# Sale of the Year

18<sup>TH</sup> ANNUAL ANGUS SALE

MONDAY, OCTOBER 16, 2017 1:00 PM  
AT JUSTAMERE HEADQUARTERS LLOYDMINSTER, SK

Welcome to the 18th Annual Justamere Sale of the Year. Another year has flown right by for us all. Our family is proud to be in this great business and excited for what the future holds in this great breed of Angus cattle. Our nest is a little emptier this fall as Tyra has started her studies in pre vet at University of Regina. Jonny has graduated grade 12 and is a big part of the operation here but this last month he has been on the set of a TV pilot episode in Vancouver, featuring both Black Angus and Hereford cattle. It's an exciting time but challenging times for him, as well for all of us. We have been very blessed this year whether with an over abundance of rain and tremendous growing conditions. A bumper hay crop and harvest and we are truly thankful for this. Our thoughts and prayers go out to those of you dealing with drought along the southern part of our borders. Also the devastating fires and smoke in British Columbia, along with a prolonged drought have had their effects on the livestock industry. However, I know this to be true; cattle people, wherever they are, are the most resilient, positive, forward thinking, problem solving men and women of any industry known to man. This industry will move forward and the weather will be more agreeable. Many positive good things will come out of adversity; they always do.

The bull sale season this spring was another very good run for the Angus business. We had a very successful 22nd Annual Bull Sale and wanted to thank all of our friends and customers for being part of that great event. This year's Sale of the Year is truly exciting for all of us at Justamere. We are constantly striving to improve our genetics, therefore helping our customers improve their programs. The four herd sire prospects are definitely exciting. The Lot 1 bull will be one to watch in the future; he offers an outcross pedigree, combined with a superb EPD profile. His sire, EXAR Stud is fast becoming a standout AI sire for calving ease, maternal and carcass data. This certainly doesn't take away from the three other show prospect bulls sired by Justamere Mile High, 74-51 Sudden Look and my favorite Justamere Sailor Jerry. They will show very competitively and sire you the right kind for years to come. The many visitors through this summer were very impressed with our show heifer pen. We feel they are the best set we have ever offered for sale, sired by EXAR Blue Chip, Freys Opportunity, EXAR Lutton 0409 and Justamere Cash In. These females will be very competitive in the show ring but also offer the ability to turn into great production females when the show ring is done. They are worth the time to come have a look; we strive each and every year to offer the best we can from our program. This year's bred heifer offering is as unique and promising as we have ever had for sale. The EXAR Envious Blackbird show heifer by Roundtable is truly remarkable and will be a future donor for our program. The Full Throttle bred female in Lot 22 is super exciting. There are several other exceptional heifers sired by C&C Thriller, EXAR Lutton, Justamere Washington, EXAR Reputation, Dameron First Class, C&C Mc Calla as well as Sankeys Justified, Justamere Cash In and EXAR Outcross. The real exciting part of the sale is the way these heifers are bred. Many carry service to Justamere Sudden Look 117D, the \$104,000.00 Lot 1 of our 2017 Bull Sale, C&C On Cue (a full brother to 2017 Denver Senior Champion, C&C Blue Ribbon), both owned with Neilson Land & Cattle, also EXAR McKinnley and Justamere Bullseye. You won't find these sorts of outstanding outcross genetics in volume anywhere else this fall. The cow calf section of our sale is flat out awesome; take the opportunity to help yourself to some of the females that have shaped this great program and they feature halter broke show quality heifer calves at side.

The embryos and semen offer the same high quality we hope you have come to expect from us at Justamere. Our program only works because it is working for our customers across North America and we want to thank each and every one of you for adding our genetics to your program.

In closing, we want to thank the many people that are part of the sale. Our consignors Running Steady Ranch, Dean and Tanya Robertson and Family; 8C's Cattle Co., Chris and Charlene Carr and family; Tuckaway Angus, Susan and David Godfrey and also Ken Ayre of Still Meadows Farm.

