Welcome to another Impact Bull Sale. What a trying year 2019 has been, but I guess the good news is there will be two harvests in 2020...LOL. The bulls are down in quantity, but I feel the quality is as good as ever. Be it black or red, there are very few bulls here I wouldn't use on heifers but have enough jam to use on cows. Being that money and cash flow in my area and others is tight due to crop in the field, if anyone needs extra financing please don't hesitate to call. As well I will feed at no charge until you need the bull.

Once again, I am proud to be involved with good friends in this sale. The Georges and McAvoy's always bring great animals to town. Stop for a tour any time and please come presale for lunch and stay post sale for refreshments. Take care!!

WELCOME to the 12 th Annual Impact Bull Sale! It truly is no secret that 2019 was a year to remember! It started off being so dry in our area that the crops and grass wouldn't grow. So, this means we fed the cows at home until around June 10th, this is when we were pretty well out of feed. Then at the end of June, when we started to get some rain, things sure perked up in our area and optimism was looking good. Both the crops and grass really started to gain some ground. The crop yields at the start of harvest were better than I was expecting and everything was going according to plan! Then Mother Nature threw a kink into my plans with an early snowfall in September thus leaving most of the people in this area with about 25% of their crop out.

Now about the bull offering, we are very pleased with the three different sire groups we have: Herbster Chairman 512, Bushs Cover Shot 107 and Peak Dot Tour of Duty 20C. The bull calves on offer were weaned the first week of October with some nice weaning weights. No matter what type of bull you are looking for, there will be a bull that is available to suit your needs. There is calving ease bulls, power bulls and all-round, damn good bulls that will do it all for you!

Thank you to our customers from the past years that have put their faith in our breeding program to help improve their program. It truly is humbling to hear all the feedback on the bulls. Please feel free to stop by the farm or give me a call if you have any questions about any of the sale offerings. Can't wait to see you sale day!

Thanks for all your interest in our family!

Jason

McAvoy Charolais would like to welcome you to the 12th Annual Impact Bull Sale. Thanks to all our friends that have supported our program over the years at this sale or prior on farm. Every year we strive to bring you the strongest set of bulls we can. The addition this year of Fortress has definitely added a powerful group of performance bulls for you to choose from.

We would like to thank Jason and Randy and their families for being great partners in this sale.

The bulls are available anytime for viewing at the farm and we would love to have you stop in to look or come early sale day to check them out and be our guest for lunch.

If you can't make it to the sale, give us or the sale staff a call and we can give you our recommendations on the bulls that will fit your program. The DLMS crew will be there sale day to handle your bids online if you so choose.

Hope to see you sale day,

Mike

## From The Desk At T Bar...

Welcome to the 12th Annual Impact Angus and Charolais Bull Sale, March 28, 2020 at Saskatoon Livestock Sales on Highway 14, just minutes out of Saskatoon, Saskatchewan. Twelve years ago, these young breeding operations got together, as they saw a need for a multi-breed sale to service the central sector of the province. Due to their foresight and the quality of their programs, their bulls have sold from the Atlantic to the Pacific over the past eleven sales.

The "Impact Bull Sale" is a unique event as it provides bulls from three sought after breeds by the commercial sector. Red Angus, Black Angus and Charolais. The Angus portion of the sale will offer calving ease for the most part without sacrificing performance and most importantly, will give you high maternal traits for the replacements going back into your herd. The Charolais influence will give you performance from weaning to the kill floor and mated to Angus, the result is a tan or silver...the calves that top the marketplace for stockers and feeders.

J&S operate a very large farming unit which includes grain and cattle. Always on the go, Jason had a trying few months as his immediate area was drought stricken. But they have a cow herd that can take roughage under all types of conditions...an Angus herd of cattle.

The Triple L portion of the sale is made up of both Red and Black Angus. Randy's focus has always been calving ease and his repeat customer base confirms that fact. Randy is a spark plug in the Angus breed, very voluntary and involved in 4-H, youth and association activities.

In the last decade, the McAvoy Family has made great strides in the Charolais breed. Their program is highly sought-after by their commercial base of customers and their competitiveness has resulted in many successful purebred breeder purchases.

Feel free to visit these progressive breeders any time prior the sale and have a preview of their bulls or don't hesitate to give them a call and discuss the sires that will suit your situation. Plan to be with us the last Saturday in March, it will be worth the trip.

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar team or myself, we will help you in a professional manner.

**LUNCH WILL BE SERVED PRIOR TO THE SALE AND REFRESHMENTS SERVED AFTER THE SALE.**

#### COWMAN FORMULA

Increase in pounds per calf from a top performance bull  
 X number of cows bred to him per year  
 X number of years to keep the bull  
 X expected selling price of calves  
 = Additional dollars you can pay for a better bull

Example: A bull who will add 30 lbs. to the weaning weight of each of his calves, mated to 25 cows per year for 4 years, and you sell his calves for \$1.00 per pound. 30 lbs x 25 cows = 750 x 4 years = 3000 x \$1.00/lbs. = \$3,000.00 This bull is worth \$3,000.00 more than the average bull who will keep your weaning weights the same. Take this formula and put your own figures in and see what you can afford to pay. This equation does not take into consideration the increase in value due to calving ease, higher quality replacement heifers, yearling growth, feedlot gain and improved carcass quality.

A bull I own with Nu-Horizon Angus. He is as long as a freight train. Calves very easy. When I went to see this bull I liked him for his docility, length and big foot. After I saw his dam and sisters it was a no brainer.

A calving ease specialist with thickness and style. Dam was a \$20,000 half share purchased at Red Round Up and has earned her place as a donor cow. Progeny have been top producers in many herds and won many banners at many shows. Docility, performance and great feet and legs are very evident traits from my Jagger progeny.

This bull was selected from the Semex catalogue to AI our heifers to. Chairman not only is a calving ease bull but one of the highest maternal bulls in the entire Angus breed with a milk EPD of 39. Along with his maternal strength and calving ease is his docile attitude. The Chairman calves on our farm averaged 75 lbs.

20C was bought in the 2016 Peak Dot Ranch Bull Sale. Tour of Duty 20C is exceeding our expectations as a herd bull. He excels in every aspect you are looking for in a herd bull. He adds extra length of body, big scrotal, lots of muscle expression while still maintaining a low birth weight.

Cover Shot is a loose made bull with extra middle and a lot of hip. He assembles his great dimension and look in a very stylish package. Cover Shot has all the attributes you are looking for in an Angus bull. Cover Shot was in the Pen of Three Bulls that won Denver a few years back. Due to a bad hip we had to get rid of the great herd sire after six breeding seasons.

## TERMS AND CONDITIONS

### Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

### Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus Association or Canadian Charolais Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

### Pedigree Estimates

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

### Health:

All animals in the sale have met all necessary health requirements.

### Liabilities:

All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial

obligations to collect or enforce collection of any monies between parties and any legal action that may, in exceptional cases, be taken must be between the buyer and seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

### Guarantee:

Each animal becomes the purchaser's risk immediately after the animal has been sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus and Canadian Charolais Associations with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

### Delivery:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

### Phone, Mail & Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

### Insurance:

Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

### Errors:

All announcements at sale time, written or oral, supercede any written material in the catalogue.
