With Consignment by...

Welcome to M & J Farms 2016 annual bull and female sale. 2015 has come and gone producing some real highlights in the cattle business. Record prices for calves were followed by some record prices for breeding stock especially quality bulls and replacement females.

Here at M & J we recognize the renewed enthusiasm and also the required dedication to be in the beef business. We thank you for any and all previous support and for taking the time to look through our current offering.

Our mission remains the same, to raise high quality breeding bulls in a sustainable manner. Around here that means March/April birth dates, no creep, summered as yearlings on grass and fed til sale time on a high roughage silage based ration. Those three things help us identify how well a bull's mother milks, can he maintain himself on grass and can he get to sale time as a sound breeding bull on a ration similar to what could be expected in the future. This criteria will aid in your herdsire selection on sale day. These coming two year olds are designed and developed for the long haul. There are outstanding individuals in every section plus there are many half and three quarter siblings that when turned out together on large cow herds will stamp that uniformity on the calf crop.

Matt and Leanne's MLG black Angus group is again outstanding and a real credit to their walking herd bulls. This year along, with our good commercial bred heifers, we are also offering some select purebred bred females, all exposed to a solid red Stubby son for March and April babies.

The T Bar C team will be on hand and are here to help evaluate and assist in your selections be it in person or on the phone. We invite you to make yourself known to Chris or Shane and take advantage of their knowledge and insight of our offering.

We welcome you to come and see the bulls anytime before February 18th, but if you can't then view their videos online. Come sale day evaluate the bulls adjacent to the sale barn then join us for lunch and pie. If you can't get here the sale will be streamed on line by DVAuctions where real time bidding is available. This has become a very useful option for more and more buyers every year.

All of us here at M & J and Glasman Farms are available at any time to visit and discuss your needs.

Jared

Matthew & Leanne

See you on sale day.

Miles Glasman

From the desk at T Bar...

Welcome to the 2016 M & J/Glasman Farms Simmental and Angus Bull Sale. We are very excited to be able to market this year's offering, as we are confident that they are the right kind to move you to the forefront of the beef industry. 2016 will be one with loads of excitement; as the Canadian dollar remains to be falling; it will attract new buyers to the marketplace as they can obtain added value purchasing Canadian beef.

This year's offering shows the true strength of the cow herd, coupled with the no nonsense approach the Glasman family maintains. You will honestly wear a pickup truck out driving in search of a better set of Simmental and Angus genetics that have been developed into two year old bulls in the fashion that these have been. These future herd sires are rugged, hairy, powerful individuals that have been created from some of the freshest and strongest genetics available. They have been developed with functionality and longevity in mind. This group will be offered to auction in a sound, fresh manner and loaded with phenotype as well as performance.

Once again will be offered a select group of females for your appraisal. These females will be the kind that can move any program forward and again, will be assembled with a no nonsense approach with productivity and longevity in mind. Don't miss out to add some future cow power to your program and better position yourself for the future.

The M&J/Glasman program has always believed in customer satisfaction and knows the key to their success is to ensure your success. It has been a family operation for many years with strong morals and convictions; they have been leaders in the seed stock business for many years with a very strong following. Study the sale book and feel free to contact Chris, Ted or myself with any questions you may have. We can also assist you with any appraisals of the bulls or any absentee buying requirements you may have with the utmost professionalism you deserve and expect.

For the Glasman families,

Shane Michelson

Johnnie and Walker, our Whiskey brothers. These Red Label twins have the extra length and frame it takes to add pounds to a calf crop. 1B and 2B are the product of a bred heifer purchased from Twin Brae Simmentals, Barry and Glenda Chescu. She is an Enticer and a direct daughter of their Lady Kat cow, a donor known for consistently raising powerful, attractive herd sires and donor material females.

Quite possibly the carbon copy of his sire, the Wheatland bred Terminator bull. Get behind MJ Terminator 8B and you will like the pants he fills out. His productive, great uttered dam by Springcreek Tank 63P is a direct daughter of BVD Just Cuz M204 whose daughters have done a great job for Springcreek Simmentals, Black Sand Simmentals and Harvie Ranches. MJ Terminator 8B is definitely a breeder bull whether in a top commercial herd or to a purebred breeder.

Here's a Terminator son whose dam is a favourite - we call her "Grandma Cow". At 13 years old she is still very youthful with excellent udder structure and she holds her condition while being a stellar producer. One of the top Angus breeders in Canada told me "Buy the bull that would make the best females and the rest will fall into place." Terminator 82B would fall into this category and with those credentials as his dam is one of our best cow families on the ranch.