We have been very successful in the show ring again this year and we want to thank our son Jon for being the strength behind that part of the operation. As well as Tyra and Jorja, Drayce Robertson has also been a great help this year and we appreciate it. Tyler Nostadt helped us with picture week preparations and also picture days one and two; also Rosemary Currie for her help with early clipping of the sale cattle. Our son Jim has dedicated his time to the baling, cutting of hay and baling straw, also hauling and stacking of the feed and we certainly appreciate his effort. Of course every operation has the driving force behind it, the one that takes care of us all. For us that is my wife Shelly, from the book work, the meals, the making sure we get to the deadlines and commitments we have made, staying home when we are all gone, showing or marketing cattle to look after every little detail. On behalf of all of us, I would like to say thank you Shelly.

We invite you all to come to the sale on October 16 at our historic Justamere sale barn, as many generations of cattlemen and women have before and take a part in the future of our operation and the Angus breed. Videos will be online early October at DLMS.ca and please call with any questions, concerns or anything else we can help with.

Thank you and see you at the sale.

# HERD SIRE *prospects*

**Justamere 4658B Stud 302E**

Another exciting year has gone by and the SOTY sale is upon us. Our lot 1 selections in past sales have been and gone on to be significant contributors to the breed, not only in the show ring but also the commercial sector and female producing options of the future. This year's feature is no different, sired by the \$202,000.00 EXAR Stud 4658B, a young breed leader in the American Angus Association. His dam is a past donor female for Express, as well as being sired by the Carcass and Maternal cornerstone of the Express program. We love the look of this calf from any angle. He is long, deep, big topped, nice fronted with a square hip and well muscled hind quarter. He was exceptionally easy to halter break this fall and my crew always appreciates that important aspect. His pedigree and EPD profile offer our program and many others a different line of genetics to build on. His low 78 pound birth weight combined with a 900 pound September 1 weaning weight make him a true curve bender. He is one that you can not only show but build a herd around. This is an exciting opportunity to get in on the ground floor with this young STUD.  
**Terms to be announced.**

BW: 78 lbs. September 1 WT: 905 lbs.

An exciting prospect out of a superb two year old Justamere Panama Jack 336U daughter. Panama Jack was Reserve Champion Bull at the National Western Stock Show in Denver in 2010. He has gone one to raise some very good sons and daughters. The sire Justamere Mile High 601B is a standout herd bull owned with Ken Ayre of Still Meadows Farm in BC. Ken's first bull sale in March of 2018 will feature sons of Mile High. This bull has been shown at the side of his mother to win Reserve Champion Female at the Lloydminster Regional 4-H Expo for our friend and partner, Madi Redpath and her great family. We feel he has great potential in the show ring in his own right. His pedigree and profile are fresh and exciting for many programs. Just a 70 pound birth weight and over 900 pound weaning weight on September 1, ensures the performance and style you are looking for. He will be one to watch for in the future.

**Selling half interest and full possession after his show career.**

BW: 70 lbs. September 1 WT: 925 lbs.

**Justamere Mile High 311E**

**Justamere 1023 Docholiday 344E**

You don't name a calf DOC HOLIDAY unless you mean business. This has been a favorite of our son Jon and his crew in the show barn since early summer. Sired by the incomparable 74-51 Sudden Look, a bull that has definitely created a stir in both Canada and the United States. His dam is a GCC OSAGE daughter that has always raised a great calf. He has as much middle and lower dimension as any calf we have raised and again, he was a dream to halter break and get ready for the upcoming show season. He will be a contender in the February bull calf classes and definitely will make a great yearling show bull prospect. You can own the future of the business with a destiny you yourself can create.

**Offering ½ interest and full possession after his show career.**

BW: 82 lbs. September 1 WT: 840 lbs.

