# Catch the MOMENTUM!

Amazingly another year has passed and here we go for the third annual Momentum Speckle Park and Angus bull and female sale. Once again our group of consignors are very pleased with the exciting offering of bulls, females and frozen genetics.

We as breeders truly appreciate your business and would like to extend an enormous thank you to all of the buyers, bidders and supporters of our past sales. Our success is measured by the successes of our customers and we genuinely recognize that creating a strong working relationship is key to everyone's success in the cattle industry.

Once again we are extremely pleased to be hosting the sale at the "Howling Coyote Saloon," Champetre County, St. Denis, SK. This amazing venue offers a fantastic old west experience, we personally invite you to join us. We will have all of the cattle on display sale day for your viewing and evaluation. You will also find videos of the sale lots on [dlms.ca](http://dlms.ca) and [buyagro.com](http://buyagro.com). Further information and updates about the sale can also be found on our Facebook pages.

We invite you to contact any of the sale partners for more information on any of the consignments to the sale, we would be pleased to answer any questions you may have or offer assistance with selecting genetics to work with your programs. We are looking forward to working with you. On farm bull pen tours available ahead of time just contact us.

## From the Desk at T Bar

Welcome to Momentum III Speckle Park/Angus Bull and Female Sale on Sunday, April 2, 2023, hosted at the "Howling Coyote Saloon," Champetre County, St. Denis, Saskatchewan. This event, now in its third year, offers outstanding opportunities to acquire championship seedstock in two major breeds.

The Angus portion of the sale is contributed by Ravenworth Cattle. Their champion pen of bulls at Lloydminster Cattleman's Call will be featured in the sale. The Ravenworth A.I. program offers sons of the out-cross performance sire, "Sitz Alpine," who is no longer available in Canada. In addition are embryo sons of "Sitz Stellar" and a very stout and consistent group of calving ease sons by their walking bull "Lift Off." The Ravenworth Angus herd has been built and developed using the basics of performance, high maternal values and relative calving ease.

Colgan's Cattle Company joins Ravenworth Cattle in the Speckle Park section along with a flush from Pick-It Livestock. Their offering is truly outstanding as these two sale partners are also competitors in the show ring... as breeders, their cow herds are predictable in both body type, production, and appeal. As the Speckle Park matured, the cream has risen to the top as Ravenworth won the world with Colgan's a very close second!

Colgan's feature the first progeny of "Greenwood Headliner," a bull that is breeding like the champion he is. These sons have awesome muscle shape, body mass, hair, and calving ease. The "Gladiator" sons offer style and appeal with plenty of hair, thickness, while maintaining moderate birth weights. The females are paternal sisters to the great lineup of bulls. Selected from the replacement pasture, they are destined to make front pasture brood matrons, maybe even donors. The Colgan embryos offered give everyone an opportunity to select from their elite donor program.

Garry and Donna have established world records in 2022! Canadian National Champion Female, multi show winner and now declared "Miss World!" But I think that this event should be dedicated to "Invictus," one of the best breeding sires in the breed. His daughters are outstanding in production and body type whether it be in the pasture or the show ring. The bulls who were campaigned last fall are definite features along with the first sons by "Hi-Tyde." Uniformity, optimal in frame, lots of hair, muscle shape and low birth weight sum up this powerful lineup.

No doubt the flush in "Miss World" is a once in a lifetime opportunity but let us not overlook the other flushes, embryos, and semen. Valuable tools for the exciting years to follow... tools that will add value to your breeding operation.

Stop by any of the farms and preview the sale offering and have a peek at the mothers or feel free to give these progressive breeders a call to discuss the cattle and those that will fit your breeding requirements.

If we may be of assistance prior to, or sale day, feel free to contact any of the T Bar Team or myself, we will help you in a professional manner.

For our 2023 Angus bull offering we are pleased with the consistency and performance in these bulls, from our AI sired bulls to the selection from our walking herd sire. We were very pleased to be selected Champion Pen of 2 Bulls at the Lloydminster Cattlemens Call with both of them available at the sale. These bulls have been developed on a ration with longevity in mind. There is a great offering of Angus bulls here that will add pounds to your calf crop this fall and style to any heifers you

retain for your program. These bulls are backed by our established maternal cow herd that has been developed over the past 18 years with careful retention of what we feel to be the top females from our replacement heifers each year. We are very proud of the selection of yearling bulls we have to offer and we welcome inquires you may have, or assistance in your selection for your breeding program. On farm tours available just give us a call. See you sale day!

