DLMS Purebred Team 780.991.3025

## **EXPORT:**

We will attend to and assist with all necessary health testing, vet examinations, paper work and obtaining state permits associated to export animals. A \$300 (CDN) charge per animal will be paid by the purchaser at the time of settlement for their purchase. Delivery assistance provided to get your bull(s) to your ranch.

## **DELIVERY OPTIONS:**

Purchaser's unable to take their bull home on sale day may leave the bulls at the respective consignors farms until required. Bulls looked after free of charge until April 30th after which there will be a \$5.00 per day charge. Delivery will begin shortly following the sale at the seller's convenience. Free delivery within 200 miles. Please make delivery arrangements with your bull's consignor(s). All bulls returning home must be insured. Insurance will be available on sale day. \$100/bull rebate on bulls taken home sale day. All bulls must be paid in full before delivery unless prior arrangements have been made

## **FERTILITY:**

All bulls will be scrotal measured and semen tested prior to sale day. All animals will carry the standard breeding guarantees, as specified by the Canadian Simmental Association. At no time shall the seller's liability exceed the purchase price of the animal.

# FROM THE DESK AT **T BAR C**

Proudly Western 2025

This is your welcome and invitation to be with us in Whitewood, Saskatchewan on Saturday, March 15, 2025, for the Proudly Western Simmental Bull Sale. In this nineteenth annual event, we must thank these progressive breeding operations for the years of dedication, breeding and supplying profit earning bulls to the breeders, farmers and ranchers throughout the west. Their many repeat customers are proof that the bulls work!

The 2025 edition is full of opportunities to upgrade and refresh your herd bull pens as in these exciting cattle markets; can one afford a dry cow or a dead calf? As you search through the pens, looking for your next herd bull or bulls, you will be impressed with the power and performance of the offering. The yearlings are genetically diverse black, red and blaze. They exhibit muscle mass, volume, have plenty of hair and testicle and have optimal calving ease numbers.

The TL two-year-olds have been a feature for many years. They operate a planned two-year-old program calving in April and May, they background and grass the bulls before readying them for the sale. All twos, they cover more ground, all types of ground, service bigger cows and add uniformity to the calf crop at weaning. You will love their disposition and performance.

Plan to be with us in Whitewood for Proudly Western 19, a powerful lineup, whether you are looking for a high-performance bull or bulls, the selection will give you a lot of options for all types of budgets. Feel free to stop by for a visit, preview the bulls and their mothers or give the boys a call.

If we, at T Bar C may be of any assistance prior to or sale day, do not hesitate to call any of our team and we will be pleased to assist in a professional and confidential manner.

**PROUDLY WESTERN BULL SALE**

# Scissors Creek Cattle Co.

Welcome to the 19th Annual Proudly Western Bull sale – we are proud to have sold bulls through this sale since it started! Our practice is always to cull hard and we do that both in the cowherd and bullpen to ensure the highest quality for our customers. We try to balance maternal traits with performance to breed cattle that will work well in any program.

The bulls were crept fed starting early August and then hand fed the same feed (oats and a pellet) at weaning and then transitioned to a TMR mid November. The TMR includes corn silage, hay, super oats, canola meal and a loose supplement with a target gain of 3.5 pounds per day. The TMR is designed to promote longevity. They are on a full herd health program and will have their first shot of Fusogard before sale day.

We are very excited about this years offering which includes the first sons to sell out of the \$28,000 MRL Kodiak 82K bull that we purchased along with the great people at Ag Land Farms. These bulls are deep, thick, hairy and correct. They are a very impressive and consistent group making up a third of our offering. The black pen is also very strong and consistent with a number of JPCC Comrade sons. His first daughters are calving now and their udders are ideally made for longevity.

Customer satisfaction is very important to us - if any problems arise we will do our best to make things right. If you have time to stop before the sale we would love to tour you through the bull pen but if not we look forward to seeing you on sale day. Give us a call so that we can discuss your bull needs and help you pick out a bull that will work for your program. It's hard not to be excited about the cattle industry right now and there has never been a better time to invest in a high quality bull! Thank you to our past bidders and buyers for their support and trust in our program.

