

Hollinger Land and Cattle

7th *Annual Bull & Female Sale*
With Guest Consignor Nu-Horizon Angus

Tuesday, March 19, 2019 - 1:00 PM
At the Farm, Neudorf, SK

Welcome to the Hollinger Land & Cattle Bull & Female Sale

2018 was certainly not without some difficult challenges. Our family went through a very devastating time, with the loss of the youngest member of our family, Teagen Hollinger, on December 25, 2018. It is at times like that where you come to realize that the support of family and friends runs very deep. We certainly thank everyone for all of your love and support!

This year marks our seventh annual sale and each year we strive to improve the overall quality of our offering and we feel we have done that. This year's group of bulls is deep in quality and whether you are looking for extra performance or sound moderation, we are confident you will find what you need. We continue to work with Roger Reynolds, CSI Angus and our joint effort this year includes a group of embryo transfer bulls that deserve a good look. We plan to continue to expand on our embryo program as the proven genetics will offer you, our customers, the traits necessary to improve your bottom line.

Our heifer selection is once again directly from our replacement pen, ready to breed and go to work for you. The cow families are bred for udder quality, good feet and sound structure that will do you well

going forward. As in previous years, we are pleased to be working with a group of local cattlemen that are offering pens of high quality commercial heifers. You will want to check them out, they will be as good as you will find this spring.

As a new year and new sale is upon us, it also brings with it a new addition to our sale. A select group of quality Red Angus bulls from Nu-Horizon Angus, Kieran, Deb and Kodie Doetzel. We look forward to this addition as, Kieran, Deb, and Kodie are excellent people to work with. As well, possibly one of the most exciting changes to our sale, is that it will now be a live cattle auction, with cattle running through a sale ring for your appraisal. Videos of the sale cattle will still be available prior to the sale online.

We want to thank all of our customers for your support and trust in our program over the years. We look forward to working with you and would be happy to discuss with you what will work best to satisfy your future needs. Please join us March 19th, come early, coffee will be on and lunch will be available at 11:30. Enjoy your time looking through the animals, as the sale has been moved into our new heated sale facility and seating will be slightly more comfortable for you, our valued customers.

Feel free to call to discuss your program and what we can offer to fit your needs.

Sincerely,

Chad

From the desk at T Bar C...

Welcome to the 7th anniversary of the Hollinger Land and Cattle Co., Bull and Female Sale on March 19th, at the ranch, Neudorf, Saskatchewan. Each year the Hollinger family presents some of the top herd sire prospects in the breed. Their large farming base is totally dedicated to agriculture. The cow herd has been built and based on their commercial customer requirements with a large cow operation. The boys know how to do it right and produce the right kind.

Each year Hollinger Land and Cattle Co. have been very competitive in the show ring. Members of their powerful show team again headline this event. The lineup is stout and powerful. Rugged black bulls complete with muscle, hair, testicle and uniformity...sires that will take care of your breeding requirements whether you are looking for performance, calving, maternal or all the profit earning traits. Complete with a wintering program, free delivery and discounts for volume, the Hollinger Sale is well worth the trip.

In 2019, we welcome a Red Angus guest consignor, Nu-Horizon Angus, Lipton, Saskatchewan. Kieran, Deb and Kodie Doetzel own and operate a top herd...the right kind, competitive and will add value to any and all programs.

The hand-picked females selling have always been a feature. Designed to make front pasture brood matrons yet competitive for juniors of any age. The commercial Angus-influenced heifers are uniform, high in maternal traits and ready for replacements pastures.

If we at T Bar C may be of assistance, prior to or sale day, please contact any of the T Bar team and we will be pleased to offer our professional services.

Here is a bull we feel is exceptional in terms of his overall design. He is big middled, has a ton of muscle mass, is square in his hip structure and is extremely sound and fluent on the move. He is sired by the ever popular "GQ", a bull who's progeny are turning heads and making quite a statement south of the border. The GQ females that we have in production are second to none, beautiful udders, excellent temperament, as well as adding a degree of calving ease. A full sister to Maverick 253F was a sale feature in the 2018 Power and Perfection who sold for \$15,000 to JLH Livestock. Both calves are the result of embryos purchased from Six Mile Angus and we couldn't be more pleased with the outcome of these embryos and look forward to seeing what the future holds for both of them.

A GQ son with a little added performance. He is the last direct progeny to sell out of our exceptional donor female, Miss Marion 20R. She was a female who consistently produced the right "kind" right through her entire productive career. With 30 Registered progeny she was one we thought a lot of.

A Crowd favourite of everyone through the pen, here is one we also think a lot of. He is outstanding in terms of growth and power. He is arguably the stoutest, biggest topped bull in the pen, while having just an 80 lb. BW. His dam is a beautiful SAV Prediction daughter who we love for her exceptional udder quality and over all phenotype.

If Performance Data is high on your priority list this is definitely a bull you'll want to mark in your book. Only a mid February, which puts him in the middle of the age range in the pen, he was the heaviest bull of the entire offering when weighed in early January. If there was a bull in the pen I'd want to own to make replacement females this would be the bull. He is a full brother to lot 2 from last year's sale, who was purchased by Jim Cusitar, Russel MB.

