LLB Angus

37th Annual Spring Spectacular

Bull & Female

Sale

MARCH 11, 2023 AT 12:30 PM
At The Farm, 21136 Hwy 601, Erskine, Alberta

CANADA'S LARGEST
ONE IRON
ANGUS PRODUCTION SALE

From the desk at T Bar...

With an Angus heritage as rich and an energetic atmosphere as contagious as LLB's, it is no wonder that we are celebrating the 37th Anniversary of the Spring Spectacular Production Sale, with an offering that only elevates itself at every milestone. Staging Canada's largest one iron Angus Production sale does not come without it's fair share of hard work, and the Brown family approaches this undertaking with an extreme amount of perseverance, dedication, and determination to always be bettering the LLB brand. They are also the most hospitable family you will ever meet. If you have ever had the privilege of taking in one of Laura's famous sale barn lunches, you know there is no better place for good times and fellowship. And if not, we extend our invitation to the beautiful Erskine facility in order to rectify that.

As I said, to be able to produce this amount of high quality Angus genetics in such volume comes with a large man-hour cost. However, breeding almost 1000 mother cows allows the Brown family to select only the best to offer from this large, strong cow herd. There are many sire groups represented throughout the catalogue, and we truly believe there are both bulls and females lotted here that can go on and do great things for any program's values. Leading the charge in the heifer division this year is a female that has looks, pedigree, and performance to burn. A maternal sister to the 2022 high selling bull, and sired by the 2009 Angus World Forum Senior Champion, she'll make you sit up straighter when we walk her to you. Not to be outdone, we can find the LLB Product sire group next, he is stamping them showy and made right. We follow with larger groups such as the Flight Deck's, Foxholes, and Generals; all who have proven to be extremely well received in the past. Rest assured, the next show prospect, junior project, top bull raiser, and/or donor female can be found within these pages.

On the bull side of things, the waters only continue to get deeper. Son's of Rivercrest No Doubt lead off the future herd bulls, with this being the third year in a row of his progeny being sale features. And of course, the General's. Last year's Spring Spectacular saw the first General son's garnering a significant amount of praise and attention; with the look and numbers that he stamps into his calves for weaning weight and yearling weight, we expect this year to carry on his story. With a herd of 1000 cows, the culling process is strict, so you can be certain that no bull is offered to you that the Brown family themselves wouldn't utilize. Big, stout, hairy bulls that are performance oriented and ready to cover cows. What continues to impress me with the LLB operation is that even considering the vast number of animals that call the ranch home, docility in these cattle is never sacrificed.

With second to none cattle and hospitality, we at T Bar C strongly encourage your participation in the 37th Annual Spring Spectacular. We all know how important the people behind a business is when considering where to invest in, and the Brown's are some of the best you will come across. Their support of breeders nationwide is like no-else in the industry, and they take their customer satisfaction truly to heart. All of us at T Bar C have been through this offering thoroughly, so please do not hesitate to contact us with any questions!

See you at the fun-filled LLB sale barn,

Ben Wright

CAA ELITE COW Criteria

- The cow must be enrolled in the Canadian Angus Performance Program.
- The cow must have a calf with a 205-day weight recorded within the past 18 months.
- The cow must have her first calf within 1000 days of her date of birth.
- The cow must maintain a regular calving interval calving within 395 days consecutively.
- The cow must have four consecutive natural born calves that are registered and have a weaning weight ratio that averages over 105.
- The cow's calf must be in a contemporary group with no less than 10 herd mates to determine the weaning weight ratio.

Terms AND CONDITIONS

TERMS OF SALE:

Cash or cheque at par, payable to clerks of the sale on sale day, unless other previous arrangements are made with LLB. No release of cattle will be given until satisfactory settlement has been made. All cattle are buyers responsibility after purchase. Announcements from the block on sale day take precedence over all material printed in this catalogue.

All persons who attend this sale do so at their own risk, and the owners, sale management and sale staff assume no liability, legal or otherwise, for property loss or any accidents that may occur.

BREEDER'S GUARANTEE:

All cattle sell with the responsible Breeder's Guarantee of Satisfaction. All bulls and yearling heifers are guaranteed breeders. The seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in this sale. All animals sell under the Terms & Conditions set forth by the Canadian Angus Association.

INSURANCE:

Insurance representatives will be present sale day.
