andersoncattle@inethome.ca

Welcome to our seventh annual bull sale. This year we are pleased to offer a strong group of yearlings and some impressive two year olds. We have selected for calving ease and many of the bulls will be recommended for heifers. This is the second year we have fed a complete silage ration. The bulls are very athletic and have been wintered in large paddocks to ensure they get plenty of exercise. They will go straight to work and walk your pastures with ease. All of the cattle are familiar with both horses and dogs. We work with the bulls daily and we value the good dispositions in our breeding lines.

We exhibited at Yorkton Harvest Showdown, Agribition and Manitoba Ag Days. We were happy to see the cattle were competitive and hope you agree. We would use any of the bulls offered for sale in our program.

We can't thank our family and neighbors enough for all their extra help. A special thanks to Larry Burton, Ron Stanely and Lynne Fullerton for keeping us going, you are part of our program in so many ways.

Austen and Breanna are the fifth generation to farm in the Swan River Valley and both have excelled in the cattle industry; we couldn't be more proud. We are very happy to have our family grow. Katie is a true gem and isn't afraid

to tackle any task - from roping calves to driving silage trucks (yes trucks not just one but she managed two some days). We had a wonderful time celebrating Austen and Katie's wedding this past July at Crescent Creek Angus and consider ourselves lucky to be part of their family. We look forward to many years of the ACC/CCA allegiance and thoroughly enjoy our holiday excursions with Wes and Kim.

It gives us great pleasure to see the smiles on producers' faces at the auctions and we are thankful for these better times. Each producer deserves a huge thank you for keeping the beef industry alive this last decade, we certainly thank you.

This year we have enlisted the help of T Bar C Cattle Co. to manage the sale. We have appreciated their expertise over the years and felt it was a great opportunity to have their entire team part of our program. We have complete confidence they will assist you with your requests. You are welcome to stop by the farm any time prior to the sale to view the cattle. If we can help you select your next herd sire please don't hesitate to call. Hope to see you April 13th!

Sincerely,
Bruce, Ione & Breanna
Austen & Katie Anderson

We are very excited about our front cover. It is a drawing Austen did for the Canadian Junior Angus Association fundraising auction at the Showdown in Lindsay, Ontario. The technique he used is called "reverse light" in which he grates graphite onto a blank page to create the black or darkness. With an eraser he draws or removes the "black" to release the "light" and create the image. It is amazing to watch him create these pictures. He donated another image for the Canadian Angus Foundation Building a Legacy Sale during the 2014 CAA Annual Meeting - you will find it with our candid shots later in the catalogue.

FROM THE DESK AT T BAR...

Welcome to the Anderson Cattle Co. Annual Spring Bull Sale... a source for outcross genetics both Red and Black. The family and their herd are steeped in tradition and heritage. They homesteaded the rich valley south of Swan River in 1898, and to present day, it has been the home of Anderson Cattle Company. In 2011, the Canadian Angus Association recognized the Andersons for their 75 years of commitment to the Angus breed. This recognition speaks for the quality and dedication of this great cow herd.

This solid offering of Red and Black Angus consists of fifteen two year olds and forty top yearlings. The yearlings are developed on a forage diet with a balanced protein ration. The two's are grass raised throughout the summer and put on ration in late fall to ensure fertility and longevity.

Genetically, opportunities abound in this diverse lineup of bulls. Among the feature sire group are the sons of Red WPRA Legacy 314A.... an amazing sire who ranks in the top 1% of the breed for weaning weight, milk, total maternal, rib-eye and marbling and ranks in the top 2% of the breed for yearling weight... a total outcross to most breeding programs. Proven bull producers... Dynamo, Tiger, Chisum=, Premier Plus, Mohican, NoZeka and Kodiak are responsible for a solid yet diverse offering, suitable for all types of programs and all types of budgets.

Plan to be with us and add another chapter to the longstanding Anderson history. Feel free to stop anytime prior and view the bulls and their mothers or give Bruce a call and he can suggest bulls that will fit your needs.

If we, at T Bar C, may be of any assistance, prior to or sale day, do not hesitate to give Shane, Ted or myself a call, as we would be pleased to assist you with your questions and selections.

CANADIAN ANGUS RANCHER ENDORSED
Tag Program

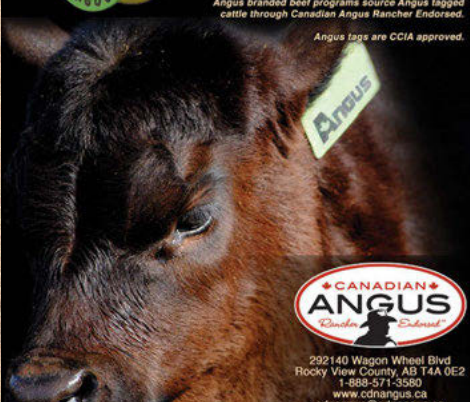

The Canadian Angus Rancher Endorsed program is the largest branded tag program in the world.

For 15 years, Angus tags visually and electronically identify cattle that are guaranteed Angus.

Animals bearing the tag are a minimum of 50% Angus genetics as they have one registered Angus parent.

