

Sask
ROYAL
CHAROLAIS SALE

JUNE 15, 2023 | DAKOTA DUNES GOLF LINKS, SASKATOON, SK
GOLF AT 10 AM | SALE AT 7 PM

FROM THE DESK

at T Bar C

This is your welcome and special invitation to join us at the Sask Royal Charolais Sale on June 15th, 2023, at the beautiful Dakota Dunes just minutes south of Saskatoon on Hwy 219. As in 2022, this event is a day of activities, starting with golf (plan to hit from the whites), the SCA annual General Meeting at 4:00 P.M. followed by cocktails, fellowship, dinner and the 7:00 o'clock main event.

The Sask Royal is not just another sale, it is a Charolais celebration and a gathering of elite genetics that will move this great breed forward in the coming years. As most of you know, the exciting spring bull sale season set individual records for many leading established breeding operations. The expanded demand for Charolais bulls throughout farms and ranches on the North American Continent points to increased strength as we look ahead... simply lower risk with higher return.

As I write this welcome, it's "Mother's Day" weekend, and I think about all the great Charolais donors responsible for this lineup of outstanding breed opportunities, many of these mothers have proven to be competitive and highly fertile. Whether you are looking at a flush, frozen embryos or semen, you are investing in your future. The "picks" are a "no-brainer" as you are selecting from large breeding operations who have successfully supplied the industry with high quality sires, both breeders and ranchers annually. The "picks" offer unlimited windows of opportunity and a high return on your investment.

Be with us to celebrate an outstanding spring season and the success of the breed. We are excited about this powerful offering, the cutting-edge genetics, and the opportunities they will create in their new homes.

If we may be of assistance prior to, or sale day, feel free to contact any of the T Bar Team or myself, we will help you in a professional manner.

One time only

Rare opportunity here! Never before have we offered such a select one-time only consignment. We thought it should be at a high profile event, and the Sask Royal fits the bill perfectly. The mothers of high selling bulls such as HBC Summit 1H, 2022 CWA Reserve Intermediate Bull Calf Champion HBC Stealth 203K, as well as dams of our high selling females sold at the Superstar and Sterling sales are available for your selection. Choose from females bred to exciting AI sires such as RBM Keystone, M&M Outsider, LT Governor, and LT Badge. This is an incredible opportunity to add a donor quality female that is proven to take a program to the next level. Offering pick of all bred cows excluding DSY 252H (Justin's) and DSY 331E (lease cow). Bred heifers not included.

Selection to be made by September 1, 2023. We reserve the right to one flush. Give us a call to discuss potential leasing opportunity.

CONSIGNED BY HARCOURT CHAROLAIS

No guesswork

We are opening the vault! Pick of the entire bred heifer pen. The choice is yours on 49 of what we feel are the most complete, balanced, eye appealing set of breeds we have raised to date. Whether your looking for that big performance, bull producing female or that show ring heifer to have a little fun with this fall we feel very strongly about what's out in the pasture. Many of the sires to these females include Elder's Houlio 4H, JWX Honky Tonk 5005H, WCR Commissioner 593P, CML Raindance 906G. All the heifers in the offering have been bred to 2 outstanding breed leading bulls: LT Justified 1528 PLD and DC/CRJ Tank E 108 P. Heifers were AI'D on April 9th and will be ultrasounded.

Elder Charolais will retain a flush in the female that is chosen. Selection to be made by September 30.

Something for everyone

We are very excited to be getting to host a stop on the ACA summer tour this summer and look forward to seeing many of you there for a great day of cattle and fellowship. To follow up the excitement of hosting you all we are thrilled to be asked to consign the pick of our bred heifers in this exciting sale. This year there are 87 top quality heifers that will be available to choose from. There are many exciting sire groups in this set of heifers sired by bulls such as Wrangler Remington 34G, LT Signature 6136, JIL Bankroll 15H and many more. These heifers were Al'd for a cycle to the proven calving ease sire JIL Bankroll 15H as well as our pick of the Eaton Herdsires in 2022, Eatons 10095 before being turned out with him. We hope that you can make it to the tour where you will be able to see a selection of the heifers available, sisters to lots of these heifers, sires of some of these heifers, as well as dams. If you aren't able to make the tour we invite you out to the farm anytime for a tour or give us a call. We're proud of our set of heifers and believe everyone will be able to find one they will want to take home.

