. in Nebraska. Miss Jewel is the first daughter of Forensic to sell and we are loving these Forensic females! If you look in Forensic's pedigree, you will see the elite Starstruck cow family. The Starstruck cow family and show ring success are synonymous. Enjoy showing this heifer and when it's time to pull the halter and send her to pasture she has all the makings of an awesome momma cow too! Follow us on Facebook at Daines Cattle and O'Neill Livestock for picture and video updates. Also, be sure to check out or contact us about our Junior Incentive Program!

Big time cow power potential! CML Desirae 26H is our top indexing heifer calf, as she weaned off her two-year-old dam at an astounding 940 lbs. on September 26, 2020. She is the first daughter to sell in Canada sired by LT Authority 7229, the \$160,000 US high selling bull from the 2018 Lindskov-Thiel Bull Sale. But it gets better yet! Her two-year-old mother is a member of our Desirae cow family. Desirae 012 was the 2015 Agribition Supreme Champion Female and two-time Agribition Charolais Grand Champion Female that has been a dominant donor cow in our herd. The Desirae's have raised high dollar heifers, sale topping bulls and now highly productive cows. CML Desirae 26H has massive rib and body, an unreal haircoat, she's fluid and agile in her movement and has an extra shot of stoutness in her skeleton. This one has future donor cow written all over her!

**Homozygous Polled 50K Tested**

LT Authority 7229 is the \$160,000 record setting and high selling bull from the 2018 Lindskov-Thiel Bull Sale. He is a proven, outcross, calving ease sire that can be used on heifers. His birth weight EPD is in the top 2% of the breed and his Calving Ease EPD is in the top 10% of the breed. His calves are born easy with lots of vigor, are all polled and have excellent haircoats. The first offspring in the USA were highlighted in the Lindskov-Thiel Bull Sale, where his sons were the high averaging sire group at over \$16,000, including the high selling bull in the USA at \$105,000. LT Authority 7229 is backed by a highly productive cow family as his dam has weaned off four calves at an average weaning ratio of 108. LT Authority 7229 semen has been sold out for the past two years. We are offering two additional exclusive semen packages for the 2021 breeding season. Current semen package holders include Cedarlea Farms, HEJ Charolais, Hopewell Charolais, Nelson-Hirsche Purebreds and White Lake Colony.

LT Authority 7229 is enrolled in the Canada Charolais Association Exclusive Sires Program

To say that buying Stepler Miss 314B worked out, would be an understatement. This cross just works. Sahara is the full sister to the high selling Stepler Axle bull that sold last spring to Pro Char, CK Sparrow and Twin Anchor. This heifer is deep and stout made, but still has an attractive look about her. Get her on the move and she walks effortlessly. Sahara is one that could work in the show ring or raise you a sale topping bull calf. Full House needs no introduction, the Junior Bull Calf Champion at Agribition in 2017 that has worked very well for Stepler Farms. The research is done for you, deciding how she will work in your program is the only question.

HRJ Hwt Miranda 24H has maternal power written all over her. Her breeding needs no introduction and the combination of Crowd and Ledger we feel is a home run. This gal carries a ton of belly, rib and loaded with hair. It is never an easy decision letting a Crowd female walk off the Ranch but only the top ones come to town. Crowd Favourite females are truly making a name for themselves and becoming top producers amongst many breeders. With the added maternal traits of Ledger and the power of Crowd, Hwt Miranda is going to be an exceptional breeding piece. Build a cow family around her or build that next herd bull; Hwt Miranda is going to be a hot topic.

Rose is our heaviest weaning weight heifer in the pen this year. This heifer is extremely easy fleshing and is a powerhouse from every angle. As with all the Diesel calves, she has an incredible disposition and was a dream to halter break. Rose is the type of heifer who will raise stout, deep, hairy herd bulls that will be highly sought after. The daughters out of this heifer will be ones you want to build a herd around; her dam is a Rosso Bedford daughter with a "dairyman's correct udder." Rosso Bedford was a Homo Polled bull who gave us calving ease and exceptional females.

