**19<sup>TH</sup> ANNUAL ANGUS SALE**

**MONDAY, OCTOBER 22, 2018 1:00 PM**

**AT JUSTAMERE HEADQUARTERS LLOYDMINSTER, SK**

**Jon, Shelly, Tyra, Jon, Jim & Jorja**

**Dean, Tanya Robertson & Family**

Hello and welcome to Justamere's 19th Annual Angus Female Sale Of The Year. We are thankful and humbled by the many achievements the cattle from this sale and our program have accomplished over the many years of showing and selling our very best each and every year. We are blown away by this group of awesome Angus sale cattle. The herdsire prospects are incredibly good, very well balanced, sound and agile and it was very hard to narrow it down to just three. We feel they offer some very special genetics, proven yet outcross potential to many great programs. Lot 1, Houston, has already been in the winner's circle alongside his beautiful two year old mother.

Our sale features have been the extraordinary show heifer prospects in past sales and this year is no different. Three heifers sired by HA Cowboy Up, which are new and exciting as well as being flat out awesome cattle. Two heifers by the \$75,000, Justamere M.A.G.A. 105D, that will stand any and all competition. Two heart stopping calves sired by Justamere South Dakota, IPE 2016 Supreme Champion Bull. Also show heifers sired by PFV Insight 0129, Justamere Washington, C+C Thriller, Sudden Look 117D and an amazing, big time show female sired by EXAR Blue Chip in Lot 13 and two extremely powerful, April born, ET show prospects sired by Sankey's Justified 101 and Koupals Kozi 418. Needless to say, we are locked and loaded for the fall shows and excited to be exhibiting at the Toronto Royal, Louisville, Lloydminster, Edmonton, Regina and Denver. We hope you can find the cattle you want to be part of with us in this sale.

Our bred heifers this year are sensational. We have never had a set this great. Not only are they well bred and carry excellent EPD data but the AI services and natural clean up sires are extremely exciting. The cow/calf pair section is smaller in number but amazing in quality. We think each one of these cows are donor material and their heifer calves are as good as or better than they are. We round out the Angus offering with six embryos from the heart of our embryo program that will surely be the next great calves from our program. Our son, Jon, has partnered up with Tyler Nostadt to offer some very exciting club calf sired steers and heifers. These two young cattlemen are making their mark in this industry and we are excited for this sale and what the future holds for the cattle they have offered. Truly nothing is held back and that's the way we like it.

From drought to flood to mud to fire and tornadoes, we have seen it all this year across our great nation. We truly hope this catalogue finds each and every one of you well and in great status for the coming winter months. The Angus business is on the rise once again this year across North America. We say congratulations to us all and especially thank you to our many customers across this industry. Shelly and I want to thank our good friends and partners in this sale, Dean and Tanya Robertson of Running Steady Ranch. This family is extremely busy on many fronts but always have time to help throughout the year and we appreciate it. Chris and Charlene Carr are great help at the sales and shows and we thank them as well.

Finally, all this hard work could not be done unless we have the right people working with us. We are proud to have our son, Jon, working with us fulltime now. He has been dedicated to this business from a very young age and is the one that hold all this together and we thank him. Jim Bob, our second son, is finishing up Grade 12 this school year but has been a very big part of our success. His commitment to the field work, haying, baling straw and general maintenance is crucial and we thank him. Our girls, Tyra and Jorja, are a big help in the show barn throughout the year. Tyra is on her second year of pre-vet studies and Jorja is in Grade 8. Thank you to both of them.

Jon's good friends, Drayce Robertson and Shane Conrad, have been a huge help getting the sale cattle ready this fall and we appreciate them. Jordan Phillips will be back again this fall and winter to help us through and we thank him as well.

We certainly hope you can be with us on sale day for this exciting event. At Justamere, for over 120 years now, the seedstock business has been our livelihood and we are proud of this fact. If anyone on the sale staff, myself or my crew can help answer any questions, don't hesitate to contact us. DLMS will have online bidding and videos of the sale cattle before the sale. On behalf of Shelly and I and our partners in the sale, thank you and see you on October 22, 2018 at the historic sale barn at Justamere.

# HERD SIRE PROSPECTS

Justamere 124D Houston 564F

Justamere 1023 Evergreen 142D - Dam

BW: 74 lbs. August 15 WT: 860 lbs.

This sale offering has been 19 years in the making. We are excited about the future of this tremendous herdsire prospect, he combines all the right traits. Tremendous phenotype, extra length and depth of body. A well balanced, above average EPD profile and a one of a kind pedigree. His past SOTY sale feature dam is a picture perfect two year old. She was a high selling heifer calf in 2016 at \$25,000 for half interest to Still Meadows, Mr. Ken Ayre. This pair has already won the Lloydminster Fair Pen Show, Reserve Champion 4-H Female and just a week ago, they won their class at the IPE and went on to Reserve Champion Female Overall at a strong, high quality show. A 74 lb. birth weight to over 850 lbs. in mid-August. He has the performance we need. Get in on the ground floor of a truly unique bull prospect.

