## Welcome

Welcome to the Uneeda and Double S Speckle Park Dispersal Sale, whether in-person or online. The animals that you see today are the results of Wilf's extensive pedigree research and mating choices. They are also a large part of his successful rehabilitation after suffering a debilitating stroke ten years ago. They provided an impetus, both physically and mentally, to push himself at physio in order to regain the ability to look after them again. While in the Stroke Rehabilitation Centre in Two Hills for two months, he was eager to hear the daily calving and lambing reports from Shawn holding the fort at home.

While it is with mixed emotions that we are transitioning to a different lifestyle, we are pleased to offer a herd that we are proud of and it is our desire that these animals will be positive assets to their buyer's herds. We have enjoyed our time with the cattle and the connections that have been forged through them and file these times in our "Happy Memories Bank!"

Thank you to Dale, Lynda and Roland Chibri for starting us out with two great cows that have been the foundation females of our herd which we paired with the now famous Codiak Oscar GNK 8S; purchased at the Lakeland College Bull Test Centre and sold back to Gary and Nancy Kiziak. Thanks to all buyers of our animals in past sales and off farm. Our sincerest thanks to all of our family and friends – particularly Neil Brassington – who have helped with the animals over the years, we couldn't have done it without you. Thank you to the photographer Morgan Ilg, Ty and Taylor Draves of Ty-D Livestock for fitting and the barn crew.

A huge thank you to Chris Poley and the T Bar C sales management team and to Mark Shologan of DLMS. You are the best!

— Wilf, Ruth and Shawn Sunderland

## FROM THE DESK AT T Bar...

Welcome to the Uneeda Farm and Double S Farm Speckle Park Dispersal Sale on October 25 at the Lloydminster Stockade, Lloydminster, Saskatchewan. Although there is always a bit of sadness to see a fellow breeder disperse, opportunities become available to select from the heart of the herd.

The Sunderland Family have been producing seedstock for three generations. Although Wilf would like to move forward as they love the cattle business and the Speckle Park breed, health reasons have forced him to reduce workload by selling the herd. For the past decade, Wilf has been quietly building a cow herd through cow families... raising the kind of breeding stock that suits their ranch style and those of his customers. Embryo transplant has been part of his endeavors as he has flushed all his foundation females, therefore the sale offering consists of embryos out of his top cows.

We all know of the Speckle Park breed and its growth and popularity around the world in both purebred and commercial sectors. October 25 will be a day of opportunity to select from the heart of the herd whether you are looking for proven donors or their offspring, herd sires, herd bull prospects or frozen genetics. We must realize that since 2005, the Canadian cow inventory has plummeted nearly 25% and to fill this shortage we need numbers. Those who have the foresight to increase their herd inventories will capitalize in the growth years moving forward... do not miss them.

Feel free to stop by the ranch, anytime prior the sale and preview the herd in its natural surroundings or give Wilf or Shawn a call to discuss the stock that will work in your program.

During these times, feel free to call anyone on our T Bar C team to discuss or purchase any of the cattle offered. We will be pleased to assist in a professional and confidential manner.

— Chris Poley

## Customer Testimonial

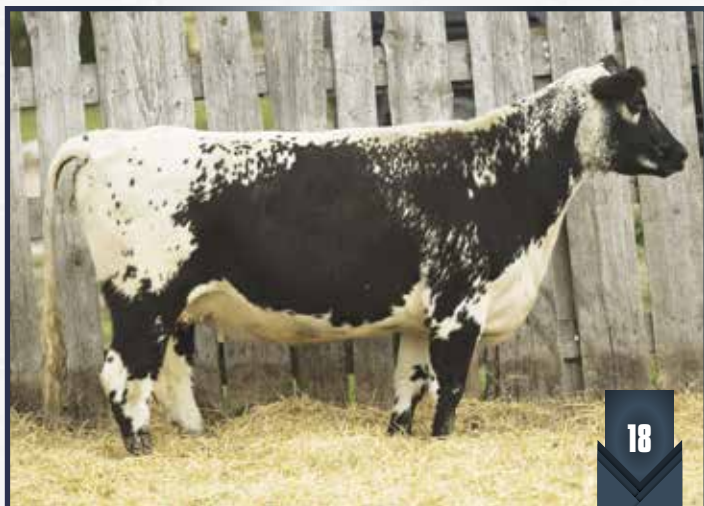

**INC Cattle Company**  
Saskatoon, SK  
[www.inccattleco.ca](http://www.inccattleco.ca)

Each of us face hard choices in this world, none, though, are harder than the decision to let go. It is without measure the influence Uneeda Farm has had on the Speckle Park industry as a whole and I dare anyone to find kinder, more generous people than Wilf and Ruth Sunderland. There is neither the time nor the space in these few pages to describe the legacy Uneeda Farm has left behind. Despite health challenges and countless other hardships encountered along the way, Wilf and Ruth remained passionate about their herd and they have bred some of the finest Speckle Parks in the world. If not for one animal in particular, Uneeda Zapper 13Z, sire of our Zeppelin bull, Janice and I would have never had so many opportunities or experienced the success we've had.

Even though you're moving on to a new phase in your lives, all of us know Black and White will forever beat in your chest. Janice and I are proud to call you our friends and we are so very grateful for all that you've done for those of us in this breed. May your sunset ride into retirement be filled with peace and happiness. Thank you for this chance to secure even more of your incredible genetics.

**Rob & Janice Harasymchuk**

## This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

# TERMS & CONDITIONS

## **TERMS:**

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## **CERTIFICATE OF REGISTRATIONS:**

Each purebred animal will carry papers issued by the Canadian Speckle Park Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

## **HEALTH:**

All animals in the sale have met all necessary health requirements.

## **GUARANTEE:**

All sellers and buyers of Speckle Park cattle in this sale are expected to be knowledgeable of and to abide by the Guidelines for Seller and Buyer Expectations and the By-laws of the Canadian Speckle Park Association. These documents are available from the Association's office.

## **PREGNANCY INFORMATION:**

All serviceable age females have been pregnancy examined by an accredited ultrasound technician, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

## **LIABILITIES:**

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## **DELIVERY:**

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

## **PHONE, MAIL, WIRE BIDS:**

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

## **INSURANCE:**

We strongly recommend that insurance is purchased for full value.

## **ERRORS:**

All announcements at sale time, written or oral, supersede any written material in the catalogue.
