**FEBRUARY FREEZE**  
SATURDAY, FEBRUARY 18, 2023 | 6:30 PM CST

Accumulating appraisal and recognition from around the world in its short three-year run, the 2023 and fourth edition of February Freeze further builds upon a sale that is a household name for being loaded with unlimited potential and opportunities. This is a carefully crafted offering, with many hours being spent selecting an ensemble that we are proud to endorse. The genetic material that is included in this catalogue are being made available as the catalyst to propel your program to the forefront of the purebred sector, and ultimately (and most importantly) elevate your bottom line. The Angus division includes a genetic masterpiece in the Lot 1 female, a pick from long established leaders in the breed, the first South America heifer to ever sell North of the 49th, and an April show heifer backed by an absolutely outstanding cow. This is only a small selection of what you will find for live cattle, turn these pages and see just how deep the rest of the contribution goes.

The Simmental section receives the “most improved” accolades. And what an offering it is. The talk of the Fall was the momentous R Plus Dispersal, and we could not be prouder to offer the Canadian semen rights on the high selling, and aptly named Estevan 2162K. Alongside semen and embryos that define rare and hard to find, there is something for every program’s sights.

Valuable and highly sought-after semen and embryos can be found in the Charolais lots, with many notable sires coming from South of the border. As always, our famed Hereford line up includes the who’s who of breeders, with genetics that have never been offered by public auction. Thoroughly study these sections if you are looking to enhance your breeding operation.

The Fall of 2022 was one that we at T Bar C will never be forgetting. To see the value of truly quality seedstock never be so evident has never been so rewarding. The genetic decisions that were made to create these value-added cattle can be made again through this very sale. The birth of February Freeze came from our desire to give progressive breeders a marketplace for proven yet fresh genetics to add to their program, and continue advancing their own herd and production sales. We feel that this goal has been met, and when you study this lineup of 102 lots, we know you will come to the same conclusion.

Please note that as in the previous editions this is an “online only” live auction, with the chant of Chris Poley coming through your speakers, selling this sale in catalogue order. Please do not hesitate to contact any of us at T Bar regarding this sale, or any of our upcoming Spring sales. We exist to serve the purebred cattle world and take your business very seriously. We eagerly await what this 2023 year will offer the industry!

For all of us at T Bar,

**BEN WRIGHT**

## **SALE WILL BE CONDUCTED LIVE ONLINE ONLY ON DLMS.CA**

How to participate in this DLMS Online Only Live Sale

1. Visit [www.dlms.ca](http://www.dlms.ca), click the REGISTRATION link and fill out the registration form. From this page you will sign-up for a free user account and it allows you to select a username and password for use on [www.dlms.ca](http://www.dlms.ca) Already have an account, simply sign in with your username and password.
  2. To be Approved for bidding on the sale - Log in to [www.dlms.ca](http://www.dlms.ca) with your username and password and click BUYER APPROVAL link located on the left hand side of the page, then click the SIGN UP button beside the sale you are interested in bidding on. We recommend that you request to bid for the sale at least 24 hours prior to the sale, we will do our best to approve you after this point but the earlier the better to confirm approval of bidding.
  3. Approx. 24 Hours ahead of the sale we will post and update sheet with sale order and any up to date catalogue information & changes to the sale offering. Go to the sale page and view the up-to-date sale lot info, pictures and videos on each lot selling.
  4. On Sale Day go to [www.dlms.ca](http://www.dlms.ca) and with your username and password log in to the DLMS website. After the sale broadcast has started click the VIEW SALE button on the home page for the sale you are interested in bidding on. (DLMS starts purebred sale broadcasts approximately 30 min prior to sale time and the VIEW SALE button will appear at this point when the sale broadcast is started.)
  5. During the sale when the lot comes up you are interested in bidding on simply click the Bid button. When your bid has been accepted your bid button will turn RED. If the price increases and you are out bid your bid button will turn back to BLUE to stay as the high bidder you must bid again. PLEASE remember that your bid button must be RED to be the high bidder and win the lot.
- If you require assistance with getting approved for the sale, Interested in Proxy Max Bidding or bidding via phone talk to any of the DLMS Purebred team, Sale manager or Sale consignors and we can help you in purchasing the lot you are interested in.