Alton Roxanne 2062H is an intriguing individual. It is easy to get excited about her with her phenotypical look and breeding potential on this powerhouse of a female. This female is destined for backdrops and the donor pen. 2062H is big footed, soft jointed with great structural width and added length of spine with an explosive rib shape that transitions into a big, stout, boxy hip. 2062H has a very balanced look and is a quality-built female. She possesses an exclusive outcross pedigree. She is sired by KASS/CJB Famous 6038 ET. Her bottom side stems from the great Roxanne cow family, which continues to produce consistent quality, generation after generation. 2062H has predictability built in. She would be a great opportunity for a younger showman looking for a competitive run.

We are pleased to offer CKE Enchanted 7H in the Superstar Sale. At first when we were asked if we would like to consign females this year we said no because we are trying to build our herd. We thought about it and we couldn't possibly stay home during Agribition week so why not join the next best thing? Even though our 2020 calf crop was very bull heavy we feel this heifer represents our program well and will go on to make someone a great producing female. Enchanted 7H comes from an extremely fertile, great footed, very maternal cow family. If you are looking to add some length, style, natural thickness and muscle shape to your herd, 7H will fit the bill.

Sephora is a fantastic and versatile prospect! She checks all the boxes. She's very smooth fronted, soft made and carries her depth from front to back. Sephora is wide based and super sound. She can turn into a backdrop heifer next summer and get out and be a top producer further down the road for her new owner! Her mother is a cow that hasn't left the front pasture. She is easy doing, long spined and has a perfect udder at nine years old! SVY Wizard only adds to that, bringing the very popular Crowd Favourite bull and one of the best cows in recent memory, SVY Starstruck 407B coming into play. This is the female that sale toppers come from! A star in the making with Sephora!

This Apex daughter has been a STANDOUT since birth. One of the best purchases we have made is buying Apex back at the Alberta Select after he was slapped Player's Club Champion. He is a calving ease bull with explosive growth and awesome disposition. Very rarely does a two year old make the front pasture but 96H and her dam were in that group. This cow family is one of the strongest carrying the MXS tattoo and you can rest assured, SOS Hocus Pocus 96H will make a great addition to your herd.

JMB MS What-A Girl 829F is a flush mate to JMB Fisher 604D who was crowned the 2017 National Champion at Ag-EX. He also went on to be the 2017 Grand Champion Bull at Canadian Western Agribition and the 2017 North America Champion. They say, "that the proof is in the pudding", this beautiful female weaned off an 853 lb heifer calf this year on her very first try. She was dry at the time of picturing, but you can still see that she has excellent teat size and spread. This great young female is bred back again early to our RPJ Diesel 802F bull who has left us a phenomenal set of calves as you will see by the two calves we have consigned to this sale. The coupon this cow is carrying could be your next herd bull!

**Pasture exposed to RPJ Diesel 802F from April 3 to June 30, 2020. Observed bred to RPJ Diesel 802F on April 3, 2020. Preg checked on September 6 to the observed breeding date.**

This sweetheart is sired by 2019 Reserve Grand Champion Bull at Ag-Ex and 2019 Reserve Junior Champion Bull at Agribition. Diesel is proving to be an outstanding breeding bull who offers calving ease and exceptional performance. Not often can you breed your heifers to a bull who also puts your heaviest weaning calves in the pen. This great young female would make a great junior project, the Diesel calves are the easiest calves we have ever halter broke on this farm. They all have great dispositions and awesome hair. The fact that she is out of a Homo Polled and Leptin TT sire makes her a great breeding tool also, one that will surely hit the donor pen someday.

Reference Sire: RPJ Diesel 802F

Sire of Lots 8 and 15A

Homo Polled TT Leptin

Reserve Grand Champion Bull Ag-Ex 2019 and Reserve Champion Junior Bull Agribition 2019.

Diesel himself and his progeny have been the easiest calves we have halter broke. Exceptional hair and great disposition.

