

BLACK CHROME LIVESTOCK *Bull sale*

MARCH 6-7

Online with DLMS Farmgate

Offering Yearling and 2 Year Old Purebred Black Angus

BLACK CHROME LIVESTOCK

We would like to invite you to our 1st Annual Bull Sale, this marks the first year of offering bulls for sale through an online sale platform. Past years we have been guest consignors at the Ultra/Czech – Mate Bull Sale but with the rising number in both of their programs along with our own it was time for new opportunity. We are proud of how much our program has grown and progressed over the years. Through an extensive A.I. program and integrating embryo transfer we have been able to source and select leading genetics in the Black Angus breed from around the world.

Our goal is to produce cattle that are structurally sound and very functionable. Ones that have great temperaments, style and are built for longevity. Our bulls are fed a TMR ration of silage, hay, rolled barley and a trace mineral package from Country Junction Feeds. They are developed in a large pen allowing them ample space to move around and exercise.

This year we are offering a select group of yearling and two-year-old bulls that we feel will satisfy your herd sire requirements. We have a variety of calving ease and high-performance bull options. Note that the two-year-old bulls on offer are specially grown out to be part of the two-year-old program. These bulls are born in March and April of 2021 and have never been offered for sale.

Black Chrome Livestock would like to sincerely thank all our past customers as well as those who have shown interest in our program. We look forward to touring past, present and future customers through the bull pen. Stop by any time prior to the sale or if you can't make it to see the bulls contact one of us to discuss the bulls and their dams. We want to ensure that you get the bull that best suits your program. We look forward to seeing you.

Black Chrome Livestock

FROM THE DESK AT T BAR C

Welcome to the first annual Black Chrome Livestock Bull Sale presented on DLMS Farm Gate Timed Auctions March 6 with a closeout at 6:00 P.M. on March 7, 2023.

This lineup of Black Angus yearlings and two-year-olds is small in numbers, but big in quality genetically and phenotypically. The McLeries of Black Chrome Livestock and Bar 27 Stock Farm run a large commercial operation. Their purebred cow herd is small and elite. They use A.I. extensively in both the commercial and purebred herds to advance both programs and understand what it takes to be successful in both sectors of the industry.

The bulls are sired by proven A.I. sires that are proven for both performance and high maternal values. Payweight, Big Sky, Renovation, Coleman Bravo, Renown, Resource... quite a lineup of Angus profit makers.

Stop by the ranch anytime prior to the sale or give Cache or Jill a call to discuss the bulls and your needs for the summer breeding pastures.

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar Team or myself, we will help you in a professional manner.

2023 MARCH 6-7

ONLINE BULL SALE WITH DLMS FARMGATE

March 6 Start 9:00 AM MST

March 7 Close 6:00 PM MST

SALE DAY PHONES:

Black Chrome Livestock:

Cache McLerie403.391.1072

Jill McLerie 403.341.0639

Cam McLerie403.505.3059

SALE MANAGEMENT:

Chris Poley306.220.5006

Shane Michelson..... 403.363.9973

Ben Wright..... 519.374.3335

INSURANCE:

Canadian Farm Insurance Corp.

Jill Wildman780.305.1146

VIEWING:

The bulls are available for viewing prior to the sale and during the sale at any time. Please contact Cache or Jill for more information.

SIGHT UNSEEN PURCHASE:

If you are unable to view the bulls prior to the sale and need assistance, please call one of the Black Chrome contacts or a T Bar C representative. We would be happy to discuss the bulls and your needs. Our sight unseen purchase program lets you buy with confidence and our team will have your best interest in mind by providing you with the information you need – satisfaction guaranteed.

BULL GUARANTEE:

All bulls will be semen tested and veterinary inspected prior to the sale.

CATALOGUE ORDER:

The bulls are listed in the catalogue by sire group. Yearling are first followed by the two-year olds. Sale day weights as well as scrotal measurements will be available on the Black Chrome Livestock Facebook page and online at www.buyagro.com.

CALVING EASE SCORES:

Star ratings are a subjective estimate of a bulls calving ease. In assigning stars, objective data (such as birth weight and calving ease information for the heifers and cows) is used. Stars may generally be interpreted as follows:

STARS	CALVING EASE
★★★★	Bull with high level of calving ease based on dam and sire history, actual birth weight and EPD of birth weight
★★★	Bull who can be used on heifers or cows
★★	Bulls who can be used on cows
*	Bulls who should only be used on cows – expect larger birth weights

BOARD AND DELIVERY:

We can keep the bulls until delivery. We will deliver bulls to central points in Western Canada and will assist with trucking to Eastern Canada and the USA. Each animal becomes the risk of the purchaser as soon as the bull is sold. We recommend bulls staying at the farm for any length of time be insured. We would like all bulls delivered or picked up by May 1st, 2023.