## ELLINGSON BIG RIVER 0052

ELLINGSON THREE RIVERS 8062 X EA BLACKCAP 4053

CE: -1.0 // BW: 3.7 // WW: 86 // YW: 146 // MILK: 24

We are absolutely thrilled with the first calf crop from Ellingson Big River. His first calves have solidified his phenotypic and genotypic potency. Big River progeny are well made with lots of size, body shape, hair and bone and as much sheer thickness as any sire we have ever used. His daughter are among the very best in the replacement pen and his sons will lead off the 2023 Spring Peak Dot Ranch Bull Sale on April 5. Ellingson Big River is the next big important piece in our breeding program here at Peak Dot as we continue to improve overall maternal, foot and udder quality, fertility and milking ability. His muscle density, base width and bone circumference and performance is unmatched. He checks all the boxes starting with Big Performance: A moderate 86lbs birth weight combined with a 1006lbs weaning weight and a 1674lbs yearling weight. Big Maternal: His dam EA Blackcap 4053 is one of the best donor females on the Ellingson Angus Ranch and has earned Pathfinder status with a production record birth ratio of 5/97, a nursing ratio of 5/107 and a yearling ratio of 3/102. Big Power: Explosive body capacity, ample bone, structural soundness and fluent mobility. Top 1% for hoof claw and angle EPDs. Top 1% for weaning and Yearling EPDs.

A sale feature to any sale in the land, we are proud to offer Donna 2588 to Canada. Purchased alongside her mother at the record breaking Coleman Female Sale , this South America daughter could be the first one to stand ground in Canada. With semen never going to be available in Canada & valued at \$3000 per unit in the states you're buying an exclusive pedigree to this stunning looking female . The Donna cow family at Coleman's has made them a household name around the world with the famed 714 down on the bottom side of the pedigree. Her mother 8255 was selected for her incredible udder , adequate frame & special kind of maternal look. Never before have we been so excited about offering a female literally from the cutting of angus genetics, and take note of her young age as only a July born!

# HF TIBBIE 205F | HF STORM CENTER 26D X HF TIBBIE 14D

Here is an opportunity to acquire a flush on a cow family that has become a household name in the Angus breed in Canada. The Tibbie cow family has become one of the top income producing females in Hamilton Farm's history. HF Tiger 5T is doubled up on both sides of the pedigree which adds so much predictability in regards to feet, udder, phenotype and disposition. A number of sale toppers have resulted from this pedigree, including HF Mastermind 98H x Showman (a maternal brother), sold to Bar-E-L and Cowtrax for \$30,000, a Tiger son HF Who's That sold to Minert-Simonson in Nebraska for \$40,000 and Tibbie's sire, HF Storm Center 26D sold to Sun Rise Simmentals for \$35,000 for 2/3 interest. Pictured is a daughter of Tibbie 205F that sold through the Angus Collection sale as a heifer calf for \$36,500 to MWC Investments. Also pictured is her bull calf, sired by KR Southbound who will definitely be one of the lead off bulls in the HF Bull Sale in March. He weaned off Tibbie 205F in Sept at 900 lbs, Adj 205 wt of 847 lbs and indexing 114.

CE: 6.0 // BW: 1.2 // WW: 65 // YW: 105 // MILK: 22

Right off the top of the replacement pen comes this April sweetheart. Her mother (6190) was the high selling female in the '21 LLB female sale and has made her way to the donor pen here at RLF. Her massive body shape, superb udder and maternal lineage is the kind we want to make more of. The same day we purchased 6190 her daughter also sold for \$13,500 to insure her producing capabilities. 6190 carries a huge 112 weaning ratio with a low BW EPD to make sure all the bases are covered. The combination of Registry, F.A & Brady going back to the same cow family as the \$140,000 U2 high seller Erelite 109Z make for an exciting future.

