

NORDAL

**22ND LIMOUSIN & ANGUS
BULL SALE**

SASKATOON, SK - FEBRUARY 16, 2017

LIMOUSIN • BLACK ANGUS • RED ANGUS

Welcome to our 2017 Bull Sale...

On behalf of Cindy, myself and our family, I welcome you to our 2017 Bull Sale offering.

The Family - To start off, before I get into the Bull Sale, Cindy and I welcomed our first grandchild, Henry Durham Michelson, born July 5th to Christina and Grant. Henry is growing fast and as any grandparent knows, he is the center of attention. He loves his "gator", but has a bit of a wait till he can take it for a cruise. Jessica helped on the farm with the cattle and grain before touring 8 countries in 2016 while Justin continues to be our grain and crop manager. Jody takes care of many of the cattle duties while keeping her son Carter in sports and horse riding.

The Farming - As everyone knows in Western Canada, 2016 was another year for the record books. Who would have thought with all the snow we received across much of the prairies we would get a November that gave us fantastic weather to finally get in the fields again to tackle the ongoing harvest. Yes, there are areas remaining to be harvested, but a lot of combining was accomplished. Haying was more of a challenge with the rains, but our corn silage came off in a record amount for us in 2016.

The Cattle – The cattle markets have had a solid rebound lately and heading into 2017 looks to be a very promising year.

We thank you for taking the time to look through and study our offering. Once again our 2017 offering, as in the past, places a great deal of emphasis on birth weight and calving ease. We have strived in the selection of our herd bulls for our Limousin, Black Angus and Red Angus to be consistent in their calving ease, birth weight and vigor at birth. From the point, we can further our selection of both the sires and dams producing progeny that grow and perform efficiently. As with any selection of a sire or dam, the important traits of birth, growth, maternal, structure and disposition are the top of the list. We also place a great deal of emphasis on carcass traits. Many of our herd sires rank at the top of their breeds for ribeye, carcass weight, marbling and feed efficiency.

We have used all our purebred sires in our commercial herd along with many of their sons. We want to know firsthand that these genetics are what we can use and offer you, our customer with confident.

As listed in the back of our book in the new sires, we are continually on the search for new genetics that we feel will complement our sires and dams and continue to keep ourselves with a product that has value, not only in the breeding pastures, but also bred for efficiency and profit in the feeding sector and ultimately the rail.

We are truly impressed with the sire groups from each breed. We are able to offer many 1/2 and 3/4 brothers from our best cow families for added consistency, if you require one or a group of bulls. If you are wanting heifer bulls, performance or maternal bulls there are many selections in each group. These young sires combine solid well balanced traits in many areas. We have selected these bulls from over 450 cows.

As in our past sales for those who cannot take their purchases home at sale time, we will return the bulls to our farm. We have been able to deliver many of the bulls to their new homes when time and availability permits. For purchases that are going longer distances, we will keep the bulls until the necessary arrangements are made.

If you require more information on any of the bulls, please contact us or any of the sales staff as they will have viewed the bulls at the farm beforehand. The bulls will be available for viewing at the farm or at S.L.S. two days before sale day.

Thank you, Robbie.

Welcome to the 2017 edition of the Nordan Limousin and Angus Bull Sale. Once again Rob Garner and his family will offer you some of the industry's finest set of two year old bulls, that will be available on the market, today.

The program at Nordan is to strictly market two year old bulls. These bulls have been developed the right way, grown out and fed at a pace that allows the bulls to last, promoting longevity. These two year old bulls will breed more cows than yearlings and I believe will have a better survival rate, especially if you are running multiple bulls in one pasture.

The Nordan genetics are carefully researched and selected, incorporating only the top genetics into the herd. These bulls have tremendous performance, muscle, and hair yet not giving up calving ease. These bulls have been bred to get out and breed and work in our Western Canadian environment.

Rob Garner has the experience in raising and feeding commercial cattle, and he knows the type of bulls the industry requires in order to satisfy the needs of the cow calf producer, feedlot, and packer. The bulls in this sale are the right type, the kind that will sire steers and heifers that will top the markets in any sale ring throughout the country. Rob Garner is as true cattleman, and I believe buying a bull from someone who understands the commercial and purebredcattle business is crucial. I know you will be impressed with the Nordan bull sale line up and I look forward in seeing you at the sale.

