**24TH ANNUAL BULL SALE**

**Monday, April 8, 2019 \* 1:00 PM**

Welcome one and all to our Justamere 24th Annual Bull Sale. We want to first thank all of our many friends and customers for purchasing our genetics and sticking with our program over these many decades, we certainly appreciate it. This past six weeks across Canada and even many of the United States has been challenging at the least and on the verge of questioning our collective sanity at the most. Of course I'm referring to the cold snap that still has not ended. If one were political, one should ask geniuses like Al Gore or David Suzuki to come visit us while we thaw waterers or do chores in this mecca of global warming. Enough of that, Canadians rise to the challenge. Ranchers are the leaders of this cause. Why, because we have to. The collective care, sweat, love and passion for the cattle business is on display every year and we commend and are thankful to be a part of this effort of raising safe, healthy, profitable beef for the world. This year's sale offers you the chance to improve your programs, build your strength and depth of your herd and profit from proven predictable genetics and traits that have been the cornerstone here at Justamere for 120 years. These herd sires possess the calving ease, maternal and carcass superiority that you have come to expect. We offer bulls that are bred with our customer in mind. They are fed to perform, not get fat and meltdown into a disappointment later on. The feet and leg structure is our most crucial aspect of selecting for this sale.

With your investment in your future, we feel it's our duty to try our best to combine our real world knowledge, the EPD and performance data and the genetics to guarantee your success. We use AI but we walk the very best herd sires we can create or afford to help back this up. The HA Cowboy Up 5405 sons in this sale are a remarkable group of bulls. They pass the test easily for do ability, character, carcass superiority, EPD performance data and, simply put, the cowboy kind. A very special genetic makeup in the Lot 11 Montana Colonel 7191 herd sire. He is the very first available in Canada to our knowledge and what a tremendous opportunity to those of you who wish to grab it.

Our philosophy comes from generations of cattlemen and women. Calve them easy, turn them to grass and let them grow. Keep the feet and legs right, keep the udders right and finally, cull hard to get rid of the undesirables. We do this at Justamere each and every year. Between ourselves and Running Steady, we are calving 200 Angus females. We have selected our top 50 bulls for this sale. That, we hope, speaks volumes to what our program is. The average birth weight is a perfect 79 lbs. and the average weaning weight is 793 lbs.

The market has been steady, the future for the cattle business is still very bright and the time is now to expand and build up your inventory with the right genetics for the future. The dividends paid for the investment into a good herd sire or program have never been more evident. Please keep in mind, we will deliver your bulls, semen test and fully guarantee your satisfaction with us or any one of our consignors. We also offer some very unique embryo and semen opportunities for our many purebred customers. This year is no different.

We want to thank our family. My parents, Lyal and Virginia, have been the foundation for us all and I count myself extremely fortunate to have them to consult with on a regular basis. My brothers, Lyal, Stirling and Ben and their families, have very busy, successful lives but still have time to answer questions and help throughout the year. My sister, A.J., is very busy with her law firm but has time to help, consult and usually make it to the sale. We appreciate all these efforts.

Finally, my family. Shelly has always been the back bone, from helping out daily to handling the bookwork and raising four healthy, happy children and going along with some of my crazy ideas. Also, doing the midnight checks these last six weeks, thank you. Our son, Jon, has taken over the day to day operations and is doing an incredible job assisted by Jim, Tyra and Jorja, who are all still in school. Tyra by choice, as she is in her second year of vet studies. Also, Jordan Phillips has been a huge help these last two winters. Shane Conrad, Tyler Nostadt and Drayce Robertson also have become people we can count on and we appreciate it.

On behalf of all of us at Justamere and Running Steady, we invite you to the sale. We hope this sale book comes to you in warm weather and good health. This is a great time to be in the cattle business and we want to be your source for your Angus genetics. Any questions, please contact any one of us or the sales staff. **Videos will be online at DLMS.ca by the end of March.** If you can't be at the sale, please feel free to contact us. We will get you a bull you want in your price range. For those of you needing a larger number of bulls, we offer volume discounts on purchases of three or more bulls. If you take your bull home on sale day, you will receive \$50.00 cash per head.

Thank you and see you at the sale!

Jon, Shelly, Tyra, Jon, Jim & Jorja

Justamere 3407 Insight 502F

BW: 65 lbs. WW: 905 lbs.  
 An incredible herd sire prospect to start off this, our 24th Annual Justamere Bull Sale. Sired by the Genex AI sire, PVF Insight 0129, the bull known for producing big rib eye, heavy muscled bulls and fancy, deep and show worthy females. A very strong set of EPDs back up this bull's performance data. His mother, EXAR Ruth 0091, has produced some exceptional cattle, both naturally and by ET flushing. We love his type and kind.