“Hummel Roberto” is the chosen one out of the second set of calves that Hummel Livestock brought up from Argentina as embryos. Offspring out of the first set of these Argentina-based genetics are setting record sales at Coleman Angus and Sadler Ranches. We expect nothing less from Roberto. He is out of one of the most decorated show bulls in South America and a cow that has proven herself time and time again at El Volcan, one of the most respected Angus operations in Argentina. Roberto represents real-world performance with enough look to get along in the showring. Who would have ever thought the two worlds could align once again?

Coleman Donna 756 is a full sister to the \$480,000 valued Coleman Rock 7200 as well as the \$68,000 valued Coleman Donna 769, both selections of Ingram Angus. Being a direct daughter of Coleman Donna 714 and OCC Juneau 807J, her pedigree is as maternally stacked as you can find. She proves this by standing over perfect feet with a tremendous udder and a dead quiet disposition. She has tremendous body capacity as well as a classic angus head and a long deep body carrying into a strong hip. You'd be hard to draw up a cow any better! The \$270,000 1/4 interest Coleman Glacier needs no introduction. He has been tearing up the angus world this fall and winter. Both matings of eggs will have Renown behind them with the Glaciers having the extra punch of Donna 439! We feel both of these embryo groups will leave you with very similar calves that will be highly desirable! **GUARANTEE ONE PREGNANCY PER PACKAGE IF IMPLANTED BY A CERTIFIED TECHNICIAN. SHOWMAN

CE: 9.0 // BW: 0.7 // WW: 38 // YW: 61 // MILK: 28

Bar S Range Boss is one of the most dominant sires of show winners and sale toppers in recent history. Even more impressive, his sons and daughters are producing show winners and sale toppers as well. He sires saleable bulls and females you'll be proud to own. His consistency is undoubtedly a result of his line bred pedigree. Very little Range Boss semen has ever been offered on the open market. Here's a great opportunity to get a piece of a LEGEND.

- This superior cow demonstrates just why this cow family is sought after as she was a \$20,000 purchase from JL
- Gorgeous uddered, stunning profile, and ultra feminine with body mass
- She raised three herd bulls walking with her best efforts now on the ground
- The three sires represented all bring something to the equation, and are rare to Canada
- Please note: the first ever Prolifics to sell anywhere, this bull is gonna make some noise

# SCHIEFELBEIN GABLE 311 X PEAK DOT ERICA 358D

PE CE: 5.5 // BW: 1.9 // WW: 79 // YW: 141 // MILK: 25

Peak Dot Erica 358D is a female you can build around with confidence. Like many of the Vision Unanimous daughters she is a stout made, deep bodied female with a great udder. Her dam has raised several featured top selling bulls and represents maternal, production, fertility and longevity. They say it all starts with the mother cow and with Peak Dot Erica 358D perfect udder, excellent feet and great looks this mating to Gable will be a valuable start or addition to any program out there. Gable caught the attention of cattlemen all across the country last fall when a semen interest sold for \$120,500 in the Fall Peak Dot Ranch Bull and Female Sale. His tremendous performance, thick body, added muscle shape with a unique combination of phenotype and an incredible number package have made him one of the most sought after bulls in the Angus Breed.

PETER: 659-734-5841

PE CE: 2.5 // BW: 3.4 // WW: 70 // YW: 125 // MILK: 19

Sarita 547J needs no introduction. This outstanding Agribition Champion was purchased by us for \$100,000 in partnership with Ashwood Cattle Company. Sarita offers impressive and unique Argentinian lines, her dam is deemed as one of the most powerful females to ever show at Palermo, where she was crowned Champion Female. Combine that with her sire being considered the absolute number one for female production in Argentina. This mating to the growth and performance sire Barricade will be unmatched.

