# RICHMOND RANCH

20<sup>th</sup> Annual Bull & Female Sale

1:00 p.m. Friday March 11<sup>th</sup>

@ The Ranch, Rumsey AB

## Welcome Cattlemen

Well it is that time of year again to think about re-stocking your herd bull pen. It is with great pride that we welcome you to our 20th Annual Bull & Female Sale. It could never be stated enough but we would like to once again thank our past buyers, bidders, neighbours, friends and family for their continuous support in our program. The cattle business has been our passion and way of life for five generations now. Being a family run operation, we take great pride in our cattle and strive to raise the best for the industry. Here at Richmond Ranch we believe in the strength of cow families and have emphasized only to have the elite females retained into the herd. We have put a heavy focus on structure, soundness, udder quality, maternal ability and that deep broody look that every cattlemen desire in their herd. You can be certain that behind this set of stout bulls is a very impressive, hardworking and productive set of females. This year we are very proud of our offering and feel even more privileged to be your herd bull source. We hope that you will mark you calendars and join us Sale day where you will find over 150 head on offer; Black Angus, Red Angus, Limousin, & Lim-Flex. Over 50 grass born two year olds, 25 performance tested yearlings, feature open and bred females as well as commercial heifers. Between the three breeds there will be a variety of bulls with a selection of traits including calving ease, growth and performance that will add to your weaning weights in the fall. Feel confident in the purchase of a Richmond bull to leave great maternal features you will want to pass on to your replacement females. We make our living out of selling bulls and it is always such a compliment when every year we have so many repeat customers. Understanding the importance of your investment in a herd bull along with the expectations that come with that, we would like to assist you in any way that we can to make your selection easier. We want you to feel at ease after purchasing a bull from us because we will do everything to ensure your satisfaction from

the time the hammer falls until you have calves on the ground. We believe that quality shouldn't be just a goal, but a standard. Richmond Ranch; based on longevity, quality and integrity. Give us a call or feel free to stop in for a visit and a tour at any time. Come early to view the bulls, herd sires and the powerful brood cows that raise them. Enjoy coffee & donuts all morning and a steak lunch prior to the sale. We will have updated weights and scrotal measurements available sale day. From all of us here at Richmond Ranch, we hope to see you all once again sale day.

Sincerely,  
The Richmond Family

## Richmond Ranch Guarantee: We stand behind our cattle 100%

**Jim's Calving Rating or JCR:** We have taken into consideration our knowledge on the cow families, calving histories, birth weight, and phenotypical shape to help you better select a herd bull based on your calving needs. These numbers are not calculated; they are an estimate based on how we ourselves would use the bull if we were breeding our own cows. \*All Bulls are guaranteed to calve easy on cows\*

1 = Recommended for use on cows only.

2 = Could be used on all 2nd calving cows or older, may be used on heifers with a family history of calving ease.

3 = Could be safely used on heifers.

**Sight Unseen Purchase Plan:** If you are unable to attend sale day, we would be more than happy to assist you in your sale selection. Please feel free to contact any of the Richmond Family or any member of the sales staff. Every effort will be made to buy you the right bull or bulls, at the right price to make you a repeat customer.

**Delivery Program:** We encourage you to discuss arrangements prior to the sale. Bulls will be delivered free of charge to central points in Western Canada at Richmond Ranches convenience and at owner's risk. For cattle going to Eastern Canada or the US, we will arrange trucking at minimal cost. If this delivery time is not convenient for the buyer, the bulls will be kept free of charge until the buyer can pick-up the bull(s) at their convenience. Richmond Ranch recommends that all bulls left are to be insured.

**Jim's Docility Rating or JDR:** This docility rating has been established to help you determine the temperament and manageability of the bulls. We as breeders strive to hold our livestock to a high standard and that includes docility. In our program, we do not tolerate any problem animals and feel you should not either. No one knows these cattle better than us and throughout the calendar year these bulls have been sorted, processed, handled numerous times and strictly culled to remove any behavioural problems. Below is an index defining the different categories we have come up with. These are simply our ratings and cannot be compared to other breeders or numbering systems. Please inquire about any questions you may have.

