

MID-WESTERN

9TH ANNUAL ANGUS AND SIMMENTAL BULL AND FEMALE SALE

APRIL 8, 2023 AT 1:00 PM

GILCHRIST FARMS, LUCKNOW, ONTARIO

Welcome

With the 9th Midwestern bull and female sale we couldn't be happier with the direction the cattle business is going. We are seeing increased demands for stocker cattle at prices that are unprecedented. Cow and heifer inventory levels are at an all time low which will put further upward pressure on the stocker cattle markets and demand for high quality beef that customers understand how and where it was produced.

In 2022 we incorporated The Beefway into our operation allowing us to be fully integrated from the start of the supply chain right through to the retail customer. As we have navigated through our inaugural year we are happy to bring value to our customers. For any customers who have and will purchase bulls from us we will be offering to buy back all of their calves. As we look to grow the retail side of our beef business we are excited to help bring added value through incorporating genetics that perform both in the feed yard and retail counter.

We have been in the beef business our entire lives, and I believe over the next three years there will be new records set for calf value. We will see increasing demands placed on supplying quality cattle at volume and the cow calf sector will have the opportunity to reap the rewards. The cattle that will be sold over the time frame will come from the breeding decisions you have made in recent years as well as from the progeny of these bulls in this sale. We want to see your program successful and we are excited for the opportunity to partner with you and help market your calves.

Sincerely,

Brad Gilchrist

FROM THE DESK AT T BAR...

Mid-Western: A sale that supplies the largest offering of Black Angus bulls East of the Manitoba border. Heading into it's 9th year, this sale has been a mainstay due to both the superior quality and superior people that spearhead this endeavor. Gilchrist Farms along with Rehorst Farms and Harprey Farms are all operations that are based around customer success being the ultimate end goal. They implement strict culling processes, with only livestock that is designed to increase production and profitability getting the nod to be presented to the industry. We assure you, only the best is offered in Lucknow.

It is right around this time last year that Brad and Kristie Gilchrist began their new venture, the Beefway. Located on highway 21 North of beautiful Kincardine, the Beefway sets it's sights on helping local farmers get their high quality products to local consumers. This enthusiastic and motivated young family is one of the busiest I know, and it goes without saying that they are truly involved with all facets of the beef industry and it's ultimate end product.

Alongside customer success, consistency and accuracy is a major theme of the Mid-Western Bull Sale. To accomplish this, all bulls on offer have been on the same feed program since Thanksgiving, which is built with longevity at the top of mind. In addition to this thought through feed program, you will notice that a large portion of the offering stems from AI sires that are on the forefront of the breed. As with last year, you can find a small and extremely high quality selection of both red and black Simmental bulls. These future herd sires put it all together: tremendous look, great math, lots of shape, and an abundance of hair.

It would not be a Mid-Western sale without the Hargrave family's top cut offering of open females. The two lead-off females were not easy to convince the family to part with, so I urge you to pay close attention to these program elevating girls that have proved they can compete in the show ring and continue on to make front-pasture cows.

The GF sale barn is notorious for providing ample hospitality alongside an excellent offering of cattle. I urge you to join us in Lucknow to partake in some fellowship from the wonderful group of top-quality cattlemen. All of us at T Bar are very knowledgeable regarding the offering, so please be in touch with any questions you may have. Brad also urges you to be in touch with him for a tour of the cattle and Gilchrist Farms anytime before the sale.