This is one cool dude! Sired by our favorite Justified son, Sailor Jerry, (now deceased). This is the only group of calves available on this great sire. The Justified calves are topping sales and winning shows across North America as their gone too soon sire did. The EPD profile and pedigree are solid and above average; he is a definite eye catcher and will be fun to show and watch develop. As I mentioned before, this calf and three more will be all the progeny ever offered sired by Sailor Jerry, as we had the misfortune of losing him after the 2016 show season. We are excited about the future and look forward to a great relationship with Snopiercer's new owners.  
**Terms to be announced.**

BW: 77 lbs. September 1 WT: 860 lbs.

**Justamere 1877 Barbara 309E**

The show heifer offering is very exciting for all of us every year but we feel very confident about this year's group of show heifers as a whole. They are definitely going to be competitive but also will be the dams of many future breed leaders and exciting champions and high sellers in this great Angus breed.

This heifer by EXAR BLUE CHIP the number 2 ROV sire of the year in America combines the power, dimension, depth of body and attractive front end that we are all searching for. Her dam, EXAR Barbara 1075 is the mother of the 2016 SOTY high selling herdsire, Justamere M.A.G.A. at \$75,000.00 to Neilson Land & Cattle and Running Steady Ranch. As well as the feature EXAR Fortify daughter, Justamere Barbara 604B in the cow calf section of this sale. We are extremely excited about her future as a great show prospect but also a donor type female.

**Terms to be announced.**

BW: 80 lbs. September 1 WT: 850 lbs.

A very powerful daughter of Semex AI sire, Freys Opportunity 148A. She has the look of a definite show prospect yet with the broodiness of those true type Angus females that we all know will last forever. Her Outcross mother, Blackbird 658B, combines Bada Bing, Annie K, Emblazon and Lutton in her stalwart pedigree and is a young female that will be destined for the donor pen. Her overall dimension and power set her apart from the rest in many ways.

**Offering ½ interest with the option to double up and take her all.**

BW: 80 lbs. September 1 WT: 800 lbs.

**Justamere 148A Blackbird 310E**

Sired by our Reserve National Champion, Justamere Cash In 461A, and out of Justamere Empress 138X female that produced our Justamere Sudden Look 117D in the 2017 bull sale, being the high seller at \$104,000.00 to Neilson Land & Cattle and share holders, K Lazy T, Running Steady and Still Meadows. This female has out produced herself again. 316E is not only wide based, thick topped and big bodied, she has a beautiful neck and shoulder placement and has been a pleasure to watch develop in the pastures this summer. We love her type and kind and can't wait to show her this fall with her new owners.  
**Terms to be announced.**

Another terrific daughter of Cash In who of course traces back to the immortal Dameron First Class, a bull that will go down in history for this great breed as the sire of champions. Her mother has had great ones through the show barn before and this year is no exception. If you want a good Angus show heifer that will turn into a great production female, then have a good look at this beauty.

BW: 90 lbs. September 1 WT: 810 lbs.

**Justamere 461A Barbara 322E**

**Justamere TA 850C Rita 356E**

Sired by a past SOTY highlight, Justamere Trademark 850C and out of a tremendous Dameron First Impression daughter that in turn, traces back to the great Limestone C Rita female. This early February born stunner will have you piling up the banners and pictures in the years ahead. She is clean and fresh in her lines, very fancy in her makeup and should make a killer show heifer. This heifer's mother was a past SOTY high seller, selling for \$31,000.00 to Tuckaway Angus, David and Susan Godfrey in New York. They are building a very powerful herd of elite pedigree and EPD profile cattle. We are proud to be partners in this great female with them.

BW: 82 lbs. September 1 WT: 750 lbs.