Terms to be announced.

We are always searching for cattle with that show ring look, that have the right performance and mass as well. This future herdsire has it all. He is out of our donor female, EXAR Ruth 0091. She has become a no miss female in our herd. With 27 calves being born in three years, some very remarkable, natural calves such as Justamere SJ Snowpiercer 355E, a past \$15,000 high seller in the Sale of the Year; her embryo heifers by Blue Chip, the Justamere Ruths, 429E and 433E, selling to Express Ranches for \$13,000 and \$8,000 in SOTY 2017. She also has some great calves at Pahl Livestock, Still Meadows and Cuddy Livestock in Ontario. His sire, PVF Insight was the winningest sire group at the 2018 USA Junior Nationals. He has over 450 calves in the Canadian registry and over 3,000 in the USA registry. His ranking as the go to sire is becoming a cold hard fact. This bull needs to be shown. His look combined with overall muscle, bone and balance, make him a natural born herdsire.

**Selling 2/3 interest and full possession after his 2018-2019 show career.**

Hailing from our version of the great Express Ranches' Barbara cow family, EXAR Barbara 1075, it is no surprise this awesome herdsire prospect made the cut for SOTY 2018. His brother, Justamere M.A.G.A. 105D, a \$75,000 past high seller and many times champion; his just as famous sisters, Justamere Barbara 817C, a \$10,000 feature in SOTY 2016, Barbara 309E, the \$51,000 feature heifer calf of SOTY 2017 and Barbara 604B, the feature cow of SOTY 2017, selling for \$14,000 to Running Steady. He is big, long, deep and excellent structured with a very quiet disposition. His Semex AI sire, Freys Opportunity ranks in the top 1% for the eight highly heritable traits, WW, YW, Milk, TM, REA and CW to name a few. He has a very well developed scrotal at such a young age. This calf has it in him to be a breed leader; his genetics are proven and he is from a tremendous, fault free cow family. Put your program on the map with Justamere Overdrive 504F. **Selling 1/2 interest and possession**

This show heifer portion of our sale is always exciting. We truly hold nothing back. These are what we feel are the best of our best, the future of our program and will have a definite impact on our breed. This daughter of the \$350,000 HA Cowboy Up hails from the immortal Ever Entense cow family. She is a deep bodied, soggy made female that is sure to be a standout brood cow; however, she possesses the look and quality of a show heifer we are proud to be a part of. Our first large crop of calves by our many times champion, Justamere South Dakota, is satisfying in every way. They are very attractive, growth based cattle with tremendous structures. This mid-January heifer needs some serious analyzing, as we think she is one of the best. Hailing from the Pride cow family, her brother, Justamere Doc Holiday was a SOTY 2017 highlight where he brought \$15,000 for half interest to Glen Gabel Angus. What a tremendous, young herd sire he has become. If you are looking for quality and consistency, this program won't let you down.

Our first set of calves by the \$75,000 sensation, Justamere M.A.G.A. 105D, at Running Steady, Neilson Land & Cattle and Justamere are absolutely awesome. Larry Neilson has over 20 on the ground by both AI and natural service and couldn't be happier. We can certainly see why. This heifer is out of a many times 4-H and Junior Show Champion Female of our good friend and 4-H'er, Colby Carr. This young man and his father Chris are putting together an elite herd of Angus females. This heifer has been an early pick by our son Jon in the show barn as one of our best.

Here is your chance to own greatness. This heifer's dam, EXAR Sandy 2730 is also the dam to our Sitz Top Game son, Justamere Washington 602B. 2730 ranks in the top 3% in several traits of this great breed and she is a one of a kind female. This heifer's sire is none other than the \$104,000 Justamere Sudden Look 117D, owned with Neilson Land & Cattle. He will definitely become a sure fire, calving ease sire, if this first crop of calves is the indicator. This heifer exhibits the style, grace and growth any top female needs. We are looking for a partner in this future donor. Outcross pedigree with proven genetics.

# HEIFER CALVES

BW: 78 lbs. WW: 797 lbs.  
 This Blue Chip daughter is a remarkable female. Her mother, Justamere Empress 138X has hit the record books around Justamere. Her son, Sudden Look 117D sold for \$104,000 in the spring of 2017 in our 20th Annual Bull Sale. Her daughter, Justamere 1422 Empress 316E by Reserve National Champion, Justamere Cash In, was also a high seller last year at \$15,000 for half interest. She has been a champion in 4-H and many other shows so far this year. This heifer can stand the competition and will be a real contender throughout her show career. EXAR Blue Chip is a superior show sire across North America. The possibilities are endless.

 Another deep, broody, hairy daughter of Justamere South Dakota, our gentle giant. This female's Upshot sired dam stems from our famous Blackbird line of females. 407A has won a few shows in her time. This heifer calf will be a great female for a 4-H junior member that wants to be competitive at any level.