Big topped, huge hiped, smooth shouldered, nice headed and extremely hairy best describe Kozi 389F. He is the resulting calf of the \$15,000, Six Mile Blackbird 25D, a female we along with our partners at Dusty Rose Cattle Co., selected out of the 2017 Six Mile Genetic Focus Female sale. We are extremely pleased with how this female has developed. Beautiful uddered, moderate framed, nice fronted, big middled and easy keeping. We all know how important it is when selecting a herd bull, that they be backed by a great cow and cow family, well here he is, Kozi 389F! Recommended for heifers.

Here is a bull that we think a lot of, he is nice fronted, deep sided, and has loads of muscle shape. He is out of an excellent first calf heifer that we showed very successfully as a heifer calf. She was undefeated in her class and claimed multiple division and reserve division championships. As well she was the Canadian Angus All star team, heifer calf champion in 2016, a title that is only given to an elite few each show season. If you are in need of a calving ease bull with an outcross pedigree, put a big star beside this guy, you will not be disappointed! Recommended for heifers

When we were in search of an outcross calving ease sire, Boyd Cartwright 3303 really caught our attention. I loved the bulls phenotype as well as his exceptional EPD profile. He is currently a 1.6 for BW all the way to a 132 for YW. An impressive spread on numbers. I can honestly say he has exceeded our expectations on for both calving ease and growth. 252F is a great example of what Cartwright can offer. His dam EXAR Rita 6049 is an outstanding female, perfect uddered, moderate framed and a female that is striking in every way. With just a 76 lb. BW here is one that will be kind to your heifers.

Recommended for heifers. **Owned with CSI Angus**

Sired by the very popular AI Sire, SAV Renown 3439, here is a bull with tons of quality and eye appeal. He is solid and stout in his build, with extra squareness of hip, depth of quarter and length of body. Turn him into a set of cows you will be very pleased with the set of calves a bull like this will sire.

393F is smooth made, deep sided and correct. He is sired by Brooking Unanimous and out of a moderate framed Cedar Ridge female that has a beautiful udder and consistently throws low BW calves.

Recommended for heifers.
Owned with CSI Angus

A very unique set of Full brothers that offer some outcross genetics on both sides of their pedigree. As well, a pedigree that offers a lot of maternal strength, with Upshot on the topside of the pedigree and Iron Mountain on the bottom, you can rest assured the daughters they produce will be great assets to retain in your herd. These bulls are well balanced, big middled and great haired. You be the judge on sale day, the choice is yours. We think a lot of these bulls and what they have to offer.

Electra 425F is a female we think a lot of; she's deep sided and bold in her rib shape, as well as beautiful fronted and exceptionally sound. She is a daughter of our sale feature heifer from 2013, HLC 1220 Electra 282A. Half interest in her was purchased by Bandura Ranches for \$10,500. The decision to sell her was a tough one, but we want to offer you females right from the heart of or replacement pen. **Owned with Bandura Ranches**

LOT 49

Hello Fellow Cattleman,

On behalf of Nu-Horizon Angus we would like to welcome you to the 7th Annual Hollinger Land & Cattle Bull Sale.

We would like to thank the Hollinger's for giving us the opportunity to be a part of their bull sale and consign our red bulls. We have gotten to know Chad and Trevor very well since we moved to Saskatchewan and we are thrilled that they invited us.

Our program strives to produce functional cattle that meet your needs. Even though there is only nine bulls in our offering, the quality is deep and worth the drive. Whether you're looking for a bull to build your herd around or a heifer bull to cover your heifer pen, there is a bull for everybody. We take pride in developing our bulls to last as they have been targeted to gain on average 3.0+ lbs./day while being fed a rolled oats and a developer ration. In general, our bulls are stout featured, wide based and stand on sound, functional feet and legs that are built to last! Their feet have never been trimmed so what you see is what you get!

Our cow herd consists of 110 purebred Red and Black Angus cows and 70 Angus influenced commercials. In the winter they are fed a straight roughage diet that is supplemented with salt, loose minerals and promolas. Udder quality and correct foot shape take priority as we want them to offer longevity!

Feel free to give Kieran or Kodie a call if you would like to discuss the offering or come by to view them at the farm; or contact anyone on the T Bar C team.

We look forward to seeing you on March 19th!

Sincerely,

Kieran, Kodie & Deb

8062 is extremely long bodied and sound. He is off of one of our favorite cows on the farm who has bulls serving in three commercial herds. Don't miss out on this Mamma's Boy son as he is a level, wide based bull who stands on a big circumference of bone. His maternal brother was the high seller two years ago to Jim Doud from Weyburn. Mama Boy produced many heifers and bulls that we retained. In 2017 Blairs. Ag bought a heifer a that was a paternal sibling to this bull. He has commented that she has a picture perfect udder. In 2016 a paternal sib sold to Lines Red Angus for \$8,700 who has nothing but praise for Mama Boy purchase.