This very fancy end of February EXAR Blue Chip daughter is also progeny of EXAR Evergreen 0048, the dam of herdsire, Justamere Mile High 601B, owned with Still Meadows and Justamere Justified 807C, a past bull sale high seller at \$15,000.00 to our good friend, Bruce Reimer of Willow Spring Angus at Kitscoty, AB. Also dam of our 2016 high selling show heifer prospect at \$24,000.00 for half interest, Justamere Evergreen 142D to Still Meadows. 0048 is headed to Embryo Transplant next spring. Get this sweet heart of a heifer bought and into your program, she is one of a kind.

BW: 78 lbs. September 1 WT: 685 lbs.

**Justamere 3273 Kerrie 397E**

This early March daughter of EXAR First Impression could be the sleeper of the entire offering. She is as fancy, deep and powerful as all the rest but a little younger which means her show career will be one to watch for next year, through 4-H and the many prospect jackpots and junior shows available. We love her type and kind and her mother has never missed bringing in the good ones.

If you want one that is a guaranteed show animal with solid genetics to back her up when the showing is done, this daughter of EXAR Lutton 0409 is the one you should look at. A very powerful fact in her pedigree is the past Denver Champion, WCC Frontier Gal 39, a female that has produced many champions and high sellers even as recent as Spring of 2017 where at Express Ranches she had a daughter bring \$290,000.00. This female's mother, GGA 20Z was a purchase from our good friend Glen Gabel a few years ago and she has never missed a beat.

BW: 75 lbs. September 1 WT: 720 lbs.

## *Choice of ET Full Sisters*

Two awesome ET heifer calf prospects sired by the great EXAR BLUE CHIP and our one of a kind donor cow, EXAR Ruth 0091. You won't find any fancier or more complete set then these two. They both have tremendous show potential and more importantly, revenue potential into the future. We are going to let you pick and choose. Winning bidder can double up and take them both or pick one and we may or may not sell the other one, so make sure you are the one that decides.

BW: 74 lbs. ADJ WW: 760 lbs.

In the show cattle industry, especially the Angus business, there are two bulls that top the list of sure fire champions and sure fire production, Dameron First Class and EXAR Lutton 1831 are those two sires and they combine in this tremendous female's pedigree along with the great Envious Blackbird female line, the RR 1920 cow is a million dollar producer in this industry. We always offer our best in this sale and this year is no different. There is one problem; we don't have a picture of her, as she is on set of a TV pilot feature for an upcoming series, we will have a video and picture up upon her return from Vancouver end of September. This heifer is truly a great one, sired by the S&R Roundtable bull. She exemplifies the look and power aspect of any great Angus female.

**Exposed to Justamere M.A.G.A. from May 25 to July 20, 2017.**

**Due to calve early April.**

 I love these heifers that carry the genetics of the proven lines of this great breed. When I try to ensure the quality, I always look to the genetics that have stood the test of time. Her pedigree is one that will stand up to all challenges and she is a real powerful brood cow candidate. Don't over look this one.  
*Pasture exposed to Justamere Sudden Look 117D from May 20 to August 6, 2017. Due to calve April 19.*

 A very well made, smooth daughter of Justamere Washington 602B, our two year old. The pasture is full of Washington daughters; they are flat out awesome. Beautiful udders, long deep bodies, moderate easy doing females and the best part, they will wean off the stoutest set of calves we have had off first calvers in a very long time. Of special note, this girl is due early February to the sensational C&C ON QUE bull we acquired from Express and Jarold Callahan this spring and now own with Neilson Land & Cattle.  
**Pasture exposed to C&C On Cue 6022 from April 20 to May 6, 2017. Due to calve early February.**

 JUSTAMERE 46B FAY 918G

When these Fortify daughters come up for sale, grab them while you can. There is not enough of them in the breed. We have very limited semen left on that great bull and you will see, you can't make a better udder than the Fortify's.

*Pasture exposed to Justamere 561X Washington 602B from April 7 to August 6, 2017. Due to calve mid January.*

A very fancy, first of February Luton heifer calf that we feel has as much potential as the single lot prospect heifer calves. She is very complete, well balanced, will make a fabulous show heifer and turn into a top producer of show quality bulls and females alike.