**ARGENTINE BEAUTY**

**BARRICADE**

CE: 2.0 // BW: 3.7 // WW: 60 // YW: 108 // MILK: 29

An exciting opportunity to acquire semen on one of the most talked about bulls of the 2022 bull sale season, "Private Stock 879j". He is a two time Division Champion at CWA. First as a calf and again as a yearling, as well he was shown at the Toronto Royal where he earned Title of 2022 Reserve National Champion Angus Bull . His maternal brother, "Elevation 100k", sired by Bloodline, was also a division champion at the 2022 CWA. We feel their dam, Erica 561g has only began to show us what she can do. In her first year of production she earned just shy of \$100,000 on her first 4 progeny. Private Stock calves have just began to hit the ground and boy are they exciting. They are born moderate and have tons of vigor. They display an excellent hair coat and already, at only a couple weeks of age, have a commanding presence to them. The future is exciting! Grab hold of the first semen to sell in 2023!

Registration number 2252780. Born 15/02/2021. Ellingson Open Range was a \$47,500 sale highlight from Ellingson's 2022 Production Sale. He is a direct son of EA Bells Girl 2181, the iconic donor that was the "Pick of the EA Herd" in 2020, selected by Ingram Angus. Open Range's dam has quickly become a cornerstone of the Ellingson program. There are five full sisters retained in the EA replacement pen and countless half sisters in production. At the 2021 bull sale a maternal sister produced the Lot 1 sale feature Ellingson Badlands 0285 which sold for \$80,000. Look for Ellingson Open Range to improve hoof and structural integrity, maternal qualities, fertility and calving ease with extra performance. Open Range will see heavy use in the Ellingson and JPM Farms programs in 2023.

LLB LENA 624C**

PE CE: 5.5 // BW: 1.7 // WW: 74 //  
YW: 129 // MILK: 20

As productive as we've had, Lena 624C checks all the boxes. Maternal, udder quality, feet, docile & just plain gorgeous to look at. We have daughter ready to calve in our herd that we love, Lena 625C has produced a \$15,000 bull & comes from the same cow family as the \$40,000 Lucknow bull. Barricade & Sterling come highly recommended & not easy to find, these planned matings are manufactured for profit. **GUARANTEE ONE PREGNANCY PER PACKAGE OF THREE IF IMPLANTED BY A CERTIFIED TECHNICIAN. # DEER VALLEY GROWTH FUND X JL SUSAN 4022

PE CE: 5.5 // BW: 1.4 // WW: 74 // YW: 136 // MILK: 27

Genetic excellence at its best here. Susan 4022 was our selection of the JL dispersal that has really come into her own. Long bodied with an abundance of milk in a low BW package being a daughter of the legend FA. Growth fund adds that extra jam and maintains that perfect udder we all come to love. The full sib to these eggs certainly created some stir at fallsview '22 this year and going to Ferme Gagnon in Quebec. Look at the numbers with that big spread from BW to YW and you'll love the type of cattle these genetics will raise you.

**GENETIC EXCELLENCE AT ITS BEST**

Grandson of N Bar Emulation EXT, considered by many as the most influential Angus bull of the last 100 years, the foundational Emulation line is long revered for maternal characteristics, fertility and longevity. Paired with the greatest maternal cow line in the Angus breed, Elation is the best of all that came before him. He held the world record when he sold for \$800,000 during the 2018 Schaff Angus Valley sale. For buyers looking to increase frame size, growth and pay weight, as well as produce long-lasting daughters with high udder, teat and foot quality, this is your bull. Phenotypically attractive, extremely long-bodied, thick and muscular, Elation is athletic with a sound structure and docile temperament. Elation combines growth and maternal characteristics, two of the most sought-after traits in the beef industry, and gets it all done without compromising on economic performance along the way. 0413 is the greases proven daughter of 0075, the 17 year old maternal matriarch of SAV. She is a sixth generation proven embryo donor from pathfinder sire SAV Pioneer 7301. An incredible producer with extreme femininity and abutment milk. She has a weaning ratio of 106 on 5 calves. She is the dam of SAV Madame Pride 3256, the No 1 weaning and yearling cow in the entire SAV herd. She comes from a long line of top producers. Her prolific dam, 0075, is the second-highest income generating cow in SAV history. She is also a maternal sister to SAV Registry, and Supercharger.