Michael Fleury
Auctioneer for the Nordan Bull Sale and
Manager of Saskatoon Livestock Sales.

NORDAL LIMOUSIN & ANGUS

2017 Bull Sale

Thursday, February 16, 2017 • 1:00 pm

Saskatoon Livestock Sales, Saskatoon, SK - (5 miles West of Saskatoon on Highway #14)

Sale Offering...

Limousin:

- 15 Black Polled Limousin
- 7 Red Polled Limousin

Angus:

- 32 Black Angus
- 28 Red Angus

**All Bulls are Virgin
Rising Two Year Olds**

Sale Day Phone... 306.382.8088

If you are unable to attend on sale day or would like to discuss anything about the bulls, give us a call of talk to any one of our sale staff.

All bulls will have passed a satisfactory semen test prior to sale time and are fully guaranteed.

Delivery We will assist with delivery where ever possible. The bulls may be returned to the farm until arrangements can be made. We highly recommend insurance be placed on any bulls returning to the farm. If we deliver, it will be at our timing to co-ordinate. As we also farm a sizeable amount of grain land, please advise us as to when you begin your breeding so we may schedule an appropriate delivery time.

**Please talk to Rob before sale time

TMCK Westmoreland 889X has emerged as one of the great purebred Limousin breeding bulls of all time. His daughters make up the lion's share of the Limousin sale offering. The homozygous polled and homozygous herd sire excels in all aspects of the industry. The genotype and phenotype are in perfect harmony. His progeny are consistently high-performing and efficient gaining individuals. His sons have been in high demand in past Nordan Bull Sales. His daughters are among the most efficient of any sire group at Nordan. His sire, DHVO Deuce 132R, is one of the greatest breeding U.S. National Champion bulls. His progeny have paced the industry in most all portions of economically important traits. His dam, deceased, has earned the notoriety of being one of the very best producers of the breed's best seedstock. TMCK Westmoreland 889X has, over time, proven to be even the most significant breeding piece from this excellent lineage. Sons of this great breeding sire are available nowhere else but through this breeding program. The uniformity and consistency is apparent when evaluating the Limousin sale offering. Westmoreland sired our most impressive lead off bulls in our 2016 sale including Blacksmith 402B. His daughters continue to impress with their superior maternal qualities. **BW: 86 lbs. 205 DW: 726 lbs. 365 DW: 1384 lbs.**

Call of Duty is a sound made son from our young Tuxedo son Text 883Y. The pedigree blends low birth calving ease and growth in one package. This fellow stands out in the pen with his eye appeal and calm manner. With the added strength of Seize the Day in his pedigree he will continue to mature into an impressive sire of highly marketable progeny.

Free Wheeler 68Y was a lead off bull and high seller in LLB's 2012 sale. He is moderate framed with enormous depth and spring of rib. He is wide based and thick from end to end. Free Wheeler 68Y has seen limited use but the progeny we have to date are some of our best. His first daughters in production in 2015 are the heaviest milking two year olds in the group. Their udder structure and milk volume is absolutely impressive. All his sons measured to date have exceptional scrotal development. **BW: 90 lbs. Adj WW: 770 lbs.**

Free Wheeler 403C has been one of our favorites since birth. He is moderate in his makeup and smooth made with excellent depth and muscle. His young dam has matured into a model Angus female. We have a number of females from this cow family that originated in the LLB program. The grand dam 503S is one of our most influential matriarchs. The sire Free Wheeler has produced females that have an abundance of milk with an ideal udder structure. This fellow presents a very influential Canadian based pedigree.

Tanker 93C will not be hard to find. He is one of the most impressive we have raised. His dam was a lead off female in our 2015 female sale that is now in the Blair.Ag Program. This fellows sheer body mass and structure makes him stand out. He has a leading set of performance figures. If the value of a prominent cow family is at the top of your list for a herd sire this guy those credentials. He is sound made in his foot and leg structure with a tremendous amount of length and depth. He is great to work with and coupled with his physical size and eye appeal make him one of our very best Black Angus we have raised to date.