A great, young female sired by the immortal, Dameron First Class and out of the Denver Champion, Shockwave on her dam's side. With First Class semen fetching over \$15,000/dose, if you can find any grab the opportunity to have one of these fine females in your program. Her heifer calf is a stunner.

*Pasture exposed to Justamere Justification 626B from April 29 to August 6, 2017. Due to calve the end of January.*

A great opportunity to own the future with the three great genetics packages. The EXAR Ruth 0091 donor female has been a prolific donor and a superb front pasture female. She has a ton of dimension, a great udder, super sound feet and leg structure and she is quiet and easy to work with. Koupal Kozi 418 is a Semex sensation young sire. His outcross pedigree and terrific EPD profile put him in a league of his own. When opportunity knocks grab hold.

The newest donor to the program is the three year old EXAR Blackcap 4085, a very impressive daughter of outcross sire, Conneally Namesake 10X and of course, tracing back to the GDAR Game Day bull and the million dollar producing GAR Precision 2536. These genetics are very difficult to find in Canada. Then add the Denver Senior Champion 74-51 Sudden Look, an outcross sire to many programs as well. The cattle he has produced for us and many others are very good and very exciting. This is your chance to create something unique and exciting next year.

The \$75,000.00 sensation of last fall, Justamere M.A.G.A. has grown into a very powerful herdsire, we are excited to be showing this fall. We, along with our partners Running Steady Ranch and Neilson Land & Cattle, have decided to offer the last 40 straws for sale this year in 10 dose increments. M.A.G.A. offers a total outcross package to many of today's programs and trust me he is very good. **A: 10 Units B: 10 Units C: 10 Units D: 10 Units**

The semen is scarce on this legendary herd sire. He would be the cornerstone of as many programs in North America as any bull in this great breed. His daughters are moderate, easy fleshing and they milk like no other. The sons are heavy muscled, big scrotaled and they carry the always important positive, carcass data. We will share this small part of the past in hopes for a huge future for the winning bidder. **A: 4 Units B: 4 Units**

With semen running scarce on this great bull's sire, Justified, we turn to his sons like Mastermind to help carry the burden. Mastermind is a very complete, very well balanced herd bull with the show look to him. He will add performance and thickness to his progeny without sacrificing calving ease and doability.

Talk about very rare and very exciting. These proven show cattle producers are also very solid in real world beef production. The daughters are ones to build programs around and the sons are herdsire candidates, each and every time they are born. A once in a lifetime opportunity.

# Terms and Conditions

**Cattle Inspections:** All carry permanent identity tags, corresponding to Sale Lot numbers. All cattle shall be available for inspection prior to sale.

**All Cattle Are Sold:** Subject to such tests as required for export under regulations of the Health of Animals Branch, Department of Agriculture for Canada - those corresponding to Bureau of Animal Industry requirements.

**Breeding Guarantee:** All cattle are sound and right, and all with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association shall apply.

**Pregnancy:** Examinations shall have been conducted prior to sale on all serviced females.

**Announcements:** Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

**All Persons** who attend the sale do so at their own risk and the Owners, Consignors, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

**Holding and Shipments:** Approximately one week is required for export transfers and other documents to be processed. Export animals will be held at no charge and under excellent care. Joint export shipping arrangements to attain minimum shipping cost will gladly be made by the sale management if instructions to that effect are provided to clerk of the sale when settlement is made.

**Mail Bids:** May be entrusted in complete confidence to any of the Sale Staff listed or to Justamere Farms Ltd.

**Insurance:** Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerk's desk from the appointed representatives on sale day, also from the sale management at any time.

**Terms of Sale:** Are cash or cheque at par, payable to Clerks of the sale on Sale Day. U.S. Funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been recieved prior to departure times.

**Every Animal** sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.