**We reserve the right to draw semen on any of the bulls in the sale for in herd use only.**

- The 71C cow has done it again and produced another top end bull
- He really combines all the right pieces and parts that make a great herd bull including extra width and dimension combined with strong structure
- Excellent depth of heel and great overall foot shape and structure
- Comrade daughters are calving now and are tight uddered with ideal teat length and suspension
- We seriously considered keeping this bull for our own herd and may still want to be a part of his future in some way

- As much depth of body and muscle as any bull in the group.
- Massive muscled with huge spring of rib.
- Has had that herd bull look since a calf and continues to look the part.
- Dam is a strong uddered Bacardi daughter that is part of a strong bull producing cow family.
- MRL 82K generally reduces birth weights and calved extremely well for us on his first calf crop.
- If you like meat and potatoe type bulls this is the bull for you.

- One of the best red bulls we have ever raised.
- We love the massive rib shape, hair and overall thickness of this bull.
- Stands square on all four corners, sound on the move and proud on his profile.
- Offers a unique outcross pedigree to all mainstream red bulls out there.
- Dam is a good black-white face cow with strong udder phenotype that knows how to produce the good ones.
- Daughter of 59C also has a great 82K sired bull that is arguably at top of this year's black pen.

For the first time we are offering a few replacement **heifers** in this sale, both half bloods and purebreds that would fit well into any herd. They are all big bodied and well structured. We picked out **pairs** that fit well together and will be selling them that way. We have confidence they will end up as highly productive cows wherever they end up. They have had their pre-breeding vaccines and will be ultra sounded prior to sale day to ensure they are ready for breeding season.

# Heifers are selling *In Pairs*

# Flying TL Simmentals

Welcome to the 19th annual Proudly Western bull sale. To all that participated in last year's sale, by either buying or bidding, we extend a big thank you. Our cows calve in April and May so our program is designed and planned to raise two year old virgin bulls with no yearlings ever sold off the farm. Our bulls are fed and grown out at a slower pace, for added longevity. They are backgrounded as a yearling, then summer grass and developed during their second winter for the bull sale. At each stage these bulls are vigorously culled for temperament and foot issues. These extra age bulls offer the advantage of having the ability to service more cows without losing condition and there is no guessing as to how the bull will turn out as he is already mature. We again have a mix of calving ease and performance bulls on offer. For our 2022 breeding season we were fortunate to utilize some new and well known AI sires and we were very happy with the results. Our bulls are on an oat based diet with free choice hay. They are on a full herd health program and are also vaccinated for foot rot. Since we calve on grass, udder quality in our cow herd is very important to us. Our cows are selected for easy fleshing attributes and they need to perform in real world ranch conditions. Our cows corn graze throughout the winter and then come home to calve. We don't talk about udder quality in the footnotes of the bulls as we have a very strict culling program on udders and feet. Nobody has the time or wants to deal with a bad uddered cow. We value our customers and if a problem should arise with your bull purchase, please contact us and we will do our best to solve any problem that should arise. We welcome the opportunity to tour you through our bull pen however if you are unable to come, please feel free to contact Chris Poley of T Bar C, as he has seen these bulls in person.

286 day gestation

We will start our Mountain View bulls with the only blaze face of the group, but honestly you could have placed any of the next three or four bulls in the first lot. 72L is so complete in his structure, big hip, long body and deep ribbed. His dam's 2022 bull calf sold to Kress Livestock Ltd. of Odessa, Sask. at last year's bull sale.

CE	BW	WW	YW	Milk	MCE	MWWT	BW	ADJ WW
8.4	3.9	95.9	139.3	25.6	4.6	73.6	97	812

Footnotes are some of the most repetitive and tough things to write about, especially when you have a consistent set of bulls. We were very fortunate to purchase one of the few semen packs offered on **WFL Mountain View 4J** the year that he sold. These Mountain View sons are so impressive, consistent and uniform. Mountain View semen recently sold for \$400 per straw. This is your only chance to purchase a two-year Mountain View son as we will not have any available for next year.

