MARK SHOLOGAN 780.699.5082

#### LOADOUT

No animals will be released until after the sale

#### SEMEN INTEREST

We reserve the right to draw semen on any of the bulls for in-herd use. At buyer's convenience and seller's expense.

#### SIGHT UNSEEN PROGRAM

If you are unable to attend sale day, we would be happy to discuss your program to help to select the most suitable bull for your herd. Call us with your specifications and we would be glad to assist you with your sale selections.

#### DELIVERY PROGRAM

\$100 off your purchase, if you bring your trailer sale day and take your bull(s) home with you. If you choose not to, delivery will start immediately after sale day. Assistance will be given in getting your purchases home, at the cost of the delivery. Talk with the seller to make your arrangements. Reminder any bulls going back to the ranch must be insured, as each animal becomes the risk of the purchaser as soon as sold.

## from the desk at T BAR...

Welcome to the "Spirit of the North" Annual Bull sale on Monday April 3, 2023 at the Spiritwood Stockyards, Spiritwood, Saskatchewan. This annual event encompasses three breeds of performance beef cattle that are most sought after by the cow/calf producers, order buyers, feedlot operators and processors. These three seedstock operations have been supplying the ranch trade high standard bulls over decades and are dedicated to producing the newest and freshest genetics to add value into your calf crop, be it stockers or replacement females.

The 2023 edition of "Spirit of the North" is powerful in all three breeds. Randy at Werstroh offers his best crop to date. on offer are four "Extra Age" bulls that will be features... bulls that can cover lots of ground and lots of cows. Their yearling lineup is exciting with red, black, baldies and blazes and many breeder opportunities. You have got to like the performance, especially at weaning from optimal and low birth weights. These bulls are stout with tons of hair, and many are homo polled. For those looking for Simmental seedstock... they are right here!

Lionel and Clay at Casbar are the official suppliers of the sought after Charolais. As in past years, they offer two-year-old bulls that are grass run in the summer then brought in late fall to prepare for the sale. These bulls are later born and raised solely for this event. In addition, Casbar brings their top cut of yearlings so you can be assured you are selecting from the top of their program. The Casbar program uses a combination of A.I. and walking bulls. You will be impressed by the sons of HVA Felix... a son of Duty Free the number one bull in the breed for weaning and yearling weights... a total performance leader. The Casbar offering is loaded with opportunity to acquire high earning pay weight sires for your breeding fields.

Clevelands Farm are the Angus suppliers both red and black ... all two-year-olds. Their program is based on using proven A.I. sires that are suitable for all types of terrain, pastures, and cover lots of cows. With optimal birth weights, their bulls offer performance without giving up calving ease. These Angus bulls are highly maternal, and you will keep all the daughters. Although there are many Angus Sales, few offer virgin two-year-olds... this is your opportunity.

Plan to be with us for one of Saskatchewan's leading bull sales. Over the past several years, these progressive breeders have produced many herd sires for breeding programs nationwide. Stop by any of the individual farms any time prior to the sale and see the bulls in their normal surroundings and have a look at their mothers and sires. The bulls will be available for viewing at the Stockyards on Sunday prior. Feel free to give any one of these breeders a call to discuss their bull and the bulls most suited for your breeding intentions.

If we may be of assistance prior to, or sale day, feel free to contact any of the T Bar Team or myself, we will help you in a professional manner.

*prior to the sale*

**CHAROLAIS**

**THE PERCENTAGE CALVING CHART**

1. An average cow of any breed should be able to calve 7% of her body weight.
2. Most Charolais and Simmental cows will weigh between 1400-1800 lb., expected calf weight to range from 98 to 126 lb.
3. Most Red Angus and Black Angus cows will weigh between 1200-1600 lb., expected calf weight range 84 to 112 lb.
- 4 Calving ease is more important than birth weight because a longer sided calf may calve easy, but the birth weight is higher.  
(see 7% Calving Chart below)

**BIRTH WEIGHT & CALVING EASE**

- University studies in Wyoming and data from Montana and Colorado lend credence to the following conclusion:
1. The birth weight itself influences calving ease by 65%
  2. The female has 60-70% influence on birth weight of her calf.
  3. The bull has 30-40% influence on birth weight of his progeny.
  4. Pelvic measurement and angle as well as the shape of the calf have 35-40% influence on calving ease.
  5. Length of gestation greatly affects birth weight. A fetus can gain over one pound per day in the last days of gestation.
  6. Weather and temperature the last 30 days affect the length of gestation.
  7. Size and maturity of cow influence calving ease.

**ANGUS**

**ANGUS CALVING EASE**

- \*\*\* Recommended for use on heifers for little to no assistance on normal births
- \*\* Recommended for use on larger heifers for minimal assistance on normal births
- \* Recommended for use on cows

# WERSTROH FARMS LTD.

Spirit of the North ANNUAL BULL SALE

Well, here we go again. Welcome to the Annual Spirit of The North Bull Sale. Honestly, what could be better than heading to Spiritwood on April 3? It will be a nice, bright sunny day, lots of time to visit with the neighbors, maybe buy a bull or two and most of all enjoy a bull sale drink or two.