TERMS OF SALE & RIGHT TO SEMEN:

All bulls sell under the standard terms and conditions as set forth by the CAA, copies are available if needed. All bulls sell in their entirety, although Black Chrome Livestock reserves the right to draw semen on any of the bulls in the offering. Semen will be used for in herd use only and will be drawn at the expense of the seller and at the convenience of the buyer.

PICTURES AND VIDEOS:

Pictures and videos were taken the second Sunday in January. Videos can be found on the Black Chrome Livestock Facebook page, www.buyagro.com, www.nickirosscattleservices.com or on the Black Chrome Livestock sale page found on DLMS Farm Gate Timed Auctions.

SALE INFO

HOW TO PARTICIPATE IN THE DLMS FARM GATE TIMED AUCTION WITH EXTENDED BIDDING:

1. Visit www.dlms.ca, scroll down sale list to find the sale you are interested in bidding on. Click on the sale listing and you will be taken to the Farm Gate Timed Auction Sale page.
2. After you are at the Farm Gate Timed auction site - farmgatetimedauctions.ca, click the LOGIN/REGISTRATION button.

First time Farm Gate users:

- First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. (please note due to some of the text notification features the Farm Gate Time Auction Site requires a new account separate account from your DLMS Live sale site)
- After you create your Farm Gate account you will receive a txt message with a pin code to verify your account.
- On your first log in to Farm Gate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

Returning Farm Gate users:

- If you have used Farm Gate Timed auctions in the past simply enter your user name and password to continue. After you have logged in you are able to browse the timed auctions on DLMS Farm Gate Timed Auctions.

3. How to Bid

Now that you are logged in and your account phone number / email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.

a) **Place Next Bid** – to place the next bid on the item, you see the amount in the first box, you simply click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed.

b) **Max Bid Amount** – to place a max bid you put your max bid in the second box listed as “Max Bid” on the item, and then click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the max amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller during the sale process.

Example of How the Max Bid Works - If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot competing against each other.

4. Watch List Feature

If you have items in multiple auctions or only a few from the same auction that you want to watch with out having to scroll through the entire list you can add the lots to your watchlist. On each lot you will see the “eye” button beside the bid button, by clicking this “watchlist” Icon that item is added to your personal watchlist for easy viewing of just your favorite lots in this sale or on the entire site.

5. Sale Ending / Closeout

Most Farm Gate Timed Auction sales close racehorse style with extended bidding.

What is Racehorse Style Close?

Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

How will Extended Bidding works?

When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

6. Bidding Close & Follow-up

After the clock has gone to “ENDED” and no bidding has occurred for 5 min the computer will declare the sale finished. Following the close typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidding you can contact the sale consignor / sale manager to confirm payment instructions.

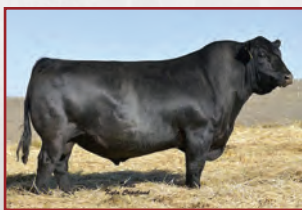

Please make sure that your account info is up-to-date and correct if you are the winning bidder of a lot as this is how the billing is sent to Sale manager and/or Sale consignor.

For more info and assistance with bidding contact;

SONS OF **BASIN PAYWEIGHT 1682**

SIRE BASIN PAYWEIGHT 1682

CE ***

BW 86 || ACT WW 700 || ACT YW 1100

Take a look at this Payweight son, here's a bull that has had the look of a herd bull right from the very beginning. He has tons of natural muscling, volume and is a very smooth made individual. If you're looking for a bull that will produce calves with top weaning weights, then this is a candidate to consider as he is in the top 12% for weaning weight and yearling weight for the Black Angus breed. The dam of 1K is a moderate framed, easy fleshing and level uddered Radiance daughter out of the well renown Blackbird cow family.

2K

CE ★★★★★

BW 70 || ACT WW 680 || ACT YW 1050

2K is a light birth weight calving ease option, with a unique pedigree. His dams sire is SAV Bismarck 5682, which was known for proven calving ease and his remarkable females. 2K has a calving ease EPD for the breed percentile in the top 5% and birth weight is ranked in the top 10%. This bull is smooth made and very stylish. The combination of Big Sky and Bismarck put a unique twist on the pedigree as Big Sky adds strong carcass values.

This is a bull that is phenotypically what you envision when you think of an Angus herd sire. 47K has a moderate frame and birth weight. He has that eye appeal and style along with natural thickness. The dam of 47K was one we purchased a few years ago from LLB Angus. This was a female that stood out for her structural correctness, femininity and style. 47K is the natural calf of 412F but we think enough of this dam, we flushed her to Big Sky as well. The great grandam of 47K is an Elite/Premier dam.

The youngest bull in our two-year-old offering, another eye appealing Bravo son. The Bravo sons definitely have a presence and are a very uniformed and consistent group. This bull will add calving ease predictability to your program. 354J has lots of muscle expression comprised in a moderate frame. He is clean fronted and has a nice smooth head. The dam of 354J is a powerful female that always adds tons of performance and growth to her calves and has a beautiful udder.
