WELCOME...

Welcome to the 1st Annual Leading Edge Speckle Cattle Sale! This is an exciting new adventure for us and we are very grateful for your interest and participation. We have come together as four consignors with a unified vision for this sale. Our goal is to offer to you bulls and heifers that we believe best represent our individual breeding programs, while at the same time collectively offering cattle that we know will work well in the commercial and purebred industry. We all believe in the utility and quality of the Speckle Park breed and we all know, firsthand about their adaptability and hardiness to the Saskatchewan environment. Like you, we value cattle that are easy fleshing and productive while being efficient in forage utilization and feed resources. The bulls and heifers we offer are the offspring of good milking females with good maternal instincts and calm dispositions. They are the resulting progeny from pairing our females with sires who we believe can pass on their structural soundness, reproductive fitness and carcass quality for generations to come. Therefore, we welcome and invite all of you to visit our farms and gather with us over coffee to learn about our programs and see our herds. At the same time, we want to learn about your goals and how we can best meet your needs. Our success is based on your success with our cattle, so we value your input, your scrutiny, your trust and your friendship. To us, being in the cattle business and raising and selling purebred Speckle Park is about standing behind our handshake and our cattle with our customers, who we see as partners, for many years to come.

Prior to sale day, hair samples from our animals were sent to Quantum Genetix in Saskatoon, SK for DNA genetic testing and we have provided the results to you in the sales catalogue to assist you in your selection process. A short description on the contribution certain alleles can have on the carcass and targeted traits is also included for your benefit. Further information is available on Quantum's website: www.quantumgenetix.com

We hope to see you on sale day and thank you again for your interest in our cattle and our programs. Make yourself at home while viewing our cattle and feel free to introduce yourself to all of us on April 20th. Our sincerest thank you to the many people and businesses that offered their assistance in our first sale. We could not have done this without you.

The Leading Edge Group

FROM THE DESK AT T BAR...

Saturday, April 20th will be a very interesting, exciting day, as Saskatoon hosts the "Leading Edge Speckle Park Bull and Female Sale" at Saskatoon Livestock Sales located on Highway #14 west of Saskatoon. This event is presented by four dedicated Speckle Park breeders who decided to come together to have a sale. Each breeding operation is unique in genetics giving prospective buyers a wide cross section of choices from the most exciting beef breed in the nation, perhaps the world.

These four breeders have put together an exciting offering. Thirty three bulls both yearlings and two-year-olds giving both breeders and ranchers an opportunity to select and add Speckle Park into their programs. Remember that the two's will cover more ground and more cows while the easy calving yearlings are ideal for your heifer pastures. No doubt the ten elite females will be a feature as demand overruns supply twenty-to-one. To add a little flavor, they offer some exclusive frozen genetics suitable for any market in the world. April 20th will be another day in Speckle Park history... plan to be a part of it!

For those who have not used Speckle Park, it is not too late to be a part of this exciting breed. Speckle Park is "the best eating experience in the world" and consumers are rapidly recognizing that fact. The breed is low maintenance, easy calving and optimum framed, with lots of hair. Specialty Speckle Park feeder sales each fall are resulting in higher premiums for producers who use Speckle Park sires... virtually all the embryos harvested in Canada are slated for export to other nations in the world.

The sale offering will be on display the Friday prior the sale or stop by any of these breeding operations for a preview in their natural surroundings. Feel free to give Rob, Joe, Harv or Glen a call to discuss the offering and which bulls would be ideal for you.

Come early sale day and be guests for a complimentary luncheon. This sale will be worth the trip!

If we, at T Bar C, may be of assistance, prior to or sale day, please contact any of the T Bar team and we will be pleased to offer our professional services.

INC CATTLE COMPANY

It's Not Complicated. Not only is this our farm name - INC - but it's our philosophy. Our goals are straightforward - breed the best Speckle Park cattle possible. Our aims are simple, but certainly not without its challenges. Since purchasing our first four Speckle Park heifers in 2015, we have sought out top genetics from all over Canada and the world. We've met so many wonderful people along our path and are so grateful for the new friends we've made. It's an honour to be part of The Leading Edge Group and we are excited to offer some of our top animals in this inaugural sale.

Looking to add some flash and flair to your herd? INC Stryder carries himself like a king in the pasture and he radiates style. This senior herd bull goes back to the cow-maker, Moo Fassa, and his dam is the great Codiak Unique 8R. Styder is a proven performer and we have never had a more graceful bull on the property.