On a more serious note, we want to extend a thank you to all the buyers from last year that supported our sale and throughout our sales in the past.

Our bull pen this year is again one that we are extremely proud of. Whether it be red, black or baldie, power bull or calving ease, we think we have the bull for you.

If you are unable to make it sale day, we ask that you be in contact with someone from the T Bar C staff, they will be glad to help you with your choices. If possible we are usually around home for anyone that wants to stop in at the farm ahead of sale day.

The coffee is only on til noon after that the drinks get a little stronger. See ya all on Monday, April 3rd at Spiritwood Stockyards!

*-Randy & Carol Werstroh*

- **Homo Polled.**
- 62J is a moderate calving ease Triple Play son with a nice small head and smoothness through his shoulders
- He is solid from front to back
- Deep chested, thick quartered and wide topped
- It's hard to find a bull that is this thick and has the calving ease all in one package
- A two-year-old that will go out and get the job done

## Sale Feature

- **Homo Polled.**
- 91J is a bull that really catches your eye when you walk into the pen with his sharp profile and attractive style
- Not too often you can find a black baldy 2 year old bull with the calving ease built right in
- His dam and his sire both have the white on the face so he will pass it on to his offspring as well
- A bull that would definitely work in the heifer pen

- **Homo Polled.**
- This solid black polled son of Walker is a bull of moderate frame, possessing the thickness and style that is in all the Walker calves
- A very easy moving bull with an excellent hair coat
- He is long, thick and has enough power through his top line and quarter to sire calves that will come easy, but still weigh up when they go to town
- His dam is old 22Y that has definitely earned her keep around here
- She has another one on the ground already this year

- **Homo Polled.**
- Here is a very smooth made, long and exceptionally sound young herd sire with lots of bone, muscle and body shape for anyone looking for a dark red, hairy bull
- From a first calf heifer who did an awesome job on her first calf
- Out of the easy calving Lad bull that was used on all the red heifers with great results

- Lots of depth and thickness to this bull
- Great temperament
- Out of a hard working blaze faced cow, so if you're looking to put a little white on the calves face, this guy has the potential
- This bull will be a female maker, keep all the daughters you can.

- 25K is a very exciting bull with a very cool looking baldy face on him
- He is stout made, moderate framed, smooth fronted and has calving ease and power all in his pedigree
- His dam is a very solid based, good uddered, hard working young cow here and we are very impressed with the job she did on this calf, she also supports the nice baldy look
- If the baldy look is on your list then this guy is the one, both sire and dam have the white face

- This Orbit bull will be a favourite come sale day we are sure, for many reasons
- First of all the cow family is the top black baldy cow family on the farm
- Three generations of the baldy look
- The grand dam 80D of this bull is a dam that has had 3 lead off bulls in our sale
- This bull has been a stud from a very young age with his natural muscle shape, ideal hip and a great set of legs to get around on
- He would be one of the top Orbit sons to date and a personal favourite around here
- Guaranteed to pass on the baldy look

welcome from  
**CASBAR FARMS**

Welcome to the Spirit of the North Annual Bull Sale, 2023  
Cas Bar Farms is a family operated business that has been 40+ years in the making. The years have gone by quickly; from working cattle with my father, since I was 5 years old, to buying my first registered Charolais cow, in June of 1983, from Green Acres Charolais, in Duck Lake Sk. The one thing that has never changed is my personal determination and passion to raise the best quality livestock. My wife makes fun of me as I study genetics and memorize EPD's from sale and semen catalogues. "Your Christmas Wish Books are here" she says. I'm continually researching and seeking out genetics within Canada and other countries, for the use in AI and embryo transfer. We thank all buyers who have supported us in previous sales and look forward to and appreciate your continued support. We also invite new producers to check us out and let us help you find the best bull for your program. This year's lineup of bulls is, once again, a pen of bulls we are proud to present. Bulls with calving ease, that are performance driven. Bulls that check all the boxes and will add value to your operation. All bulls are developed on an oats and forage diet, supplemented with peas and protein supplement.

All bulls will be semen tested prior to the sale and will come with a veterinary certificate of authenticity. They will also be treated with Fusogard, for the prevention of foot rot.

As a family, we are passionate about the cattle industry and are always "Striving to Produce Excellence," through commitment and dedication to provide you with only the best quality bulls. We will make every attempt to make sure you are satisfied with your purchase.

We encourage you to view the videos of our bulls online at [buyagro.com](http://buyagro.com). Also, prior to the sale, we welcome everyone to stop by the farm to inspect our bulls. As everyone's program is different, this gives us an opportunity to visit with you and assist in picking a bull that will best suit your herd.

For any questions or inquiries please do not hesitate to call myself, Lionel, at 306-497-7411 or my son, Clay, at 306-497-7211

We look forward to hearing from you!

*Lionel, Debbie, Clay, Brianna, Kiara, Dan & Family*

Working with the Cas Bar crew on their nutrition program has been a pleasure. I hope you can make it in person to see this elite set of Charolais bulls.