1 = Pets – These cattle are exactly that; pets. They can be scratched in the pen and handled at all times.

2 = Calm – These cattle are very quiet, easy to handle when isolated, they do not frighten when you are working them but you cannot get up to them in the pen to scratch them.

3 = Average – These cattle are calm in the group, you can walk through them without disruption. When sorting these cattle, they are easy to stop and hold but can get uneasy and impatient when worked alone.

4 = Slightly Restless – these cattle are the ones at the back of the group in the pen; they do not disrupt the rest of the pen; they are manageable in a group but become agitated and nervous when isolated or worked alone.

5 = Nervous – these cattle are constantly moving away from you in the pen, can disrupt the group, needs to be managed with a buddy, these cattle are hard to stop when sorting and become easily agitated if alone.

6 = Heads Up – these cattle have a big flight zone, they will be the first to run away, should be handled with a buddy, cannot be stopped or isolated, when sorting in an alley these cattle will run past sideways or snort at you. These cattle can become aggressive when agitated.

7 = Hunters – these cattle cannot be trusted at all, even in a group they will become aggressive and cannot be handled.

**Jr. Incentive Program:** Offering 10% off to any Junior member on the purchase of any purebred female.

**EPD's** – EPD's are based solely on pedigree estimates therefore no accuracies. EPD's cannot be compared breed to breed as each breed has different baselines and calculations. The Black and Red Angus cannot be compared as Angus because their numbers stem from different bases as The American Angus Assoc. and The Red Angus of America view them as two different breeds. Below are the EPD averages for each breed.

Limousin EPD Avg calves born in 2016			
BW	WW	YW	Milk
2.7	61	83	27

Black Angus EPD Avg calves born 2016			
BW	WW	YW	Milk
2.1	45	80	21

Red Angus EPD Avg calves born 2016			
BW	WW	YW	Milk
-0.4	53	78	17

**Vaccination Programs:** All our livestock are on the SelectVac Gold program as well as given Ivomec for parasite control.

**Bulls:** At two-three months of age these calves have been vaccinated with Bovi-Shield Gold One Shot and Vision 8 Somnus. They are then given a booster shot pre-weaning with the same two vaccines.

**Breeding Females:** in addition to the above, our females receive an annual shot of Bovi-Shield Gold FP 5 VL5 prior to breeding. The bred heifers also get vaccinated and bolstered with Scour Bos.

**Semen Testing:** All bulls have been tested, measured, and palpated through the Stettler Veterinary Clinic by Veterinarian Dr. Jackie Dobinson.

*If you're reading this, you are likely considering this great offering of bulls and females and everything that they will bring to your herd. Quality herd sires offer the fastest way to impact genetic potential in your herd. From a veterinary perspective we often encourage producers to know the health of the animal they are adding and ensure that it's going to be a good fit. Richmonds due diligence here is spot on. The vaccination and health program at Richmond Ranch is the gold standard of veterinary recommendations. From a reproduction standpoint, everything in this sale is reproductively sound with a veterinary breeding soundness examination and their own responsible breeder guarantee. Health is directly linked to production and production is directly linked to dollars. Years of experience here and sound practices make up the quality you'll see flipping through these pages. We are proud to work with Richmond Ranch and congratulate them on another great offering here!*

Sincerely,  
Jackie Dobinson, DVM  
Stettler Veterinary Clinic  
PH (403)742-3338

**Cattle Nutrition:** At Richmond Ranch our goal is to develop the cattle for longevity and success in any program. The bulls are fed a growing ration of silage, chopped hay/straw, and a Masterfeeds' pellet at 1% of their body weight. This system allows us to grow the bulls to seek the performance while maintaining their natural muscle shape. Our goal is to not only have bulls looking good for sale day, but most importantly, looking great while working in your pasture during breeding.