INC Saratoga 2E is ready to go to work. This long yearling is thick, well muscled and walks out with the best of them. A solid bull that is sure to satisfy!

PURA VIDA ACRES

Hi! We are Joe and Gayle Stookey. We are the owners of Pura Vida Acres, which translates to "the pure/good life" and it best captures our sentiments and feelings about our home place and our cattle. We started raising and breeding Speckle Park cattle in 2005 and have enjoyed nearly every minute of our stewardship with them. (Well there are always a few minutes when the weather is too cold and pasture is too dry, but you know what we mean). Raising, talking and dreaming about Speckle Park cattle has burrowed down into our very DNA and we have always strived to breed top notch cattle on our slice of heaven. Come see us and join us around our table anytime! Pura Vida!

HIGHMARK SPECKLE PARK

Hi, we are Harv and Fran Fehr, owners of Highmark Speckle Park. We were drawn to Speckle Park cattle as the breed was developed in Saskatchewan with their traits including hardiness, quiet disposition and carcass quality.

We are so proud to be a part of the Speckle Park community and strive to continue developing cattle that will enhance both commercial and purebred herds.

If you are ever in the Hague area, we would love to put on a coffee and talk cattle.

Lady Fay's dam is another Styals cow still producing at 15 years old. You don't need many replacements with females like this around.

GREEN HILLS LIVESTOCK

We would like to introduce ourselves to those who don't already know us. My wife and I own and operate Green Hills Livestock, which is a mixed farming operation located in the green hills surrounding Redberry Lake, northwest of Saskatoon. Our first involvement in the Speckle Park breed began with fitting purebreds for shows. In 2013, we bought into our first Speckle Park bull to breed our commercial cows to. Now we only have one commercial cow that is not a Speckle Park cross. We were so impressed with the Speckle Park breed, that we began building a purebred herd. The focus of our purebred breeding program is based on the same principals as our commercial herd emphasizing production traits that are important to commercial beef production. Speckle Park are strong in many areas of importance such as structural soundness, longevity, calving ease, calf vigor and superior carcass traits. If you would like to learn more about our breeding program please do not hesitate to contact us and we would love to sit down and have a chat.

 ASPEN ACRES 3U

15F is an ET calf resulting from the mating of the breed legend, Traffic Jam, to a foundation stock cow, CDS Farms Angie 2P, his dam is a 2004 year born cow due to calve again this year. If you are looking for a heifer bull with a low birth weight, smooth shoulders and small head, 15F is a great option. He also gives another option as his calves have growth and muscling which will make them easy to market. Your choice on how to use this bull in your program.

Polled: PP Coat Colour: E^h/e Myostatin: Non-Carrier
 Leptin: CC PMCH: AT IGF2: CT CRH: CC

33F is an ET calf resulting from the mating of the outcross, Moovin ZpotZ Avenger 28A and foundation stock cow, Lady of P.A.R. 3L. 33F exhibits the same small head, long spine, structural correctness and large scrotal circumference as his sire. The maternal strength behind this pedigree is second to none in the breed if you are looking for maternal traits. Both his dam and paternal grand dam are wide topped, deep bodied and long spined cows with sound udders at advanced ages. 33F has nine maternal sisters in the breed, three being full siblings working in purebred herds in Canada.

45B - 10 Straws of Semen
45C - 10 Straws of Semen

If ever there was a question as to the impact CAJA Zeppelin 1B has had on the Speckle Park breed, the following will silence any doubts. There were seven Zeppelin sired calves at the 2018 Canadian Western Agribition, two of which who were previously crowned Grand Champion Female and Grand Champion Bull at Manitoba Ag Ex and INC Six Gun 428F who was the high selling bull at the CWA Speckle Park Sale. Consistent and correct, CAJA Zeppelin 1B calves continue to impress.

Semen is North American qualified, exportable to Australia and New Zealand.

TERMS & CONDITIONS

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATIONS: Each purebred animal will carry papers issued by the Canadian Speckle Park Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

HEALTH: All animals in the sale have met all necessary health requirements.

GUARANTEE: All sellers and buyers of Speckle Park cattle in this sale are expected to be knowledgeable of and to abide by the Guidelines for Seller and Buyer Expectations and the By-laws of the Canadian Speckle Park Association. These documents are available from the Association's office.

PREGNANCY INFORMATION: All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY: Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE: We strongly recommend that insurance is purchased for full value.

ERRORS: All announcements at sale time, written or oral, supersede any written material in the catalogue.
