Timed Auctions Made Easy

BIDDING OPENS APRIL 28, 2023 9AM CLOSES APRIL 29, 2023 7PM

1. Visit www.dlms.ca, scroll down sale list to find the Jakes Butte Dispersal.

2. After you are at the FarmGate Timed auction site - farmgatetimeductions.ca, click the LOGIN/REGISTRATION button.

First time FarmGate users:

- First time users will select the REGISTER button from this page. Fill out the registration form to signup for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. (please note due to some of the text notification features the FarmGate Time Auction Site requires a new account separate account from your DLMS Live sale site)

- After you create your FarmGate account you will receive a txt message with a pin code to verify your account.

- On your first log in to FarmGate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

Returning FarmGate users:

- If you have used Farm Gate Timed auctions in the past simply enter your user name and password to continue. After you have logged in you are able to browse the timed auctions on DLMS FarmGate Timed Auctions.

3. How to Bid: Now that you are logged in and your account phone number / email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.

- Place Next Bid - to place the next bid on the item, you see the amount in the first box, you simply click the "Place Bid" button and after you review the bid and agree to the terms and conditions your bid will be placed.

- Max Bid Amount - to place a max bid you put your max bid in the second box listed as "Max Bid" on the item, and then click the "Place Bid" button and after you review the bid and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the max amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller during the sale process.

Example of How the Max Bid Works - If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot competing against each other.

4. Watch List Feature: If you have items in multiple auctions or only a few from the same auction that you want to watch with out having to scroll through the entire list you can add the lots to your watchlist. On each lot you will see the "eye" button beside the bid button, by clicking this "watchlist" icon that item is added to your personal watchlist for easy viewing of just your favorite lots in this sale or on the entire site.

5. Sale Ending / Closeout: Most FarmGate Timed Auction sales close racehorse style with extended bidding.

What is Racehorse Style Close? Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

How will Extended Bidding works? When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

6. Bidding Close & Follow-up: After the clock has gone to "ENDED" and no bidding has occurred for 5 min the computer will declare the sale finished. Following the close typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidding you can contact the sale consignor / sale manager to confirm payment instructions. Please make sure that your account info is up-to-date and correct if you are the winning bidder of a lot as this is how the billing is sent to Sale manager and/or Sale consignor.

If you require assistance with using the new DLMS Farm Gate web site, if you don't understand how to create a favorites list or proxy bid, or you just plain want to bid via phone, please talk to any of the DLMS team.

HOW TO BID

Welcome

Welcome to our Full French Charolais dispersal sale. After a couple years of pondering whether to sell our cow herd and take Jakes Butte Ranch in a different direction, we have decided to focus on our commercial cow herd as well as grazing yearling cattle. The decision has not been an easy one as we have spent over 20 years carefully selecting only the top end of our heifer calves as replacements, and culling hard to develop a uniform, productive cow herd.

It is our belief that Full French Charolais are the ultimate terminal cross for commercial producers as the extra thickness, muscling, rate of gain, and docility cross well with any breed of cow to command the premium pricing in the sale ring.

The bulls on offer are the type that we have been working to develop since we started with Full French cattle. The Lot 1 bull is simply the best sire that we have bred. He combines length, depth and thickness with a teddy bear disposition. The two 2 year old bulls are big and stout power bulls that add the performance that the feedlots desire.

Bid with confidence knowing that this carefully selected group of cattle is ready to go to work for you. The cows will sell as pairs with their March/April calves ready to breed back as the purchaser sees fit. Whether into a Full French or Purebred herd these cows are sure to add to your program. We look forward to seeing the CEWW prefix in other herds for years to come.

Thank you to all of the cattlemen that have supported our program throughout the years; seeing your calves top the market every fall justified our belief in our breeding program.

Feel free to stop in and view the cattle any time before the sale or call us with any questions that you may have.

All our best,

Clint & Erin, Owen and Aughtum Wilkie

FROM THE DESK AT T BAR...

The Wilkie family have dedicated many years of hard work and passion to the Full French sector of the Charolais breed, which has led to this tremendous offering of females that will bring opportunity and progression to their new homes. The Full French cattle are a more rare and unique sight in the western provinces, let alone possess the high level of quality that Clint and Erin have strived for and succeeded in producing, as demonstrated in these pages.

In a sale with numerous standouts and features, a tremendous herd bull rises to the top in my mind. He is stout, long as a summer day, with tons of performance to transmit. It must be restated how difficult it can be to find Full French pairs with the promise of grass time right around the corner. The longevity that has been built into this herd is something to be admired, as these females are ready to bring profit for years to come. We've now seen a spring cattle market that's as healthy and vibrant as we have ever seen. Opportunities such as the one the Wilkie family have provided here aren't easy to find and we highly suggest these cattle to the buying public as we are confident in their ability to enhance the quality and value of their existing herd. Clint and Erin have sold many bulls off the yard over the years with an extreme amount of repeat customers that enjoy the thickness and easy doing ability of the full French lineage. The timing and availability of this sale is right in the prime for you the potential buyer. Levi and myself have been through the cattle one by one and can easily be available to answer any questions you many have regarding the offering.

In closing, the Wilkie family is truly a joy to deal with, and stand behind the product they produce. Please feel free to stop by their beautiful farm and take a close look at the offering that has been in the works for decades.

For the Wilkie family

19H is the sire to most of the calves in the sale. A very powerful bull in all aspects. He combines length, depth, and thickness with a lot of eye appeal, Hercules has great feet and a gentle, quiet disposition. He was born with a moderate birthweight and his first calf crop has calved unassisted. A true herdbull in every sense; this high growth rate, easy fleshing bull would be an asset to anyone.

19Y is the oldest cow in the sale but she has been an outstanding one! This daughter of the great Jezabel has been one of the most consistent bull producers that we have ever had. Her only daughter is the top end lot 12 cow, and her bull calves have been amongst the first to sell out of the pen every year. Don't let her age dissuade you - this 12 years young girl will go on to raise several more high selling bulls in the years to come. Bred to Hercules for another top end calf, due early April.

We bought this cow at the Roger Maloney dispersal sale last spring as one of the high selling lots. She was Roger's pick of the sale and he retained a flush in her last year. She didn't arrive here until late summer so we left her open to time her calving with the rest of the herd. As a heifer she did a great job on her calf last year. She sells open and ready to breed to the bull of your choice. Don't let this great young potential donor cow pass you by on sale day.