*This was my fourth year getting to work with the great people at Richmond Ranch. Over the years I have seen what a great program they have put together. The cattle are both stylish and functional. This year along with a balance of forages they are using a bull ration pellet from Masterfeeds, an Alltech company. This DG Bull ration pellet is formulated to fulfil the nutritional requirements of these developing bulls. Based around the use of corn distillers, this ration is highly digestible and will not burn out the cattle in anyway. Soya meal is added as a natural protein source. A complete balance of vitamins and minerals, key additives like BioPlex Zinc (an organic form of Zinc) are added for improved hoof integrity. Along with proper bunk management these bulls are fed to be fleshy but not fat. Longevity and fertility.... What more can I say, great cattle and great people.*

  
**In good company.** Doug Roxborough  
Beef Specialist  
STRENGTHENING LEADERSHIP IN ANIMAL NUTRITION (403)896 5222

**CLA Pink Tag Program** - The Canadian Limousin Association (CLA) is proud to announce that a Limousin branded CCIA approved tag has been added to the government's approved tag list. The Limousin RFID tags are manufactured by Allflex and are distinguished by their unique pink color back with an "L" icon. The need for a unique Limousin identification tag was brought up by industry players who attended the "Spotlight on Limousin focus groups." The idea is to help better highlight and help our producers market their calves that come through the beef production chain. Be sure and order your tags today!

Canadian Cattle Identification Agency @ [www.canadaid.ca](http://www.canadaid.ca)

For any questions or more information please contact the Canadian Limousin Association - Ph:1(866)886-1605

**CANADIAN ANGUS**  
*Tag Program*

The Canadian Angus tag program is the largest branded tag program in the world and has been around for over 15 years.

Canadian Angus tags visually and electronically identify cattle that are guaranteed Angus.

Animals bearing the tag are a minimum of 50% Angus genetics; as they have one registered Angus parent.

Angus branded beef programs source Angus tagged cattle.

Angus tags are CCIA approved.

To order angus tags you can go online @ [www.cdnangus.ca](http://www.cdnangus.ca) or call 1-888-571-3580. Contact your Canadian Angus Association if you have any questions!

*When asked to write a few words of welcome for the 20th Annual Richmond Ranch Bull & Female Sale, I jumped at the opportunity because this family does "Get er Done". The date is Friday March 10th 2017, and the location is at the Ranch, Rumsey Alberta. Just a notch south of Stettler. The two ingredients that make up a successful purebred operation are good cattle and good people. Both are maximized at Richmond Ranch. For twenty some years many have made this their bull shopping location. First off, the product is second to none. As their Limousin bulls have spread from coast to coast in Canada, and now with Black & Red Angus in the offering the cliental gets even bigger. The Limousin bulls both yearling and two-year-old are second to none in this country, with time tested and proven genetics. They are definitely bred to make you money, which is what our industry is all about. The Angus program has been added the last few years in order to diversify the operation. The angus females that started this program were hand-picked from reputable herds, no stone was left unturned and expense was not spared in putting together the best foundation the folks at Richmond could for this Angus Segment. The mothers of all herd bulls on offer are all close by, I encourage you to take the time to look at the Dam of your Choice. You will not be disappointed! Good people make the world go around, as this is truly a family operation. The ancestors which laid the foundation. Jim & Stephanie were next with a definite passion for raising superior cattle and product. Tiffany, along with Samantha, and Brandon are the new kids on the block excelling the operation one more step down the purebred trail. Once you are there it will be worth your while, first class would be my description of Richmond Ranch and if you have never been there before look forward to the experience. A home cooked steak dinner with pie and ice cream as a chaser is just a start to the hospitality that is awaiting your visit. See you there, you won't be disappointed.*

*Dennis Ericson*

The Richmond Family would like to take the time to express our gratitude to Dennis and Joe for their devotion to the industry, and their long-time commitment and work with us. Known by everyone in the beef industry they have earned a sense of respect unparalleled to those in their field. They are often found at many events and are always considered a warm friendly face to anyone who sees them. These gentlemen don't just leave their knowledge and professionalism in the work place but have many years of giving back through youth programs like 4-H. I myself, can remember being mentored by Dennis as he judged many years at various 4-H and Jr. breed shows. Whether you stood first or last Dennis always made you feel like you were just as significant, and made every special effort to ensure you went away from the show learning something new and taking away a great experience. Dennis and Joe, you have always left a positive impact on everything that you have been a part of and over the years you have been a big part in the success of many programs. Thank you again for everything you have done for us!

