

# 23RD ANNUAL BULL SALE

Monday, April 9, 2018 \* 1:00 PM

Greetings to one and all and welcome to our Justamere 23rd Annual Bull Sale. The weather has been a serious factor this year on the prairies, the winter calving has had its challenges for us all. However, it is remarkable what those little Angus calves can adapt to and indeed not only survive but thrive in.

We just got done pictures yesterday and what a nice day it was, both weather wise and working with the cattle and people that make it happen for all of us at Justamere.

This year's bulls are without any doubt our most complete and uniform group of bulls to date. The exciting pen 1 bull group have been a dream to work with, Jon and his crew have halter broke them as well as spent the extra time to make them a quiet, easy to work with group.

We have several solid herdsire candidates sired by, 74-51 Sudden Look, EXAR Blue Chip, Justamere Trademark and C&C Thriller also a special son of EXAR Stud 4658B that is sure to be sought out. New this year the first sons to sell by Semex sire Freys Opportunity 148A. These bulls have a tremendous well balanced EPD profile and offer certain different genetics. The calving ease sire, Justamere Washington 602B worked very well for us in the heifer pen the last couple seasons and we are happy to offer more of his low birth weight, high growth genetics. Also, several sons sell by our EXAR Lutton 0409 herdsire. He is an ET bull that is out of the immortal WCC Frontier Gal 39, a past Denver Champion and more importantly a top income producer across North America. 0409 is sire to the \$140,000 Justamere Full Throttle and he continues to excite with each calf crop.

We are always working to improve our own program and upgrade by the use of embryo transplant and last year we had a great conception on implanted embryos which left some very exciting March and April born herdsires. There are three awesome sons of EXAR Blue Chip out of donor dam EXAR Ruth 0091, two sons of 74-51 Sudden Look out of Justamere Fay 869T a full sibling to the great Justamere Tiffany 203Y and an exciting Koupal Kozi out of 0091. These young bulls are a very interesting part of a tremendous offering of Justamere Angus bulls.

We have strived from day one for calving ease, growth to weaning, strong maternal and excellent feet and legs and structural soundness. The carcass aspect has always been a feature throughout our herd as we only utilize bulls that register above average ribeye coupled with a high IMF score.

The cattle business is definitely on the upswing, solid heifer retention coupled with excellent calf prices make this a rewarding and exciting business to be in.

We also want to thank our long-term consignor Running Steady Ranch for offering six great yearlings sired by EXAR Outcross and Justamere Cash In 461A, both bulls offer a great future in this business. Our good friend Ken Warriner from the Wainwright area is 91 years young and asked us to let him put a few bulls in the sale. They are consistent with our low birth, high growth problem free philosophy.

Finally, we also offer a few select embryo matings and some special, hard to acquire semen to the sale and we feel we have met that challenge once again this year.

In closing, Shelly & I want to thank each and everyone one of you, our valued customers, we are proud to be making our living from the farm with our family and can only continue with your support. We want to thank our sons, Jon & Jim and Jordan Phillips for all the time spent and effort made this winter to keep the wheels turning on the operation.

We hope you can be with us sale day, April 9th, at the Justamere sale barn, come for lunch, stay for hospitality after the sale and enjoy a break if only for a day.

The updated weights, scrotal and videos will be online before the sale. DLMS will be at the sale and accepting internet bids. The bulls are fully guaranteed, semen tested and delivered after the sale. Thank you and any questions regarding our sale please contact anyone of our sale staff or us here at Justamere.

See you all at the Sale.

It's been a long cold winter for most of us on the prairies. Spring is on the way, it's calving time and bull sale season. This son of Semex AI sire Frey's Opportunity is long, deep and thick with a great coat of hair. He is a very powerful made bull. He is halter broke and quiet. His mother traces back to our immortal Right Time daughter 911G. This bull will put you in the driver's seat in your program.

For those of you looking to improve both your EPD data and your actual performance data, look no further than this awesome son of Curvebender EXAR Stud 4658. His very impressive outcross genetic potential will delight most breeders. His look of quality and near perfect stature should excite you. His mother, although an older cow, is a donor female for Express Ranches, sired by the legendary EXAR 263C, with a +160 \$B and a 1.8 BW to a +119 YW EPD. This bull is a natural curvebender. He is the right kind. This one has the potential to improve the breed in a lot of ways.  
 We are retaining 1/3 semen interest.

When you combine the performance of C&C Thriller, a son of EXAR Blue Chip and the immortal Eulima cow family, then add the \$100,000 EXAR Moneymaker 9711B, along with Bada Bing, our go to sire for a long time now, you will get the rugged herd sire look, the large weaning weights, the feet, legs and hair, you desire. This great bull's mother is a donor cow for Justamere, currently being flushed for export to Russia. If you want a bull to move your program forward the Thrill Dawg is your bull.

