SPRINGSIDE
FARMS

Welcome to our twentieth Annual Bull Sale. We are proud to have had the honor of supplying Charolais breeding stock for the livestock industry over two decades. Thanks to all the producers who have selected bulls from our program to get an extra degree of profit margin in their livestock operation. Charolais sired calves continue to lead the pack at the sale barn and feedlot. We are extremely proud of the group of fall bulls we have to offer as these long yearlings can cover more ground and more cows.

We are excited to have our sale partners, Mike and Bob from Springside Charolais, adding their finest yearlings to the offering. As some of you know, Springside bred, raised and exhibited the reigning Canadian National Champion bull along with a host of record setting high sellers. Many have already viewed their lead-off bulls at the fall shows where they were very competitive. Springside has become a household name in the Charolais industry and will be for years to come.

Feel free to stop by the farm any time prior the sale and view the line-up. If you have questions, do not hesitate to give Mike, Bob or us a call, as we will be pleased to help. This is your invitation to come early, view the offering and be our guest for a beef luncheon complete with home baked pies and refreshments.

From the desk at T Bar...

Welcome to San Dan and the 20th Annual Bull Sale. Ursula and George along with the boys at Springside, offer one of the feature groups of sires selling this spring season!

San Dan's lineup of fall born bulls is the best group to date.... rugged, hairy and tons of performance. These fall bulls are virtually raised on grass as they only get supplemented a high roughage ration in the late fall preparing them for the bull sale. Since they are six months older than their contemporaries, they have a higher degree of fertility and can be exposed to more females throughout the breeding season. In addition to plenty of performance, these bulls have a higher maternal factor as they stem back to famous families developed by Ursula.

The Springside yearling offering is powerful; featuring sons of Winn Mans Chavez, including SOS Gaucho 139D....one of the most kicked-up bulls at Agribition where he was a divisional reserve champion! Breeder and exhibitors of the reigning Canadian National Champion Bull, SOS Chuckwagon 54C, at the Royal Winter Fair in Toronto. A month later, Mike and Bob sold the record setting female in Canada, SOS Jessicah at the Alberta Charolais Select Sale. Like their show herd campaigned during the past fall, the bulls are uniform and competitive....an abundance of hair, full of muscle shape and carrying the most important trait which the breed is noted for....weight per day of age! The boys have established a great predictable program and are one of the great ambassadors of the Charolais breed.

We all realize the importance of Charolais influence in the beef cattle industry. Each fall, "Charo-nomics" kick in and Char-cross stockers continue to top the marketplace in both price and weight!

Please note that the date has moved up to the last Saturday in February. Plan to be with us for a great offering of Charolais seed stock. Feel free to stop by San Dan anytime prior; the bulls will be ready for appraisal. For those who have questions about the offering, do not hesitate to call Ursula, Bob or Mike...they will give you an honest assessment.

Come early sale day, view the offering and be guests for the famous San Dan beef lunch complete with refreshments!

If we may be of assistance prior to or sale day feel free to call any of the T Bar Team or myself, as we are willing to assist you in a professional, confidential manner.

See you at San Dan

In 2016 we had over 70 Kingston calves born at Springside. Even though we were heavy on the female calves, 70D represents one of 19 Kingston sons featured in our bull sale. Like PEAS in a POD, these bulls show extreme length, thick butts, and nice polled heads. Worth saying it again, the best way to add consistency in your calf crop is to put a group of these half brother to work for you.

The number three performance bull at weaning, 132D has what it takes to get those calves to push down the scale at round up time. Calves that hit the ground small and vigorous and gain to the top of performance tests are ones everyone needs to consider when choosing a bull for the future. We are not getting any younger and need to save ourselves a lot of extra work but still put the most money in our pockets. SOS 132D is an easy choice to do all of this for your program.

