It is truly an honor and a privilege to stand alongside this multi-generational, family owned and operated ranch as they host Canada's largest one iron production sale. Each and every spring, the LLB Spring Spectacular is a feature event of the sale run, a date that has been circled on many calendars throughout the country. The LLB prefix is not only nationally recognized, but is locally respected and endorsed more importantly. You will not meet better people who stand behind their cattle quite like the Brown family.

The 38th Anniversary offering is very exciting, headlined by the first progeny available from the very popular and exclusive Whitestone 19 Million. Leading the charge in the bull division is a 19 Million son called Monopoly. This may be the first time you are hearing of him, but it will certainly not be the last, he is worth the drive to Erskine to see in the flesh. This group of bulls as a whole is a super stout set that have gone through an extensive outing process that guarantees top of the line quality and a no worries approach. The two year old bull are strong and ready for tough terrain; they are the top selections from the Spring calving group. Of course, the females are a sale highlight with many great options to incorporate into your herd. Each sale sees show females, donors, and females that show off their top production in subsequent sales that graduate from the LLB heifer pen.

We absolutely loved this stout group on our early February tour through the pens, and look forward to seeing them sorted up on sale day for your approval. An interesting point to note regarding the LLB herd is the amount of active Elite qualified dams that they have working in their pastures, leading all CAA members with the number as of January 1st in the entire herd book. This is of course no easy feat, and you will see that a large amount of the sale offering traces back to an Elite dam.

You would have to travel far and wide, putting a lot of miles on a vehicle to try to find an operation that has so many top quality cattle in terms of numbers, and match the same level of hospitality, integrity, and sheer cattle knowledge that the LLB crew has. They are some of the finest people in the purebred cattle business. We love to see the large crowd that assembles in the beautiful LLB sale barn, and the fabulous hospitality that the Brown family has trademarked. Please be in touch with any of us at T Bar C with any questions regarding the cattle, LLB is the place to do business!

- We couldn't be more excited to offer our first Whitestone progeny – they exemplify the growth and performance we strive for, and they're consistently easy-fleshing and early maturing
- Whitestone's first 108 calves in Canada pushed down the scales this fall with an average weaning weight index of 104, making his top 1% weaning weight EPD very accurate
- His dam is an American Angus Association Pathfinder female with 57 genomic progeny; she raised a natural calf last year at age 17 while still displaying excellent feet and phenotype
- A bull that Whitestone Farms was so excited about, they awarded him the 19 millionth American Angus Association registration number
- Top 1% EPDs on weaning, yearling, and carcass weight traits, top 3% for daily gain, top 4% for maternal calving ease, and top 10% for milk

We are proud to be a part of the Elite Dam list for 2024!

Canadian Elite Cow Criteria

The Canadian Angus Elite Cow Report identifies superior cows in the Canadian Angus herdbook. An Elite Cow has four consecutive natural born calves that are registered and have a weaning weight ratio that averages over 105, displays early puberty, breeding and early calving, followed by regularity of calving and high performance offspring.

We are proud to be a part of the Elite Dam list for 2024!

Canadian Elite Cow Criteria

The Canadian Angus Elite Cow Report identifies superior cows in the Canadian Angus herdbook. An Elite Cow has four consecutive natural born calves that are registered and have a weaning weight ratio that averages over 105, displays early puberty, breeding and early calving, followed by regularity of calving and high performance offspring.

Terms AND CONDITIONS

TERMS OF SALE:

Cash or cheque at par, payable to clerks of the sale on sale day, unless other previous arrangements are made with LLB. No release of cattle will be given until satisfactory settlement has been made. All cattle are buyers responsibility after purchase. Announcements from the block on sale day take precedence over all material printed in this catalogue.

All persons who attend this sale do so at their own risk, and the owners, sale management and sale staff assume no liability, legal or otherwise, for property loss or any accidents that may occur.

BREEDER'S GUARANTEE:

All cattle sell with the responsible Breeder's Guarantee of Satisfaction. All bulls and yearling heifers are guaranteed breeders. The seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in this sale. All animals sell under the Terms & Conditions set forth by the Canadian Angus Association.

INSURANCE:

Insurance representatives will be present sale day.

Return Undeliverable