Here is a chance to acquire some unique genetics. Alpine is currently not available in Canada and 38K's dam is a RAF Wide World daughter that has so much power and performance. We have used two of her sons in our herd and love what the daughters are doing with great udders. 38K will leave a legacy of females that possess maternal traits along with power and phenotype. He was in our winter show string and garnered a lot of attention as he is long, fancy and extremely well balanced, with a big hip and wide top.

2023 CHAMPION PEN OF BULLS - LLOYD

Here is a stout made bull that we selected for our winter show string with a powerful build, great lines, full top line and herd bull head, this bull checks the boxes nicely. He is off of our walking sire Wilbar Lift Off 869H. Partnered with RAVE 28K bull they were Champion Pen of two bulls at the Lloydminster Cattlemen's Call 2023.

Heifer  
BULL

Here is our first offering ever of embryo calves from our Angus herd. We selected Ravenworth Ruby 6B, dam of our show bull Ravenworth International 11J and high selling bull in the 2022 sale for \$8,000 for a half share, for our flush program and we were very pleased with the results to the Sitz Stellar bull, he is making his mark on the world. She flushed and bred back, this line of cows is very fertile. These flush brothers are long spined with a great phenotype and neck extension. Smooth made with muscle dimension our mating here exceeded our expectations, with these great bulls and some real fancy females in our replacement pen. These brothers offer performance with the ability to use on heifers.

85	666	1193		0.6	42	79	5	25

Here is a bull that we admire for his base width, his stout hip and big top. Rave 12K has a lot of character in his front end. Love this bull on the profile but impresses even more when you get behind him.

TOP 20% For BW

**RAVENWORTH  
CATTLE**

Lot **15**

# ANGUS - YEARLING BULLS

Lot 16

WILBAR LIFT OFF 869H - SIRE

51K offers a big centre of body, massive ribbed and lots of muscle expression. The dam of this bull, Ravenworth Ruby 39F is one of the biggest middled Angus cows in our herd and that is saying something.

GREENWOOD HEADLINER 71H  
SIRE - LOTS 22-25, 34, 39

Greenwood Headliner 71H was purchased in the summer of 2020 from Payne's pasture. After a successful show season as a calf he was used to breed most of our replacement heifers and he is proving to be a consistent breeding piece that adds middle, muscle mass and performance. Colgan's Kingpin 38K has a power-packed pedigree, Headliner paired with General's full sister. Kingpin will be sure to add pounds to the calves.

Here is a bull that made a splash all fall and winter at the shows. From his great ears all the way to his hind quarter this bull has eye appeal, style and muscle shape. Leading him around at any of the shows or standing in the marshalling areas produced many compliments and smiles, he definitely does not go unnoticed. He is a thick, wide topped bull with great spring of rib. Genuinely docile temperament to go along with the package. His dam is from the Lightning Lady cow family and MGS is Ravenworth Invictus 103C. His Sire is INC Assassin 777G which we selected for his eye appeal and pedigree. Good scrotal. Neo placed first in his class at Agribiton. Here is an excellent opportunity to add some real style to your next calf crop.

**Terms: Selling half possession & half semen interest. Retaining show rights**

# SPECKLE PARK - YEARLING BULLS

Thanos 311K is another Assassin son and many of the same traits followed through. Here is a well balanced bull with a great head neck and shoulder. Wide topped and full thru to his hip, this bull is great on the move. Like his brother, Neo, this bull shares the length of spine, eye appeal and big middle. When looking at these more than half brothers, you can see a mating is great when it works more than once.

Here is a son of the renowned Ravenworth Invictus 103C. Invictus sired the bull and cow in our show string this past fall and they both went on to be champions and double qualified for the Supreme at Agribition. The cow, Ravenworth Willow 510H went on to be 2022 Miss World - Speckle Park and top 8 of all breeds. Invictus's greatest accomplishment is ability to be consistent with his calves type, kind and style. 317K has tremendous muscle shape, balance and performance. Here is a bull that will definitely add some consistency into your calf crop.