BW: 85 lbs WW: 920 lbs SC: 39 cm

This awesome son of C&C Thriller was our second heaviest bull calf off the cow last fall, weaning off at 920 pounds, with a very respectable birth weight of just 85 pounds. His mother 937W, just never stops producing our best calves. Everyone is looking for something different to use. I dare say this guy fits that bill very well. He is as thick and long as you could want one, he is quiet, he is showy and he has a different pedigree. What a great bull!

This son of 74-51 Sudden Look is one of our very best bulls ever produced here at Justamere. We cannot be more pleased with what the Sudden Looks have done for us and the many breeders who have used him. His mother is a donor cow for Justamere, so you can expect to hear a lot more about this great Silvieras bred female. This calf is definitely show worthy, he will take a run at anything out there and go looking for more. He has the look, style and body we need, the feet and leg structure we want. He does have a small patch of white hair in front of his scrotal area. It does not worry us a bit, however, we wanted everyone to be aware of it. There is not enough of this kind left in the Angus business, grab a hold of the opportunity here.

Terms to be announced.

Another heifer calf weaned off at 800 pounds, that's incredible. If you add in the National Champion Fortify, the Cornerstone sire Sitz Top Game 561X, you have the makings of your next herd sire candidate. He is thick made, very complete, easy doing and quiet disposition, we would not change him a bit.

We are finishing off our portion of the sale with our late March, early April born ET calves. This is a golden opportunity to grab from the heart of the program. This son of Blue Chip is a brother to two of our high selling show heifers last fall in The Sale of the Year at \$15,000 and \$10,000 respectively. Because they are younger, this gives you an opportunity to buy them. The EXAR Ruth 0091 female is in the top of our elite herd, in fact we can't find much better than this great female.

SANKEYS JUSTIFIED 101 X EXAR BLACKCAP 4085

This exciting mating of Sankeys Justified 101 and EXAR Blackcap 4085 will surely be profitable to the new owners. We have three confirmed pregnancies to this mating to hit the ground in late March. Justified has done a tremendous job producing the right kind of cattle, both bulls and females. 4085 is a beautiful young female sired by Connealy Namesake 10X.

Koupal Kozi 418

EXAR Ruth 0091

# J56

## 4 Embryos

KOUPAL KOZI 418 X EXAR RUTH 0091

This is a tremendous opportunity! The Semex AI sire, Koupal Kozi 418 mated with our top donor, EXAR Ruth 0091. Kozi's first calf crop is exceeding expectations across North America. One of the feature bulls in the Still Meadows Sale is a full sibling to this mating. He is stout made, great footed and deep bodied. The females are broody and efficient in their makeup and the EPD profile is above average. Straight from the heart of our program.

This is a bull that continues to do it all. He has sired many champions and high sellers after his tremendous show career in 2013, where he was American ROV Show Bull of the Year. We are offering these 20 doses for spring 2018. There will be limited supply available after that, as we are running low on it. This is well worth having in your tank.

The 2003 Agribition Champion and the backbone of our program. Sons like Bada Bing, Next Step and grandsons like Denver Reserve Champion, Panama Jack. If you want big, stout bulls or females, Master does it and adds the style as well. His relevancy lives on through his sons and daughters and that is a true testament to a great breeding bull.

**Cattle Inspection:** All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

**All Cattle Are Sold:** Subject to such tests as required for export under regulations of the Health of Animals Branch, Department of Agriculture for Canada - those corresponding to Bureau of Animal Industry requirements.

**Breeding Guarantee:** All cattle are sound and right, and all with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association shall apply.

**Announcements:** Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

**Genetics Testing:** All cattle in the 2018 Bull Sale are Anthrogyrosis Multiplex Free (AMF) and (NHF) Neurotoxic Hydrocephalus Free or listed as No Carrier Ancestry.

**Holding and Shipments:** Approximately one week is required for export transfers and other documents to be processed. Export animals will be held at no charge and under excellent care. Joint export shipping arrangements to attain minimum shipping cost will gladly be made by the sale management if instructions to that effect are provided to clerk of the sale when settlement is made.

**Mail Bids:** May be entrusted in complete confidence to any of the Sale Staff listed or to Justamere Farms Ltd.

**Insurance:** Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerk's desk from the appointed representatives on sale day, also from the sale management at any time.

**Terms Of Sale:** Are cash or cheque at par, payable to Clerks of the Sale on Sale Day. U.S. Funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

Every Animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

All Persons who attend the Sale do so at their own risk, and the Owners, Consignors, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.