The cowherd utilizes a mineral program that is balanced to the cow's requirements and feed sources. This supports proper bull calf health and development from a young age. The bull development program is built to maximize forage utilization and gut health. All forages are sampled and analyzed to ensure quality feed sources are used. Cas Bar utilizes a protein supplement to ensure the bulls daily diet is promoting lean muscle growth, allowing the bulls to express their genetic potential. Rumen health is of utmost importance, which is why suitable protein sources and proper starch levels are fed to the bulls.

Cas Bar Farms uses a total nutrition program on their entire operation, ensuring optimal performance and health of their cattle. If you have any questions about the nutrition of the sale bulls, please feel free to call.

*Best of luck on sale day!*

Definite sale feature! 183J is bull who has had that herd bull presence right from a calf. He is hard to fault, with his heavy muscling, wide top, heavy haircoat and big solid foot. His mother is a Time out daughter, which has proven time and time again to be high end producer for us. She still has a picture perfect udder at 10yrs old and a rock solid foot. She has been a no-miss cow for us for a long time which is why we chose to flush her last year too, get more females just like her in our herd and sons just like Momentum, for you to use in your program. Maternal brother sold to Buffalo Lake Charolais.

Two years ago, we used Legend on a select group of heifers in our program. He has been long known for adding hair, muscle shape and calving ease to his off spring, and that is exactly what you will get out of this bull. This bull will be a true asset to anyone's cow herd, he ranks in the top 10% of almost every EPD, including birth weight, calving ease, weaning weight, yearling weight, milk. His dam, CBF Charlotte 928G comes out of our embryo program and has really impressed us in her first two years of production.

If you are looking for a bull to keep the red or tan in your calves, and a bull backed by longevity then this is your bull. Redberry is a very smooth, moderated framed HVA Felix son out of one of the matriarchs of our program CBF Carmel 101Y. Carmel is still producing in our herd at 13yrs old. She has been a no miss, low maintenance cow that produces exceptional calves year after year.

Olympia has been a standout from day one. Are we surprised? No! His dam Miss Priss 416B knocks it out of the park with every calf, and is why she is now, our newest flush cow. Olympia's maternal brother sold in 2020 to Soderglan Ranch. There is so much to admire about Olympia 211K. He is a structurally perfect bull! From nose to tail the smoothness of his muscle shape and his overall depth, are truly impressive. He has both the herd bull presence and look, that makes him impossible to miss when you walk into the pen. You won't want to miss this great herd sire!

Cruz is a tough calf to pick apart, with lots of potential. I really love the style and look of this bull. He is a moderate framed, heavy haired bull that will sire some excellent calves. His dam is a result from our embryo program and she, just like Cujo, is hard to fault. Cujo has high performance as well as maternal EPD's, and the females off this guy would be exceptional.

Sheriff is another Wizard son that is hard to miss when you walk into the bull pen. He is a bull that check all of the boxes. Solid foot, great hair coat, long and deep bodied and homo polled to boot. His dam was the high selling bred heifer at the Sterling Collection in 2016, and is a true no miss cow. Sheriff will sire steer calves that the buyers will fight over and you will want to keep every heifer calf. His heifer calves will have flawless udders, going back to the strong maternal traits on both MVY Tina 69C and on the top side the Star Struck cow family.

Spirit of the North ANNUAL BULL SALE

welcome from

# CLEVELANDS FARM

Spirit of the North ANNUAL BULL SALE

Welcome to our annual Spirit of the North Bull Sale. Thank you to our past bidders and buyers, and welcome to those who are new. As always, we only offer and sell two-year old bulls. We find the bulls are able to develop and mature better, so they are ready to work to their full capacity. These bulls can handle more females, plus maintain themselves better.

Clevelands Farm is very proud to introduce this group of bulls. You will notice that most of the bulls are from proven AI sires, representing calving ease and performance. We hope that you will find a bull that fits your breeding needs, be it in the heifer pasture or the cows. All bulls will be double vaccinated with Fusogard to help prevent foot rot.

We encourage you to come and preview the bulls ahead of sale day at the ranch or at Spiritwood Stockyards prior to the sale. If you are unable to make it sale day, bidding can be done on DLMS or over the phone with Brian Jacobson or with T Bar C staff to help with your selection.

On behalf of Clevelands Farm, we would like to thank you for trust and interest in our program. If any questions arise, please feel free to contact John at 306-468-7648 or Dallas at 306-468-7715.

# TERMS *and* CONDITIONS

## **TERMS**

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements made from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## **CERTIFICATE OF REGISTRATION**

Each animal will carry papers issued by the Canadian Angus, Charolais & Simmental Associations unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

## **PEDIGREE ESTIMATES**

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

## **HEALTH**

All animals in the sale have met all necessary health requirements.

## **GUARANTEE**

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the breed associations with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

## **LIABILITIES**

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any obligations to collect or enforce collection of any monies between parties and any legal action that may, in extreme cases, be taken must be between buyer and seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility of any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## **PHONE, MAIL & WIRE BIDS**

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

## **INSURANCE**

We strongly recommend that insurance is purchased for full value.

## **ERRORS**

All announcements at sale time, written or oral, supersede any written material in the catalogue.