The popular second lead-off and second top-selling bull from the 2019 SAV sale. He is sired by SAV Raindance 6848, who is the number one semen sales sire at ST genetics and flush brother to SAV Rainfall 6846. Emblem combines a curve bending EPD profile with majestic herd bull presence, length of front, massive volume, expressive shape and breed-changing type, a force to be reckoned with in the Angus breed. His Pathfinder dam, SAV Emblynette 2369, is a herd-leader with unmatched phenotypic power and production ability. She is the #1 205-day weight and #1 marbling female of her calf crop. She has multiple daughters retained in the SAV herd and twelve progeny featured in past sales, including the top-selling female in the 2019 SAV sale and second top-selling female in the 2018 SAV Sale. Emblem has been chosen to carry on the namesake of the SAV Emblynette family, that was established in 1946. His prolific grand dam by Net Worth comes from four consecutive generations of Pathfinders, generating \$1.4 million in receipts on 100 direct progeny in past SAV sales and has 22 daughters retained in the SAV herd. 0413 is the greases proven daughter of 0075, the 17 year old maternal matriarch of SAV. She is a sixth generation proven embryo donor from pathfinder sire SAV Pioneer 7301. An incredible producer with extreme femininity and abutment milk. She has a weaning ratio of 106 on 5 calves. She is the dam of SAV Madame Pride 3256, the No 1 weaning and yearling cow in the entire SAV herd. She comes from a long line of top producers. PE CE: 5.0 // BW: 1.0 // WW: 56 // YW: 103 // MILK: 26

Rainfall sires added length, soundness and unmistakable herd bull presence in his sons. His daughters are stunning in an elegant maternal package. He sets himself apart with his dominating hip and rear-leg structure with muscle shape and flawless phenotype. He brings calving ease, maternal strength, and performances together. With an impressive phenotype, pedigree and proven production record, 0494 comes from a prolific family of producers with fertility and longevity. A powerful daughter of Bismarck, she's the No. 1 YW and No. 3 WW female of her calf crop. Produced three top-selling progeny in past SAV sales, including SAV West Plains 2161, who was the top-selling Final Answer bull from the 2013 sale. Flush sister to SAV Bullet 0473 and SAV Bullion 0474 the two heaviest actual weaning bulls of the 2010 calf crop. Her Net Worth dam is the world-class producer SAV Emblynette 7566, who ranks among the nine top income-producing cows at SAV. She produced 93 progeny for the SAV program thus far, averaging \$14,370 in past sales. Her granddam is 7261, a fourth-generation Pathfinder and the oldest living SAV cow at 20.5 years.

South Point has established himself as a highly proven sire, combining breed leading calving ease and performance all in one package. His real-world qualities like foot structure, fluid movement, fertility, dimension, thickness and attention-grabbing presence are very evident in his calves. He works in the heifer pen giving you light birth calves that excel once they hit grass. Both sons and daughters are made with ideal skeletal structure and look. In the past year his progeny have been Champions and division winners throughout Canada and the US. A son, Wilbar Juncture 453 was recently named 2022 Canadian Angus Show Bull of the Year while another son was crowned Champion Bull at the renowned American National Junior Angus Show. Daughters in production have beautiful udders, weaned heavy calves and bred back early. Take advantage of your only chance to purchase semen on the International Champion Conley South Point 8362 in the 2023 breeding season.

