*2023 Private Treaty Bull Sale*  
*Duck Lake, Sk*

# AJ ANGUS

***We proudly offer our private treaty Black Angus bull sale catalogue to the cattle community. We have been actively involved in the cattle industry for many years producing commercial cattle, registered Black Angus cattle and high quality purebred sale bulls.***

***Each year we focus on producing moderately framed, easy fleshing, high performance, no-hassle cattle. As you glance through our catalogue you will see that we have put together a solid group of performance bulls that come from proven, sought after lineage and have remarkable epd reports. These bulls are selectively bred for performance, calving ease, phenotype and efficiency.***

***Our bulls are handled regularly and are use to having people around them. Our bulls are fed a safe, simple diet that allows proper development while keeping them ready to go straight to work when you receive them.***

***We invite you to come view our herd and are happy to discuss our 2023 Black Angus bull offering with you to help assist you in selecting the bull that will best compliment your herd and meet your needs. Also keep an eye out as we begin offering Red Angus bulls as well in the near future to help better meet all of our customers' needs.***

***Actual Weight Date in Catalogue: December 28, 2022.***

***Videos of all sale bulls can be viewed at [www.facebook.com/AJAngusCattle](https://www.facebook.com/AJAngusCattle).***

## ***Terms & Conditions:***

***Sale bulls are part of our herd health program. All bulls will be semen tested and vet checked to ensure breeding soundness. All angus cattle are sold under terms and conditions of the Canadian Angus Association. If you require a trichomoniasis test we will arrange to have it done during the vet check at cost to the buyer. We strongly encourage all buyers to place insurance on purchased bulls until delivery. Bulls can remain at AJ Angus until April at no charge; if they need to be kept longer the buyer is responsible for placing insurance on the animal and a \$3.00/day yardage fee will be chared to the buyer. AJ Angus will deliver bulls within a 200 km radius at no charge; if delivery is farther than that we will help to assist in making delivery arrangements as needed.***

258 is an embryo bull calf from our flush cow that is highly fertile, sound footed with longevity. He is a direct son from SAV Renown 3439. He was on display at the Canadian Western Agribition and was well presented. 258 is very long spined, abundance of muscle shape, twist and bone. We believe his daughters to come will be any programs biggest asset and return on investment. Length and bone are very hard to breed into your cattle folks but this bull will do it!!
