# Welcome

*From the desk at T Bar...*

Welcome to the Spirit of the North Annual Bull Sale on Monday, April 4, 2022, at the Spiritwood Stockyards, Spiritwood, Saskatchewan. This three-breed sire selection sale offers the most sought-after breeds in the livestock industry, all in one day and for 2022 the shelves are stacked with value added opportunities.

The Simmental division offered by Westroh Farm features several breeder bull opportunities both red and black ... powerful, full of performance along with muscle and plenty of hair... as a bonus they come to you with optimal frame and birth weights. Whether you are looking for a red Westcott, Eddy or Absolute or a black Orbit or Walker, choices are varied as the quality runs deep.

Casbar Farms are the Charolais component with both two-year-old's and yearlings sired by sons of the industries leading bulls, they are bred to add pounds at weaning. Headlined by sons of nationwide, Northstar, Wizard and Blackjack and anchored by two-year-old sons of Oasis, Provincial and the Duty-Free son Felix, the selection of both breeder bulls and rancher bulls will fit your breeding requirements.

The Angus division is supplied by Cleveland's Farm and offer black and red two-year-old's. Due to a successful A.I. program, these stout rugged twos' are sired by the leading Angus sires in the breed ... Payweight, Stunner, Density, Motive, Paint Rock Trapper and Challenger, these bulls offer calving ease without sacrificing performance and as a bonus you will keep all the daughters as replacements.

Raised in your area and terrain, these bulls are designed to add value without fuss. Feel free to stop by any of the farms and view the bulls and their mothers or give them a call to discuss bulls that will suit your breeding needs. Remember that April 4th will be worth the trip.

Plan to be with us for the Spirit of the North whether it be with us in person, online or on the phone. We have graded the entire offering so feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

## CHAROLAIS

### The Percentage Calving Chart

1. An average cow of any breed should be able to calve 7% of her body weight.
2. Most Charolais and Simmental cows will weigh between 1400-1800 lb., expected calf weight to range from 98 to 126 lb.
3. Most Red Angus and Black Angus cows will weigh between 1200-1600 lb., expected calf weight range 84 to 112 lb.
4. Calving ease is more important than birth weight because a longer sided calf may calve easy, but the birth weight is higher.

(see 7% Calving Chart below)

### Birth Weight & Calving Ease

University studies in Wyoming and data from Montana and Colorado lend credence to the following conclusion:

1. The birth weight itself influences calving ease by 65%
2. The female has 60-70% influence on birth weight of her calf.
3. The bull has 30-40% influence on birth weight of his progeny.
4. Pelvic measurement and angle as well as the shape of the calf have 35-40% influence on calving ease.
5. Length of gestation greatly affects birth weight. A fetus can gain over one pound per day in the last days of gestation.
6. Weather and temperature the last 30 days affect the length of gestation.
7. Size and maturity of cow influence calving ease.

## ANGUS

### Angus Calving Ease

- \*\*\* Recommended for use on heifers for little to no assistance on normal births
- \*\* Recommended for use on larger heifers for minimal assistance on normal births
- \* Recommended for use on cows

# Simmental

*Werstroh Farms Ltd.*

We at Werstroh Farms are thrilled to welcome you to our annual Spirit of the North Sale! We would like to extend a Thank You firstly for our customers loyalty and support over the last years and throughout our sales in the past. We truly believe the Simmental breed is in an exciting time and we appreciate the interest in our program and breeding.

Our bull pen this year is one we are extremely proud of. Whether it be red, black or baldie that you may be after or a power bull or calving ease, we feel that we have the bull you are after.

If you are unable to make it on sale day, we ask that you be in contact with anyone from the T Bar C staff and they will be glad to help you out with your selections. We always recommend coming to the farm to see the bulls in their home conditions.

We ask that as many people as possible take their bulls home sale day cause of the low supply of feed this year. Delivery of the bulls will start the day after the sale.

See ya all on Monday April 4th at Spiritwood Stockyards!

Thanks,

Randy and Carol Werstroh

- In December of 2020 we attended the Perlinger Sale in Lloydminster to wish them the best in retirement and shoot the shit with fellow breeders. Well, that visit ended up with us being the owners of a bred heifer 65G and what a female is she is turning out to be.
- On Jan 7/21 she lays down and squirts out a solid dark red little bull calf.
- On Sept 21 that little bull calf now weighs over a thousand pounds much to the perfect udder and endless milk her blazed face dam produced.
- At not quite a year old, he now is almost 1400lbs, dark red, beautiful hair coat and as quiet as they come.
- We don't think that we could write a better beginning to this young bull's life.
- 3J has a lot to offer to anyone's operation.

