23rd Annual Bull Sale

Saturday, February 22, 2020 • 1:30 PM at the Sandan Charolais Farm, Erskine, AB

Welcome

Welcome to our 23rd Annual Bull Sale. It is very heart warming to see such a great group of friends and repeating customers each spring. Our bulls must be working for these cowmen and cowgirls to appreciate our breeding program.

I would like to thank my husband, George, who stays out of the limelight but without his daily efforts, this farm would not run. Although the kids are living their own lives, they still come home to help if required. We are a true family run operation.

We believe that this set of bulls are the best yet and designed for the cowboys that run a lot of cows. They are rugged, with lots of muscle, hair and performance.

Mike has more energy than I; as his efforts in promoting the bull sale throughout the fall season is a large, beneficial help for the sale.

Stop by the farm any time prior the sale to view the bulls and plan to come early for a roast beef dinner with homemade pies and hot and cold coffee sale day.

See you on sale day

From the desk at T Bar

Welcome to the Sandan Charolais/Springside Annual Bull Sale at the ranch, Erskine, Alberta on February 22nd. For George and Ursula this will be their 23rd annual event. Sandan has been an institution in the Charolais breed; founded by Don Pochylko and carried forward by the Corpataux family.

This sale is unique as it offers two classes of bulls... the long (summer and fall) yearlings from Sandan... bulls that can cover more cows, bigger cows designed to add more pay weight at weaning, while Mike from Springside offers some of the feature bulls to be offered this spring. They are fresh in new genetics and designed to fit both the purebred industry and the commercial cattlemen who require more pounds of calf at weaning. The lineup is exciting and diverse in type and genetics.

The Sandan bulls are calved on grass, brought in and weaned, ready to take the biggest brunt of winter. Grass run throughout the following summer to ensure soundness, brought back in the fall and put on a high roughage diet, preparing them for the sale. They are rugged, hairy, with lots of testicle and most importantly performance driven. The Springside yearlings are exciting...young, mostly polled, with lots of hair and testicle; many are brothers to those campaigned throughout the fall show season. Mike Panasiuk is a good cowboy who knows market needs; congratulations are in order, for his record setting fall female sale.

Never in the history of the Charolais breed has the demand for Charolais influence cattle been so strong. Every front buyer tries to put together a load of tans and buckskins, knowing it won't be cheap. Using a Charolais bull is a "no-brainer... more pounds at weaning, more buyers to purchase them and more money in your jeans at the end of the day.

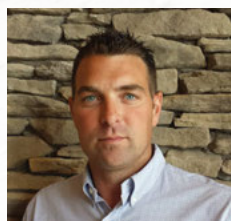

This sale offers both numbers and diversity in pedigree and type. Become a member of the repeat buyers at Sandan, it will be worth your while!

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar team or myself, as we will help you in a professional manner.

Welcome

This is the seventh year that Springside Farms has partnered with the Corpataux family and we are excited to invite you all to the 23rd annual Sandan Bull Sale. We could not be more thankful to Ursula, George, and the entire Corpataux family for the hospitality they have shown over the years.

Every year I'm surprised at the increase in quality genetics I see when touring various Charolais herds in our country. I feel like these improvements are largely due to the competitive demand of beef producers wanting to use quality Charolais genetics. Our bull sale is no exception to this increase in quality and I'm excited to offer one of our best line-ups to date! Whether you're a rancher or purebred breeder looking to increase performance, calve out heifers, add hair, improve disposition, raise that perfect little show heifer, or crank out ranch bulls all day long; we have a prospect that's right for your program. At Springside we truly value our customers and strive to produce the highest quality product. That's why we'd love to hear from you and find out what your program requires and how we can work together to elevate it to the next level.

Please join us on February 22, 2020 at the 23rd Annual Sandan Bull Sale. On offer are 78 bulls to suit anyone's program. Feel free to come and take a walk through the bullpen or cowherd at any time. We have a BULL FOR EVERY BUDGET, and a BULL FOR EVERY PROGRAM. Contact me if you'd like to talk about how Charolais genetics can enhance your program and elevate your profitability on sale day. What are you waiting for? Put that Charolais stamp on your calves and #beidentifiable.