249Z, the dam of SOS 44D, is quickly becoming one of the **FRONT PASTURE FEMALES** here at SOS! As a two year old, she had one of our high selling bulls going to Lambert Livestock in Burns Lake, BC. We appreciate this cow for her mellow disposition, perfect udder, and the cow family she comes from. A maternal sister also produced **SOS HOT MESS 50B** who was the 2016 AG-EX Champion Female for Kody Meier of Hopewell Charolais. SOS 44D ranks in the top 1% of the breed for milk and if you're looking at keeping replacements be sure to check out SOS 44D.

SOS Ice Breaker 23D is the eleventh calf registered out of 2P. Talk about a cow who has earned her keep at SOS! She is still going strong at 13 years of age and was Al'ed for yet another January calf. 23D is an ICE son who is moderate, good-footed, with huge testicles and will last FOREVER. If fertility and longevity are high on your checklist take a look at 23D.

Sired by our performance bull **NAVIGATOR**, SOS 77D is the real deal. Excellent disposition, huge testicles, good length and good depth of body. His dam is a no miss female.

112D might be an exception to the rule # be identifiable?? This hairy red calf would be the best in any other breed's bull pen. He has excelled this fall like no other bull and has what it takes to be a standout.

His dam, ALT 69R, is one of the few red cows we own and is one of the oldest in the herd. She has had nine bull calves, including 112D and one heifer that is a spitting image of her with a perfect udder, sound feet, and disposition that is a pleasure to work with.

We know, because of all the bull calves she has raised, it is a little repetitive but feel it is worth mentioning again that if you need a reason to buy this bull-well here are 8 of them. Her bulls have sold to, Lee Ranch in Greenwood, BC; Waterfield Farm in Nakusp, BC; Coldstream Ranch in Vernon, BC; Diamond T Ranch Ltd. in Kelowna, BC; Vikse Family Farm in Donalda, AB; Larry Enders in Rosalind, AB; Rick Boden in Meeting Creek, AB and Pernell Vanstraten in Stettler, AB.

We can't wait to see who is the next astute cattlemen that buys DANNY BOY 112D so we can add their name to this impressive list.

If you buy this bull, you will be as happy as Dory Gerrard standing next to Donna Jackson with his Reserve Champion Female at Farm Fair International in Edmonton this past fall! To say we are happy with Gerrard Pastor would be an understatement! He has done a lot of good in our program. He stamps his calves with mid-section, awesome hair and they stand on some of the strongest feet and legs the industry has, not to mention performance and maternal qualities. Why not own a Pastor and you can be as happy as Dory was!!!!

You will be a big fan of 120D. He has what most cattle need and what is desired by the beef industry. A bull with a soggy midsection, yet keeps it all balanced and put together in one perfect package. Many prominent breeders have had great success with his brother VFF Time Out 172Y. Put some extra hair on your calves, add some milk to your replacement females and you will TAKE YOUR PROGRAM TO THE "End Zone" with 120D.

SOS 81D is a performance bull with extra size to breed a lot of cows. His dam is a front pasture female and one of our favorites who raised a Chavez bull calf last year selling to Anchor Ranch in Clinton, BC.

SOS TUXEDO 17D - PASTURE

Direct from the SHOW STRING comes this soggy, beefy, maternal giant. These PASTOR sons really perform, hammering down the scale and we are loving the daughters equally as much for their milk-flow. A full brother was one of our high sellers last year, going to Dan Guhle in Daysland. If you want extra pounds in your steers and would like to keep replacements, seriously consider SOS 17D.

SOS 84D comes with huge performance and it is no accident. Sired by PASTOR who is a performance trait leader and dam 202S. She is a Gold Star Dam of Distinction, meaning her last five calves have indexed above average at weaning time. Maternal brothers are working at Dan Guhle's at Daysland, Darren Isaac's at Meeting Creek, and Merv Lansing's at Daysland. 202S just never misses and SOS 84D is a perfect example of how she produces.

Every year we try to keep back a good bull for warranty work if any customer should run into a pinch during the breeding season. Last year we retained 58C for this reason. So we are offering him this year as our only two year old and he is a sale feature for sure! A two-year-old Chavez son that will cover a lot of cows! He is a moderate framed, well-muscled bull.
