LIMOUSIN & ANGUS

BULL SALE

SASKATOON, SK - FEBRUARY 18, 2016

LIMOUSIN • BLACK ANGUS • RED ANGUS

Welcome to our 2016 Bull Sale...

On behalf of Cindy, myself and our family, we would like to welcome you to our 2016 bull sale.

First off, a big thank you to all that supported us in our female sale in December. We were proud of the offering of our purebred and commercial females and the support we received on the purchases of the purebred and commercial females from across Canada and the United States.

The past year in the cattle business has been exciting. We have seen excellent returns on our investment that we have been devoted to over the past generations. The marketplace has rewarded those who have put an endless amount of blood, sweat, and tears into an industry we truly believe in.

We invite you to browse through our sale line-up and study the genetics on offer. The sale group in 2016 is one of the best sets of bulls we have grouped together. As we calve a large number of cows we have kept a keen focus on birth weight and calving ease. The sires we have used from the Limousin, Black Angus, and Red Angus breeds are consistent in their ability to maintain calving ease.

Our cows are run under real range conditions. They calve in big fields on their own with no video cameras watching over them. Consistency in calving ease for both sire and dam is important to us. No high fluctuations in birth weights are tolerated. Our cows run late into the fall and winter on stock piled grass or swath graze. The cow families that have remained have done so because of their ability to remain at a high production level in our environment. As nearly all of our sires used are walking sires. We have studied and sourced some of the very best genetics of each breed to be part of our sire line up. Our goal has been to offer sons of these genetics that will offer the same type of reliable and profitable predictability to you with confidence.

Along with the important traits of growth, performance, maternal and disposition, we have placed a great deal of emphasis on carcass quality. We have used all of our herdsires on our commercial herd and through the years fed out a number of their progeny to prove their true potential in the feedlot and in the end seeing the results of the carcass information.

We are truly impressed with the sire groups from each breed. We are able to offer many half and brothers for added consistency, if you require one or a group of bulls. If you are wanting heifer bulls, performance or maternal bulls there are many selections in each group. These young sires combine solid well balanced traits in many areas.

As in our past sales for those who cannot take their purchases home at sale time, we will return the bulls to our farm. We have been able to deliver many of the bulls to their new homes when time and availability permits. For purchases that are going longer distances, we will keep the bulls until the necessary arrangements are made.

If you require more information on any of the bulls please contact us or any of the sales staff as they will have viewed the bulls at the farm before hand. The bulls will be available for viewing at the farm or at S.L.S. Two days before sale day.

Thank you, Robbie

Welcome to this year's 2016 Nordan Limousin and Angus Bull Sale. Once again Rob Garner and his family have an outstanding set of two year old Limousin, Black and Red Angus bulls for you to purchase. Nordan pays close attention to what type of cattle is needed in order to raise calves that will excel in the feedlot and hang up a superior carcass. At Nordan, they're calving 550 cows and grassing over 1800 head of cattle. I believe that in order to run an operation of this magnitude, there is absolutely no guess work; the herd needs to produce and perform.

Not only have the Garners been in the purebred cattle business for years but they have also been raising commercial cattle forever. Rob's Dad, the late Mr. Bob Garner, who was an excellent cattleman and horseman, fed thousands of cattle and back then, the cattle were all finished. Rob was well schooled in feeding cattle and fed a lot of steers, heifers and cows over the years.

I believe if you've had the experience in feeding cattle, you really do have the understanding and knowledge required in breeding the right kind of purebred cattle for what the industry demands today. The Garner's cattle feeding experience has definitely given them a clear understanding on raising purebred genetics that will breed cattle that will perform.

Buying a Nordan Bull will provide you with the offspring that will develop the right frame score, fleshing, marbling, yield and conformation traits. So when selecting your next herd sire, don't you think it would be advantageous to buy your bull from a seed stock producer who clearly understands how cattle must perform in order to maximize your profits? "I do."

I look forward in seeing you at the 2016 Nordan Bull Sale. I know you will really like these outstanding two year old Bulls. See you at the Sale.

