Sale Location: 15 minutes from Saskatoon Livestock Sales.
Directions are on the back cover.

Videos: Available on benlockfarms.com and DLMS, buyagro and everythingangus

Foot Rot: All bulls will be double vaccinated with Fusogard.

Please join us for a breakfast prior to sale of biscuits and gravy, with a hearty meal to follow the sale. Probably not chicken!

Terms & Conditions...

- Video sale, be sure to come early to assess the bulls before the sale.
- Benlock reserves the right to collect semen on any bull.
- Benlock deliveries will happen prior to our own calving season, which starts last week of April.
- Bulls picked up after May 1st, are subject to a \$2.00/day feed charge.
- Each animal becomes the risk of the purchaser as soon as sold.
- Cash or cheque payable on sale day, unless other arrangements have been made prior to the sale. Announcements from the block will take precedence over printed material in the catalogue.
- All cattle sell under the standard terms and conditions set forth by the Canadian Angus Association. Precautions have been taken to ensure your safety; neither owners nor sale staff are responsible for any accidents.

Can't make it to the sale? Internet Bidding Available.

To view this sale visit www.dlms.ca, Fill out the registration form located under registration and sign-up for your free user account and select a username and password.

BIDDERS - To be approved as a bidder, Log in to dlms.ca and click BUYER APPROVAL tab, select the sale you are interested in bidding at and click sign up.

starting each sale with Ben’s Gavel!**

At Benlock Farms...

Wow 50 Years... this marks 50 years breeding Angus cattle, and I feel like I’m just getting started. I’ve always felt that one of the reasons there are so many good people in the livestock business, is because it captures people that love a challenge. Breeding cattle, you never quite get there, there’s always something to improve on. Over all these years, one thing has remained constant here, the development of genetics to strengthen the commercial mens bottom line. If I can give you any insights on the offering, to help you fulfill your needs, please call. I’m always happy to talk cows, and see our customers succeed.

Years of Visual Appraisal... moderate birth weights, breed leading early growth and years of visual appraisal. The cattlemans eye will always rule the roost in selecting breeding stock, or feeder calves at the yards. It’s satisfying to see a lifetime of work transfer itself through to the bull pen. Bulls with length, depth, natural shape, smooth shouldered, hair, on a strong foot, with fertility you can see and always that little extra style to catch your eye.

You don’t need a lifetime of work to do the same, you just need a good Benlock Bull.

We Sell Conceptions... 20 years ago I sold yearlings with 800lb. 205’s. As my wife would say, after years of not knowing she could swim and then seeing a perfect front crawl. “It’s not that I don’t know how to, it’s that I choose not to”. It’s just not my thing. I like these big twos, grown out gentle and ready to work. You can have the biggest actual weights in the world, but if he’s standing in the bush with his head down, at breeding, doesn’t do much good. Growth is only reproduced through conceptions. Conceptions with your new bull is our first priority. Quick note on EPD’s, I’m not a numbers guy, but if we can identify bulls that will better your calf crop weights, without excessive energy, that’s a good thing.

Speckle/Angus Cross... We’ve tested our speckles, cows that fit, like apple to apple, along side their angus counterparts in production. And speckle carcasses tested up against angus in our retail for customer satisfaction.

The basic principles of genetic advancement, stacking generation after generation of the best to the best. The Speckle Park and Angus breeds represent the best of breeds for two of our most economically important traits. Sustainable production (cowherd) and carcass quality (customer satisfaction).

If you have preconceived ideas of what a Speckle Park is, you need to travel into the Battleford hills, to a closed herd, representing the base genetics of the Speckle Park breed. Cows moderate broody and deep. Bulls with length and performance, muscle and yield, scrotal and fertility. Just like the Angus, all the basic traits are there, just waiting your discovery.

Private Treaty Bulls... a unique quality program you’ll only find at Benlock Farms. Customer oriented, it allows pre-sale selection of bulls, on budget, low pressure, but with the option of flipping to an auction bull, if you so choose. Or what most do, they just add to their pen of bulls, from the auction.

