25TH ANNUAL BULL SALE

Monday, April 6, 2020 * 1:00 PM

On behalf of our family, myself, Shelly, Tyra, Jonny, Jim, and Jorja, welcome to Justamere's 25th Annual Angus Bull Sale, April 6th at the Justamere Sale Barn in Lloydminster. Firstly, our father Lyal Fox Sr. passed away on February 27, it was a shock to our family. The outpouring of sympathy and support from all over the world has been humbling and reaffirmed to us all how fortunate we are to have been his children and family. Dad was a good man, a fearless leader and made a big impact on whatever or whoever he was involved with. He spoke his mind and had great passion for his beliefs and huge compassion for his fellow man. Thank you Dad, life will be different without you.

That said, Dad loved cattle sales and our spring bull sale was one of his favorites. This year we follow the tradition of offering only our best two-year-old and yearling bulls to our much valued customers. These bulls are definitely the most solid set of bulls to date. The average birthweight on these 50 bulls is 79 lbs. and the average actual weaning weight off the pasture was 836 lbs. At Justamere we pride ourselves on being one of the first outfits to concentrate on consistent low birthweights coupled with real growth and performance to wean off big calves in an efficient maternal oriented matter. We have always believed in utilizing the best genetics to fit our program goals.

The walking sires here at Justamere are second to none. Sankeys Watchman, EXAR Next Level, Justamere M.A.G.A., EXAR Cowboy Country, Justamere Mile High 601B, Justamere South Dakota 833C, Justamere Cash In, EXAR Inspiration and C&C On Cue made a huge impact on this group of calves. AI sires like Musgrave Stunner 316, K Bar D Native Joe, PVF Inauguration and 74-51 Sudden Look have also added much value to the offering. We feel that there is a lot of bulls in this sale that are eligible herdsire candidates for purebred herds. A few of the top picks are Lot 4, Lot 9 and Lot 13, however we think it's always best to let you, our customers, decide from this superb set of yearling Angus bulls. The two-year-old bulls are moderate in birth and explosive in growth. They will cover a lot of cows and/or heifers with ease.

The winter has been a good one with better weather therefore the bulls have excelled average over 4lbs. per day in their big pens in smaller groups. We calved around 200 females last year, mainly Angus and about 40 commercials. As you see, we are offering only our top 50 bulls for this year's sale. The calves were culled hard at weaning time for meeting our performance requirements, also feet and legs, temperament and structure. Then we always do another sort in February to assure we truly are offering you, the customer, our very best.

We at Justamere strive to earn your respect and business through hardwork, honesty and integrity; sometimes not the easiest path, but my grandfather and father demanded it and after over 100 years of operation, my family and I absolutely live it each and every day. Right now, the world is facing turmoil on many fronts, however it is our belief that through faith, perseverance and dedication things will work out just fine. The world needs safe, "high quality" protein now, more than ever. The cattle business is in another growth period and North America is going to benefit greatly. Our operations will continue to strive to produce what our good customers require to feed the ever-growing population of the world.

Shelly and I are very fortunate to be working with our children in this operation. Our sons, Jon and Jim, and their crew, Shane Conrad and Jordan Phillips, have done a tremendous job calving, feeding and caring for the livestock and we thank them for all their dedication. Calving was 80% done in the first two cycles this year with very little troubles at all. This assures us we are on the right track. We have also added another dimension to our business by setting up a certified livestock scale at our assembly yard in December. We are excited to be working with JustLivestock on this new venture and hope to offer a good service to our local farmers and ranchers.

Finally, thank you one and all for sticking with the Justamere program for decades in some cases. Big or small, you are very important to us. Please stop by anytime to view the cattle, have a visit or discuss what's next. DLMS.ca will have videos online by the end of March. Please keep in mind we will be selling by video again this year. Come early and get through this great set of bulls. We know you will be happy you did. Volume discounts and financing is available on approved terms. Free delivery in Western Canada is available. If you pick up your bull or bulls sale day, you get a \$50.00 per head discount. Any questions or concerns please contact myself or anyone on the sales staff. See you all on April 6, 2020 for our 25th Annual Angus Bull Sale at Justamere.

I want to leave you with one of my Dad's favorite quotes, it says a lot about him, and we strongly agree with it.

"Do not go where the path may lead go instead where there is no path and leave a trail." - Ralph Waldo Emerson

Thank you,

Jon Fox

 A son of the 4M Element 405 AI sire out of a first calf heifer purchased from Rehorst Farms. His pedigree is exciting, his extra length and excellent structure is impressive. Would be a sure fire heifer bull with added performance. Excellent EPD profile.

 Sired by the Genex sensation, Musgrave Stunner, these cattle have the look and type to them that we all crave. Big topped, deep sided with hair, bone, good feet and legs. This fella's mother is an awesome daughter of past ROV show bull of the year, EXAR Wanted. The good ones always rise to the top of the pen and this bull is no different.

I could write a whole page on this bull's incredible mother, EXAR Barbara 1075. Let's just call her the female that never misses. She has averaged over \$27,000 per head on her last five natural calves. Two herd sires, Justamere Maga 105D and Justamere Overdrive 504F call her mom. The \$55,000 feature lot, Justamere Barbara 309E, from our Sale Of The Year is a daughter in production. BattleCry has been one of our very favorites since he was born. Being a G5 Angus source verified son of Musgrave Stunner, the homework has been done. He possess the top 1% in marbling EPD that is hard to acquire. This is an opportunity to move your program forward fast.

Terms to be announced.

 This son of EXAR Next Level is truly one of our favorites. We purchased Next Level to add the length and the attractive, yet powerful, front end. His first calf crop is amazing here at Justamere and our fellow syndicate owners. This bull's brother was a feature last spring, selling to Movin On Farms, Jim and Jodi King and family. They are excited about the calves due this year. If a show bull is what you're after, this guy checks all the boxes in our mind. Power, length and depth on a super set of feet and legs. This gives you the opportunity to be the leader instead of being a follower.

This cool, fall born son of the \$580,000 Baldrige Colonel is a cowman's dream. Beautiful in his design, right full of red meat. His dam is a donor female for Justamere and Lyndon Manor. This herd sire is one of the only Colonel sons in Canada at this point, he will be a breeders delight. His full brother is already in the Semex South America sire line up. Excellent EPD profile and an awesome dam.

These two year old bulls were kept back last spring from the sale. They are not leftovers but younger yearlings that we wanted to develop for our older bull market. This bull's dam is one of our top older females. His sire is the sire to our record breaker, the \$140,000 Justamere Full Throttle.

 A guaranteed heifer bull with a 65 lb. birth weight but he also weaned off at 742 lbs., which is perfect. A live calf is always better than a dopey, big, dead calf. That is why Angus bulls are so popular around our North American ranches.

The last 10 straws for public use available for this year. This son of Conley Express was one of the standouts at the National Western in Denver. We acquired Canadian semen rights and are excited about utilizing him in our embryo program, as well as in our herd. The semen will be available in Canada by mid-April. Set yourself up for an exciting 2021 calving season.