Lot **43**

**RAVENWORTH Hydraulic 306K**

Hydraulic 306K was in our showstring this past fall and winter and the interesting piece to the puzzle is 305K & 306K - our two show bulls - are off of full sib sister cows. Intentionally breeding the sisters to completely different sires gave us an opportunity to watch them develop and both making our show string tells us the dams worked well with both. With a tick more bone from the River Hill Hy-Tyde bull while still having the attractive head, neck and shoulder shape from the cow side here is a smart stylish bull. Very structurally correct and balanced Donna has appreciated this bull throughout the entire show season watching him grow and develop. He is our first offering from our walking bull River Hill Hy-Tyde 065H. The dam of this bull is one of the quietest cattle in our entire herd.

**Terms: Selling full possession and half semen interest**

RAVENWORTH LIGHTNING LADY 105E - DAM

RIVER HILL HI-TYDE 065H - SIRE

RAVENWORTH HYDRAULIC 306K

# SPECKLE PARK - YEARLING BULLS

Don't kid yourself this bull came home for the show string as an alternate to Hydraulic. But, alas the trailer is only so big... and we only have one double blower. The dam of this bull is the powerful Ravenworth Prairie Lily 124D our bull making machine, she most recently is the dam of Ravenworth Midas 105G, Ravenworth Rockstar and now Ravenworth Hyperion 319K. This cow powers up her bull calves like no other, with great muscle shape and overall dimension and always great performance.

From our embryo program here is a Prairie Hill Loaded Up son. This mating to our Ravenworth Acadia 5Y cow produced a very masculine bull with real length of spine and an interesting pedigree. Our Acadia cow family is known for its beautiful females and strong powerful bulls. As this is the only bull we have from that flush here is a very unique opportunity.

RAVENWORTH ACADIA 5Y - DAM

We were very excited with the purchase of Back Country Dobro 6G from his overall style and structure to his pedigree being half from Ravenworth, being able to walk this bull on a portion of herd was fantastic. Archer 312K has a mild temperament like his mother. Solid topline with good spring of rib and hip shape, this attractive made bull has lots to offer. His dam is a Ravenworth Legendary 101D daughter from our Spots n' Sprouts 31A cow who has been a part of our flush program over the years.

Here is attractive long fronted bull with a good flank and a wide base. The grand dam of this bull on the maternal side is one of the largest framed cows in our herd. You cannot miss this bull when he stands in a pen full of bulls, he has the X factor for eye appeal. Masculine and balanced, free moving and attractive all the traits for a future herd sire.

RAVENWORTH NORTHERN STAR 120F - DAM

# SPECKLE PARK - YEARLING BULLS

“Great big hip.” If I gave you three words to describe this bull that is what would come out. This bull offers hip shape, width and balance as well as great scrotal for a young bull. Here is one who will make a difference in your program going forward. The dam Ravenworth Prairie Lily 132C has been in our donor program and is a female everyone picks out in our herd and the grand dam was also in our donor program, Ravenworth Prairie Lily 9Y. Valerio is definitely a contender in the bull pen for top spot.

# SPECKLE PARK - YEARLING BULLS

This past fall we showed a pair and the heifer calf on the pair was sired by our walking bull Wolf Lake Free Trade 42F. After the pairs amazing show results this fall, two time champions and Miss world, the heifer calf Ravenworth Willow 304K went on to sell at the Agribition sale to Prestige Equities for \$30,000. Now, here is her half brother from the same sire but out of the Prairie Lily cow family. This first calver did an amazing job on the yearling bull, just as our first calving show pair with her heifer, and the MGS is Ravenworth Invictus 103C. Freewheel 314K is a wide topped, bid middled and great muscle shape.

We are only offering two bulls this year from our Wolf Lake Free Trade 42F sire and this one is equally special. The dam is an Invictus daughter, just as our show cow, but from the Lightning Lady cow family. Here is a chance at a combination of genetics that has proven itself. Ravenworth Lightning Lady 114E is also the Granddam of lot 41. There is definitely longevity in her line as her dam was just culled last fall and was an "S". Freestyle 326K has a strong top line and masculine front end.

Here is a true breeders opportunity, a daughter from Ravenworth Northern Star 101A dam of Invictus. Much of the base width and muscle shape in the Invictus line can be attributed back to this Stands Alone daughter. With style, eye appeal and genetics to back her up this female is full of potential. Sired by River Hill Hy-Tyde this is a pedigree to raise eyebrows.

RAVENWORTH NORTHERN STAR 101A - DAM

RIVER HILL HY-TYDE 065H - SIRE

Prairie Lily 9Y has produced some of our top selling females and we actually get contacted asking when we are selling some of her daughters again. This cow is 12 years old is still producing in our herd with excellent feet, udder and overall condition. She actually entered our flush program this past year for these exact reasons. Take note of 350K's birthdate, and then take note of her performance. The mating with the Hy-Tyde bull produced a female with early growth and style.

