## DIRECTIONS...

### From Saskatoon:

Head West on Highway 7 from Saskatoon.  
Branch of South onto Highway 60 to Pike Lake.  
Go South on 60 to secondary highway 766 (to Delisle).  
Take 766 Highway 3½ miles west. The road will curve, (do not take curve North) then go South of the gravel pile 1 mile onto range road 3073. Watch for the Ward's Red Angus sign.

### From Delisle:

Take 766 Highway East towards Pike Lake Provincial Park  
Go 10½ miles on 766. The road will curve south, continue south onto gravel (3073) and follow the Ward's Red Angus signs.

Ward's Red Angus

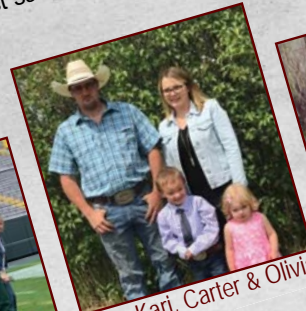

# WELCOME...

Welcome to the 12th Ward's Red Angus Bull Sale! We are very excited to be holding this year's sale on the farm!! We had been talking about putting up a building for a number of years, so after 14 years of hauling the bulls up to SLS, we are thrilled to be able to leave them at home in their pens in a stress-free environment. Also new for 2020, we will now be hosting a VIDEO sale!! This was NOT an easy decision and we truly appreciate all of our customer's input! We value your opinions and appreciate that 95% of everyone we spoke to about live auction vs video were on board with the process. We want to make the transition as easy as possible for everyone! The bulls will be penned beside the sale barn for easy viewing. Please come anytime prior to the sale to view the bulls and plan to come early sale day to give yourself time to go through the bulls, grab lunch and enjoy the sale and hospitality. This year's bull offering gives you the same quality you have come to expect from us. Top cut yearlings both Red and Black, complimented by our sought-after rugged, fall born bulls. As always, we stand behind our bulls 100%. This includes all sight unseen purchases made for you. We still offer our incentive programs and our willingness to help you get the right bull for your operation. Some things need not change. We would like to take the opportunity to thank everyone that has shown interest and supported us in 2019! Whether you attended the Saskatchewan Angus Summer Tour, stopped by The Yards at Agribition or just popped in for coffee, we appreciate your interest in our operation. Please consider this your invitation to join us at the farm for our first sale in the new building with our new video format. Come early, stay late and enjoy a relaxed bull sale atmosphere!

See you sale day!

## FROM THE DESK AT T BAR...

Welcome to Ward's Red Angus 12th Annual Bull Sale, March 7, 2020 at the farm, Saskatoon, Saskatchewan. As we enter a new decade, Clarke has made some changes...the sale has moved to the farm, as he constructed a new barn and will be via video. The bulls will be penned just outside the sale barn for easy access and evaluation in their natural environment.

The Wards have had a busy 2019...hosting the Saskatchewan Angus Summer Tour, building a barn, visiting customers or customers visiting them, finding and putting up feed and having a display in the commercial barn at Agribition – we think Clarke needs a social convener!

For the many of you that have been repeat customers, you know that the Ward program features calving ease. 2020 continues the same mandate in an exciting group of bulls, both red and black; they are rugged with tons of hair and shape. The fall bulls are always a feature, as they can cover more cows, bigger cows and even gain weight in the later summer months, while giving you more uniformity in the calf crop. But the Wards have a problem...longevity...their bulls last too long; Clarke complains about it all the time. (Some things never change).

Check out the buyer conveniences that the Ward program offers; fifty percent payment with a post date, wintering, free delivery and discounts on multiple purchases and something that is not written in the catalogue...outstanding customer service.

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar Team or myself, we will help you in a professional manner.

Hitch continues to turn heads with his natural thickness and muscle pattern! We had him displayed at the Saskatchewan Angus Summer Tour (after he had bred females through out the summer) and he was our display bull at Agribition this year (then he went home to breed fall cows)! We expect a lot of him and he doesn't miss a beat! His bull calves carry his same muscle pattern and easy doing ability and their average BW is 84 lbs. If you want muscle and thickness, check out these sons!

We were very disappointed when we lost Red TR Rollin Along 79B. He was a guaranteed calving ease specialist, combined with explosive growth and shape in his calf crop! Last Roll 96E was a late April born bull out of our Blackbird 48X cow line, so we decided to keep him to replace his sire! He has not disappointed! His calves have the same low birth weight and muscle shape the old bull had! If you need bulls for your heifer pen, look at these Last Roll sons!