McAvoy Charolais is excited and proud to offer you choice of our entire 2020 Fortress sired heifer calves. From the day we found and purchased Fortress he has done what we thought he was capable of and went on that fall to be Agribition Reserve Champion Bull. In 2019, his offspring took Farm Fair Senior Heifer Calf Champion, Reserve Senior Bull Calf Champion, Breeders Herd and Get of Sire honours. At Agribition they were Semex Charolais Bull Calf Champion, Reserve Senior Heifer Calf Champion and second high selling lot in the sale. Fortress sons are stout, high performing bulls with great feet and legs but we feel his biggest impact is yet to come on the female side. With the Starstuck design they are feminine yet broody and well muscled. The dispositions are terrific and all are polled. Here's your chance to select a Fortress daughter out of our best females.

**Choice to be made by January 1, 2021**

# Pick of Entire Heifer Calf Crop

**HC 464B****PAST HEIFER CALF SOLD BY HUNTER CHAROLAIS****HC 506C****PAST HEIFER CALF SOLD BY HUNTER CHAROLAIS****HC 808F****PAST HEIFER CALF SOLD BY HUNTER CHAROLAIS****HC 865F****PAST HEIFER CALF SOLD BY HUNTER CHAROLAIS****HC 924F****PAST HEIFER CALF SOLD BY HUNTER CHAROLAIS**

We are extremely excited to consign the pick of our entire heifer calf crop to the Superstar Charolais Sale. We haven't offered choice on our entire heifer calf crop since the fall of 2005. We have several different sires represented in our heifer pen this year including: JWX Downtown 7C, DCR Mr Dual Threat D112, CML Copyright 714E ET, DC/CRJ Tank E108P, Elder's BlackJack 788B, LT Ledger 0332 P and HTA Rocket 894F.

We are proud of the cow herd that we have been developing. We put emphasis on females that are sound, good footed, ideal udder type that have consistent fertility. We strive to make our cow herd easy doing, maintenance free type females that work for us and not the other way around. We believe there is a big cross section of different types of heifers to choose from with your next show heifer to your next great brood female available. There is 50+ heifers to choose from and we will be happy to assist whoever purchases this lot in their selection to get the ideal female for their goals.

**Choice to be made by March 1, 2021.**

**Hunter Charolais would like to retain the right to one successful flush at our expense and the new owner's convenience.**

**CONSIGNED BY: HUNTER CHAROLAIS**

# Pick of the Herd

In mid-2019 we made the decision to participate in the CWA 50th Anniversary Sale in 2020. With the circumstances surrounding the postponement of the 50th year of CWA, we felt it was most important to support the Superstar Sale as the premier event of 2020, showcasing top genetics from across Canada.

Over the past 45 plus years we have sold a very limited number of breeding females and have worked very hard to develop a strong, useful cow herd based on the basic needs of our industry. Cedarlea's females are generally moderated framed, good udder type with better than breed average for growth. We use genotype information to complement and enhance phenotype selection.

We are extremely thankful for the overwhelming support year after year of our breeding program from commercial and seed-stock producers from across Canada. In 2020, we sold breeder bulls into 19 herds from six provinces; Quebec through British Columbia.

**The Selection:**

- Cows, bred heifers and heifer calves qualify; approximately 300 to select from (2020 Sterling Collection consignments exempt: LEO 9G, LEO 108G and LEO 174G)
- The buyer's selection can be made up until March 15, 2021
- Calving begins mid-January
- If the selection is made with a heifer calf at side, the buyer gets 100% of the cow and calf
- If the selection is made with a bull calf at side, Cedarlea Farms will retain 50% ownership of the bull calf
- If the selection is made prior to calving, the buyer will have 100% ownership of cow/calf pair
- Cedarlea Farms retains the right to partner on two (2) flushes at our expense and the new owner's convenience

Select from many homozygous polled females, Goldstar dams, dams of exciting new herd-sires from recent years Git R' Done bull sales: e.g. Epic, Low Rider, Tapadero, Bandito, Gangster, Galveston, Firestone, Gibsons, Gallery, Havana, Gib, Shoeless Joe, Homeland, Joe Sakic to name a few.