30 years of breeding

Since the red factor Charolais cattle are becoming so popular throughout the world and especially here in North America, we decided to offer this rare opportunity to choose any red factor female in our herd. We have over 75 head of tan and dark red purebred females to choose from, stemming from many different quality pedigrees. Don't miss out on this rare opportunity to select a top quality red factor female from over 30 years of breeding.

Selling full interest on the animal and the pick is to be made before December 1st of 2023.

Momentous potential

If you were to ask Charolais enthusiasts who the industry's most prolific, proven, and recognized cow family is, we would bet that the Starstrucks would be among the most popular answer. The influence of the Starstruck line has stood the test of time and trends of the business, exhibited through not only the show spotlight, but in sale ring success as well. We were able to purchase Starstruck 712E two winters ago, and are excited to offer the opportunity to get your hands on the next great Starstruck family representative. We implanted 35 embryos on April 26, which includes matings to Ruger, Tank, Badge, Nationwide, and Backwater Jack. This is your chance to arm your breeding program with one of the most potent sources of quality available.

Terms are half down sale day, and remainder at the time of selection. Selection to be made by April 15, 2024.

Bred for longevity

Last year's Sask Royal was so exciting that we couldn't pass up the opportunity to be a part of it this year. We tossed around a few ideas as to what we wanted to consign and ultimately landed on pick of our 2023 heifer calves.

Here at Hopewell we strive to produce females with strong maternal traits that are structurally sound and bred with longevity in mind. We feel as though this year is one of our deepest sets of heifer calves we've ever raised. They are coming off some of our top producing females and industry leading sires.

Selection to be made by October 1st 2023.

Herd bull history

Last fall when we came upon Dahlia we thought she could make a significant impact on our herd. Our good friend Glen Mills went out to the sale and I mentioned to him that this is his type of cow, he agreed and so he came in with us and we were fortunate enough to buy her. A powerful cow, massive in every way. Dahlia is deep bodied and stout made yet ties it together in a feminine package. She steps down on a huge square foot, and puts together an awesome udder with ideal teat size. Dahlia's back to back high selling bull calves are signs of consistency, with herd bulls walking on both sides of the border already and another impressive individual on the ground again this year. We think Dahlia has a big time future in our donor pen and has the ability to work with any bull in the breed. **Guarantee six embryos.**

CONSIGED BY CAYS CATTLE AND GLEN AND SUE MILLS

Best in the game

Now this is a mating that will bring the Midas touch. Desirae is one of the great females in the Charolais breed, fetching a \$55,000 appraisal in the Springside Farms Season Finale, making her the highest selling bred female in Canada for that year. That same day, her heifer calf brought \$35,000, proving the quality of the factory. And what more needs to be said about Mayfield? The CWA Supreme and US National Champion has caused a firestorm North and South of the border with highly exclusive semen opportunities only increasing in value. This is the mating with a 'slingshot engaged' approach to propel forward.

Guarantee one pregnancy if implanted by a certified technician.

SVY MAYFIELD 30H
2022 CWA SUPREME

We at Casbar Farms have hosted an Annual Bull Sale every spring, but have not consigned any of our females to a sale in over 25 years. As it goes, some things change, and 404B is that gamechanger for us! They simply don't get any better than her. We could not be more excited to now offer our best to you! 404B is sired by the Time Out bull. We have gone back into the AI tank to produce more of these outstanding females. Awesome feet and legs, beautiful udders with an abundance of milk and to top it off; hair! Pure perfection!

On the bottom side of her pedigree MVY Looking Good 37Y. Her name says it all! This cow's name is familiar in many pedigrees in our herd. A donor cow as well, we have many daughters, granddaughters, nieces, nephews, the whole damn family tree. One of her sons is used in our AI program; CBF Provincial 722E, a Fire Water son. Another son is used as a walking bull, CBF Elvis 809F, a CJC Symbol son.

Last year in our bull sale the high selling yearling and two-year-old bulls, their Dams were direct daughters of 37Y. The second high selling bull was 404B's. This cow family is "rock solid". Mayfield speaks for himself, a champion many times. I was so impressed with this individual, I bought a semen pack at the Canadian Western Agribition 2022, before he won the Charolais show, then the Supreme Beef Challenge and then Denver.

I apologize for not having a photo of this great female. Chris Poley has been auctioning and managing our Bull Sales, just ask him and he will tell you what an incredible opportunity this mating of Mayfield and 404B could turn out to be!

Embryos are stored at Bow Valley Genetics. Canada and USA Exportable. Guarantee one pregnancy if implanted by a certified technician.

CONSIGNED BY LONGVIEW CATTLE CO.

