You're Invited!

PLEASE JOIN US AT 12:00 PM FOR LUNCH

A STEAK, SPUD & A BUD!

THE KINSMEN OF MANITOU COOK A MEAN STEAK!

Welcome Everyone!

Well...Hello there!

It is great to be sitting here, writing this welcome note to you! Jeff, the boys and I are always thankful for the continued interest and support in our program from our valued customers and fellow producers. The words “Thank You” never seem to say enough!

This will mark our 5th year showcasing C2’s program since we established our own sales platform in 2019. It feels like a lifetime ago when Jeff started selling bulls privately way back in 2005.

I LOVE the fact that you picked up this catalog! I encourage you to take some time and look it over. It is filled with, what we feel is, a solid exhibit of carefully chosen bulls that will push your program forward—giving you the ability to gain profits at any stage of production. Take us up on our open invitation to stop in at anytime! Come walk through the pen and let’s talk about the right bull to fit your programs’ needs this year.

There is a “whole lotta stuff” that happens outside the cattle pens—the ‘behind the scenes’ of our business. Bryan Kostiuik and Jessica Engele are my catalog design “GODS”! They are wonderfully patient and have an uncanny talent to make my visions come to life. The incredibly fabulous ladies at Prairie Pistol Designs are truly the best of the best out there! A picture says a thousand words, and with your skills you have helped make our business soar. Our Nutrition man, Terry, who understands the real deal about raising cattle — your professionalism and your friendship is treasured. Having a trusted, guiding hand at the centre of our management has been instrumental. Knowing that Chris and the boys from T Bar C are working just as hard as we do and truly wanting that eminent outcome for us is a key component to our relationship. They say, “Surround yourself with those who only lift you higher”... and that’s exactly what we have done. Once again, “Thank You” never says enough!

This past year has been an unusually busy one. Topped full with the day to day farm duties, family, a bit of travel, cattle events, sales and a few noteworthy celebrations.

BIG congratulations goes out to Haley Rosso on graduating, with **DISTINCTION**, from the University of Regina this year. We are crazy proud of you!! Those kids are gonna love you!

A second congratulations goes out to our oldest son, Keegan, on his new permanent position with DLMS. Thank you Mark Shologan for recognizing all the talent, work ethic and dedication our boy has to offer. He’s all yours now, lol!

A hardy round of applause is in order for long time friends and bull customer, Glen and Pam Lowry of Darlingford. Receiving The Environmental Stewardship Award (TESA) at this years Manitoba Beef Producer annual conference is an accomplishment worth celebrating. You can find the link to their story on our website: c2charolais.ca or mbbeef.ca. It is worth the read!

On the cattle side of things, the boys and I set out and did some showing this fall. We made our way to Swift Current, Brandon and Regina. All three animals in our show string earned multiple banners and recognition, with C2 Kong 120k bringing home the Reserve Champion Charolais Bull banner from Ag Ex in Brandon. I think there is no greater feeling in the world than working alongside your children, learning and growing together. Cattle is the perfect catalyst for those opportunities . My heart is so full of pride on the job all 3 of my boys did this year!!!

While we love what the show community offers our family, and the camaraderie it brings amongst breeders, the “real meat and potatoes” happens here at home. Cattle developed on minimal inputs with rotational grazing and a consciousness about the health of our land base is always in the forefront of our minds. We aspire to continuously learn from our changing environment and the weather, the evolving industry on a national and global level and, of course, the cattle themselves.

From the very first privately sold C2 bull to present day, our program standards have remained accurate and transparent. No frills. No gimmicks. We keep things real, work honestly and stay genuine with our customers. Aiming to lead by example, we walk the walk and talk the talk, just like our customers. That handshake we exchange holds merit with us.

Come early on sale day to view the bulls and join us for a steak, spud and Bud! The Kinsmen Club of Manitou cook a mean steak! See you all there!!

- Cheers, Jackie

From The Desk At T Bar C

Welcome to the 5th Annual C2 Charolais Bull sale on Wednesday, March 29, 2023, at the farm, La Riviere, Manitoba along with guests Bert and Judy from JMB.

