Welcome To The 2nd Annual Still Meadow Bull Sale...

Hello and welcome to the Still Meadow 2nd Annual Spring Bull Sale. On behalf of Mr. Ken Ayre and family we want to thank last year's buyers and bidders at our first sale. It has been quite a challenging winter with adverse weather and limited feed supplies. As always, the resilience of the BC ranchers and cattlemen and women have pulled through. The Still Meadow's crew have been busy expanding their operation on Sunnybrae Road at Salmon Arm, to be able to run

the main herd there through the year. Fall of 2018, the bulls weaning weights were an incredible average of over 740 lbs. actual. They were weaned in September and developed slowly on hay and bull pellet ration until November Then moved to the bull development station at River Ranch Cattle Co. on Patchet Road, south of Merritt, BC. Paul Buker has been doing a great job developing the bulls over the winter and we would like to extend our thanks and appreciation to him.

Ken's steadfast approach to raising BC ranch ready bulls is very evident in this group of bulls. Sired by Justamere Mile High, South Dakota, Insight, EXAR Blue Chip, Peak Dot Jump Start, SAV Thrive and Radiance to name a few, have been born easy with a 76 lb. average birth weight and weaned off over 750 lbs. in the fall. Ken's cow herd traces back to the great Tafika Angus herd of Lumby, BC. These cattle are well known for the power and performance, as well as soundness, agility and finally their ability to raise a great calf, get rebred in a timely fashion and keep themselves in good shape. Still Meadows has spared no expense to offer you a great set of bulls for this great province's ranchers and farms. As a special addition, Ken has decided to offer five special open registered, replacement females. These are a cross section of Ken's replacement heifer pen and they are a fine set of Angus females. If you are just starting a new herd or wanting to add a few more diverse genetics, these heifers should peak your interest.

Also exciting and charitable, is the donation heifer that Still Meadows has graciously donated to the BC Angus Association. She is a tremendous female and gives us all a chance to have some fun and buy a ticket to win an Angus female. She will be at the sale and we will auction off a few rounds of tickets at the sale. Please contact BC Angus regarding this great opportunity.

The bulls will be semen tested before the sale and delivery will be organized at the sale. If you bring your trailer and bring your bull home you will receive \$50.00 off each animal purchased. Ken has limited space and feed at the headquarters in Langley and will not be able to take the animals back there without prior arrangements being made. We will do our very best to accommodate any purchasers of sale cattle.

Please don't hesitate to contact anyone of the BC Livestock crew or sale staff. Catalogues will be in your hands beginning of March. Videos will be online on DLMS in early March as well. We realize our fellow ranchers busy schedules, so if you cannot be at the sale please contact us and we will respectfully and professionally handle your sale orders. The time is now to improve your genetics and update your cow herd with these impressive, well bred, high quality Angus bulls and females.

See you Tuesday, March 19, 2019 at BC Livestock in Kamloops. Prior viewing of the sale cattle is available at River Ranch Cattle Co. Please contact Paul Buker on his cell to make arrangements at 250-255-7960.

Thank you.

Sincerely,

Jon Fox

BW: 80 lbs. WW: 787 lbs. Current Weight: 2300 lbs.

A super stout, growthy virgin three-year-old to start this year's offering off of rugged, ranch raised bulls. This bull will be a very good breeder of all the right traits, super maternal, great footed, sound and well balanced. A real nice addition to anyone's purebred or commercial bull battery. He was retained an extra year for a back up bull in Ken's herd sire battery. His pedigree is full of breed leading outcross genetics.

We all know how difficult it can be to find good solid two-year-old bulls in the spring. This group of 12 two-year-old bulls is a very complete, solid set, very similar in their genetic makeup and performance data. If you are looking to add four or five bulls to your bull battery, you have to come to the right sale. This son of Mile High is strong and true just like his sire.

A son of Denver Champion, Sankeys Justified 101, that truly exemplifies calving ease and moderate frame on a sound set of feet and legs. His mother is one of the Running Steady's past show females, with a nice 67 lb. birth weight. He will be a very handy bull on your heifers, but still add the extra kick you want in performance. He is bred to do just that.

Another great opportunity here. This son of the champion producing, EXAR Blue Chip and tracing back to the donor cow, EXAR Ruth 0091, is an amazing young bull that is sure to please the cowboys and the show cattle enthusiasts alike. You can't write a better pedigree for no nonsense rugged made cattle that will not sacrifice calving ease and performance. Mind blowing stats of 60 lb. birth weight and over 800 lbs. at weaning.

These Mile High sons are like peas in a pod. All very good, high performing, sound structured out of a super cow herd. This guy will push the scale down in the fall with his first calf crop.

Big Shot is very properly named. Since he was a calf, we knew he was a good one. His pedigree combines some of the well known Angus genetics that are proven for calving ease, performance and maternal. Check him and his brother out on sale day.

You have to appreciate all the hard work and dedication that has gone into this group of bulls. They are, in person and on paper, a very solid group and we at Still Meadow know they will do a great job for you. We appreciate our past customers and can't wait to meet our new ones. Our cattle are culled for soundness, docility and performance. If they don't measure up to be in our herd then we will not sell them in our production sales.

BC Angus Donation and Raffle Heifer

Mr. Ken Ayre and family have graciously donated this beautiful, young female to be raffled off with the proceeds going to the BC Angus Association.

The draw will be made this spring in Williams Lake. All you need to do is buy a ticket. With the BC Angus Association's approval, we will auction some tickets off on sale day, March 19 at Kamloops BC Livestock. Please call the BC Angus Association for more details and again a huge thank you to Still Meadow for donating this amazing female.

BMKA 262F

Terms & Conditions...

Cattle Inspection:

All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

All Cattle Are Sold:

Subject to such tests as required for export under regulations of the Health of Animals Branch, Department of Agriculture for Canada - those corresponding to Bureau of Animal Industry requirements.

Breeding Guarantee:

All cattle are sound and right, and all with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association shall apply.

Announcements:

Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

Genetics Testing:

All cattle in the 2019 Bull Sale are Anthrogyrosis Multiplex Free (AMF) and (NHF) Neurotoxic Hydrocephalus Free or listed as No Carrier Ancestry.

Holding and Shipments:

Approximately one week is required for export transfers and other documents to be processed. Export animals will be held at no charge and under excellent care. Joint export shipping arrangements to attain minimum shipping cost will gladly be made by the sale management if instructions to that effect are provided to clerk of the sale when settlement is made.

Mail Bids:

May be entrusted in complete confidence to any of the Sale Staff listed or to Justamere Farms Ltd.

Insurance:

Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerk's desk from the appointed representatives on sale day, also from the sale management at any time.

Terms Of Sale:

Are cash or cheque at par, payable to clerks of the sale on sale day. U.S. Funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

Every Animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

All Persons who attend the sale do so at their own risk and the Owners, Consignors, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.
