From The Desk At T Bar...

Welcome to the 14th Annual Proudly Western Simmental Bull Sale, March 21, 2020 at the Whitewood Auction Mart, Whitewood, Saskatchewan. Over the past thirteen years, Proudly Western has been a source for elite breeder sires and has supplied many bulls to repeat customers who benefited by more pounds of calf at weaning as well as highly maternal females for their replacement pastures.

The new decade group for 2020 is made up of powerful yearlings in addition to extra age bulls that can handle bigger pastures and more cows. Whether you are looking for red, black, blaze or baldie, this lineup is rugged, with plenty of hair, testicle and performance. The bulls have been selected from the top of the pens, a process which has been a "standard" for over a decade and the quality of their mothers has always been an important criteria. You need to see this set of bulls to appreciate their quality and performance. For those looking for a power bull for cows, or a "sleep easy" bull that can fit in both pastures, it will be well worth spending Saturday in Whitewood.

Stop by any of the farms prior the sale and preview the bulls in their natural environment and see the mothers. Feel free to call any of the consignors to discuss their bulls and your sire requirements.

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar Team or myself, we will help you in a professional manner.

Scissors Creek Cattle Company

Welcome to the 14th Annual Proudly Western Bull Sale. We are proud to have sold bulls through this sale every year since it started. We continue to strive to produce the best quality bulls possible. Our 2020 offering contains more calving ease bulls than we have ever had; something that our customers have been asking for.

The bulls and the cow herd are on a full vaccination program. This year, with the late and tough harvest, we didn't creep feed the calves prior to weaning. They were fed an oats based ration until December and then they were switched to a TMR which includes corn silage, hay, oats and a supplement pellet. The TMR is designed to promote longevity and allow them to reach their genetic potential without adding a bunch of extra fat.

Customer satisfaction is very important to us and if any problems arise we will do our best to make things right. If you have time to stop at the farm before the sale we would love to tour you through the bull pen, but if not, we look forward to seeing you on sale day. Give us a call at any time so that we can discuss your bull needs and help you pick out a bull that will work for your program. Also, at this time we would like to thank all of our past bidders and buyers for their support and trust in our program.

Here is a powerful red blaze faced bull that has been one of our favorites all year. He has a deep, thick quarter and that extra depth of body that is hard to find. He moves effortlessly and is sound in his structure. His dam is an extra deep bodied cow that always looks like a truck. His sire, Platinum, has produced many great bulls that we have sold through this sale and even though we have used him for quite a few years now, we are having a hard time retiring him, as he has been one of those herd changing bulls. This bull covers all the bases and he is sure to sire some great calves.

Grandsons

Welcome to the 14th edition of the Proudly Western Bull Sale. 2019 was an exciting year at Sun Rise Simmentals – both for our business and our family.

Our grain crop was one of our very best and our calf crop has grown in quality and quantity. The 2020 calf crop is one of our very best to date, including embryo calves from Springcreek Brooke 68Z and Springcreek Lima 69Y. We are very excited about our new herd sire, Springcreek Ladies Man 90E. His calves are already showing a lot of promise.

We had lots of adventures this past year with our grandsons and enjoy watching them grow. Duncan and Braiden bought their first heifer this year at the Camrose Classic Sale this past fall. Their family moved to the country this winter, so there may be a heifer or two there in the future. They show interest in all things farming, including keeping some laying hens and two beehives! They now have a dog and enjoy snowmobiling. Grandma and Papa look forward to the kids' spring break so they can come to the farm and halter break a calf and do some skiing at Assessippi.

If you have questions about the bulls, please give us a call or visit our website.

Swan Lake Farms

Welcome to the 14th Annual Proudly Western Sale.

We would like to thank all the people that have trusted our genetics over the years. We strive to raise bulls that will go out and work for you. Our success is because of you, your belief in a great product, your trust in our program and your ingenuity to see what can be produced by top quality and hard work. We thank you.

The bulls are fed barley silage, mixed with hay and bull developer pellets made from the co-op feeds. Bulls are in large spacious pens for lots of exercise. We strive for the bulls to gain between 3 and 3.5 lbs. a day, while some gain more. You will notice a large portion of the bulls are Homo Polled and/or Homo Black. You will also notice the udder quality of many of the females and we are quite proud of that. The other area we really work hard on is buying and using herd bulls with a good foot and body structure.

The bulls have been on a full health program since birth and we work closely with our local vet. Bulls will be given both shots of Fusogard for your convenience.

We were quite proud of our sale bulls this year; we feel they are as good as you will find anywhere. Swan Lake will stand behind your purchases and if you have any issues, we will strive to rectify any issues.

If you have any questions give me a call at 306-457-7730 or Brandon at 306-631-8818. Please check the T Bar C website for videos of the bulls prior to the sale.

We also reserve the right to collect semen on any bull being sold, for in herd use only.