BEN WRIGHT

An impeccably balanced son of GQ out of one of our most valued donors, Proven Queen. A maternal sister was featured in the 2019 Fallsvie sale and just last fall another maternal sister topped the Royal Elite sale selling to River Valley. With his depth of body, ease of fleshing and presence this is one bull who can make a serious maternal impact in a breeding program. **Consigned by Gilchrist Farms.**

We have always promoted bulls that are backed by maternal matrons who excel. Coming from the Evening Tinge family, this bull is the definition of what we are trying to raise. Cattle that are sound, easy fleshing and with some substance about them. The dam behind this bull is one of our top producing females in the herd and year after year makes the kind that are marketable. **Consigned by Gilchrist Farms.**

We talk a lot about cow families and specifically the Evening Tinge Family and it is bulls like this that are the reasons why. His dam is a full sister to GF Evening Tinge 1X, the last one in existence! She year over year cranks out cattle that have the performance and look to be noticed and this bull is no different. He is as gentle as they come, deep sided and pushes down the scale. If you are looking for an all-around bull, one that has a pedigree, phenotype, data and gentle character, then this bull is the one for you. **Consigned by Gilchrist Farms.**

An exceptionally well balanced female out of a powerhouse cow and maternal family. We purchased her granddam a number of years ago and admired her depth of body and power. Through the In It To Win It sale she was sold to Glen Gable Angus where she produced some outstanding progeny. This heifers dam was then purchased back from the dispersal and was selected as the featured heifer calf. Her data, phenotype and maternal strength make this female very intriguing. Consigned by Gilchrist Farms.

Harprey Forever Lady 22K is one that hurts to sell. Summer of 2021 Ben Wright was really after us to let go of her dam, I think keeping her was the only battle we have been successful in keeping one. This heifer is one of the best we will offer all year, she's super stout, soft made, hairy, she has already made a trip to the Royal- that should tell you what we think of her. Her dam combines what we feel is one of the greatest maternally driven pedigree we could build. Alcatraz out of a Resource x Forever Lady, don't get much better than that. **Consigned by Harprey Farms.**

Its hard to believe this is already the 5th group we have put together to showcase in the Midwestern Bull and Female sale. Over the last few years we have felt the group of heifers just keeps getting better and better and we have seen the success our customers have had with the resulting purchases and it has been super rewarding.

Once again, all the heifers sell halter broke, and double vaccinated with a modified live vaccine Express 10FP. All heifers will sell open unless announced otherwise on sale day.

We encourage you to join us in Lucknow on sale day but know if it works better for you our door is always open and we would love to show the heifers to you at home. Thanks for your continued support.

KR BLACKBIRD 4295
C&C TUITION 3025 EXAR
REMITALL KIM 879S

Harprey Kim 77K is a super unique female, off a bull we raised Harprey Hendrix 11H (a Youngdale Jullian 64E son). 77K is one that we feel could competitively hang a halter. When most producers say this they use words like freaky, bold, swoopy, etc. We don't describe her as this. She is a super balanced female. She smooth fronted, soft middled, stout made, big boned and stands on a perfect square foot with lots of heel. There is a world of future for the production to come from this super complete well-built female.

Harprey Eulima 80K is the first progeny off of a purchase from LLB Angus. Sired by our resident herdsire Harprey Hendrix 11H, she is exactly the type we expected him to produce. Sharp fronted with a pretty head shape, stout made and nice soft hair. If a junior was looking to add a younger show heifer to their string 80K would fit the bill, her amount of presence and overall soundness makes her a highly regarded individual. **Consigned by Harprey Farms.**

Harprey Pansy 90K is the youngest heifer in the offering, but don't hold that against her. She is stout, hairy, sharp fronted with an overall super cool look to her. Her dam was purchased from Brooking angus ranch and her first daughter sold in last years edition of the MidWestern sale, she was admired by many and was successfully purchased by Melmac and Oaklane. **Consigned by Harprey Farms.**

TERMS AND CONDITIONS

NOTES

TERMS: The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. The sale group reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for his purchase the seller reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released.

BID: Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES: In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

ANNOUNCEMENTS: From the auction block will take precedence over the printed matter in the catalog. Buyers are therefore cautioned to pay attention to any such announcements.

HEALTH: It is the buyer's responsibility to determine health requirements for importing any animal into his province or state.

CERTIFICATE OF REGISTRY: A registration/recordation certificate issued by the Canadian Angus Association or the Canadian Charolais Association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

PEDIGREE ESTIMATES: Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

SHIPPING: Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE: As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price.

ACCIDENTS: Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS: The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.