Universally admired

Homo Polled with an 83 pound birth weight. A rare opportunity to get in on one of the coolest, soundest LT Badge sons to date. LT Justified 1528 PLD was our pick of the LT bulls in 2022 who commanded \$130,000 US. We were fortunate to purchase the Canadian semen rights from our good friend Taylor Stabel at Full Circle Cattle Co. in Lakin, Kansas. Admired by cattlemen across North America for his phenomenal structure, quality and presence. Justified's dam is a tremendous, beautiful uddered LT Ledger daughter that is making her way to the top of the LT herd.

Ransom has been one of the most talked about sires in Canada in the past couple of years. He is consistently siring calves that are deep made with extra dimension and rib shape with impressive hip muscling. His sons have great breed character and have that "herdbull" look that command attention as soon as you walk into any bull pen. Ransom sons have been topping bull sales consistently across the country side including popular bulls such as: \$72,000 WGD Ruger 8J Reserve Agribition Champion 2022, \$28,000 HC Jagermeister 160J, \$31,000 Balamore Justice 126J, \$52,000 JWX Kingston 7159K. The dispositions on the Ransom sired cattle are excellent with them being extremely mellow and easy to work with. He is in the top 4% of the breed for BW, top 20% on his WW + YW and top 35% of the breed for milk. Ransoms dam is a beautifully constructed cow with a gorgeous udder. The daughters that entered into production this year and we are extremely happy with the udder quality and mothering qualities they possess.

Arrived on the scene

GHC Reagan 9012 arrived on the scene when he sold for \$40,000 for one half interest in the 2020 Grand Hills Bull Sale. At a year he exhibited large testicles, exceptional ultrasound data, and a docile demeanor. He is developing into the go to sire for calving ease and maternal with a balanced EPD profile. Sired by LT Blue Value 7903 and out of the immortal LT Brenda 6120, he offers the potential to create elite brood cow matrons to anchor your operation for years. He is tested Homozygous Polled and PA Free.

Power and presence

We really admire Mescalito for his power, presence, style and big time volume and hip. He hits 7 out of 8 markers for tenderness, marbling and ribeye. Mescalito adds testicle size and performance to his bull calves along with style, presence, muscle shape and mass. Mescalito daughters have great udders, are super stylish, attractive, feminine and angular with a lot of natural capacity and performance. Mescalito was mothered by one of the top cows at Cody Cattle Co. Homo Polled and PA Free.

Semen is at Alta Genetics. On farm only. Non exportable

Red foundation

-EPDs top 2% WW, 5% Marb, 15% YW, and 25% CE BW. What a legend in the Charolais business! The foundation of the red Charolais herd at TRI-N. 2023 marks our 11th year of using the Captain Morgan influence as we owned his sire (Pro-Char Captain Morgan) and currently walk his son (TRI-N Red Baron). A large number of sons and grand sons of Captain Morgan are currently working in purebred herds. His daughters and grand daughters are the base of our cow herd and were highly popular at the "Changing of the Guard" female sale. These genetics work! Come see his 16-year-old dam this summer that still has perfect feet and udder.

Semen Stored on farm/Alta Genetics. Canada/USA Qualified.

The first offering

Our \$45,000 high selling bull in our 2020 bull sale. The first time we have offered semen by public auction! Outcross to many red factor pedigrees today. Great cross on the Captain Morgan influence influence. His sire (Einstein) has left his mark here throwing many high selling bulls and top females in our herd. Perfect feet, long and smooth and lots of body. Off a great cow family.

Exciting individual

Walking behind HRJ Holy Water 55H back and forth to tie outs at Farm Fair International led us to purchase this incredible bull out of the stall at Agribition 2021 from Johnson Charolais. You have to admire the way he moves while maintaining such capacity. He is very fluid and soft in his movements, paired with phenomenal foot structure and conformation. His calves are born easy with lots of vigour and plenty of hair. It is still an agreement here to Flat Valley Cattle Co if the bull calves, or the heifer calves are better. He was named 2021 BOSS show bull of the year, 2021 National Champion, 2021 Farm Fair Grand Champion, along with being top 5 Finalist in the Farm Fair supreme and top 10 Agribition Supreme Finalist. Great opportunity to get into genetics that work not only in the ring but where it really matters, putting dollars in your pocket.

Semen is exportable.

TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Angus Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH:

All animals in the sale have met all necessary health requirements.

GUARANTEE:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE:

We strongly recommend that insurance is purchased for full value.

ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.

Return Undeliverable
Canadian Addresses To:
