10K is a standout example of what we've come to admire in Sitz Payweight daughters—easy-keeping, heavy-milking, and built to thrive. This heifer is big-middled with a balanced, moderate frame that perfectly fits the demands of our long yearling program. Her full sister is already making a mark at Currighdale, proving the strength of this bloodline. 10K is bred early to Sitz Stellar for a late December calf, and we couldn't be more excited about the potential of this Sitz-on-Sitz cross.