These coming 2 year old bulls have the extra maturity and frame to get the job done. Our customers have experienced that these bulls can go out and breed 20 more cows without losing the condition that most yearling bulls would. We believe that these 2 year old bulls can go out and do the job while eliminating some of the problems that may be found with buying yearling bulls.

As I am writing these foot notes, this bull stands on display at one of the most respected livestock shows in the world, Denver National Western Stock Show. He has already been commented on as being "one of the best bulls in The Yards" by spectators. His dam is sired by none other than SAV Final Answer, the most proven calving ease sire in the world. This bull's real strength is in his cow family as Jaycee stems from the great Just Cause cow. Refer to Lot 5 as these bulls are from the same cow families.

Rodrigo was a standout from birth always possessing the squarest hip and biggest rib of all the calves along with showing early maturity and true Angus characteristics. His grand dam, Soo Line Effie 9135, had one of the best bull calves in Soo Line's dispersal. I tried to buy the bull and was out bid by a very impressed U.S. customer. I knew I had to own her Kodiak daughter. What an investment! She has an awesome Density heifer calf in the replacement pen.

A powerhouse by Pioneer 62X with length, growth and muscle. His dam, Lady Blossom 618T, or as we call her our "Cash" cow, has earned her name genetically and fiscally. She has raised many of our high selling Angus bulls in past sales. She is the front pasture kind of cow.

51B is one of the many good Authority x Pioneer sons in the sale. The Authority x Pioneer cross has worked just the way we had hoped...awesome! Here is a bull that has risen to the top. He's loaded with the best Schaff genetics and would be a pretty penny at their sale or Peakdots. His 3/4 sisters are some of our favourites and will play a major role in the foundation of our Angus program. Take advantage here!

The Chivas/Salsa combination once again. Something special in the making here. She profiles beautifully. Her dark cherry red color makes her real easy to look at. The service sires here will produce something exciting.

AI bred to JL Pioneer 62X (Black Angus) on May 17, 2015. Pasture exposed to BLCC Mr Stubby 318A from June 29 to September 15, 2015.

Phyllis, this is little Phyllis to us. A real good Chivas daughter. Her dam, Lady Phyllis, from the Pizzy family has been the personality cow here at M&J since her arrival. She raised us some great sons that were always in the top end at bull sale time. This young heifer will go on to surpass her mothers productivity. The Stubby son mating would be particularly interesting.

AI bred to TESS Black Rampage 71W on May 17, 2015. Pasture exposed to BLCC Mr Stubby 318A from June 29 to September 15, 2015.

Stubby 318A was purchased in the spring of 2014 from Bonchuk Farms. We loved the look of this bull for his style, character, depth and awesome hair coat. He is an incredible Stubby son out of an awesome Wheatland Teddy 131L daughter that stems from the LFE Katrina cow family. This bull is flawless in structure and in pedigree. He has worked wonders in the heifer pen with explosive growth and early maturing calves. Take advantage of the opportunity presented on these awesome females serviced to this outstanding service sire.

Homo Polled Non-Diluter

Commercial Females **M&J Farms**

94 BRED BLACK HEIFERS

95 BRED RED HEIFERS

Select group of red and black commercial heifers backed by proven cow families and their genetics. These heifers stand on good feet and legs, will have quality udders and are bred with calving ease in mind. These heifers were exposed to BLCC Mr Stubby 318A from June 29 to September 15, 2015.

We are confident these females have the foundation traits to be productive and profitable in your herd. Stock your herd with quality seed stock and enjoy these long awaited for good times!

Terms & Conditions...

Terms

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Payment Options

Payment in full sale day will be the norm. If special arrangements are needed please discuss with Miles Glasman prior to the sale.

Insurance

Will be available on sale day from Keystone Livestock Services. All bulls staying at M&J Farms/Glasman Farms must be insured. We strongly recommend that insurance is purchased for full value.

Delivery

Bulls will be kept until March 1, 2016 free of charge. After this date a \$2/day yardage fee will be payable. All bulls will be delivered by April 30th free of charge unless special arrangements have been made at M&J Farms/Glasman Farms convenience. Every effort will be made to get your bull to your farm, however some long distances may dictate delivery to a central point.

Breeder's Guarantee

All bulls will be semen tested prior to the sale. The bulls sold are sold with a breeder's guarantee. If problems arise please notify M&J Farms/Glasman Farms immediately so the replacement or credit towards another bull can be dealt with in a timely fashion, At no time will M&J Farms/Glasman Farms be responsible for more than the purchase price.

Announcements

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

Exception Guarantee

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

Liabilities

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Rights and Obligations

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

**We retain the right to
DRAW SEMEN ON ANY OF THE BULLS SOLD
at the buyer's convenience**