*Hello folks,*

*I was overjoyed when the Richmond family asked me to write a blurb for their catalogue. Two of the most important things in our livestock industry are CATTLE and the PEOPLE that produce them. Blessed in my youth with coaching from an admired stockman in all grades of cattle; an Auctioneer: advised if you want to know beef you learn from the inside out. After my work hours at a local abattoir the weighing of waste from sides and or meat to bone ratio lent me knowledge to appreciate cattle in a different way than some stockman.*

*When it comes to the cattle at Richmond Ranch we should all should appreciate the long-time proven, tested results of their program and all they have achieved. At Richmond Ranch their combination of ranch raised beef that proves quality beef and good looks is a product, all should admire.*

*Oh, the people, if ya'll can point me out to more HONEST, KNOWLEDGEABLE, HOSPITABLE and CARING folks, then please let me know. These folks go out of their way to make sure that their customers are looked after in the upmost way. Feel confident in this program, and these folks. I always like meeting great people as should you. Hope to see you at their sale for another great offering.*

*Joe Farris*

# What is Lim-Flex?

LIM-FLEX Stands for Limousin Efficiency Cross(X) Through the Canadian Limousin Association guidelines, the animal must have 37.5 to 75% registered Limousin Blood and 25% to 62.5% registered Angus Blood.

The main goal of this mating is to increase the hybrid vigour while maintaining calving ease and maternal traits. We feel these bulls are a great choice if you have a consistent type of cow herd.

## **Why Lim-Flex?**

*I have 50 head of predominately red angus based cows, and for the past ten years I have bred these cows Limousin. I have always been pleased with this cross and found that my females had lots of maternal traits while gaining*

*performance from the power of the limousin cross. On the steer side of things, it seems like the marketability is second to none. For the past two years, I have used a Lim-Flex bull and I couldn't be happier with the outcomes I am seeing in the calves. Many people are reluctant to use a hybrid bull as they fear you will*

*lose your hybrid vigor. I personally feel you do not. The calves I have gotten are my best to date! I have been able to maintain calving ease while adding performance and growth into my calves. In my opinion another great advantage to these Lim-Flex bulls is that they are more cost effective for your dollar. You can step into a top end bull and not have to compete with purebred breeders. I feel you can get a better-quality bull for your budget range. I would highly recommend*

*a Lim-Flex bull to anyone, and feel confident that they are going to add to your next calf crop!*

Preg checked safe to calve mid April

This April/May calving herd is made up of true do-it-themselves Ranch Cows that calve on grass. Calving ease and mothering ability are essential. With strict attention to consistency, fertility, longevity, calving ease, udders, and feet & legs, we have reached a point where the herd quality has come together on all ends. We have developed a fabulous set of working ranch cows; these bred heifers were chosen out of our replacement pen and we feel they are just that! Exposed to the same bulls that we used on our heifers due to calve this spring we are very confident in the calving ease of these bulls and have high hopes for these females.

## Crooked Lakes Livestock & Grain Ltd.

The Nelson Family,  
Tracy, Melanie, Lowell & Quinn Nelson

Home- 403-772-0000  
Cell- 403-321-1056

We encourage you to call and visit about the heifers. We would be happy to answer any questions you may have.

We are extremely happy to have the Nelson family consign their heifers of the upmost quality. We could not even begin to thank them enough for everything they do for us sale day. Being close neighbors we are always trading help back and forth, and every year at their branding we are always beyond impressed with the performance in the calves and the quality in the cow herd. If you want to see a program that is maximizing a three-way cross and seeing tremendous results then look no further. What Tracy and Mel are doing with their Angus, Simmental, and Limousin crosses is nothing to be taken lightly. Tracy and Mel have purchased both Limousin and Angus bulls from us over the years and have always selected top quality bulls and it shows in their calf crops. When sourcing commercial heifers for our sale they were one of the first calls we made. Do not miss an opportunity here.