**DEER VALLEY GROWTH FUND X  
JL RUBY 5003**

PE CE: 9.5 // BW: 0.9 // WW: 76 //  
YW: 135 // MILK: 27

The JL Ruby cow is making a strong name for herself as a perfectly designed donor cow. This beauty is a strong boned, flat top cow with lots of hip and rib. We have flushed this cow multiple times and she produces more than ten embryos each time. Ruby has an impeccable udder with perfect teat placement and size. This female is the past high seller from the record setting 2020 Autumn Angus Classic sale. Ruby is a very docile cow and a treat to work with. We first flushed Ruby to Deer Valley Growth Fund and had great success. Growth Fund is arguably the best son of the very popular Basin Payweight. Growth Fund adds both maternal traits and performance to this flush. We were able to get our hands on some hard-to-find Mohnen General 548 semen and we thought there was no greater cow than Ruby 5003 to cross with it. Mohnen General progeny are becoming well known as sale toppers all around. General is proving to have great consistency in his calves producing thick, long females and strong boned, muscular bulls. Mohnen General is the past \$ 90,000 high selling bull of the 2019 Mohnen Bull Sale. **GUARANTEE ONE PREGNANCY PER PACKAGE OF THREE IF IMPLANTED BY A CERTIFIED TECHNICIAN. STORED AT DR. R.M. HOLTBY. YW: 111 111 // MILK: 28

This female was a large investment for us, but well worth every penny. She is a phenomenal dam and checks all of the boxes for what creates the perfect cow. She is a direct daughter of SAV Madame Pride 0075, the second top income producing cow in SAV history with over \$5.3 million in direct progeny sales (as of 2019). With the maternal strengths, growth performance and worthy carcass data in this pedigree, she has made a large impact on the genetic potential of our herd.

S A V Madame Pride 8144 is one of the most stunning heifers we have seen and she was the #1 indexing heifer of the entire 2018 natural calf crop at Schaffs Angus Valley. She earned a 205-day weight of 812 lbs, putting her in the top 1% of the breed for weaning performance. In addition, she's a three-quarter sibling to S A V America 8018 - the 1.88 million dollar valuation, all-time top selling angus bull in history. We have very high hopes for this female and will have numerous calves off of her in the future, as she has produced extremely well for us via IVF.

We are excited to be part of the 2023 February Freezes sale events. We would like to share a flush in one of the soundest Red blady 14-year-old donors in the breed today. Also being Lock N load's full sister does not hurt her. She is a breed changer in her own right. The heifer that is most recognised out of 63U is the yearling that went on to be the Grand champion female in the open Simmental show and was named Reserve over all breeds in the Junior show at the 2017 Royal Winter. She also produced two of the high selling heifer calves in the Fall View sale past two years. One which sold for \$18500 to Diamond M Cattle Company 2021. GR 2K to Dudgeon Family for \$20,000 and GR 14K to Ashworth farms for \$8500 In the 2022 sale. She is a standout when it comes to her flush record as well. She is one of Steve Yackley at Trans Ova favorite cow to IVF. She is not slowing down in her embryo production as she gets older the 3 times, we have flushed her this year. They have had an average of 35 #1 freezable embryos per flush. She is open and ready to be flushed. She is standing at Trans Ova in South Dakota. If you are looking to add some new genetic out of the US here is a great opportunity to do just that. **Guarantee 6 embryos with an open top. Flush to be done at Trans Ova, costs borne by the purchaser.**

 Red Bull is such a unique individual that gives a different twist of pedigree for red Simmental breeders with all the extras Homo Polled, very stout, rugged boned, big footed, extremely hairy, athletic in his motion, and good natured. His calves are coming with moderate birth weights and angus like aggressiveness, he is not a heifer bull because they come a little rugged and extra hairy, but I feel the sexed heifer semen would work for heifers. His calves are very exciting and we would like to share his genetics, Red Bull is definitely worth trying.