Take a step back, look at the birth date then analyze this fellow. He is one of the big performance bulls of the group. His sire Chizzlar was the \$18,000 top seller at Crescent Creek's 2014 sale to Nordal and LLB. His dam is an outstanding Lutton daughter. If you want a performance cow bull with the numbers to back him up take a spot in front of this guy. He is dominating with his presence but one of the gentlest of the pen.

Emblazon 109X was purchased as the lead off and top selling bull from the 2011 Crescent Creek Sale. He measured a 16.3 REA with a 67% LMY. He is a true carcass sire; his progeny display the shape and width accompanied with the length and natural muscle shape. His sons have been our most popular and many of our high selling since they have come of age. He has two full sets of daughters in production and we could not be more satisfied with them as they have matured. They have an abundance of volume and length with a beautiful udder structure and high maternal traits, all in a moderate frame. Once again, his maternal pedigree traces back through the immortal Rosebud 115F on the bottom dam side.

"HEALTH OF BULLS"

All bulls are on the Pfizer Gold Vaccination Program. They have been poured with Ivomectin in the fall and recently poured with Cylence.

All bulls will have passed a satisfactory semen test by Corman Park Veterinary Services. Semen test scores will be available at the sale time upon request.

Terms and Conditions...

Terms: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Bidding: Each animal will sell to the highest bidder... no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

Announcements: All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

Breeder's Guarantee: Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

Exception Guarantee: In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

Certificate of Registration: Each animal will carry papers issued by the Canadian Limousin and Angus associations. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health: All animals in the sale have met all necessary health requirements.

Liabilities: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur.

Rights and Obligations: The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

Phone, Mail, Wire Bids: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Delivery: We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

Insurance: Will be available sale day. We strongly recommend that insurance is purchased for full value.

Errors: All announcements at sale time, written or oral, supercede any written material in the catalogue.

RBC Supreme

We had four entries in the 2016 RBC Supreme at Agribition.

Blacksmith was the top selling bull in our 2016 sale at \$25,500 to Stonyview Farms. He is impressive in his depth, length and correct structure with an outstanding disposition. His sire Westmoreland has continued to impress as his progeny mature. We are confident in Blacksmith's future as we have bred a large number of our Commercial and Purebred Limousin for 2017. His individual growth numbers and EPD's along with a sale day scrotal of 41cm and at 2000 lbs. We will have semen available for the 2017 breeding season.
 Co-Owned with Stonyview Farms, Lockwood, SK.

CDN Impact sold for a record price in the fall of 2015. The attention he has attracted has continued into 2016. He was four-time Junior Champion at the fall 2016 shows as well as Grand Champion at Lloydminster Stockade Roundup and Edmonton Farm Fair plus an entrant in the RBC Supreme at Agribition. CDN Impact will now see major herd sire duties for us on our commercial and purebred Limousin in 2017.
 Co-owned with Greenwood Limousin & Angus

Counselor 5118 was a top seller in the record breaking Hinman Angus 2016 sale in Montana. His dam is also the dam of HA Outside the sire of the \$350,000 HA Cowboy Up that topped the sale. 5118 comes from one of the Hinman's strongest cow families "HA EVERLADY 1575." She is praised by Dave Henman for her structural soundness, near perfect udder, and smooth stylish look. Counselor 5118 has an impressive set of EPD's for production, maternal, carcass, and dollar values. He holds a breed leading Scrotal EPD of 2.71 (1%), HP +24.3 (2%), Ribeye +1.19 (2%), \$YG +15.11 (1%), CED +8, BW +2.5, WW +56, YW +100, SC +2.71, Milk +27. He sold sale day with an adjusted Ribeye of 14.4 and scrotal of 44.1 cm. His sire Connelly Counselor is a breed leading trait leader for performance and carcass values.

We will have semen available in 2017 on HA Counselor 5118.
 Co-owned with Hinman Angus, Malta, MT.

Tradition 111C was the pick of the bulls from the Lazy MC Red Angus Cow Girls 2015 sale. As part of Lazy MC show string he has been Grand Champion at the Olds Fall Classic and Reserve Junior Champion at Edmonton Farm Fair and Agribition, plus a RBC Supreme Qualifier, in 2016. We were impressed with his sire WPRA Legacy and being out of the top rated Firefly Cow family. We anticipate a large group of progeny from tradition in both our red commercial females and our Red Angus purebred herd. Semen available on Tradition 111C.
 Co-owned with Lazy MC Angus.