What do you say about a bull that is 16 years old and is still used heavily in the Red Angus breed? Consistency, longevity, thickness, capacity come to mind, all valuable traits that we strive for. We used a semen package this year, kind of hoping for some females! But instead we have some stand out bull calves for our repeat customers!! Retro genetics that will benefit anyone's program!

- Dark red, wide hipped, free moving bull.
- This guy made lots of friends at the SK Angus Tour.

**RED WARD'S GASKET 48G**

**WARD'S RED ANGUS YEARLINGS...**

# THIS IS A VIDEO SALE

No bulls will physically enter the sale barn. A video of each bull will be playing at the time of the sale. Viewing of the bulls can take place anytime prior to sale day. Give yourself time sale morning to evaluate the offering prior to sale time. The experience of choosing your bull in the ring changes somewhat at a video sale.

Outcross genetics here! He was purchased in 2017 from Leeuwenburgh Angus. His Peacemaker dam (70B) is one of their favorite young cows and Red Andras Fusion R236 has been a go to calving ease sire in their herd. As a group, the Fusion sons were consistent, stout, deep and easy fleshing. He combines calving ease with a little more frame. This year the fall calving group is largely sired by 69D. The added frame from the Fusion breeding combined with the added age of the fall bulls makes this an impressive group.

Alaska 264E came to us sight unseen. BW of 86 lbs., WW of 960 lbs., YW of 1490 lbs. and Scrotal of 43 cm. He has definitely lived up to the numbers! We have always admired the HF Alaskan 94T breeding for its functionality and longevity. He has been a great fit with our Black herd and we are excited to see this young herd bull's influence in our herd down the road.

Cross Fire is a bull we admired at Agribition. He is deep made, stout and structurally correct. We felt he would be an asset to our Black cow herd, so we purchased a semen package for our AI program. The females we retained of off him are at the top of the replacement pen and his sons will be easy to find sale day

Commander 87B is off Cole's top cow Erica 97N! She has an amazing track record with numerous high sellers. We had 87B coat color tested and the result was "EE" which means he is all Black. Commander was our overall high selling bull in 2016, selling to Gord Houston for a 1/2 interest! We are pleased to be able to bring him back! His daughters stand out in the pen and you will find his sons sale day, they are definitely sale features!

These are the last bulls off of Cassanova we will have on offer. We really made this guy work over the years and he never missed a beat! We owned him with Double V Angus, he bred in both herds in the spring, then we would bring him back to breed the black fall cows! He is so well put together structurally, with the best feet we have seen, he handles it like a walk in the park! His bull calves are easy doing, moderate with muscle and they travel on sound feet and legs like their sire!

# SASKATCHEWAN ANGUS TOUR 2019...

## CALVING EASE RATINGS

We evaluate each bull for calving ease determined by bone size, birth weight and maternal history. Scoring as follows:

- \*\*\* 3 Stars** - Recommended for use on moderate framed first calf heifers. Should produce minimal or no calving trouble.
- \*\* 2 Stars** - Recommended for use on large framed first calf heifers. Should produce minimal or no calving trouble.
- \* 1 Star** - Recommended for use on cows. Should produce minimal or no calving trouble.

## TERMS AND CONDITIONS...

### TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Each animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

### CERTIFICATE OF REGISTRATION

Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

### GUARANTEE

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

### BREEDING GUARANTEE:

We guarantee to provide a sound breeding bull capable of passing a semen test at 14 months of age. Any bull failing to be a satisfactory breeder will be replaced with a bull of equal value and quality, or a credit given towards purchase of another bull. All consigners fully stand behind their bulls!

### LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co.(2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any obligations to collect or enforce collection of any monies between parties and any legal action that may, in extreme cases, be taken must be between buyer and seller. T Bar C Cattle Co.(2013) Ltd. assumes no responsibility of any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

### SEMEN COLLECTION:

Ward's Red Angus reserves the right to collect 100 straws of semen on any bull in this catalogue. This collection would be done at our expense and the purchaser's convenience and would be for in herd use only.

### PHONE, MAIL AND WIRE BIDS

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

### ERRORS

All announcements at sale time, written or oral, supercede any written material in the catalogue.

### WEIGHT INFORMATION:

BW – is the actual weight at birth (within 24 hours). WW is actual weight taken on August 31, 2019 unless otherwise stated. A current sale weight will be available sale day.

### LOADOUT:

**No bulls will be allowed to load out until the conclusion of the sale.**