CE: 5.5 // BW: -1.2 // WW: 85 // YW: 149 // MILK: 25	

WCR Bold Move 168 P was just the sale featured Herd bull topping the USA Charolais National sale in Denver Colorado. Bold Move offers excellent phenotype combined with an absolute star-studded genetic EPD profile. He also comes from one of the most prolific cow families at the WCR program, a large Charolais operation that is international known and respected. Bold Move ranks in the Top 35% in 9 different traits, including the Top 1% WW, Top 1% YW, Top 1% TSI. Bold Move is so unique as he has the extra good looks combined with a staggering EPD profile. A pedigree that is an outcross to many in the entire Charolais breed as well as a negative -1.6 BW epd and 80lb actual birthweight. Bold Move can end your search for something different to use in your AI program on your heifer pen for 2023.

 CE: 2.8 // BW: 0.8 // WW: 74 // YW: 127 // MILK: 34

RBM Keystone H41 sold in the spring of 2021 for \$34,000 to a partnership between Brent Charolais and Legacy Ranch Charolais. He is quickly becoming one of the most used sires in the breed due to his tandem of performance and carcass merit coupled with an elite phenotype. His EPD tabulation is rivaled by few boasting top 4% WW, 8% YW, 4% MILK, 1% MTL, 5% SC, 35% UDDER, 9% CW, 30% REA, 2% MARB & 10% TSI. This all with a 76-pound BW to ratio 93, and a 115 WWR, 112 YWR and 108 IMFR. His first crop of calves hit the ground in the fall and reports indicate a short gestation, lively vigor, and quick growth, stamped with added eye appeal. His dam, RBM Jasmine F251, is an exciting young donor that sold for a \$37,000 valuation in the 43rd National Charolais Sale in Denver. We strongly believe that Keystone will outlast many sires simply because he is able to add real world performance, phenotypic quality, and impeccable structure. This will be the only semen offered in Canada in 2023.

# SVY TRUST 6H X ECHO SPRINGS WORTHWHILE 60C

PE CE: 1.7 // BW: 2.9 // WW: 44 // YW: 81 // MILK: 23

Here is a unique opportunity on the 2017 and 2020 RAWF Grand Champion Charolais Female. These embryos are produced by Echo Springs Worthwhile 60C and sired by the \$123,000 SVY Trust. 60C was purchased from the reputable Echo Springs operation and has since become the cornerstone of our growing herd. It is with great excitement that we offer these embryos. SVY Trust is the bull creating as much excitement in the Charolais breed as any in recent history. Combining the 60C and Starstruck cow family is an untapped potential. The genetic prospect of this outcross mating is a great opportunity to be ahead of the curve.

These embryos are packed full of genetic potential. Their sire, "Royal", is no stranger to the Hereford breed and is leaving an impressive set of females. They are attractive, deep bodied and have beautiful udders. The dam, ICF 204B, is a powerful cow. She packs eye appeal with performance and consistency. A brother was used in our herd and then sold to His and Hers Herefords, her maternal sister sold last year to Glenlees in Saskatchewan and a heifer calf sold in 2021 to Sandy Ridge Cattle Company in Walkerton. We are confident these embryos will make great females!

# NOTES

**TERMS:** The terms of the sale are cash or cheque, payable at par at sale time. The right of property shall not pass until after settlement has been made; unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

**CERTIFICATE OF REGISTRATIONS:** Each purebred animal will carry papers issued by the appropriate breed association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

**HEALTH:** All animals in the sale have met all necessary health requirements.

**PEDIGREE ESTIMATES:** Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

**LIABILITIES:** It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

**DELIVERY:** We will assist in arranging transportation wherever possible. Each purchase becomes the risk of the purchaser as soon as sold.

**PHONE, MAIL, WIRE BIDS:** Bidders unable to participate in the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

**INSURANCE:** We strongly recommend that insurance is purchased for full value.

**ERRORS:** All announcements at sale time, written or oral, supersede any written material in the catalogue.