Michael K. Fleury

Saskatoon Livestock Sales

NORDAL LIMOUSIN & ANGUS

2016 Bull Sale

Thursday, February 18, 2016 • 1:00 pm

Saskatoon Livestock Sales, Saskatoon, SK - (5 miles West of Saskatoon on Highway #14)

Sale Offering...

Limousin:

- 19 Black Homozygous Polled
- 6 Red Homozygous Polled

Angus:

- 30 Black Angus
- 19 Red Angus

**All Bulls are Virgin
Rising Two Year Olds**

Sale Day Phone... 306.382.8088

If you are unable to attend on sale day or would like to discuss anything about the bulls, give us a call of talk to any one of our sale staff.

All bulls will have passed a satisfactory semen test prior to sale time and are fully guaranteed.

Delivery We will assist with delivery where ever possible. The bulls may be returned to the farm until arrangements can be made. We highly recommend insurance be placed on any bulls returning to the farm. If we deliver, it will be at our timing to co-ordinate. As we also farm a sizeable amount of grain land, please advise us as to when you begin your breeding so we may schedule an appropriate delivery time.

**Please talk to Rob before sale time

TMCK Westmoreland 889X has emerged as one of the great purebred Limousin breeding bulls of all time. His daughters make up the lion's share of the Limousin sale offering. The homozygous polled and homozygous herd sire excels in all aspects of the industry. The genotype and phenotype are in perfect harmony. His progeny are consistently high-performing and efficient gaining individuals. His sons have been in high demand in past Nordan Bull Sales. His daughters are among the most efficient of any sire group at Nordan. His sire, DHVO Deuce 132R, is one of the greatest breeding U.S. National Champion bulls. His progeny have paced the industry in most all portions of economically important traits. His dam, deceased, has earned the notoriety of being one of the very best producers of the breed's best seedstock. TMCK Westmoreland 889X has, over time, proven to be even the most significant breeding piece from this excellent lineage. Sons of this great breeding sire are available nowhere else but through this breeding program. The uniformity and consistency is apparent when evaluating the Limousin sale offering. **BW: 86 lbs. 205 DW: 726 lbs. 365 DW: 1384 lbs.**

Blacksmith 402B is one of our very best herd sire candidates. He is sired by Westmoreland, one of the very best sires we have ever used. Blacksmith is a replica of our top selling Westmoreland LIM-FLEX son in 2015 with this fellow being purebred. He is correct made with ample length and muscle. His dam is a heavy milking daughter of the Stoneyview sire, Sugar Shack. Unger 402U is also part of the family that produced the Xceed herdsire and also one of our young herdsires, Alabama. With the proven pedigree and strong balanced EPD's, Blacksmith ranks as one of our very best. His full sister has one of our top replacement females of our 2015 calf crop.

Benefactor 706B is an impressive individual physically and on paper. His pedigree is one of our most proven in his sire and dam. Westmoreland comes as one of our very best herdsires. The dam, Tres Bien 706T raised a past top seller to A. Cass, plus a full sister to Benefactor was our lead off female in our fall sale to Venture Livestock. The pedigree is proven, the EPD's are impressive in birth, growth and a top 3% milk EPD. Benefactor is impressive in his stature, disposition and heritage. A complete package.

Western Ridge 77B is one of our favorites in the pen. His dam is one of our very best producers in a moderate framed package complete with an impressive udder structure and maternal qualities. His sire, Westwind 006Y, has added a tremendous amount of muscle and volume to his offspring. Red in color, thick made, deep sided, solid pedigree, making for a leading sire.

Banknote 628B is an interesting individual. He is moderate in frame with a low birth and impressive muscle shape and thickness with a big scrotal. The sires in his pedigree have stood out for us with their calving ease, performance and consistent production in their sons and daughters. This fellow is one of our favorite all around bulls in the pen. If you want a balance of calving ease, performance and muscle look at Banknote closely.