Here is a wide based female from our River cow line. Her dam has a good udder and feet and is still producing in our herd. She is one of the Spots n' Sprouts females that has been in our herd since she was a heifer calf.

SPOTS 'N SPROUTS 9Z - DAM

# SPECKLE PARK - FEMALES

We have only sold a few females from our Aspen cow family, one was a bred heifer to Wolf Lake Speckle Park who was in calf with Wolf Lake Bob. The dam of this heifer is a strong, well built cow that is long spined paired with our Back Country Dobro bull this mating was spot on. Aspen 349K offers style, performance and femininity.

Huge middled, great lines and a very angular front end, what we are all searching for. The maternal side of the pedigree on this heifer is from our top bloodlines matched with the Dobro bull produced something very special. The grandam of this heifer is a full sib to Invictus and the dam is sired by Ravenworth Legendary 101D.

Here is a world wide opportunity for the breed. "Share the good ones" - our goal at Ravenworth is to always sell some of our best in order to get their genetics out working in the world. 510H calved Willow 304K last year on Jan 14, 2022 we then flushed her once and bred her back and she calved on Jan 17, 2023. Here is your chance to pair our Champion cow with any bull of your choosing to make something unique and great for your herd. Ravenworth Willow 510H has many banners and titles, as did her mother Notta 26T Janette 3W, this is a line of Champion females.

# RELEASING THE **KRAKEN** KBWKEK

If you were out and about at the shows this fall and saw him in person, you will know when we says this bull has base width and muscle shape exactly what we mean. Ravenworth Kraken 505J is sired by Ravenworth Invictus 103C, Kraken is a frame score bigger and shows a tick more muscle shape than his sire, this comes from his dam, one of the biggest middled cows in our herd. Kraken is a stop you in your tracks kind of bull, we love his phenotype, his style, his structure and his overall eye appeal. He is an easy moving bull with good hoof structure. The hip shape and lower third on this bull is phenomenal. For a bull with this much muscle mass and shape it is impressive how fluid he is in his movement and still carries the desired calving ease front end. Kraken is a half sib to our Miss World cow. Consistency, predictability, and proven genetics are bred into this bull. Kraken's full sister was Reserve Champion female as a heifer calf in 2019 Stockade Round Up. Here is the opportunity to RELEASE THE KRAKEN on your herd.

We have always admired this bull and have many great milking productive daughters and grand daughters in our herd. Invictus has been a great breeding tool in our herd giving us calving ease, great performance and good feet and udders. Many of Invictus progeny have been selected as Champions, Reserve Champions, Division Champions, Group Class Champions and our high sellers over the years. With this year one of his daughters being 2022 Miss World Speckle Park. We attribute this to the consistency in his calves. Invictus adds huge eye appeal and muscle shape to his calves.

19A is a cow I really think highly of, as she is out of the great 54R cow of Codiak's. As she was a fairly well known cow out of one of the top cow herds in the breed. 54R is the dam to many donors in the Codiak herd as well as the dam to Codiak Caption which has been a main herd sire at Riverhill. This cow has made friends in the show ring and in our herd. I'm using a bull in my herd this year, as I also have a heifer that in my mind is one of the best I've raised. This cow has one of the best udders I've seen in the breed. Top it off with a great set of feet under her. Then look at that pedigree to top it off with. Clear View Ty, who's that? You may ask. Ever heard of Owe My Gosh that's his sire to. Which makes them 3/4 sibs.

**Guaranteed 5 eggs at buyers cost. Willing to offer semen in our inventory as well. Max of 13 eggs, the rest split or option to buy out.**

COLGAN'S KAUII 43K - DAUGHTER

# TERMS & CONDITIONS

## TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## CERTIFICATE OF REGISTRATIONS:

Each purebred animal will carry papers issued by the Canadian Speckle Park Association and Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

## HEALTH:

All animals in the sale have met all necessary health requirements.

## GUARANTEE:

All sellers and buyers of Speckle Park and Angus cattle in this sale are expected to be knowledgeable of and to abide by the Guidelines for Seller and Buyer Expectations and the By-laws of the Canadian Speckle Park Association and Canadian Angus Association. These documents are available from the Association offices.

## PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

## LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

## PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

## INSURANCE:

We strongly recommend that insurance is purchased for full value.

## ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
