FALL FEMALE SPECKLE PARK SALE | OCTOBER 22, 2022 | MAPLEHILL AUCTIONS, HANOVER, ON | 1:00 PM

FROM THE DESK AT T BAR C....

The stir that the Speckle Park breed has incited throughout the cattle industry on the world's stage is remarkable. All of us at T Bar C are proud and pleased to manage many of the great Speckle sales across all of Canada, and it is with great excitement that we welcome this breed to Maple Hill Auctions in Hanover for the First Annual Designer Fashion Speckle Park Sale.

In the early spring, the idea came about in forming these four progressive programs together to make a solid foundation for an inaugural event that would command the attention of breeders across the globe. I would like to give special thanks to Elgin and his crew at Red Maple for coming up with the name of this sale. These four outfits are putting their best foot forward in this great selection of cattle for your appraisal.

The mature cow section of this event is very intriguing, including many donor candidates. There is a prosperous future within the deep set of bred heifers on offer. You will find calendar year heifer calves that have the look we love and appreciate. You will also pretty easily find a bull calf in this catalogue that has power and mass to become a future mainstay in your program. And of course, how could we have a Speckle Park sale without exclusive semen and embryos that have been so appreciated internationally.

As always, the T Bar crew will be close by, and can handle any order and questions you may have. We very much encourage your participation and interest in this new event!

Hope to see you in Hanover,

BEN WRIGHT

We're passionate about advancing the Speckle Park breed so we are headlining our offerings with this beautiful young cow. She's maturing nicely with her balanced frame and an udder that defines the word tremendous. She's a first crop daughter of Moovin Zpotz Dart 37D and she demonstrates the top characteristics that Dart is known for. Add in her maternal line with HS Star 8B, who is a power female in our herd, and then back to Styals Passion Star 15P. We develop cow families in our Red Maple herd and Passion Star 14F is from one of our foundation families. We have her dam, sisters and daughter in our herd so we feel we can offer this outstanding cow and her female calf for sale.

AI bred to Double S JSF Rawhide 260D on May 17, 2022. Due to calve on February 23, 2023.

This stylish heifer calf has so much to offer! She has a tremendous sire stack and is from a very appealing cow family. She's the daughter of Red Maple 37D Passion Star 14F and is sired by Codiak End to End GNK 802E. She'll catch your eye now with her long body, width and the way she walks on a great set of feet and legs. With this solid backing of breed character, we think she'll catch your heart as she develops in your herd.

Looking for a balanced, smooth, proven cow with a perfect udder? Well here she is. Victoria is a granddaughter of River Hill 26T Yager 99Y from one of the Red Maple foundation females – JSF Victoria 13Z. She's easy keeping, breeds back easily and raises tremendous calves every year. She has an exceptional Moovin Zpotz Dart 37D calf selling with her.

Exposed to JSF Grand Slam 76G from May 28 to August 27, 2022. Due to calve early March, 2023.

Fancy, fancy, fancy! This Moovin Zpotz Dart 37D daughter is stylish, thick and has great feet and legs. She could make a really nice show project for a junior breeder. As she develops to maturity we expect that she'll follow in with the Dart female characteristics of udder quality, milk production and motherability. If you're looking for a bright future in Speckle Park breeding, we think she's purrfect.

NADINE – strong, hard-topped, wide loin and walking on a great set of feet and legs. She is sired by a son of River Hill 26T Yager 99Y. She has raised an outstanding calf each year for 4 years with an exceptional 2 year old in our herd. We felt she was worthy of breeding A.I. and mating her with Codiak Monument GNK 107D was an easy decision. This mating adds the bloodlines of Codiak Oscar GNK 8S and Codiak Unique GNK 8R.

AI bred to Codiak Monument GNK 107D on May 29, 2022. Due to calve on March 7, 2023.