Herd sire time here ladies and gentlemen. Since his birth, this bull has been special. Sired by HA Cowboy Up 5405, the Express Ranch and Hinman Angus sensation that is changing the landscape in Angus circles across North America. The thickness of top, depth of quarter and sound structure on this great young herd bull is hard to match. His mother, a young Consensus daughter, is destined for our ET donor pen. The time is now to make your future profitable.

Terms to be announced.

Sired by the \$100,000 Justamere Sudden Look 117D, who is the surest firing calving ease bull in our program and looks incredible at our partners, Nielson Land & Cattle of Craik. We all want these bulls that can calve easy, then hit the grass and convert it into pounds by fall. This bull's dam is in our top end cows each and every year. She is easy doing, big bellied and super stout made on a moderate frame.

Here's the Colonel. At Justamere, we constantly strive to offer new and exciting genetics to our many friends and customers, with this fall 2017 born son of Baldrige Colonel C251, the \$580,000 record breaker in 2016 for Baldrige Bros. of Nebraska. His sons and daughters are breaking records and adding to the future of this great breed. This bull's mother, Riverbend Blackbird, is a powerful and broody donor female for ourselves at Justamere and our good friends and partners, Lyndon Manor Farm in Ontario. The immortal Davis YR Blackbird 558H is her great granddam. We will have some exciting embryos in this very sale out of Y1143. She is currently being flushed at Bow Valley Genetics. It is hard not to get excited about having the opportunity to own a son or daughter by a famous Angus sire or female. We are lucky to have a full brother at the side of his mother for our future.

Retaining 1/3 semen interest.  
 Owned with Lyndon Manor Farm.

*Come early and join us for lunch!*

STEVENSON MONEYMAKER R185  
MONARCH PRIDE P199

BW: 82 lbs. WW: 764 lbs.

A stout, very well made two-year-old bull that is well put together, sound and agile. He is able to work in either pasture heifers or cows. His mother, EXAR Pride 2536, is an outcross to our program and traces back to Stevenson Moneymaker R185, one of our favourites. Herd bull material here in this super complete son of 74-51 Sudden Look. He is halter broke and very quiet.

 If you have followed or been part of our program, you will remember the full brother to this great young calf, Justamere Full Throttle 486A. He set a record for us when he sold in our 20th Annual Bull Sale for \$140,000 to Ken Ayre of Still Meadow Farm in BC. We had the misfortune of losing that great bull the same year but we got enough semen for our partners in Australia, the United States and Canada. He has been steadily producing great females and bulls for us and our partners. This young calf is pretty awesome and he really is one of a kind. Have a look and trust in the proven genetics behind this great herd bull.

**Average Birth Weight**  
*on the 43 yearling bulls in this sale is 79 pounds and the average actual weaning weight is a massive 793 pounds.*

 If there was one bull in this sale our son Jim would guarantee, it's this guy. His mother, 566U, is still going strong and is the nice natural cow we all dream of. Jim does a lot of our late night checking and 566U and him are real good buddies. Thanks Jim for your efforts this calving season. This bull is deep and thick like his tank of a mother.

The donor dam to these embryos is a very unique breeding piece, combining a stellar pedigree with proven genetics and very admirable EPD and performance data. She is also the dam to the awesome Lot 11, Baldrige Colonel son in this very sale. Purchased from Montana Ranch in fall of 2017 by our friend and partner Lyndon Manor Farm, Glen & Caroline Smith of Ontario. We are excited about the future of this terrific female. The sire is one of the newest acquisitions by Semex Beef, assuring your jumpstart on the competition for marketable and profitable genetics.

*Congratulations To All The Juniors*

**Cattle Inspection:** All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

**All Cattle Are Sold:** Subject to such tests as required for export under regulations of the Health of Animals Branch, Department of Agriculture for Canada - those corresponding to Bureau of Animal Industry requirements.

**Breeding Guarantee:** All cattle are sound and right, and all with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association shall apply.

**Announcements:** Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

**Genetics Testing:** All cattle in the 2019 Bull Sale are Anthrogyrosis Multiplex Free (AMF) and (NHF) Neurotoxic Hydrocephalus Free or listed as No Carrier Ancestry.

**Holding and Shipments:** Approximately one week is required for export transfers and other documents to be processed. Export animals will be held at no charge and under excellent care. Joint export shipping arrangements to attain minimum shipping cost will gladly be made by the sale management if instructions to that effect are provided to clerk of the sale when settlement is made.

**Mail Bids:** May be entrusted in complete confidence to any of the Sale Staff listed or to Justamere Farms Ltd.

**Insurance:** Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerk's desk from the appointed representatives on sale day, also from the sale management at any time.

**Terms Of Sale:** Are cash or cheque at par, payable to Clerks of the Sale on Sale Day. U.S. Funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

Every Animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

All Persons who attend the Sale do so at their own risk, and the Owners, Consignors, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.