Justamere TA Dixie Erica 575F

This extremely powerful, yet well balanced end of February daughter of Justamere M.A.G.A. 105D is a favorite of mine. Her EXAR Blue Chip dam is a past SOTY high seller owned in partnership with Tuckaway Angus and we are hoping to move her into embryo production in the near future. Visitors in the past month have commented that this one is special and I couldn't agree more. Being from the famous Dixie Erica cow family is certain to make this one a future star in this great breed.

Justamere 101 Blackcap 622F

BW: 77 lbs. WW: 668 lbs.

What a female to wrap up the show heifer calf part of the sale, with an ET daughter of the champion of champions, Sankeys Justified 101 and the EXAR Blackcap 4085 donor female, owned in partnership with Running Steady. I don't believe at her age, we have ever had a more exciting female. Early April born with a near perfect head and neck, smooth lines, deep bodied, big ribbed and still stout and sound. We think she has big time potential in the show ring. The Justifieds we have in production are the absolute real deal. Beautiful udders, sound, agile and easy doing, the right kind. Justified has over 300 calves in Canada now and he boasts a top 2% WW and YW as well as top 10% in Milk and top 1% in Total Maternal. We think the future is in these types of no nonsense, real production cattle. Have a good look at this fine female.

BW: 78 lbs. ADJWW: 669 lbs.

Here she is...the one that we have all been waiting for. This EXAR Blue Chip daughter is also a daughter of our number one, no miss cow, EXAR Evergreen 0048. This cow is a Rito 6EM3 of 4L1 Emblazon daughter that has produced us five calves. Her first calf born at Justamere was Justamere Mile High 601B, a \$25,000 herdsire for Still Meadow Farm, Mr. Ken Ayre of Langley, BC. His impeccable EPDs and overall size, muscle shape and mass put him at the very front of our herdsire line up. 389E is also a sister to our awesome two year old show female, Evergreen 142D, also owned by Still Meadow. We don't think you can make them better than this heifer. You can show her, flush her or have her producing the best in your pastures. Definitely one to mark high.

AI bred to K Bar D Native Joe on April 4, 2018. Pasture exposed to EXAR Cowboy Country 7123 from April 16 to July 19, 2018. Marked safe to AI date.

This young, four year old female is definitely hard to part with. Sydgen C C & 7 is a remarkable sire in both the United States and Canada. She is very correct in her makeup; very sound and functional, with a near perfect udder. She is doing a standout job on her big numbered, high performance, start of February calf, sired by the sensational HA Cowboy Up 5405. She is the right kind. Future donor potential here.

This heifer is definitely my type; big and broody, yet soft made and well balanced. If we had a 100 just like her, it would be one hell of a cowherd. We are sure you will find her sale day. Pasture exposed to Running Steady Outcross 106E from April 11 to June 8, 2018. Due February 5, 2019.

We are excited to have some very good club calf genetics as part of this year's sale. Our son, Jon has a small herd of club calf females that are Angus based and he AI breeds to some of the best club calf sires in North America. Special note this year, Tyler Nostadt from Ontario asked to be a small part of the sale with his seven best steers. We have not seen them in person yet but some of the videos and pictures appear very exciting. Youngsters grab the opportunity to get a hold of some halter broke, competitive at any level show steers or heifers. Jon has won at several 4-H shows and at Gmack Open Show, as well as Dauphin, Dawson Creek and the Calgary Stampede. The Nostadt family has been breeding and showing champions for decades in Eastern Canada and have won at Lloydminster Fair in 2018 and the Calgary Stampede on several occasions. If only the best will do, then you are at the right sale.

When talk was about us coming to join such an awesome sale with prospect steers, I talked with Dad and said, "gotta bring more than just black ones out." It was a tough decision to change it up because we like our blacks but we had to bring this fault free red calf out. He's got the build of a fat steer and just will catch a lot of eyes. Bid with confidence on this crimson calf.

A very honest, complete calf that has had many siblings hang banners. Won't get one with a look and power that this one explodes with in every way or angle you look at him.

This one is kid proof and will be great for a young 4-H member, that will get them the red or blue ribbons in the show ring. Big hiped, big belly, got all the B's of a 4-H steer and what they're asking for.

Might be one of the greener ones on sale day but might be a top pick... one that has a look of a fat steer and one that a little showmen might fall in love with.

These are very exciting embryo matings in our program or indeed, any program across the country. Definitely the tip of the future. After selling to Express as a heifer calf, Mistress went on to win Reserve Champion Female at Agribition in 2014, then into embryo transplant this spring. She was hugely successful, giving 50 eggs in just two flushes. Ellingson Top Shelf is said to be the best of the best of newer AI sires. We are excited to see the calves in 2019. From the heart of our program at Justamere, here is your opportunity. Dam Owned with Running Steady Ranch.

Very interesting genetic offering here from our's and Running Steady's donor cow, EXAR Blackcap 4085 and the sire of champions, 74-51 Sudden Look. We have these excellent calves on the ground this year and they are exciting. Male or female, they are heart stoppers. Be watching for an exciting full ET brother in Denver 2019 at the Stock Show. These opportunities come around every year. Grab these last two embryos while you can. Dam Owned with Running Steady Ranch.