Free Wheeler 68Y was a lead off bull and high seller in LLB's 2012 sale. He is moderate framed with enormous depth and spring of rib. He is wide based and thick from end to end. Free Wheeler 68Y has seen limited use but the progeny we have to date are some of our best. His first daughters in production in 2015 are the heaviest milking two year olds in the group. Their udder structure and milk volume is absolutely impressive. All his sons measured to date have exceptional scrotal development. **BW: 90 lbs. Adj. WW: 770 lbs.**

Emblazon 109X was purchased as the lead off and top selling bull from the 2011 Crescent Creek Sale. He measured a 16.3 REA with a 67% LMY. He is a true carcass sire; his progeny display the shape and width accompanied with the length and natural muscle shape. His sons have been our most popular and many of our high selling since they have come of age. He has two full sets of daughters in production and we could not be more satisfied with them as they have matured. They have an abundance of volume and length with a beautiful udder structure and high maternal traits, all in a moderate frame. Once again, his maternal pedigree traces back through the immortal Rosebud 115F on the bottom dam side. **BW: 94 lbs. Adj WW: 752 lbs. Adj YW: 1391 lbs.**

Net Worth was a lead off bull and top seller in the 2009 LLB Spring Sale. Since coming to our program, he has been nothing short of a breeding phenomenon for us. We have used him extensively on our Purebred Angus and Commercial herd. He calves easy with lots of vigor in his newborns. His progeny has always been at the top of their groups for performance and correctness. His sons have been sound, functional, large scrotals and heavy muscled. The most impressive part of his progeny is the exceptional daughters he has produced. They are big volume and deep sided, with an impressive udder placement and exceptional milk volume. All of his progeny have maintained an excellent disposition and ease of finishing. All this being said, it is his attribute when his progeny have entered the feedlot; they have performed efficiently and hit the mark for marbling with exceptional ribeye and carcass yield. The legacy left by Net Worth 17U is still unfolding through the production of his sons and daughter's progeny. **BW: 87 lbs. Adj WW: 738 lbs.**

Wild Card 15B is from our very best Red Angus dam. Capstone 15S ranks in the top 3% of the breed for WW, YW, and CW, and also top 5% for marbling. She has been a stellar producer in her sons and daughters. His sire is proven in his ability to produce sons that excel in calving ease and performance while his daughters have some of the very best maternal qualities of any sire we have used. We rank this young sire as one of our very best.

Revolution 73X is sired by the prominent sire Red Soo Line Revolution 8084. The great breeding Red Corner Creek Cash has proven to be a dominant sire for many years. The most impressive part of Revolution 8084 is his dam the highly productive Rhonda 5109. A female that has left many outstanding progeny in Canada and the U.S. The dam of Revolution 73X is a multiple herder producer, Red Soo Line Christie 13M. She came to us from the KBJ program where she produced an excellent set of sons and daughters. Revolution 73X was used on our commercial cows and after seeing his first set of calves we decided he had a spot with the purebred females. We are impressed with his calving ease, growth and structural soundness of his offspring.

Terms and Conditions...

Terms: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Bidding: Each animal will sell to the highest bidder... no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

Announcements: All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

Breeder's Guarantee: Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

Exception Guarantee: In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

Certificate of Registration: Each animal will carry papers issued by the Canadian Limousin and Angus associations. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health: All animals in the sale have met all necessary health requirements.

Liabilities: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur.

Rights and Obligations: The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

Phone, Mail, Wire Bids: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Delivery: We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

Insurance: Will be available sale day. We strongly recommend that insurance is purchased for full value.

Errors: All announcements at sale time, written or oral, supercede any written material in the catalogue.

Settler 28B was a feature bull and a top seller at the Early Sunset 2015 Sale. He is sired by the Pioneer 7301 son Settler. We are impressed with his length of body and smooth front. Settler 28B holds a top set of EPD's to match his physical attributes. He ranks in the top 20% for BW, top 4% WW, top 2% YW and top 1% for MIK and TM. Top 5% CW. Settler 28B was used exclusively on heifers in 2015.

Red Angus

We selected the pick of the Lazy MC Angus 2015 bull calf crop at the 2015 Cow Girls Sale for \$29,000. Our pick of the bull pen will be utilized extensively on our Card Player females and the daughters of one of our very best young sires, Kargo.