## 14 CRS Mr Westcott 42J

PG1364250 CRS 42J 31/01/2021 Polled Purebred

- This guy was right at the top for heavy weights of the pen.
- A tank from day one, this big fella has an unbelievable amount of sheer weight and power.
- He's just got so much length of body along with his thickness and actual mass.
- His mother always cranks out the power houses and is a great producer of dark red thick bulls.
- 83C has another bull calf on the ground this year and already we can see the depth on him.
- This is one bull that if you are a serious cattleman, you will be giving him a second look.

- Our Westcott sire has been one of the most productive sires to produce top of the line calves for us in the last couple years.
- 38J is one of the Westcott's progeny that really stands out. He is long bodied with pure power from head to tail.
- This is not only a bull with great looks and good hair, but he is also the whole package with large testicles and most of all has perfect blaze to him.
- This is the kind of bull you will find yourself taking that extra look at, he is worth it!

## Cas Bar Farms

Welcome to the annual Spirit of The North bull sale! Wow, what a year! Covid and drought have put us all through the test, but the one thing that all of us cattlemen have is the resilience and composure to persevere. With feed prices and expenses at an all time high, it is even more important to select the right bull for your program. Please let us help you with your choices in finding the bulls that will best compliment your cow herd and operation. Our passion for breeding high quality livestock is still number one. We try to offer bulls that meet everyone's needs within their programs, from calving ease to those with a touch more performance and even a few tan bulls for the cattlemen that like them with a little color.

You will notice our bulls are composed of a variety of pedigrees and sire groups. We A.I. 50% of our herd before we turn the herd bulls out. This provides our customers with a variation of selection. Some of these A.I. sires are calving ease specialists, and some are performance. That leaves the balance of the herd to be sired by our herd bulls which are a combination of calving ease and performance.

All bulls will be semen tested prior to the sale and will come with a vet's certificate of authenticity. They will also be treated with Fusogard to help prevent foot rot.

We take our business, of providing bulls to our customers very seriously and make every attempt to make sure you are satisfied with your purchase! So please contact Clay, or myself Lionel prior to the sale so that we can help you with a selection that fits your farm. Bulls are always available for viewing at the farm, or they can be viewed in Spiritwood prior to the sale on Saturday, Sunday or Monday. New this year, you can also see videos of the bulls online at Buyagro.com

We look forward to hearing from you!

**34 CBF Harlem 56H**

PMC828139 CBF 56H 01/03/2020 Polled Purebred

It is hard to put into word the impact that MXS Oasis has had on our program. We have used him for several years now and the consistency has been amazing. His calves always come out moderate, with lots of hair and vigor and great shape. Harlem is a loose made, smooth fronted bull with a great disposition. His dam is an LT Sundance daughter that we truly admire for her overall capacity, easy fleshing and beautiful udder. It is not every day that you will come across a two year old bull that can have an immediate impact in your cow herd and on your calf crop quite like Harlem will.

## 36 CBF *Weston* 65H

PMC828146 CBF 65H 13/03/2020 Polled Purebred

# Sale Feature

Herd bull alert! Weston will definitely add pounds to your calves come fall time and if you back ground calves, these are the type you want to feed. 65H's dam is a big, powerful cow, with a great udder and solid feet and legs. She always brings in one of the biggest calves every year. Cross her with Felix, a son of the hottest bull in the Charolais breed Duty Free and you get a product like this. Weston is a very long sided, big barreled bull that is hard to miss in any pen. Maternal brother to CBF 139J in the yearling pen.

Caesar is another great Felix son. Felix has been so consistent with the calves he's sired. He stamps his calves with calving ease, hair, performance and great disposition. Crossing Felix with our MXS Oasis daughters has been a no miss mating and you can see that here in Caesar. The Duty Free mating has been highly sought after by Charolais cattlemen, with many son's and daughters being high sellers in both dispersal sales and bull sales. Cattlemen love the Duty Free pedigree for its calving ease, heavy hair and high performance. Maternal brother to CBF Richie 135J in the yearling pen.