### **101** 20 Open Heifers Angus x Limousin, Angus x Simmental Cross

- a** 5 Black Open Heifers
- b** 5 Black Open Heifers
- c** 5 Black Open Heifers
- d** 5 Black Open Heifers

~ 20 Black, Brockle, Blaze commercial heifers.  
~ Average weight at as of Feb 1, 2017 - 800 lbs.  
~ Genetics - Angus, Limousin and Simmental crosses.  
~ Birth date range- March 20- April 30, 2016  
~ Herd health - June 10, 2016 8-way.  
Feb 1, 2017 Bovisheild VL5 and biometcin.

~ Focusing more on our red program, this year we decided that we would not retain any black replacement heifers. So these would be the top 20 black heifers from our herd of 180.

~ Please discuss arrangements for delivery prior to purchase. Payment due prior to release of animals.

## Webster Farms

The Webster Family,

Dave & Tammy  
Cell - 403 740 5177  
Home - 403 876 2778

Dan & Andrea  
Cell - 403 740 6696  
Home - 403 876 2064

We encourage you to call and visit about the heifers. We would be happy to answer any questions you may have.

Ever since we delivered the first bull out to the pasture years ago, we have been impressed with the quality in the cow herd, attention to detail and high expectations that they put on selecting their herd bulls. Running a one-iron angus cow herd this is a program that doesn't leave anything out. We have always taken note of the incredible run of steers they sell in the fall at the Stettler Auction Mart. It was no surprise to us when we went to tour and select the heifers for our sale that we would find the quality of females that we did. We are very honored to have this set of Angus heifers at our bull sale. Do not miss this opportunity to add these replacement heifers into your herd. We have seen the cows behind these females and you will not be disappointed with the future these heifers hold.

### **102** 40 -50 Open Commercial Angus Heifers

- a** 5 Black Open Heifers ~ 40-50 commercial Black Angus heifers.
- b** 5 Black Open Heifers ~ Avg. weight 750 lbs as of Feb 1, 2017. On a silage, roughage, and a 4-5 lb grain ration.
- c** 5 Black Open Heifers ~ Birth dates range from Mar 10 to May 10.
- d** 5 Black Open Heifers ~ Whole herd health plan - 7 way somnugen and parasitic control at branding, with booster 7 way, bovisheild one shot, Zuprevo, and parasitic control at weaning on Nov 21/2017.
- e** 5 Black Open Heifers
- f** 5 Black Open Heifers
- g** 5 Black Open Heifers
- h** 5 Black Open Heifers
- i** 5 Black Open Heifers
- j** 5 Black Open Heifers

~ These heifers will sell in their groups of 5. The highest bidder has first choice on which group of 5, with the option to take multiple groups.

~ Please discuss arrangements for delivery prior to purchase. Payment due prior to release of animals.

# Commercial Bred Females

## OPPORTUNITY!

There are financing options available through both of the Big Valley Feeders Association and the Clearview Cow Calf Co-op. These programs provide farmers with a competitive method of acquiring livestock (interest rates less than prime). Members may also access one of the Livestock Indemnity Trust plans that reduce the extreme financial hardship that might result from animal death loss.

Financing for heifer calves is available through Big Valley Feeders Association.

Financing for bred heifer/ cows or cow/calf pairs is available through Clearview Cow Calf Co-op.

Please contact Andrea Webster prior to sale day at 403-876-2064 or email [bvfall1@telus.net](mailto:bvfall1@telus.net) or [clearviewcowcalf@gmail.com](mailto:clearviewcowcalf@gmail.com) for more information about either program or to apply.