“What an outstanding family operation dedicated to the Charolais Breed, the livestock industry, the environment and their community”. Their breeding program just gets better year after year, and they use all the tools available to move this exciting livestock industry forward. Being certified in VPB+ (Verified Beef Certification Plus) brings credibility to their actions and practices and to that of their customers. The C2 customer service is second to none and their handshake is their word. Each year better... for sure! This is an exciting offering of Charolais yearling bulls. This program is genetically diverse and designed to excel in calving ease, grow tons of hair while not sacrificing performance that the breed is noted for. Last fall they attended a few shows and found that their program can compete. No doubt “C2 Kong 120K” is a true headliner and Reserve Champion at Ag-Ex 2022... but the uniformity of the C2 bulls gives breeders and commercial producers a great selection of performance value-added sires to choose from. Many of the bulls are homo polled and in this lineup you will find a large number of heifer bulls.

The JMB program will feature “Klondike”, a powerful heifer’s first calf and a lineup of high performance “Diesel” sons.

Feel free to stop by the farm any time prior to the sale and preview their bull pens and have a peek at their mothers. Don’t hesitate to give Jeff a call to discuss their bulls and the bulls that would be most suited for your breeding pastures. They will give you the goods straight up! Plan to be with us on March 29th at C2... the feature Charolais bull sale in Manitoba.... It will be well worth the trip.

We have graded all the bulls therefore if we may be of assistance prior to, or sale day, feel free to contact any of the T Bar Team or myself, we will help you in a professional manner.

C2 HEALTH PROTOCOLS

CALF HERD HEALTH...

- Birth: Inforce 3, Selenium, Totrazuril
- 1 month of age: Pyramid 5 + Presponse
- Early processing/Out to pasture: Covexin 8, Express 5/ Sommugen, Ivermectin
- Weaning: Covexin 8, Express 5/ Sommugen, Ivermectin

COW HERD HEALTH...

- Pre-Breeding: Express FP 10
- Pre-Calving: Scourguard, Ivermectin
- Bred Heifers: Scourguard, Booster
- All vitamins and minerals are fed though a TMR ration

BULL HERD HEALTH...

- Pre-Breeding: 10FP, Covexin 8
- Off season: Ivomectin
- All vitamins and minerals are fed through a TMR ration.

C2 ADDED VALUE

After a cold winter, it is important to have your bulls semen tested and evaluated prior to breeding season. It's an easy way to set your program up for success, and we want nothing more than the very best for our valued customers. *So, why not let us pick up the tab?*

C2 CHAROLAIS WILL PAY FOR YOU TO HAVE THIS DONE!

Take any previously purchased C2 bull and get him checked by a licensed veterinarian. Grab a copy of the test. The test must be dated, have completed results, the veterinarian's signature and bull tattoo. Show us the test on or before March 29, 2023, then give us the invoice!

We want to ensure that all your breeding needs are taken care of. Finding you a suitable replacement if needed, when the selection is at its best. We value your purchase, now and into the future.

SALE DETAILS

DISCOUNT & DELIVERY...

\$100 off if you take your bulls home sale day. Free delivery within 300 km.

US PURCHASES AND DELIVERY...

Export papers and brokerage can be handled by Xports International Inc. We will work with you to make delivery arrangements. Exchange rates will be announced sale day. Payments can be made through the knowledgeable staff at T Bar.

WINTERING...

Free board until May 31. After that bulls will be charged \$5.00/day. All bulls returning to the farm must be insured.

ABSENTEE BUYING...

If the sale date doesn't work for you, we understand! Feel free to make arrangements to see the bulls ahead of time. We love spending one on one time with our clients, showcasing our offering this year. We will make the best recommendation for your program and needs.

Jeff, Keegan and the professional staff from T Bar C are all available to help you at anytime before or during the sale. Leave a bid, do your bidding over the phone or register with DLMS.ca online auction service.

SIGHT UNSEEN...

Out of province? Unable to attend in person? We are more than happy to spend the time with you over the phone, going through the catalogue and videos. Any additional information or pictures we can offer to help you choose your new herd sire, just ask! Jeff can be reached anytime at (204) 242-4448.

BULL EVALUATIONS...

All bulls will have a current weight, scrotal measurement and semen test available sale day. Decision deferred bulls (DD bulls): These bulls and younger bulls may need a bit more time. It's to be expected, especially after a cold winter. We guarantee to provide you with a sound breeding bull. Buy with confidence.

VIDEO SALE...

The bulls will be ready for viewing in pens on sale day. We will not be walking the bulls through the sales ring. They will be sold by video presentation in the comfort of a warm sale barn. Jeff, Keegan and the boys from T Bar will be on hand to answer questions and show you around. Take your time, come early and evaluate the bulls in person. Videos are also available on our website C2charolais.com, DLMS.ca and Buyagro.com.