Angus branded beef programs source Angus tagged cattle through Canadian Angus Rancher Endorsed.

Angus tags are CCIA approved.

We will have a buyers draw for a bag of CAA Green "combo" tags sale day.

Working with Anderson Cattle Company in developing the bulls for their annual bull sale has been our absolute pleasure. Anderson's know the value of beginning with a solid foundation by routinely testing their forages. In conjunction with Bruce, Ione and their family, we have built a strong, forage-based ration balanced with the Blair's Performax bull development program. The Performax bull development program is designed to maximize the animal's genetic potential, while optimizing reproductive and immune function through the integration of nutrition products designed to promote testicular development, rumen health, gentle growth, and longevity.

While attending the bull sale, be sure to stop and have a look at the maternal side of this herd. As the saying goes, "behind every good rancher, is a good ranch wife", the Anderson's line up of bulls is influenced by a strong and deep cow herd that will continue to produce year after year. Once again, the Anderson's have covered their bases by providing their cow herd, replacement heifers, and herd sires with a balanced Blair's ration to give each animal the opportunity to express its full genetic potential.

This year's offering of bulls at the Anderson Cattle Company Bull Sale is one that Bruce, Ione and their family should be proud of. It is their strongest yet; these bulls will walk pastures, work and last! Select your next herd sire with confidence!

Legacy caught Bruce's eye in Lazy MC Angus's Bull sale 2014 catalog for his natural thickness and his black red carrier dam Everleda Entense 610. We purchased the only semen package sold in Canada in 2014 making the calves in this sale the only Legacy 314A Canadian progeny available outside the Lazy MC Ranch. We were so happy with our Legacy calves that we ordered more semen in 2015 and 2016.

We purchased Dynamo 67Y from D Bar Angus in their last consignment to the Working Stiff's Bull Sale. He is a thick beast with huge quarter and massive top. He has been admired by everyone who have visited our ranch. His bull calves are masculine, thick and have incredible feed conversion. His females are broody, soft made with beautiful udders.

These sons are the last of the "Mohicans" we will be offering. We purchased 40X from Mar Mac and used him heavily for four seasons. His sons have gone on to breed well and we have several females in the herd. He was an extremely long sided bull that profiled well.

We bred Tiger 3Z for use on our Who's Next 39S females. He was admired as a calf for his squareness through his hip and his width of base. His bull calves are moderate framed, easy to feed and make excellent heifer bulls. This will be our largest and final offering of Tiger calves. We love the replacement females that we have retained as they are easy fleshing, moderate framed and tight perfectly structured udders.

Legacy 14C was the leadoff bull in our Reserve Grand Champion Pen of Three Angus Bulls at the Canadian Western Agribition. He has been a crowd favourite at every event we have taken him to and for good reason. He is incredibly wide based on excellent feet, sports a tremendous hair coat, carries natural thickness through his entire 1400 pound frame and is hard to criticize from any angle. His dam Heather 76T is a model cow that produces year in and out. You will have to drive a long way to find a better herd sire than this guy.

After several dinner time debates we have decided to offer full possession on our straight Canadian herd bull Red ACC Dynamo 11B. The best Dynamo son we have raised and maternal brother to Lot 3. His dam has a flawless udder. We used him heavily as a yearling and are happy with his calving ability on both cows and heifers. He is extremely thick and soft sided with a great disposition. Bid quickly before we change our minds!

Selling Full Possession.

Kodiak 124B is deep and thick and has a great hair coat. He will add hair and performance to your calves and also leave you with a great set of replacement females. He is also a maternal brother to Lot 36.

Breanna was selected for the CWA Youth Scholarship this year. She is enrolled in the Master's program at the U of S, completing a corn grazing trial at Western Beef in Lanigan, SK.

TERMS & CONDITIONS

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Each animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

GUARANTEE: Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. Ltd. is acting only as a medium between buyer and seller and is not responsible for any obligations to collect or enforce collection of any monies between parties and any legal action that may, in extreme cases, be taken must be between buyer and seller. T Bar C Cattle Co. Ltd. assumes no responsibility of any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

PHONE, MAIL & WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE: We strongly recommend that insurance is purchased for full value.

ERRORS: All announcements at sale time, written or oral, supercede any written material in the catalogue.

CATTLE INSPECTION: All carry permanent identity tags, corresponding to Sale Lot Numbers as well as Canadian Cattle Identification Tags.

HEALTH: The bulls offered for the sale have been vaccinated in June and October with Bovi Shield Gold and Ultrabac. All bulls were treated for external and internal parasites and will receive the initial dose of Fusoguard (foot rot vaccine).

DELIVERY: Please speak to us about arranging delivery or deduct \$50 from the purchase price if you take your bull home sale day. Any bulls remaining at the farm must be insured and after May 1/16 will be kept at a cost of \$3/day.

Scrotal measurements, tests results and current weights will be available at the sale.

Anderson Cattle Company Inc. uses Canadian Angus Performance Program (CAPP) whole herd reporting and performance data is printed in the catalogue.

SIGHT UNSEEN PURCHASE PLAN— Call us to discuss your specific needs. Your satisfaction guaranteed.