### HOMO POLLED

Wow, these Nation Wide calves are the real deal! Nation Wide is a sire that came out of the prolific Lindskov-Thiel program in South Dakota and has crossed very well with the Canadian blood lines. Semen is no longer available on Nation Wide, which has made his offspring very hard to find and highly sought after. Dynasty is as good of a Nation Wide son as you will find. He is a structurally perfect bull! He is long bodied, deep chested, thick in his top and smooth through his neck and shoulder. To boot, he is out of one of the very best mama cows here at the farm. His Dam is a big volume, deep chested Time Out daughter with a perfect udder and a big solid hoof. We love this cow so much that she will be going into our donor pen this year.

## 48 CBF Jackson 106J

PMC828061 CBF 106J 07/01/2021 Polled Purebred

### HOMO POLLED

Using Wizard in our herd has been a no brainer for the last couple years. He has crossed so well with every cow that we have bred him to. Every calf has been at or near the top of the pen whether it be bull or heifer calf. We are calving out our first Wizard daughters this year and they are awesome. They have perfect udders, lots of style and thickness and a heavy hair coat. Unfortunately, Wizard semen is no longer available, so get in on a Wizard son while you still can. Jackson is a hard bull to miss in the pen. He is a bull that check all of the boxes. Solid foot, great hair coat, long and deep bodied and homo polled to boot. His dam was the high selling bred heifer at the Sterling Collection in 2016 and is a true no miss cow. Jackson will sire steer calves that the buyers will fight over, you will want to keep every heifer calf. His Heifer calves will have flawless udders, going back to the strong maternal traits on both MVY Tina 69C and on the top side the Star Struck cow family.

This is our first calf crop off of Nation Wide and what an excellent set of calves he has sired, whether it be bulls or heifers. The calves were all born with moderate birth weights, great vigor and have really impressed us with their overall length, muscle definition and performance. These Nation Wide sons will go out and sire a set of calves that really tip the scales come sale time. Cardinal's dam is a no miss cow which raised our high selling yearling in 2020 that sold to Kendall Gaboury, she also has a son in the two year old pen, CBF Weston 65H. It is easy to see her consistency when you look at the calves she raises every year.

### HOMO POLLED

These pilgrim calves have exceptional growth, performance and are standouts in our pen every year. Piston is a bull with a great hair coat, big solid foot and a ton of performance. He is out of an exceptional embryo transplant mama cow, that raises a top end calf every year. If you want your calves to top the market come fall time, then don't miss this guy on sale day.

## Clevelands Farm

Welcome again to our annual Spirit of the North Bull Sale. Thank you to all past bidders and buyers, welcome to those who are new.

As always, we only offer and sell two-year-old bulls. We find these bulls are able to develop and mature better, so they are ready to work. These bulls are able to handle more females, plus maintain themselves. We are very proud to offer this year's set of bulls.

As you look through the catalogue you will notice a lot of proven AI sires have been used. We have been working hard towards introducing more calving ease and performance bulls to our herd. Over the years, we have felt that our bulls have improved in both of these areas. We hope that you find a bull that fits your needs, be it in the heifer pasture or out with the cows.

The summer of 2020 we had the opportunity to purchase Casey Muirheads pure bred herd. He had put together a excellent group of females with the same goals as

ours. Cows will have to be functional, with attention to udder and foot quality, yet not babied, just treated like the rest of the cow herd. "Working for us not us for them".

All bulls are double vaccinated with Fusogard to help prevent foot rot.

We encourage you to come and preview the bulls ahead of the sale date at the ranch. Or come on Sunday, April 3rd and Monday, April 4th at Spiritwood Stockyards.

If you are unable to make it sale day, bidding can be done on DLMS or over the phone with Brian at Spiritwood Stockyards. You can also contact the T Bar C sale staff to assist in your selection.

We at Clevelands Farm would like to thank you for your trust and interest in our program. If any questions arise please feel free to contact

John at 306-468-7648 or Dallas at 306-468-7715.

## Terms & Conditions:

### Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

Announcements made from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

### Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus, Charolais & Simmental Associations unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

### Pedigree Estimates:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

### Health:

All animals in the sale have met all necessary health requirements.

### Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the breed associations with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

### Liabilities:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any obligations to collect or enforce collection of any monies between parties and any legal action that may, in extreme cases, be taken must be between buyer and seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility of any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

### Phone, Mail & Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

### Insurance:

We strongly recommend that insurance is purchased for full value.

### Errors:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