Just sit back and enjoy the social knowing you’ve been looked after.

Foundation Style Females... every year, we continue to “raise the bar” offering females designed to become foundation style cows. Commercial or Purebred, many opportunities exist with some fascinating services. Which, come sale day, represent only a 60 day wait for your return. Giving you a fast, fun, and exciting turn around on your investment.

The heifer calves, once again, represent our best.

Bull Sale Social... please come and help us and crew celebrate another year, chasing the cow.

No, not your typical Kodiak! One of our very best on offer, Georges dam brings out a thick tank every year, and excels for udder, fleshing, and in moderate frame. George puts it all together with outcross genetics, I'm thinking, you won't find anywhere else. On black cows you can expect predominately black calves with extra punch.

Maybe not just our best for 2017, maybe our best ever. Her maternal brother 59B is our all time "Love What You Do" high seller to Dave Fjaagesund. Her other maternal brother 143C is the bull we choose to fill Alaskans boots, when he went down with injury. This heifer is in the top 1% of the breed for weaning weight, yearling weight, and total maternal. You'll be hard pressed to find them this good, let alone this good and for sale.

I can remember like it was yesterday visiting with Sharon Wagner at Agribition when Gustov was a calf. I knew I should have bought him, but didn't. Linda Friehlich didn't make the same mistake, then told me I should be using him. Wow, they're good! Big time performance and muscle. He's in our future plans. 9E is out of one of our top young Alaskans, and then back to Taste Test. Good things happen when Taste Test is in the pedigree.

If 87E is your pick, I say you might be right, as Fort Rock was the most heavily used bull at Benlock this year. He has very consistently put his stamp on both sons and daughters. 87E will rock your world with a perfect phenotype and sweet disposition. But it's the power in the blood that'll carry her through, the old 19D cow, is one of the most influential cows in our farms history.

As the commercial cowherd dwindles to a handful at Benlock, G53 still seems to find a home. She's a powerhouse. Blue Belle is a square, thick, sweetie. Whoever gets her will love her. Brett's Boy is the future of our Speckle program, and the sire of every steer in our prospect pen. Shape and colour, no guess work here, Blue Belle's got it all.

In my mind this heifer spells out the future of the cattle business. It's pretty black and white. She has that Putnam depth of body that will serve her well in production. Backed by two of the best breeds in the world for carcass quality. The Eva;s are small in numbers at Benlock, but powerful cows, and originating from the Newpark herd.

HF Fireman

Sire of sales lead off feature bull Benlock Firebug 25D.

S A V Renown

Sire of feature heifer calf Lot 110 Benlock Atalanta 23E.

Rafter S Fort Rock

Sire of Benlock Atalanta 87E Feature Lot 112 and many top sons for 2019.

HF Alaskan 94T

Pictured going on 10 years of age, Alaskan, is simple, the best bull we've ever used.

Benlock Kung Fu Panda 72X

If your looking to add volume to your cow herd, Panda is your answer. With moderate calving, and top 10% breed weaning weight numbers.

Benlock Tibetan 24A

The Tibetans have extra stretch, perfect patterns, great feet and temperament.

Crescent Creek Entrepreneur 105A "Cucumber"

Incredible consistency and quality. Cattle I believe will stand the test of time, in a variety of environments.

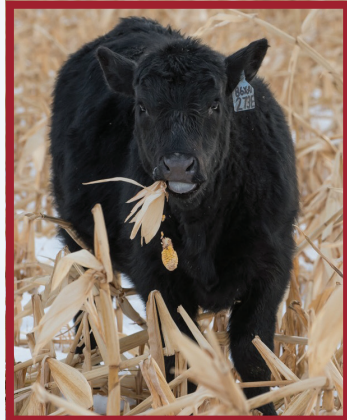

Codiak So Long George

So Long George and Putnam, foundation sires of the world, renown Codiak Acres

Codiak Putnam