Most females are sired by or bred to:

- |                           |                             |

**PROGENY OF SOS JESSICA 34B:  
SOS 17H**

NEVER have I EVER been as excited for a set of embryo calves as of 34B's calves this year! 18 calves on the ground, nine bulls, nine heifers and every one is very complete or awesome! They are sired by Escobar or Chuckwagon and the three heifers we will bring to town represent how deep this offering truly is. No matter which one you select, there is no wrong choice and we will help in any way possible to make this decision a fun and profitable one. 34B, herself, is flawless in her makeup; big barreled yet feminine, broody and very fertile. In fact, she averaged over 19 #1 embryos in her five flushes in 2018. Rest assured, she will pass this on to any of her nine daughters you have to pick from.

SOS Princess Kate 33Y is the matriarch of greatness here at SOS! Her presence in the heart of our herd is very prominent and is the main reason we have dug so deep in the cow family for this sale. In her prime she was simply stunning with huge guts, hair and milk and has clicked with every herd bull we have mated her to. She is the dam of:

SOS 34B: High selling female in 2016 to McKeary Charolais at \$41,000.

SOS 61C: National class winner Navigator son sold to Wood River Charolais at \$26,500.

Two more outstanding Navigators at Bob Charolais.

SOS 66F: Outstanding two year old Chuckwagon daughter here at the ranch.

SOS 21G: Lot 23 in the Superstar Charolais Sale.

SOS 67H: Our best Chavez bull calf in the 2020 bull pen.

We held 33Y open this year and she was flushed two times. She produced 41 Grade A embryos to Duty Free and 26 Grade A embryos to Chavez.

When asked if we wanted to consign in the Superstar Sale, it was a no brainer who we would be putting in. FVC Glitzy Girl 20G, who was shown at Agribition last year, has been exceptional since day one. She is full of power and maternal, all wrapped up in a very feminine package. Very attractive and correct starting at her nose and running though to the tip of her tail. She has a very balanced pedigree of performance and calvability, out of a "Double Down" daughter and sired by KCM Prowler 2X. Bred to the ACA Players Club Winner, SOS Apex 139F, she is a sound investment for anybody's herd.

**AI bred to SOS Apex PLD 139F on April 26, 2020. Pasture exposed to PCC Kentucky Rain 836F from May 10 to June 10, 2020. Preg checked favourable to AI breeding.**

A WCR Commissioner daughter that has been on our radar since she was just a calf. We admire her for many reasons; her femininity and easy keeping nature being two of them. When we select a bred female for any sale, the first thing that comes to mind is production. Will this female out produce herself? Can we build a cow family around her? Will she be a long-term breeding tool? This Commissioner daughter has brood cow written all over her and has maternal strength bred into her pedigree, going back to the Titania female that has been very productive for us. Her dam is a young Pastor daughter that will continue to be a foundation female in our program. As a two-year-old, I would venture to say her dam has one of the most ideal udder types in the herd. Her breeding to LT Ransom will be very marketable with his first calf crop in Canada to hit the ground in 2021. This female comes from the heart of our program and is sure to be a building block for the future.

**AI bred to LT Ransom 8644 on April 1, 2020. Confirmed to this date.**

914G is our best bred heifer without a doubt. She's long, smooth, sound and stout! She comes from a long line of proven producers that contribute to the top of the bull pen and the heifer pen. The Venus cow line is one of the largest and most consistent in our program. 914G is no exception; she's big barreled, big volumed and flat out good! She is dropping a great udder and no doubt will be a feature cow at her new home. The mating with HVA Fireball 662F is exciting, giving you an exclusive breeding opportunity that only a couple breeders have access to. He could be the best of all the Duty Free sons to date! The combination of Duty Free on the top side and two shots of Lanza on the dam side will no doubt land the expected progeny in the top of the breed for milk, growth and maternal. A true curve bender is on the way! We are confident she is the kind that will make her way to the donor pen in the near future. HBC Venus 914G is elite in her pedigree and phenotype; what's not to like?