## **103** 4 Red Commercial Bred Heifers Angus x Limousin

- a** 6C - Preg checked safe due to calve early April
- b** 7C - Preg checked safe due to calve early April
- c** 8C - Preg checked safe due to calve early April
- d** 9C - Preg checked safe due to calve early April

The following heifers were pasture exposed  
June 18 - September 9 to Red Richmond Bando  
SRD 63B. Due to start calving April 2, 2016

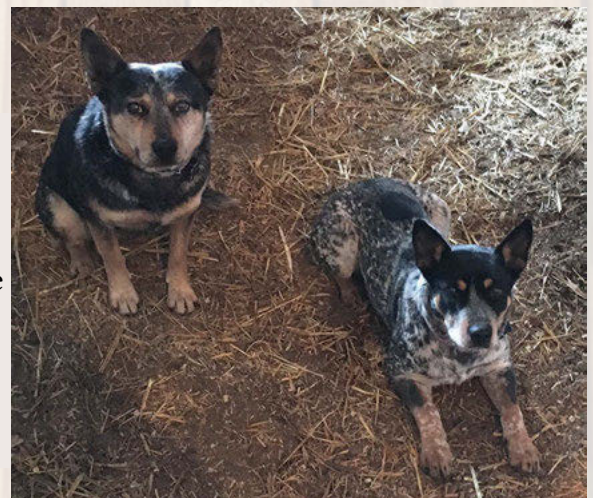

Brandon and Samantha have a commercial Limousin and Red angus based herd.

Coming Soon!

Stay tuned for upcoming puppies! Samantha and Brandon are excited to say that they will be raising and selling purebred blue heeler puppies. Diesel and Bailey are both good cattle dogs and are used daily at Richmond Ranch. These dogs are extremely gentle and are great with children. If you are thinking about getting a puppy for your family, or a great working dog, then talk to Samantha and Brandon!

Stop in and see us sometime!

**BEEF UP YOUR BOTTOM LINE WITH RICHMOND'S GENETICS**

# ***RICHMOND RAISED BULL POWER***

## TERMS & CONDITIONS

**Guarantee:** Every lot is sold fully guaranteed. Every bull will be semen tested. We produce a quality product therefore we stand behind that product 100%. All bulls will sell under the normal breeder guarantee recommended by the Canadian Limousin Association and the Canadian Angus Association – printed on the back of your receipt. Richmond Ranch is never responsible for more than the value of the bull.

**Terms of the Sale:** Are cash or cheque at par, payable to Richmond Ranch LTD at the clerk's desk Sale Day. U.S. funds will be accepted at current rate of exchange. No release will be given until settlement has been made. Please talk to us prior to the sale to make further arrangements. Should any purchaser fail to settle for their purchase; Richmond Ranch reserves the right to resell the animal to their best advantage either publicly or privately, without further notice.

**Disputes:** In the case of any disputes, the Auctioneer will open the bid between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

**Announcements:** any announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

**Insurance:** Ownership to the purchaser commences when the Auctioneer's hammer falls. Each animal becomes the risk of the purchaser as soon as sold. Livestock insurance will be available at the clerk's desk.

**Accidents:** Those who attend the Sale do so at their own risk. Neither Richmond Ranch, sales staff, or the auctioneer assumes any responsibility in the matter and disclaims any legal or otherwise in the event of an accident or loss of or damage to property.

**Delivery Options:** We encourage you to discuss arrangements prior to the sale. Bulls will be delivered free of charge to central points in Western Canada at Richmond Ranches convenience and at owner's risk. For cattle going to Eastern Canada or the US we will arrange trucking at minimal cost. If this delivery time is not convenient for the buyer, the bulls will be kept free of charge and the buyer can pick-up the bull(s) at their convenience. Richmond Ranch recommends that all bulls left are to be insured.

**Transfer of Paper:** The registration papers will be transferred to the new owner upon receiving payment in full. Do not under value this Paper – Breeders that register and transfer the papers to the new owners have been contributing information that has led to genetic progress of the breed and they have a proven product to offer you. Protection and Information may very well be the best value of all.

By attending the Richmond Ranch Bull & Female Sale, you are granting permission for your picture to be used for promotional and advertising purposes related solely to the Richmond Ranch Grass Country Bull & Female Sale.