275 day gestation

Young Mr. Langley is a super long, dark red herd bull with great muscle expression. A bull that caught the eye of Chris Poley of T Bar C when he toured the bull pen. This bull had the highest weight gain per day on 2024 pasture. This bull's dam is a very nice uddered cow from the Goodsmans at Double G Simmentals. The dam's 2021 bull calf sold to Grant Boryskvich of Russell, Manitoba.

283 day gestation

When this bull was born, the footnotes on him as a calf were "long and thick" and he hasn't changed since. 58L is a massive made, big middled, super stout bull. You need to get behind this bull to appreciate the massive top he has. Please make a point of checking this bull out, as his picture doesn't highlight his great qualities in how impressive a herd bull candidate he is. His dam's 2022 bull calf sold to Brian Shewchuk of Watson, Sask. at last year's bull sale.

Homo Black

Here is a very good King George black baldy son that is solid in his make up and carries lots of thickness for a calving ease bull. He could be used in the heifer pen or could add some calving ease to some young cows. His dam's 2022 black bull calf sold to Delbert Schmidt of Southey, Sask. at last year's bull sale and she is the granddam to the Lot 61, 66L bull.

Homo Black

30L is a soggy made, moderate framed, complete bull. Super stout from any angle. Excellent calving ease numbers at 17.5 which is in the top 1% of the breed. Use this bull and utilize his calving ease genetics.

# Triangle 33 Simmentals

Welcome to the 2025 Proudly Western Bull Sale. First things first a big thank you has to go out to all of our buyers from last year and previous years, thank you for trusting in our program. We also need to thank Bennett Foster for clipping of the bulls, and a thank you to Erin Yewsiuk for picturing and videoing the bulls.

This year's bulls we are bringing to town are our most consistent yet, with lots of these bulls being hard to pick apart. We are happy with our sire groups: Mountain View, Hannibal, Keon and Jamari. As always, the bulls are fed free choice hay, and a mixed ration of oat straw/bull ration pellet/S01 oats.

Please feel free to phone with any questions or stop by the yard before the sale.

41M has been one those bulls you knew was going to be special from a young age. His dam 28J has risen to one of the top cows in the herd as she was flushed this spring, and she bred back to calve on January 23. With 28J's dam and grand dam all still working for us you know this guy's maternal strength is strong. 41M also has a full sister that was sold at Simmsational in 2023.

Another calving ease prospect. The youngest bull on offers this year he hasn't missed a beat keeping up with everyone in the pen. Gaining 4.27lbs/day since weaning he came small but hasn't stopped growing.

277 day gestation

7M is another good option for the heifer pen. He is ranked in the top 2% for CE and top 4% for BWT. The best part of Keon is his calves come easy and grow like weeds.

# TERMS & CONDITIONS

## TERMS...

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## BIDDING...

Each animal will sell to the highest bidder...no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

## ANNOUNCEMENTS...

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

## BREEDER'S GUARANTEE...

All bulls sold are guaranteed breeders by the owners. We guarantee to provide you with a sound breeding bull. Should any bull fail to be an unsatisfactory breeder, he will be replaced with a bull of equal value or a credit will be given toward the purchase of another bull. If you have a problem with your bull please notify us immediately. Under no circumstances will the seller be liable for more than the purchase price of the animal.

## EXCEPTION GUARANTEE...

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

## CERTIFICATE OF REGISTRATION...

Each animal will carry papers issued by the Canadian Simmental Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

## PEDIGREE ESTIMATES...

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

## LIABILITIES...

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## RIGHTS AND OBLIGATIONS...

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

## PHONE, MAIL, WIRE BIDS...

Bidders unable to attend the sale may phone, mail or wire their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

## DELIVERY...

Bulls looked after free of charge until April 30th after which there will be a \$5.00 per day charge. Delivery will begin shortly following the sale at the seller's convenience. Free delivery within 200 miles. Bull must be insured by buyer.

## INSURANCE...

Will be available sale day. We strongly recommend that insurance is purchased for full value.

## ERRORS...

All announcements at sale time, written or oral, supersede any written material in the catalogue. The seller reserves the right to draw semen from any bull in the sale for in-herd use only. The collection will be at the purchaser's convenience and the seller's expense.