Kong is an elite herd bull that is next level. He has so much power, mass, and dimension that he will elevate any program. When Keegan, Jackie, and I set out to add the PCC 68H female, Kong is the result we had envisioned. Kong's sheer power is enhanced by his rock solid pedigree stacked with renowned cow families.

100K tested.

Kerosene is a deep, soggy, brute! He moves fluid in his stride on a perfect set of feet and legs; built for longevity. This Fearless son will calve like a dream! The versatility of Fearless himself, has allowed him to become an elite breeding piece for us here at C2.

Keanu is a rip and he knows it. He is attractive made, yet carries a tonne of power across his top and down through his quarter. His dam is a favourite Eaton cow that always raises a top calf. The Gary sons were a huge hit in 2022.

Klondike is one cool dude! Tremendous performance bull out of a first calf heifer. His length and growth is absolutely impressive. He will sire those calves that are born easily and explode through to weaning and yearling. No guess work here.

C2 Philosophies

* Disclaimer- the following opinions are that of C2 Charolais. In no way are these comments directed at or describe any one person, breed or operation/breeder. These are re-occurring topics that are discussed frequently and have evolved from years of experience. Grain of salt can be provided! *

Its 2023! Assisting a mature cow calve is unnecessary and quite frankly archaic! It is not 1970! It's a huge pet peeve of mine to pull a single, normal presentation calf out of a mature cow, regardless of its breed.

We feed these bulls to ensure their best development. We are raising athletes to do a very important job. It has never been our program to sell you a 1600 lb. yearling bull, only for you to end up with a 1500 lb. two-year-old bull. Your bull purchase should continue to impress you throughout his years of employment.

Rotational grazing/intense land management is the future of the industry. We are all being watched and evaluated on our environmental impact. Cattle are the environmental solution for the future. With high land values, we do subscribe to intensively manage more animals per acre. Our cattle are managed on a pounds weaned per acre than an individual focus. For example: conventional 30 calves @ 800 lbs. weaned = 24000 lbs.; 50 calves at 700 lbs. = 35000 lbs.

EPDs are a valuable tool and meant to assist you in your decision-making process. New information keeps our industry moving forward. However, EPDs are not the end all to be all, and many other important factors must be considered. Don't loose your cowboy common sense when it comes to your herd. You know your herd! We know what our bulls are capable of. Let's discuss the best pairing to meet your program goals.

Polled, scurred, horned bulls all have value! Understanding your herd needs lets us ensure that you utilize the bull for your goals regardless of his head gear. *We are in this business to raise beef the last time I checked! * Scurs are polled with scab loose horn material that show up over time. If you sell calves in the fall, scurs won't show up at all. If you run an Angus-based herd, a horned bull is a very valuable option.

First and foremost, we are cattlemen. We believe it is important to respect and learn from other breeds and breeders. Everyone has something to offer. That's the intriguing thing about Charolais cattle. The breed excels at crossing on ANY breed. It just works! They are always in demand. We've had every breed in our commercial herd over the years. Hell, we were "silver" before "silver" was cool. It is so awesome to see the industry accept and acknowledge this superior cross. We refer back to the term "Charnomics"! Charolais make profitable cattle for every facet of the industry:

- the cow/calf producer
 - the backgrounder
 - the finishing feedlot
 - the packer
- ...and great beef for the consumer!

We stand behind our product! When we say our handshake is our guarantee, we mean that with sincerity and conviction. Your purchase is an investment in us and we take that very seriously. You are a unique individual, who deserves the respect of dealing with any problems you have, on an individual basis.

Terms and Conditions...

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

Announcements made from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration:

Each animal will carry papers issued by the Canadian Charolais Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Health:

All animals in the sale have met all necessary health requirements.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Charolais Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Liabilities:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any obligations to collect or enforce collection of any monies between parties and any legal action that may, in extreme cases, be taken must be between buyer and seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility of any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Phone, Mail & Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance:

We strongly recommend that insurance is purchased for full value.

Errors:

All announcements at sale time, written or oral, supersede any written material in the catalogue.

Photos:

By attending the sale, you are granting permission for your picture to be used for promotional and advertising purposes relating to C2 Charolais sales.

Semen Collection:

C2 reserves the right to collect semen from any bull sold, at the convenience of the buyer and at the expense of C2 Charolais, at any time throughout the life of the animal.