**AI bred to HVA Fireball 662F on April 1, 2020. No exposure.**

Don't let the April boogie monster get the better of you; this female is put together right and right on track to calve in mid-January! She's moderate framed, deep ribbed, easy doing, sound, really good footed and nice to handle. The dam of Miss Willa is a gorgeous female that we purchased from Wilgenbusch's female sale. She is bred to our new sire, Footprints Sir 5G and we are incredibly excited about the calves to come out of him! He is a homo polled son of the very popular calving ease specialist, Cedardale Zeal. From the ground up, on paper and in the pen, Footprints Sir 5G is an impressive individual. Miss Willa is an incredibly functional female and will make someone a very nice momma cow! Follow us on Facebook at Daines Cattle and O'Neill Livestock for picture and video updates.

**Pasture exposed to DYV Footprints Sir 35G from April 2 to July 14, 2020. Vet preg checked safe for mid-January.**

When Chris came out to the pasture, I gave him choice of the bred heifer pasture and he sure made it count. This is the first daughter of the Embargo 7E to ever leave this farm and may be the last. Embargo 7E was the high selling bull in our 2018 bull sale to Cline Cattle Co. in Manitoba. He has done an amazing job by producing a set of bulls that are well accepted by the purebred and commercial breeder and females that will raise you the good ones. This female is so easy fleshing with loads of rib, hair and top while setting down a beautiful udder. Her dam has done an amazing job for us with two daughters back in the herd. We know in order to promote our program we need to sell the good ones and here she is. We are sad to part with this one, but it will be a great opportunity for a breeder to add a top end female that will make a difference in their own herd. Don't miss out on this one. Bred well along to the Edmonton Farm Fair Player's Club Champion, SOS Apex PLD 139F. This should be a winning combination.

**AI bred to SOS Apex PLD 139F on April 24, 2020. No exposure. Vet confirmed to AI service.**

We haven't offered any of our females for sale for over a decade. We felt our herd was big enough to let a few go, so we picked the very top end of our herd to share with you. If you like moderate framed females with tons of depth, thickness and capacity, you will fall in love with Dollee. The MVY All Star x JWX Downtown combination has rocked it on our farm producing premium cattle. Plus, having the top producing MXS Maude cow family in her background, really amps up Dollee's pedigree. A great disposition and a tinge of color inherited from her sire caps off this package. Bred early to the easy calving Brimmer Bull 20F, an SOS Game of Thrones son, makes for an exciting opportunity. In your front pasture or under the lights, this buff colored diva will shine like gold!

Pasture exposed to Brimmer Bull 20F from April 15 to June 1, 2020. Observed bred April 28. Ultrasound confirmed for an early February calf.

Here is your chance to access Elite outcross Australian genetics. From the world renowned Palgrove herd, Hallmark is a homozygous polled red sire who was the high selling Australian Charolais bull, sold in the Palgrove sale for \$44,000 (AUD) in 2014. His first eight sons sold at auction for an average of \$18,000 (AUD). A son sold for \$48,000 (AUD) in this year's Palgrove Sale. Hallmark breeds progeny with great disposition, softness and outstanding carcass quality. An outcross polled mating from one of our leading matrons to one of Australia's leading proven sires.

The Semen Auction is a fundraiser run by the Canadian Charolais Youth Association (CCYA), where semen from top bulls in the breed are generously donated from various breeders across the country. All funds directly support the youth. The semen donated is auctioned off at one of the fall sales and all proceeds go towards programs of the National Board. Particularly, leadership scholarships are presented at the conference and show from funds raised through the Semen Auction, recognizing senior members on their contribution to the Charolais breed and their leadership among Charolais youth members. The CCYA National Board would like to thank everyone who donated and supported in the past for making our programs and scholarship opportunities possible for our youth.

# TERMS & CONDITIONS

## **TERMS:**

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## **CERTIFICATE OF REGISTRATION:**

Each animal will carry papers issued by the Canadian Charolais Association, unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

## **PEDIGREE ESTIMATES:**

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

## **HEALTH:**

All animals in the sale have met all necessary health requirements.

## **GUARANTEE:**

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the appropriate breed association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

## **PREGNANCY INFORMATION:**

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

## **LIABILITIES:**

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## **DELIVERY:**

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

## **PHONE, MAIL, WIRE BIDS:**

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

## **INSURANCE:**

We strongly recommend that insurance is purchased for full value.

## **ERRORS:**

All announcements at sale time, written or oral, supersede any written material in the catalogue.