Jacinta means beautiful! Jacinta is a long-bodied, deep-sided April yearling daughter of Moovin Zpotz Dart 37D from an HS Untapped 3A daughter of JSF Skylark 1Z. Skylark 1Z is highly recognizable as one of our Red Maple foundation females whose family breeds longevity, frame and size. Embryos from this family have been exported to Australia. The great grandmother of this calf, Cold Creek Skylark 2X, is still in production at Johner Stock Farm with embryos exported around the world.

Pasture exposed to Silver Tip 05G STS 04J from June 8 to August 27, 2022. Due to calve mid-March, 2023.

Here is one that is hard to let go. A full sister to Petemar Special Silas 3D, Sassy 4D and Sally 12E, and a maternal sister to Calamasue 22Y, with the phenotype to prove it. This female is massive ribbed, stylish, has near perfect feet and legs, and a temperament that's hard to match. Her Dam, Miss Sage 2N, calved once again this year at age 19, and Sacha 13D has all the right parts to last just as long. Sacha was part of our late summer/fall calving season, so she will sell with her fancy young heifer calf. **Sells open and ready to flush.**

A Ulysses granddaughter, this speckled heifer was Ben's first pick on selection day. She goes back to some good old genetics.

Observed bred to Andchris Just Crushin' It 20J on June 5, 2022.

This is the first Legacy Pure Country 174E embryo offering. Mated with our great donor cow, D.L.R. Zippery 42Z. A foundation cow who has been an excellent producer for us, with daughters working well in our herd. She has progeny in both Canada and Australia. These embryos will be an outcross in most herds on both sides.

6B can out produce herself just as good as any. Very maternal female added rib shape put together in a moderate package. Stemming from one of the most prolific cow families in the breed, she will not disappoint! We really love this female, and it is very hard for us to let her go.

Exposed to Edgewater Glock 3J from May 25 to July 20, 2022. Due approximately late February.

We've been excited about this one since she hit the ground! Sired by our purchase from INC Cattle Co, INC Polar Express 51H, a calf from the infamous Logic x Witches Brew mating. 8K has the pieces to become a great one, great front one third and rib shape, when she enters enter production, she should out produce herself just like her dam does every time! She has been developing just like her maternal sister Edgewater Jewel 2J and is sure to impress just like her!

5E is a female we showed as a bred heifer in 2018 and she found her fair share of success including Reserve Champion AOB Female at the Royal Agricultural Winter Fair Junior Beef Heifer Show. 5E has great rib shape with incredible capacity and can produce like no other. This female is just entering her prime, get in while you can!

Bred to Edgewater Glock 3J on May 3, 2022. Due to calve on February 10, 2022.

Quinn 2G is a female we really like for her added frame size and length of spine. She has so much natural muscling in her hind end with great neck extension. Sired by the breed leading sire Traffic Jam, also the sire of one of just two speckle park bulls to make Top 10 at CWA. She's bred early to INC Assassin, will be a very exciting calf!

AI bred to INC Assassin 777G on April 22, 2022. Preg checked safe to AI and due to calve on January 30, 2022.

If you're wanting to push your program to the next level take a look here! This mating combines two very unique young individuals in the breed. Coal Train is truly an amazing sight to see with his overall power, added muscle mass, huge bone, and great feet. Virginia 4G is an up and coming donor in our program, she did a tremendous job on her first calf, Edgewater Glock 3J and is doing it once again on her Headliner heifer calf this year! 4G is deep bodied, has the added look and style we are striving for, and to put it together she has an amazing udder—we are still kicking ourselves for not taking an updated donor picture yet. Don't miss out on this opportunity to get some very high quality calves from these embryos!

THANK YOU

TERMS AND CONDITIONS

TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Speckle Park Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH:

All animals in the sale have met all necessary health requirements.

GUARANTEE:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Speckle Park Association with

regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

EXPORT:

Purchases going to the United States will be delivered at cost.

DELIVERY:

Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE:

We strongly recommend that insurance is purchased for full value.

ERRORS:

All announcements at sale time, written or oral, supercede any written material in the catalogue.
