MOOSE JAW, SK

# Welcome

Welcome to the Swan Lake Farms Spring Calving Dispersal!

It is with mixed emotions and heavy hearts that we sell our spring calvers, open heifers and a few herd bulls. Some later calving cows and heifers, which will do well in the commercial industry, will also be available in the sale. The group of females we are offering are the result of a strong foundational program, integral breeding and a lot of dedication. It will be tough watching many of these cows and calves sell through the ring, but we are confident they will work for their new owners. Due to time constraints of picturing, most of the open heifers did not get pictured. However, videos will be done for all cows and heifers.

This year has definitely been a year of change. As you may or may not know, I have taken over as General Manager of Stoughton Feed Processing Inc. – a demanding job with a demanding schedule. Although it has been a hard decision to make, we are excited to see what our genetics do in other operations. We appreciate all the support we have received over the last 20 years and are truly humbled by the acceptance of our genetics into the Simmental breed. Our plan, for now, is to keep the 30 to 40 fall calvers and continue to sell a few bulls.

We look forward to connecting with you come sale time.

Thank you,  
**Greg and Brandon**

## SWAN LAKE FARMS

# From the desk at T Bar...

Welcome to the Swan Lake Spring Calving Dispersal on November 17, 2020 at the Johnstone Auction Mart, Moose Jaw, Saskatchewan. Over the past two decades, Greg has been diligently putting together a strong Simmental breeding program and supplying the industry with value-added seedstock. A dedicated believer of the breed and the virtues it contributes to the cattle industry, Swan Lake have been strong

supporters at sales throughout the nation.

Dispersals are days of opportunity... one can sit in and purchase foundation building females from the heart of the herd, whether you are buying a proven brood matron or her youngest daughter or both. The services on the females are fresh and exciting, giving the new owners a coupon in a mere couple of months. The embryos stem from proven, prolific donors... whether you want the embryos or the purebred females carrying embryos, they are designed to produce front pasture products.

Stop by the ranch anytime and preview the offering and do not forget to have a peek at the bull calves off the cows selling... Greg's spring project. Feel free to give them a call to discuss the cow herd and the special ones suited for your program.

The market is strong with Simmental stockers topping sale barns throughout the country in price and scale weight. Canada has a shortage in the nation's cow herd (down 25% from 2005) ... now is the time to restock your program with proven new genetics on November 17.

During these times, feel free to call anyone on our T Bar C team to discuss or purchase any of the cattle offered. We will be pleased to assist in a professional and confidential manner.

**Chris Poley**

- She ranks in the top 10% of the breed for Calving Ease, Birth Weight and Maternal Calving Ease; the top 20% for Milk and the top 25% for Total Maternal.
- Her maternal sister, Swan Lake Becky 37F, sells as Lot 6.
- Her mother, 39A, is possibly the best cow we have raised and the mother of herd bulls – Swan Lake Caleb 3C for Twin Brae Simmentals, Inglis Manitoba and Swan Lake Denali 24E for Southam Simmentals, Elm Creek, Manitoba.
- Swan Lake Becky 6H is powerful in volume yet very feminine in her makeup and I truly believe she is the best female we have ever produced.
- **Although she sells in her entirety, we would like to reserve a flush using a bull we mutually agree upon and a maximum of six embryos for myself.**

# Terms and Conditions

## **TERMS**

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## **CERTIFICATE OF REGISTRATION**

Each animal will carry papers issued by the Canadian Simmental Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

## **PEDIGREE ESTIMATES**

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

## **HEALTH**

All animals in the sale have met all necessary health requirements.

## **GUARANTEE**

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Simmental Association with regards to health, freedom from defects and from both reproductive and specific genetic unsoundness.

## **PREGNANCY INFORMATION**

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

## **LIABILITIES**

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may, in exceptional cases, be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## **DELIVERY**

Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

## **PHONE, MAIL, WIRE BIDS**

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

## **INSURANCE**

We strongly recommend that insurance is purchased for full value.

## **ERRORS**

All announcements at sale time, written or oral, supersede any written material in the catalogue.
